Dear Mr. Stephenson :

You may have noticed that the paper on the Burkeville fauna has appeared in the July issue of the A.A.P.G. Bulletin. The sections of the localities have been reduced too much and are very indistinct. For that reason I am sending you herewith a photostat copy of the original drawing in large scale. You may make any number of copies of this for your use. However, I would appreciate it if you were to return the original to me as I may need it myself. As soon as the separates arrive I shall send you one.

With best regards,

Sincerely yours,

H. B. Stenzel, Geologist
