NO. 126

LEGISLATURE PASSES COMPROMISE EXPANSION BILL

CONSTITUTION FOR UNIVERSITY FORUM TO BE VOTED UPON

Student Meeting May Be Called Soon for Approval of Measure

Drawing up the form of a constitution for the University Forum to be submitted to the students at an early date, the Forum Committee, in its meeting yesterday afternoon, made a definite stroke toward setting this organization in operation. The recommendations to be made by the committee provide a constitution such as will give shape to the organization immediately, and at the same time will be such as to permit of modification and amendments as experience proves these necessary.

It is understood that this move is receiving much encouragement from the Students' Assembly, the President of the University, and the Ex-Students' Association. The committee is not doubtful, therefore, that a live organization can be provided. It was clearly the opinion of the committee that work should begin at once toward arranging a program for some time during the spring term, a resolution being adopted, which, if approved by the general meeting of students soon to be called, requests the Students' Assembly to appoint at once a temporary executive committee.

This committee, according to the constitutional plan to be submitted, would be empowered to arrange for speakers and attend to details of organization not covered by the constitution. The permanent executive committee would be chosen by the students at the time other student officials are selected in May. One member being chosen from each school of the Main University and one to be elected by the Students' Assembly from among its members.

Request will be made to the President of the University, it is said, for a general student meeting to be called soon. The following form recommended for the constitution will be submitted at that time:

Constitution of the University of Texas Forum:

We, the students of the University of Texas, desiring to stimulate interest and to secure information on matters of importance to all future citizens, and desiring to bring the members of the student body in closer touch with distinguished alumni of the business and professional world, do adopt this constitution for the University of Texas Forum:

Article I. Name. The name of

(Continued on Page Four)

POSITIONS OPEN TO B. A. STUDENTS

National City Bank Requests Nominations From Head of School

Communications from the National City Bank of New York have been received by Mr. Spurgeon Bell, chairman of the School of Business Administration, asking him to make nominations for positions in the bank from among the students in his department who will get their B.B.A. degrees in June. Last year the same request was made to the School of Business Administration and Joe Moss was given an appointment. He is now doing splendid work with the bank and is receiving constant promotion.

Mr. Bell is receiving numerous applications for these positions from among his students, as they realize the unusual opportunity offered. The efficiency of the students graduating from the School of Business Administration of the University of Texas has been "noised abroad" and the demand for them in the business world seems constantly growing.

Senate Committee Reports on Hazing of A. & M. Students

After having investigated the charges of excessive hazing in A. and M. College, the Senatorial committee has made out its report, and turned it into the chamber. The committee found that hazing was almost universally practiced in the college, and that it was nearly all by sophomores upon the freshmen.

The report of the committee in part read, "The most prevalent form of hazing is that of spanking, paddling, and whipping of freshmen by sophomores and sometimes by upperclassmen. We do not believe, however, that many of the boys practicing it realize that in so doing they are guilty of violating the spirit of the hazing statute.

The committee also found that numbers of the students who testified were forced to leave school on account of undue and harsh whipping from upperclassmen.

Recommendations of the committee state that the anti-hazing law should be amended "so as to give the disciplinary authorities of the college more discretion and latitude in their applications of the punishment which would result in a further stamping out of hazing conditions as they now exist."

CIVIL ENGINEERS HEAR DISCUSSION

Dr. Giesecke Speaks on the Purposes of Artistic Engineering

Thursday night the Texas Society of Civil Engineers met. Dr. Giesecke made a talk on "Artistic Engineering." Art, he said, consists of those efforts made to give pleasure to mankind. The judgment of art is very difficult. Three things: form, color, and ornaments should be considered when judging the art of a building. He grouped these under five heads—truthfulness or sincerity in design; stability; unity; similarity; and the structure's relation to its surroundings. He urged that models of wood or plaster-of-paris should be made of all work so that the final results may be seen.

A motion was made to have a stunt in the Varsity Circus, but owing to the closeness of examinations, this is to be considered at the next meeting. At that time, the society will also act on the new membership passed by the committee on qualifications.

Rusk Debaters Plan to Battle Speakers From Southwestern

Plans are under headway which may lead to a debate between members of the Rusk Literary Society and representatives from the San Jacinto Society of Southwestern. The San Jacinto requested the Rusk to submit a plan for the debating. The plan has been submitted to them, and it is expected that arrangements for the debate will soon be made. It calls for the visit of the University debaters to Georgetown, where the debate will be held. The subject will be the inter-society debate subject, "Resolved, That the several states should adopt a court of industrial relations similar to that of Kansas."

The Rusk inter-society team, composed of James Beverley, Henry S. Kelly, and Francis Wilson, is the team that is scheduled to meet the speakers of the other university.

TYPISTS COMPETE IN SPEED CONTEST

Speed tests are being given in the typewriting department of business administration to enable the students to compete for the medals and awards that are given by the Underwood and Remington typewriter manufacturers.

