OKLAHOMA AGGIES TROUNCE STEERS 46 TO 10 IN OPENER

Among Those In School

BY MABEL COOPER FRANCES ETHEL WIFFP

Ella Bess Kennedy of Galveston, is a freshman in the University. She is a graduate of Ball High School, Galveston, and is an Alpha Delta Pi pledge.

Wray A. Ryan of Beaumont, a transfer from A. & M., is a junior in the Engineering School. Ryan is now on a tour with the Glee Club. He is a member of the Sigma Nu fraternity.

Helen Colley of Mercedes attended the Agricultural College of North Dakota before entering the University at the beginning of the summer school. Miss Colley has attended school in Portland, Oregon.

Martha Hanna of Galveston, who resides at the Scottish Rite Dormitory, is a freshman in the University. She was a writer on the Ball High School paper. She is a pledge of the Kappa Alpha Theta sorority.

Burnie Marburger of Smithville, is a junior in the Academic Department of the University. She is a member of W. A. A. and the Y. W. C. A. Miss Marburger returned to the Scottish Rite Dormitory Monday after being ill at Seton.

Robert Hamilton of Austin is a junior in the College of Arts and Sciences. Bob has never failed to make the honor roll. At present he has only one C and twenty-six free A's. He is working his way through school by coaching. Hamilton is a member of the Varsity track squad.

Marion Medlock of Dallas, re-entered the University as a junior after attending S. M. U. last year. She is registered in the Academic Department and is majoring in comparative literature. After receiving her A.B. degree she intends to study playground supervision.

Mercer (Mamie) Ingram of Mart, a transfer from Rice, is a junior in the College of Arts and Sciences. In high school he was a three letter man and a member of the debating team. At Rice, Ingram made freshman letters in football and track. He was organizer of the Rice Pre-Medic Society, and was an issue editor of the Thresher.

Celeste Graves of Hempstead, is a senior in the Academic Department of the University and resides at the Scottish Rite Dormitory. She has a permanent teacher's certificate of Sam Houston Normal at Huntsville. Miss Graves is a very talented reader and is studying dramatic art. She has been on the honor roll every since she has been in the University.

Frances McConnell of Jacksboro, is a freshman in the University. She graduated from Jacksboro High School, where she was an honor student last year. Miss McConnell represented her school here in Austin in the Interscholastic tennis tournament two years. She is interested in all athletics as she plays volleyball, and basketball and is on the freshman baseball team. While in high school she was president of the senior class and a member of the debating team. Miss McConnell is a pledge of the Chi Omega sorority.

Methodist Freshmen to Take Hike Today

All Methodist Freshmen are invited to participate in a hike and outdoor supper Saturday afternoon, according to E. T. Buehrer. The party will leave the University Methodist Church at 3, and will hike through the Westfield woods to the Lake.

From here Jack Frost will take them in a boat to Bee Creek, at which place an outdoor supper will be served. The expense will be shared by the hikers.

OKLAHOMA AGGIES LEAD CONFERENCE

Top-Heavy Score Indicates That Longhorns Were Outclassed

John Maulbetsch's Oklahoma Aggies defeated the Longhorns by an over-heavy score of 46-10 last night at Stillwater, Oklahoma.

The top heavy score clearly indicates that the Longhorns were outclassed. Although the Oklahoma Aggies were the favorites, they were not expected to pile up so many points. The defeat administered to the Longhorn last night is, by far, the worst one that Texas has suffered in basketball in many years.

Injuries suffered by Schuhart and Slover deprived Doc Stewart of two men that could be depended upon to bolster up the loss of Curtis and Robertson. Stewart did not only suffer from the loss of these two men, but the other players were in poor condition for the Oklahoma Aggie game.

Last year, Maulbetsch's Aggies lost to the Longhorns by one point in the first game and dropped the second battle by three points. Texas will play the Aggies again tonight, and then the Longhorns travel to Dallas to meet the Mustangs Monday night.

Tonight's game will be the last conference battle that Texas and Oklahoma A. & M. will engage in as the Aggies will not be in the Southwestern Conference next year.

BAND TOUR WILL FEATURE SKITS

Three Girls Will Present One of Four Acts Planned

Vaudeville will be featured this year on the annual band tour. Approximately one hour and fifteen minutes will be devoted to the four acts which will be carried. Although it has not been definitely decided upon, it is more than probable that three girls will be featured in one act, under the direction of John Stevenson and Erma Shidler. Bus Edens will take the lead in a fifteen-minute skit, and Eugene Forman will be the feature of the third act. The fourth number, an orchestra, will close the bill. Jimmie's Joys and Steve Gardner's orchestra are being considered.