QUINTET FINALS WILL BE STAGED BY TEAMS TODAY

Houston, El Paso, San Antonio and Kirbyville Are Last Four Winners

Houston Central High, El Paso High, Kirbyville High and Brackenridge High of San Antonio are the four fives that survived the elimination games held yesterday in the men's gymnasium as the opening days plays of the meet to determine the championship high school basketball team of Texas.

The semi-finals start this morning at 10 o'clock and a large attendance of University basketball fans will no doubt be on hand. The Brackenridge five will tangle with Kirbyville and El Paso will meet Houston Central in the bill which will start at 10 o'clock. Both Houston and El Paso made especially strong showings yesterday and it is expected that when they meet the result will be a thrilling tosser encounter.

Games Played Yesterday
The games started yesterday morning at 10 o'clock and continued during the morning, afternoon and night. As a result, by the time the final whistle was blown last night, a dozen of the sixteen fives that entered the meet were eliminated.

The Interscholastic League of the University of Texas is to be congratulated on the perfect manner in which the games went along. There was not a single hitch to mar the day's program and the quality of basketball played was on the whole good. Each of the competing teams showed the highest quality of sportsmanship and yet did their best every minute they were on the floor.

Coach L. Theo Bellmont of the Longhorn tosser team, director of physical training for men in the University, handled the difficult post of referee with the greatest ability, and kept the games constantly free from all objectional play, yet retained all the speedy play which makes a basketball game interesting to a spectator.

Brackenridge 24, Nacogdoches 14
Four games were played last night

PRIZE OFFERED FOR BEST ESSAY

Jewish Publication Society of America Announces Composition Contest

In accordance with the trust fund given by Jesse and Joseph Guetermann of Boston, the Jewish Publication Society of America has announced a prize of \$1000 for an original study in the English language dealing with "Contributions of Jews to Hygiene."

This competition is open to the members of the faculties and the graduate students of universities in the United States.

The essay should be thorough, popular in presentation and expressed in good English. The work should not contain less than sixty thousand words. It must be an original work and not one printed or published heretofore.

The manuscript should be accompanied by a sealed envelope having inscribed on the outside an assumed name and giving within the real name and address of the competitor. The society reserves the right not to award the prize if the manuscript submitted falls below the expected standard. The essay awarded the prize will be published and all rights in manuscripts, including the copyright, will remain the property of the society.

The manuscript must be in the office of The Jewish Publication Society of America, 1201 North Broad Street, Philadelphia, Pa., on or before November 1, 1922.

DECISIONS FOR BOONE CONTEST ARE REVERSED

Prize Goes to Earle Racey of San Antonio After Judge's Mistake

The committee of judges for the Boone Extempore Speaking Contest, March 10, 1921, wish to make the following statement:

When called into consultation, the committee found that by its own rankings Mr. Francis and Mr. Racey were tied with ten points each—each man had two first places. The chairman then took an oral vote—each judge, individually, was to name his choice for first place. Three judges voted for Mr. Francis and two for Mr. Racey. This vote was tallied by the chairman, and was made in the presence of the entire committee. The chairman then announced that Mr. Francis was the winner, and no objection was made. After the final announcement was made from the platform, however, one judge came forward to say that there had been a mistake—that the final vote was three to two in favor of Mr. Racey. The committee was immediately called together, and it was found that the judge who had objected had actually voted for Mr. Francis, according to the tally, when he had intended to vote for Mr. Racey—and his written report of the contest shows that Mr. Racey was his first choice. He did not hear the chairman announce the winner of the contest, although the other members of the committee heard it.

In consideration of these facts, it is the final vote of the committee of judges that the decision is three to two in favor of Mr. Racey.

Cookies Are Sold for Student Fund By Smiling Co-Eds

"Don't you want to buy some cookies?" This request ranging a tone of beseeching pliancy to one of condolence echoed through the corridor of the Main Building many times Friday morning. Everybody passing, stopped, looked and then nearly everybody bought. The display was too tempting to be resisted. Some rushed frantically to borrow money of passing friends before the friends discovered the treat and spent their money for the gratification of their own appetites. Others decided to subject their bank account to yet one more strain and wrote checks. Still others besought the sellers to accept stamps. One fair Co-ed stood at the west entrance of the Building beseeching all who entered to lend her money for the purchase of the delicious cookies.

The cookies were being sold for the benefit of the Home Economics Department Scholarship Fund. The Fund was started this year and the Department plans to raise three hundred yearly until the interest on the money will equal three hundred yearly.

The Fund is to be used to pay the way of either a junior or a senior girl who without its aid would be unable to finish her University course. It applies only to those girls majoring in Home Economics.

A candy sale has already given the Fund a start which this sale has seconded. The girls sold ninety-one dozen cakes in one hour and thirty minutes. They plan to repeat the sale in the spring, also to make candy, plan and put up picnic lunches and make place cards to carry on this work.

GIRL LEADING IN RACE TONIGHT TO BE GIVEN VOTES

Mary Helen Holden Passes 2,000 Mark in Queen's Race

Nine hundred votes will be given away tonight at 6 o'clock to the three girls leading in the race for queen of the Varsity Circus by the management of the contest. Five hundred of these will go the leader, three hundred to the girl in second place, and one hundred to the girl in third place.

Mary Helen Holden is the first to pass the 2,000 mark in the race. Yesterday afternoon when the ballots were taken up, the results showed that she had made a jump of more than 500 above her nearest opponent.

Margaret Montgomery is now second with 1646 votes. In the voting day before yesterday, she was in fourth place. Dolores Dore lost the second place she had been holding the day previous, going to third, and Etta Bain is now fourth.

Polly Fellers of the Law Department entered the race yesterday for the first time and is now in eighth place.

Honors galore will be bestowed by the school on the girl who is elected queen. She will plan the court, the coronation, will lead the Queen's ball to be given at K. C. Hall on the night of April 20, will represent the University at the San Sam celebration on April 22 as duchess, will be guest of honor at the Circus itself, before whom will dance more than 300 girls under the direction of the University gym teachers. She will be the head of practically all of the activities during the Varsity Circus. One whole page in the Cactus will be devoted to the Queen alone, giving a full description of her majesty's costume and gown, her court and other royal functions.

Voting today will continue until 6 o'clock this afternoon, and the ballot boxes will not be opened until that time. This will give all an equal chance to place their votes in the boxes before the end of the day. It is customary to open the boxes at 3:30 o'clock in the afternoon.

The race yesterday stood as follows:

Mary Helen Holden	2172
Margaret Montgomery	1646
Dolores Dore	1600
Etta Bain	1386
Gladys Rountree	1245
Ruby Daniel	1058
Harriet Henderson	494
Polly Fellers	460
Mary Maud Castle	316
Helen Williams	300
Nannie Lou Wynn	238
Elizabeth Harcourt	250
Allie Stell Acker	145
Eloise Carr	120
Mattie Barnes	150
Eloise Carr	120
Rosa Brooke	105
Uale Richardson	100
Myrtle Wilkins	95
Helen Cummings	90
Nan Thompson	90
Laura West	88

MANY STUDENTS APPLY TO TEACH NEXT YEAR

About two hundred prospective teachers from among the students of the University registered with the Teachers' Appointment Committee at a meeting called for the purpose of enrolling teachers for 1921-1922, by Miss Miriam Dozier, secretary of the committee.

Miss Dozier stated that calls were beginning to come in for teachers for the coming school year, and the committee wished to secure applications as early as possible. Calls for teachers come from all parts of the state, and last year, it is stated, there were 1477 calls from the state and outside, 119 of these being for vacancies in universities, colleges and normals.

\$1,350,000 IS APPROPRIATED FOR BUYING ADJACENT LAND

Bill Provides Commission to Purchase Land at Reasonable Price. Specifications Made As to Land, Appropriation, and Austin Guarantee.

After an agreement was reached today by the free conference committee on the University expansion bill, the report of the committee recommending that \$1,350,000 be appropriated for the purchase of lands adjacent to the present campus was adopted by both houses of the Legislature.

The amendment offered by the conference was passed by the Senate immediately after reading, and soon after the whole bill passed by a unanimous vote of 22 to 0. The measure also passed the House by a large majority, the vote being 96 for and 17 against.

New Bill Proposes For Disposition of University Lands

Sale of the 2,000,320 acres of lands owned by the University of Texas and the use of the income to be derived from the proceeds of the proposed sale for the erection of new buildings at that institution is proposed in a bill which is now pending in the Legislature. These lands which are now leased for grazing purposes bring in an annual rental of \$200,124, and it is estimated that they could be sold for approximately \$15,635,200 and that this sum would yield 5 per cent per annum, or a total of \$781,760 each year. This would be sufficient to build two buildings a year, it is asserted.

In addition to this, the sale of the land would make it taxable by the state and counties and from this source there would be derived annually approximately \$47,430, it is estimated. The value of the lands ranges from \$4 to \$15 an acre. It is proposed that they be sold to the highest bidders. President Robert E. Vinson and Regent J. A. Kemp of Wichita Falls are known to be in favor of the sale of the lands, but the Board of Regents as a body have taken no action in the matter of going on record either for or against the pending bill.

Various Student and City Organizations Visit Wrenn Library

From time to time this year various student and town organizations have had meetings in the Wrenn Library at the University of Texas Library. The first club to visit the Wrenn Library was the Kull Klub of Austin, whose members were especially interested in examining Swinbourne manuscripts which are in the library.

Another was The Art League. Its members were interested in examining the beautiful collections of fine art bindings and making a study of the furnishings of the room. The American History Club was interested in the collection of American and the numbers of private issued reprints of American engravings, historical documents and other material relating to history literature of art.

The Daughters of 1812 were among the visitors who spent their time in the library studying the general features of interest. Several of the girls' literary societies of the University have had meetings in the Wrenn Library. One time they were given a general exhibition of book plates. The Reagan Literary Society had read to them a number of original letters of Byron, Stephenson, Browning, Shelley and others.