The Band will present the first program of the tour March 17, and the last March 28. Forty-five or fifty people will be carried on the trip, which will include Lampasas, Abilene, Eastland, Denton, Waco, Brownwood, Breckenridge, Wichita Falls, Fort Worth or Dallas, and possibly Sherman and Greenville.

NEW SORORITY ADMITTED TO PAN-HELLENIC COUNCIL

Association Plans to Take up Various Campus Problems at Next Meeting

Sigma Sigma, a newly organized local sorority, was admitted to membership in Pan-Hellenic Association yesterday afternoon at a regular monthly meeting of the members of the association in room 158 of the Main Building. Representatives in the association from the new sorority are Birtie Hirsch and Marian Melaskey.

The association decided also to have a definite program at every meeting and at each time take up various campus problems and seek some ways to meet these problems.

REAVIS COX WILL WORK ON ALCALDE

Former Texan Editor Will Fill New Position of Managing Editor

Reavis Cox, B.A. '21, former editor of The Daily Texan, has returned to Austin to become managing editor of the Alcalde, official publication of the Ex-Students Association.

As managing editor Cox will have direct charge of assembling and editing all material published in the Alcalde, working under the general supervision of the organization's executive council and John A. Lomax, secretary.

Appointment of a managing editor is a new departure in the publication of the Alcalde. Hitherto the magazine has been issued by Mr. Lomax with the assistance of several members of his office staff, editorials being written by an editor-in-chief outside of Austin selected by the council.

The new plan was made necessary, according to Mr. Lomax, because of the rapidly growing number of ex-students and the increasing importance of the magazine in keeping them in touch with the University.

Cox was in the University for five years, ending his college course in 1922. Besides working on The Texan which he edited in 1921-22, he earned a Varsity "T" in track.

Since leaving the campus, he has done newspaper work in New York, Lansing and Detroit, Michigan, Milwaukee, Chicago and Denver.

CACTUS CAMPAIGN TO BE IN FEBRUARY

Sell Copy to Every Student Is Aim of Sales Department

Cactus sales campaign proper for the 1925 Cactus will be carried on during the latter part of the month of February. During that time, certificates for library deposits will be accepted for the first time this year.

The aim of the sales department of the 1925 Cactus is to sell of copy of the Cactus to every student in the University of Texas, a thing which has never been done before. Last year 2400 copies were sold to 4100 students, being an increase of 700 copies over the year before. Sorority teams will be organized and prizes of varying worth and character will be offered to induce the teams to compete.

Tentative plans are being laid to conduct the campaign in connection with and in supplement to the queen's race for the Varsity Circus. In this way the two major campaigns of the winter and spring terms will be combined and a great deal of work eliminated.

The price of the Cactus will be \$5.00 a copy as usual. Bob Murphree is in charge of the sale of the year-book, and is assisted by Boone Crisp and Burt Dyke.

Turtle Club Will Use Woman's Building Pool

Owing to the extreme coldness of the water which makes practice at the Y. M. C. A. pool impossible during the cold weather it was decided at a regular meeting of Turtle Club Wednesday night to meet in the future at the small pool in the Woman's Building.

A stunt night to which only members of Turtle Club will be admitted has been planned for three weeks from last regular meeting. Members are expected to report to Miss Olga Anderson to be assigned to stunts, which will be rehearsed at the next meeting.

DEBATERS CHOSEN FOR COLLEGIATE WINTER CONTESTS

12 Men Selected to Debate Against Colorado, Drake, Washington, and Okla.

COLORADO HERE MARCH 6

Moore Says Selections Not Permanent and May Be Changed

Tentative selection of the debating teams to oppose four schools of the Valley League this winter was made by Coach William O. Moore yesterday. The selection includes twelve speakers who have survived the elimination rounds so far. Three men are assigned to each debate and the two who compose the team will be announced on the eve of the contest.

Moore emphasized the fact that the assignments are only tentative and may be changed by the results of the Quaid prize contest Friday night.

Those composing the teams are as follows:

March 6, Texas vs. Colorado at Austin, Texas upholding the affirmative, B. A. Shanblum of Fort Worth, Ty Cobb, of Cameron, and Ed Mather of Austin.

March 6, Texas vs. Drake University at Des Moines, Texas upholding the negative, Ed Lee Gossett of Post, Gordon Marsh of Dallas, Joyce Cox of Cameron.

March 19, Texas vs. Washington University at St. Louis, Texas upholding the affirmative, Campbell Beard of Fort Worth, Otis Rogers of Canadian, and Joe Bashara of Wichita Falls.

March 20, Texas vs. Oklahoma University at Austin, Texas upholding the negative, James Hamilton of Austin, James Hart of Austin, Paul Bledsoe of Commerce.