CORRECTION

Through mistake in turning in the list of tickets sold the name of Voss & Kooch, 301 East Third Street, was omitted from the list of firms buying \$5 Patron's Tickets to the Interscholastic Basketball Tournament which was published in the Texan on Friday.

Under the provisions of the Senate bill as originally adopted by that body an appropriation of \$1,500,000 was made for the purchase of 176 acres of land. On reaching the House this bill was amended by the adoption of the House bill by Representative Newt Williams making an appropriation of \$1,000,000 for the purchase of 100 acres of land. A free conference committee was called for and the compromise incorporated in the present bill was agreed upon.

The 35 acres agreed to be bought in excess of the 100 acres as named by the William's bill covers an area two blocks north of the present University campus, thence east to the Wesleyan College tract, down to Red River Street, thence to Nineteenth Street, on Nineteenth to Speedway, thence up to Twenty-first Street, thence up to Guadalupe, and thence up Guadalupe to Twenty-fourth Street.

Speaking in favor of the adoption of the bill Representative Williams, who has been largely instrumental in securing action by the Legislature before the close of the present session, stated that "We feel like we have trimmed the city of Austin and made them appropriate something like other cities do. Since the additional land which we will secure for \$300,000 is valued at \$425,000, and as the Austin citizens have agreed to underwrite the appropriation, we feel like we have made \$125,000." Representative Williams also pointed out that another thing in favor of the bill was the fact that the state sanitary sewer runs through the new land to be bought. It is estimated that since this sewer will be available to

GEOLOGISTS HEAR EMINENT VISITOR

Dr. Fairchild Speaks on Glacial Uplift of North America

After having been introduced by Dr. F. W. Simonds as emeritus professor of geology in the University of Rochester, New York, and as one of the original founders of the Geological Society of America, of which Dr. Simonds is one of the first members, and as a one-time student under the famous Charles F. Hart, Dr. Herman L. Fairchild spoke to the Austin chapter of the Southwestern Geological Society Friday night. The topic of the evening was "The Post Glacial Uplift of the North American Continent." He discussed diastrophic movements in the earth's crust, and theories concerning the depression of Northeastern America due to the great ice sheet of the glacial period. Dr. Fairchild has made a special study of the history of the recession of the ice cap in New York. His account of this study, together with his supplementary maps, was both interesting and instructive to the society.

The society moved that those delegates who would attend the annual meeting of the main society at Tulsa, Okla., this year would be authorized to invite the main society to Austin for next year's meeting.

THE LIMITATION OF OPPORTUNITY.

At present there is a strong tendency on the part of the privately endowed colleges and universities of the country to limit the number of students who shall be granted admission. This may sound like a fantastic doctrine but it is true nevertheless. It is a well known fact that there is a limit to the number registering at Leland Stanford Jr. University, and among other schools Princeton is contemplating such a restriction and will probably make the limit two thousand.

The chief reason which is assigned for this action, and it is logical and valid, is that efficiency can better be gained by a closer contact between student and instructor and a more equitable adjustment between the number of students and the equipment available. The fact that the institutions of higher learning are not able to take care of the young men and women of the country who are capable and who desire to take advantage of the opportunities offered is a sobering fact. During late years colleges and universities of all sorts and of all sections of the country have grown rapidly and have outgrown their facilities for handling the student bodies. This has been true particularly of state institutions, which have literally grown by leaps and bounds.

The increase in support accorded these state institutions has been in no wise commensurate with this growth. It is idle repetition to mention this as applying to Texas. The University of California is another example, notably in her attempt to persuade the citizens of the state last fall to ratify Amendment 12 to the state constitution. This same condition is prevailing to a greater or lesser degree all over the United States. It is this situation which calls for serious thought on the part of students, faculties and citizens at large. Education is essentially a function of the state and as such deserves careful and speedy attention.

And does not this present condition lay a definite responsibility at the door of the individual college student, since he is at this time more than ever before one of the chosen few who are possessed of the privilege of attending college?

A STUDENT'S BOOK SHELF.

Did you ever take a look, with a critical eye, at the average student's display of books, your own for instance, upon the book shelf or study table? Such displays

afford an interesting commentary upon student life as far as actual study goes and as far as goes a desire to really attain scholarship.

The following is a list, interesting from more standpoints than one, which a contemporary college daily reports as being the contents of one student's bookcase:

Experimental Psychology, The Holy Bible, Poems of Oscar Wilde, Rubaiyat of Omar Khayyam, French With or Without a Master, The White Road to Verdun, Nonsense Novels, French Grammar, Married Love, Webster's Dictionary, Alice in Wonderland. And it might be said with comparative safety that even this small and heterogeneous collection displays as much of consecutive planning and of a predetermined line of study as will be displayed upon the average student's shelf.

This is rather a peculiar situation when one thinks of the fact that a university is a place where presumably the business of each individual is that of study and of acquiring as much knowledge, at least along certain lines, as is possible. The aforementioned Mr. Average Student rarely thinks of purchasing books which are not required by his instructors, and he even waits, in many cases, to see if perchance his room-mate will not buy those. He would be much nearer the attainment of the end in view if he realized the value of books and spent some time in their selection.

COBB AT THE BAT (By Ty)

Warren (Rip) "Two-Gun" Collins will leave Austin tonight for a conference with Manager Miller Huggins of the New York Yanks at Shreveport, La. Rip, who won 14 games and lost 8 in the American League last summer, declares he will not sign a contract calling for less than \$5000. He will be accompanied to Dallas by Chester Fortier, who will bolster Jim Galloway's Dallas infield. Fortier attended the University during the fall term.

Tink Riveire hurled the first five innings of the St. Louis-Philadelphia game Thursday, and held the Athletics to a lone tally during the time he was on the mound. Tink has been used frequently by Manager Branch Rickey, and has shown up well in each encounter.

Roy Moore, the rugged Austin boy with the Philadelphia Athletics, knocked a home run Wednesday at Orange in a game with the Cardinals which was the longest hit ever seen in that city. Roy is said to have as much "stuff" as any other southpaw in the American League, and it is believed that he will be a winning pitcher this season.

The National League race this year promises to be one of the most evenly matched in the history of the organization. The rejuvenated New York Giants are being counted upon by many to lead the procession all season. If Goldie Rapp comes through, they probably will live up to expectations. Pat Moran's Cincinnati Reds, easily the class of the league last year, will be hard to beat if the players can be made to keep in condition. Cincy's hurling corps has been materially strengthened by the addition of Eppa Rixey, Rube Marquard, and Buddy Napier. The Pittsburgh Pirates, aided by the acquisition of Shortstop Rabbia Maranville, are sure to be strong contenders. Then the Brooklyn Dodgers, last year's champs, may be able to repeat. The team remains intact save for the adding of Pitcher Dutch Reuther in exchange for Marquard. If Dutch will leave women and wine alone he can almost win a pennant single-handed. Branch Rickey's St. Louis Cardinals, possessing the greatest hitting club in the league, and two of the games best infielders in Rogers Hornsby and Milton Stook, will prove a winning combination if Pitchers Jess Haines, Ferdinand Schupp, Bill Doak, Bill Pertica, and Tink Riveire do their part. The Chicago Cubs, given a new lease on life with the coming of Manager Johnny Evers, will surely finish above the .500 mark, and it will be impossible to keep them far from the front

if a pitcher can be developed to share the mound duty with Grover Cleveland Alexander and Jim "Hippo" Vaughn. Wild Bill Donovan's Philadelphia Nationals may be able to emerge from the cellar this year, provided they can keep out of the cellars when not on the ball field. The Boston Braves, under the tutelage of Clarence Mitchell, are expected to improve, and have helped their chances considerably by smart trades during the winter. Therefore, a hot campaign is anticipated by all fans of the national pastime.

CLARA BATJER

Birthday Dinner

In honor of his birthday John Cofer gave a dinner dance at the home of his parents 212 Archway, Thursday evening, March 10. A six o'clock dinner was served and dancing was indulged in afterwards. About twelve senior law students were the guests who participated in this pleasant affair.

Mr. O. C. Dancy of Brownsville is the guest of his daughter, Georgia Dancy.

Edward Frost has returned from a visit to his home in Fort Worth.

Mr. Ben P. Barrett of Stephenville a former University student, will be the guest of friends on the campus over the week-end.

Richard Knight of Fort Worth has returned to the University.

George Hagelstein has returned from San Antonio.

Mr. E. J. Merrem of Shiner has been visiting his son at the Delta Theta Phi house.

Mr. and Mrs. W. J. Bryan of Abilene were visitors at the Kappa Alpha house Friday.

Joe Foster has gone to Fort Worth. Frank Sherrin of Dallas is visiting at the Phi Kappa Psi house.

Powell Carlton has returned from Temple.

Mr. Ritchie Taylor has gone to Fort Worth to the Fat Stock Show.

Marjorie Thompson has returned from her home in San Angelo.

Lorena Jordan who has been ill for the past few days is able to attend classes again.

Mr. Crook of Paris has been visiting his daughter, Battie Belle Crook.

Madge Kirchgraber and Brancie Fawcett are going to their home in Del Rio to visit between terms.

Miss Eunice Harper will spend next week-end at her home in Robstown.

Cornelia Hood will visit at her home in Weatherford next week-end.

Ruby Daniel and Etta Gilbert left last night for Bloomington, Indiana, where they will attend the National Convention of the Women's Athletic Association.

Mrs. Louise Fischer of San Antonio is visiting her daughter, Katherine Fischer at the Woman's Building.

Bass Royce will spend the week-end at his home in San Antonio.

Dick Oliver will go to his home in Canyon the latter part of next week and will not return to school for the spring term.

Lottie Nell Pettus has gone to her home in Cuero. She will not return to school for the spring term.