Y.M.C.A. and Y.W.C.A. Cabinets to Meet in Joint Session Sunday

There will be a joint meeting of the Cabinets of the Y. M. C. A. and the Y. W. C. A. next Sunday morning at 8:30 in the University Association Building. In addition to the full membership of the two Cabinets that will be present, it is certain that there will be representatives present from several of the other colleges throughout the state. A special delegation from A. & M. will be here to attend the meeting, which promises to be one of importance, as it will deal with the discussion of the work and policies of the Cabinets in their relation to affairs of the student body.

Program of Service to University Inaugurated by the Texas Cowboys

Plans for actively serving the University in a number of different ways and for regular meetings of the organization to promote this program were discussed at a meeting of the Texas Cowboys yesterday afternoon. At the beginning of each term a meeting of the organization is held at which time the work for that term is laid out and definite plans put in operation.

The result of the meeting yesterday was the inauguration of what members of the organization say is the most extensive program ever adopted by the outfit in the three years of its existence on the campus.

Regular meetings are to be held on the first and third Mondays of every month, the meetings to take on the nature of the luncheon club programs made famous by Rotary, Kiwanis, Lions, and like organizations. These sessions will be held at the University Cafeteria at the noon hour, each member paying the cost of his meal.

Shorty Nowotny, former yell leader of the University, and one of the organizers of the Cowboys, was appointed chairman of the program committee for the first meeting which will be held on February 2. At these meetings emphasis will be placed on the discussion of plans for rendering

REGENTS WILL DISCUSS BILL FOR NEW BUILDINGS IN MEETING TODAY

DELTA SIGMA PHI AND PHI PSI WIN

Theta Xis Beat Omega Beta Pis Through Playing of Bass and Wimberly

Delta Sigma Phi defeated Phi Sigma Delta, 7-4; Theta Xi won from Omega Beta Pi, 6-1; and Phi Kappa Psi beat Pi Kappa Alpha, 7-3 last night at the men's Gym. All three games were hard fought, and less rough than is usual.

Watts, for Delta Sigma Phi, scored two field goals and made it possible for his team to defeat the hard-fighting Phi Sigs. The first half ended without either side scoring, due to the fine guarding of both teams. During the second half, Watts broke loose from his guard and registered two field goals. Miller, of the Delta Sigs, played a good game and scored one field goal.

Wimberly scored two field goals, and Bass for Theta Xi, and their hard playing enabled their team to come through against Omega Beta Pi. The losers, although they fought hard, were unable to get past the fine guarding of the winners.

Dutton won the game for Phi Kappa Psi. This fast forward scored all of the seven points that were registered against Pi Kappa Alpha Acker and Howell scored the three points for the losers.

GLAZE SAYS CROWDED GYM IS PROBLEM

The incapacity of the men's gymnasium for caring for the unusually big crowds that have attended the last several games has become a serious problem, according to W. E. Glaze, secretary to the college of athletics.

Under ordinary conditions counting every available seat, approximately 2100 people can be seated on the bleachers. However during the games when the students are crowded together, 2500 would be a safe estimate of the seating capacity of the gym.

The T. C. U. game drew a crowd of approximately 2500 students, according to the estimates of Mr. Glaze. The crowd at the Southwestern games was not so large, approximately only 2200 persons.

various services to the University.

Among the matters that are to be put over during this term will be the entertainment of visiting basketball teams and participants in the Texas Relays. A committee composed of Shorty Mayer, chairman; Claude Voyles, Tom Blanton, Alphonso Ragland, Arthur Stewart, Roland Byram will be in charge. The Cowboys met all visiting football teams last term and extended all possible courtesies.

Continuing the policy inaugurated last term of co-operating with freshman athletes in keeping up with their scholastic work, the Cowboys appointed the following committee on that matter: Carl Webb, Marion Fowler, Terrel Sledge, Bill Boyce.

Active co-operation with Interscholastic League officials and the University in entertainment of high school delegates to the annual league meet in May was pledged by the organization and Foreman Dick Blalock appointed a committee composed of Sterling Holloway, Chester Grubbs, Boone Crisp, Jack Binion, Dib Lindley, and Dick Norman to work on these plans.

Boone Crisp, Bill Wilson, and R. C. Brannon will form a committee to

JIMMIE TO PLAY DANCE TUESDAY 4-7

Opening Dance of Inaugural Festivities Placed on Social Calendar

Jimmie's Joys are coming! Such was the rumor circulated around the campus this morning to be confirmed by Bob Murphree, who is sponsoring a dance given by this famous orchestra, the pride of the University in dancing circles for the past four years.

Murphree announced that Jimmie and his Joys will play at the K. C. Hall from 4 to 7 on the afternoon of Tuesday, January 20, immediately following the inaugural ceremonies of Mrs. James E. Ferguson as Governor of Texas.