Mr. John B. Stripling is spending the week-end in Austin.

Mrs. D. C. Dove of Manor is spending the week-end with her son, Wendell Dove.

Mrs. Rosinstein of Fort Worth will be the guest of her daughter, Millie, the latter part of next week.

J. W. Taber of Brownwood will spend Monday in Austin with his daughter, Helen Taber.

Virgie Hogg spent last week-end in San Marcos.

Mrs. Peeler of Dallas will visit her daughter, Ruth Peeler at Annex "A," next week.

Gladys Flampson will spend a few days at her home in Grandview between terms.

Nettie Fly will go to her home in Hondo between terms.

Miss Lilea Williamson of Edinburg is the guest of Vera Spears at the Phi Mu house.

Mr. H. C. Baker, superintendent of the Edinburg school, is here for the Interscholastic Basketball Tournament. Mr. Baker is an old University student, having received his degree in 1912.

Mrs. M. H. Standfer and Miss Standfer of Edinburg are here for the Interscholastic Basketball Tournament.

Lucy Banks will go to her home in San Antonio between terms.

G. G. Harrington will spend the week-end following exams in Houston.

Inez Hooper, Kate Kilpatrick, Urline Connor, Lorena Hillyer and Rose Mary La Monte will spend Saturday week in San Antonio.

Helen Davidson will visit Frances Scarbrough at her home in San Antonio between terms.

Georgia Dancy will be the guest of Annie Bob Farris at her home in Giddings between terms.

Austin Floral Company, cut flowers and designs. Phone 8261. Near Hancock Hotel, on West Seventh.

The delicious home cooking at the Cactus Tea Room is quite irresistible. Prices very moderate, too. Service 7:30 a. m. to 7:30 p. m.

Send Hillyer's Flowers. Always a good idea. Phone 6160.

OFFICIAL NOTICES

NOTICE: Attention is called to the following regulations, page 75 of the catalogue: "Students are required to register ('sign up') in person for each term of the session, in 1920-1921 as follows: . . . For the Spring term, on Monday, March 21. Those who register after the appointed dates will be required to pay a fine of three dollars."

This rule applies to all students, old and new, regular and special. Its chief purpose is to secure promptness on the part of everybody at the beginning of the term. No excuse whatsoever is accepted.

It does not refer to adding or dropping courses but to the filling out of a particular card for this purpose. This card may be had, by Engineers at Dean Taylor's office, Eng. B. 107; by Law Students at Mr. Holmes' office, L. B. 106; by any girl at Miss Bewley's office, M. B. 104; and by any student at the Registrar's office, Ed. B. 101. No student may "sign up" for another.

E. J. MATHEWS,
Registrar.

GREEK COURSE: A new Greek course will be offered with the following sections. Section 1, M. W. F. 12, Main Building 219; Section 2, T. T. S. 12, Education Building 303.

W. J. BATTLE.

COFER LAW SOCIETY will not meet this week.

PRESIDENT.

ECONOMICS 1: The lectures covering the winter term work will be given at the Y. M. C. A. auditorium Saturday night at 7:30, and at 7:30 on the night preceding each final, at the same place.

LECTURER.

NOTICE: Geology laboratory begins Monday, March 21. Students already in the course must report on their regular day. Students who failed or who are doubtful about their laboratory work taken last spring should investigate their records and make arrangements with the laboratory instructors for a section before the beginning of the first

week. It will be too late to begin work after Thursday, March 24.
A. H. DEEN.

ALPHA PHI EPSILON members who have not fulfilled all requirements of initiation see committeeman in charge, or phone 3720, at once.

SCANDINAVIAN SOCIETY: Regular meeting Saturday night, the 12th. Residence of Mr. and Mrs. A. O. Sandbo, 106 West 30th St.
PRESIDENT.

ECONOMICS 1.2: There will be a lecture in Eco. 1.2, on Saturday instead of Quiz sections.
JNO. J. ALLEN.

MAN AND NATURE CLUB: On account of examinations the next regular meeting of the Man and Nature Club has been postponed until Monday, March 21.

CACTUS BUSINESS STAFF Pictures will be taken at Christianson's Studio today at 2 p. m. Following be present: Jules Hebert, Elizabeth Vinson, Mary Belle Strauss, Alice Stell Aacker, Hilda Urbankte, Mary Helen Holden, Susan Higgins, Lillian Rockwell, Katherine Anderson, Lillian Carleton, Blossom Wooten,

Laura West, Elenor Covert, Helen Douthit, Martha La Puelle, Gretch Daniels, Izzy Camp, Mary Maud Castle, Frances Molesworth, Clara Steeger, Lucy H. Adams, Emma Burnett, Rose Burnett, Maymie Imchell, Frank Williams, Charlie White, Lewis White, Jack Woods, Terrell Trimble, Carleton Hagelstein, Gobel Garfinkle.

Signed B. L. WOOLLEY,
Business Manager.

SPECIAL ALCALDE TO APPEAR THIS MONTH

A special issue of the "Alcalde" dedicated to the memory of "Granny" Hill will be out about March 20. "Granny" Hill was the mother of Mrs. H. J. L. Stark of Orange, Texas. Mr. Stark is known as the "fairy godfather of Longhorn athletics." Mr. Stark gave the Longhorn blankets to the football squad of 1914, and with his many gifts, the athletes of Texas have been equipped with material that they otherwise would have been forced to do without.

Austin Floral Company re-opened. In Masonic Building on West 7th Street. Phone 8261.

MID-TERMS CAUSE LESS CASUALTIES

Majority of Probation Students
Are Members of Two
Lower Classes

Casualties from the mid-terms in the winter term at the University are lighter than usual this year. Ninety students of the academic department are yet on probation on account of grade requirements, but that number is only one-half the number at the beginning of the term, when probation students totaled 180.

The number of students on probation after fall mid-terms stood at 122, but many were sent home in that term, where only a very few have been required to leave in the winter term. As a result of the fall term examinations, the students readmitted on probation numbered 180 at the beginning of the winter term. By reason of passing a sufficient number of courses on mid-terms, more than a hundred of these were taken off probation, while several more were added who had not suffered probation before.

Practically all the students on probation are from the freshman and sophomore classes, and the freshmen are much more numerous than any others. Freshmen are required to pass at least two courses, and not make more than one "F" to keep off probation. Other students must pass in at least three courses, and can make nothing lower than "E."

CONSTITUTION FOR UNIVERSITY FORUM TO BE VOTED UPON

(Continued from page 1)

the organization shall be the University of Texas Forum.

Article II. Membership. All regular students of the University of Texas shall be members of this organization.

Article III. Organization.

Section 1. The officers of this organization shall consist of an executive committee of six members. One member of this committee shall be elected by the Students' Assembly from among its membership. The executive committee shall elect its officers.

Section 2. In case of a vacancy on the executive committee, the president of the Students' Association shall appoint a student of the college or school not represented to fill such vacancy until the next regular election.

Section 3. There shall be an advisory committee composed of three members of the faculty appointed by the President of the University to advise with and aid the executive committee in securing speakers and in carrying out the functions of this organization.

Section 4. The executive committee shall make arrangements for securing speakers to address the Forum, shall have power to pass by-laws supplementary to this constitution, and shall decide upon all other questions of policy not covered in this instrument.

Article IV. Meetings.

Section 1. Meetings for lectures and discussion shall be held upon such occasions as the executive committee shall deem desirable.

Section 2. Business meetings may be held upon call of the executive committee or upon petition of four per cent of the student body. In either case at least two days notice of the time and place of meeting and of the nature of the meeting and of the subject matter to be considered shall be given through the columns of the Daily Texan.

Article V. Amendments.

Section 1. Amendments to this constitution may be proposed by a two-thirds vote of the executive committee or by a petition of five per cent of the student body.

Section 2. Such proposed amendment shall be voted on at a business meeting which shall be called by the executive committee for that purpose. At least four days notice of the meeting and of the nature of the proposed amendment shall be given through the columns of the Daily Texan.

\$1,350,000 IS APPRO- PRIATED FOR BUY- ING ADJACENT LAND

(Continued from page One)

the University free of charge, that the institution has been saved \$150,000 by not having to construct its own sewer. In speaking of the improvements already on the land Representative Williams estimated that eventually they would pay for the present investment and also provide a sinking fund which used for building purposes would, in the course of ten years, build a University equal to any in the country.

The bill as finally passed also provides for a purchasing committee to be appointed by the Governor and to be officially known as "The University Land Acquisition Board." The board is directed to purchase the land by direct agreement between them and the land owners, at the lowest possible price. In case the members of the board are unable to reach an agreement with the land owners they are empowered to institute condemnation proceedings for the use of such blocks or lands desired, after the manner of railroad companies in securing right-of-ways. The board is also instructed not to pay any sum whatever for any street or alley embraced in the property named in the bill, and to procure from the city of Austin the right to close or change any such street at any such time as the Board of Regents, or their successors, may desire.

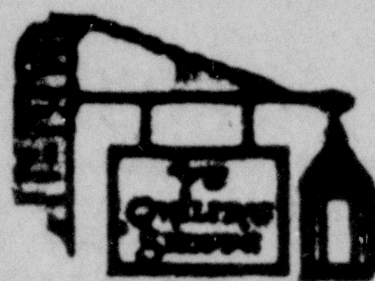

In the roll call vote on the bill the following representatives voted against the bill: Beasley, C. E. of Hopkins; Burns, J. D.; Crumpton, Sid; Davis, John E. of Dallas; Dinkle, C. E.; Garrett, G. W.; Greer, Julian P.; Hardin, J. Roy; Kveton, W. J.; Looney, Ike; Martin, C. A.; Morris, W. A. of Montague; Perry, H. Grady; Schweppe, Egbert; Thomas, Sam A.; Thompson, T. T. of Red River; and Rogers, J. P. of Harris present and not voting.

The substance of the final bill is as follows:

"An act authorizing the Governor of Texas to appoint a commission composed of three citizens of the State of Texas to purchase additional lands adjacent to the University property in the city of Austin for the use and benefit of the University of Texas; prescribing the duties of such commission and describing the land out of which the purchases are to be made by the commission; authorizing condemnation proceedings in event the land desired can not be acquired at reasonable price without such condemnation; making appropriation for the purchase of the same and directing how and when the same shall be paid for, and requiring bond from certain citizens of Austin guaranteeing that the land can be acquired at an amount not exceeding the sum herein appropriated, and declaring an emergency."

NEW CATALOGUE OUT

According to E. D. Shurter, director of the Department of Extension, the catalogue of correspondence courses offered by the University will be ready for distribution early in April.

QUINTET FINALS WILL BE STAGED BY TEAMS TODAY

(Continued from Page One)

with the eight fives which won the eight preliminary games of the meet as contestants.

Brackenridge High won its way into the semi-finals by beating Nacogdoches 23-14, in a hard fought game last night. The losers were on top, 10-6, at the half, but San Antonio showed greatly improved teamwork in the second half and with Forward Whitney and Guard Hamilton playing especially brilliant games were able to win.

The lineups Brackenridge—McCarty and Whitney, forwards; Crawford, center; Sewell and Hamilton, guards. Bass, substitute forward. Nacogdoches—Smith and Sullivan, forwards; B. Shaftner, center; F. Shaftner and Olds, guards.

Kirbyville 21, Tyler 9

Tyler was eliminated from the series last night when they were unable to keep up with the lanky Kirbyville team. Kirbyville showed better teamwork and with Weathersby and Irvine showing keen shooting eyes, Tyler was defeated, 21 to 9.

Houston 12, Gatesville 9

The Houston-Gatesville game was the best game played last night. Both fives had shown much power in their preliminary games and a close, hard fought fray was offered, Houston winning by the narrow margin of 12 to 9. The aggressive and starring play of Forward Fitz and Center Duckett featured for the winners, while Center Bates and Guard Caruth played especially good games for the losers. This game was notable for its speed.

El Paso 28, Celina 14

El Paso's teamwork and speed were too much for the heavier Celina team in the last game played last night, Celina going down to a 28-14 defeat. Wilson was Celina's principal point maker.

The sixteen teams which entered the meet and a fair-sized crowd of spectators had assembled Friday morning at 9 o'clock when Roy B. Henderson, secretary of the Interscholastic League of the University, called the meet to order. Mr. Henderson welcomed the visiting teams and then called on E. D. Shurter, director of the Interscholastic League, who welcomed the athletes on behalf of the League and the University. Mr. Henderson followed with instruc-

tions concerning the staging of the meet. Then L. Theo Bellmont, coach of the Longhorns, referee of the games of the meet, gave the contestants a short talk on sportsmanship and interpretation of the rules.

Brackenridge 18, Carbon 17

The first preliminary game of the day was the best of the eight opening contests. In it the fast Carbon five was barely nosed out by Brackenridge High of San Antonio, the final score being 18 to 17. The lead swayed back and forth throughout the fray and the aggregations proved exceptionally evenly matched. Both were well coached and both numbered men showing good ability.

Crawford, center for San Antonio, played a most dependable game and in the closing minute of the fray tossed the foul goal which gave Brackenridge the decision.

Nacogdoches 28, Eagle Pass 14

After playing evenly in the first half, the score of which was 10-9, the Nacogdoches team walked away from the Eagle Pass five and won, 28 to 14. The winners proved to have the better teamwork in the last half.

Tyler 26, Archer City 16

Tyler High started off to a good lead in her game with Archer City, was tied about the middle of the second half and then had the punch left to win, 26-16.

Archer City was not in as good condition as Tyler and this gave the winners the advantage in the closing minutes of the game. Two pretty field goals by Right Guard Kessler broke the 16-16 tie and gave Tyler the final lead which she never lost.

Kirbyville 20, Stonewall 16

After dropping the first half by a 7-4 score, Kirbyville scored 16 points in the second half and beat Stonewall High of Mount Pleasant, 20 to 16. Forward Weathersby featured in the winners' second period drive.

Gatesville 32, Higgins 13

Gatesville High had too much team

Houston 36, Ozona 6

It was another case of too much team work when Houston Central overwhelmed Ozona by a 36 to 6 score. Ozona put up a game fight, but were outclassed in every department of the game. Houston proved to be another team made up sterling individual players.

El Paso 45, Shiner 5

El Paso routed the Shiner five, 45 to 5, and appeared to be little troubled in doing it. The El Paso players were better coached, more aggressive and played better basketball both as a team and individuals. Andy Cohen, El Paso forward, featured by making 11 field goals during the game.

Celina 21, Edinburg 6

Edinburg fell before Celina in the last of the eight preliminary games, 21 to 6. The Celina five were more accurate in shooting goals, Wilson of the winners alone collecting seven goals from the floor.