The dance has received the official special permission of the Social Calendar Committee, but all University girls attending must sign up for permission in the offices of the Social Calendar Committee, room 111, Main Building.

Due to the fact that over fifty thousand people will be present in Austin for the inaugural, it is expected that this dance, the first of the inaugural festivities, will be attended by a record breaking crowd.

DEAN HILDEBRAND BACK FROM CHICAGO LAW MEET

Plans to Make Texas Law School Second only to Harvard

"After hearing the discussions as to the work being carried on in other law schools, I am well pleased with the progress we have made here in the law school of the University of Texas," said Dean I. P. Hildebrand after returning from the annual conference of the American Association of Law Schools recently held in Chicago. The Association is composed of 63 leading law schools in the nation, and it passes upon the number of professors entrance requirements, number of volumes in the library and other qualifications of each school in the organization.

"I believe that it is within our power to make this one of the leading law schools of the nation, second only to Harvard," continued Dean Hildebrand. "The insight we get into the work of contemporary schools at these conferences will aid us in doing this. This time I was much interested in the discussion of corporation law, and was one of the speakers on that subject."

"At each conference some outstanding lawyer of the world addressed the meeting. At the recent meeting, George W. Wickersham, former attorney-general and leading authority on inter-national law today, spoke on International Law."

Three other law professors of the University attended the conference. These were D. F. Bobbitt, Chas. T. McCormick, and W. A. Rhea. Professor McCormick was elected to one of the discussion councils, and Dean Hildebrand was made chairman of the section interested in corporations.

BRADLEY ASSISTANT CLERK

Rebecca M. Bradley of Fort Worth, was recently elected by the members of the Senate to serve as Assistant Journal Clerk to that house. Miss Bradley is an assistant in the history department of the University and is on the staff of The Texan as society reporter.

DUE TO CONSIDER PLANS FOR LOAN

Transfer of Oil Royalties Income May Also Be Asked for

University Board of Regents will hold a regular meeting this morning at 10 o'clock in the office of President W. M. W. Splawn. Matters that may come up for discussion at the conference have not been divulged by E. J. Mathews, secretary to the board.

Competition of final plans for presenting to the Legislature now in session a bill authorizing the proposed loan of \$3,000,000, to be used in erecting new University buildings on the campus, will probably be the chief business. Such a bill has been prepared by H. A. Wroe, member of the Board of Regents.

Another bill which the Regents have under consideration is one to provide for a transfer of the income from oil royalties from the permanent fund to the available fund of the University. If this bill is favorably acted upon by the Legislature, its authorization would provide for \$180,000 as an added fund to be used in the University building program.

Measures similar to these were passed by the Legislature two years ago, but were never exercised because the Regents were never able to secure satisfactory terms for the loan.

Regents who are expected at the meeting this morning are: Tucker Royall, Palestine; H. J. Luther Stark, Orange; H. A. Wroe, Austin; Earl C. Hankamer, Sour Lake; C. E. Marsh, Austin; Mrs. H. J. O'Hair, Coleman; R. G. Storey, Dallas; W. S. Whaley, Cleburne; Dr. Joe Wooten, Austin.

No All-University Entertainment to Be Held Saturday Night

Owing to a delayed meeting of the entertainment committee in charge of the regular "Get Together" party, there will be no party tonight at the Y. M. C. A. These functions were held every Saturday night before the holidays, and were for the benefit of those students who do not attend the dances and picture shows.

According to Dean Hubbard, a meeting of the committee in charge of the entertainment will be held in the near future, probably next week, in order to make further plans and to discuss the advisability of continuing the parties. Dean Hubbard said that the get-togethers would be continued if there was interest enough to justify them, otherwise such entertainments will be discontinued for the time being.

Journalists Elect New Vice-President

Vivian Richardson of Austin was unanimously elected vice-president of the Journalism Department at a meeting in J Hall Friday afternoon, according to John Sammons, president. The election was held to fill the vacancy caused by the loss of Horace Walker, who is now "pony editor" for the Associated Press at Dallas.

Miss Richardson is one of the most active members of the department, having served in many capacities upon The Texan and written feature articles for state papers. She was recently initiated into Theta Sigma Phi, professional journalistic fraternity for women.

5035 STUDENTS REGISTERED

There have registered in the University for the 1924-25 session, 5035 students, according to information from the Auditor's office. Four thousand eight hundred students registered during the fall term, and 235 new students have registered for the winter term.

THE THIRTY-NINTH LEGISLATURE

The thirty-ninth Legislature of Texas convened in Austin Tuesday, to remain in session for at least the next sixty days, and perhaps for the next ninety days.

To visit the Legislature is interesting and informative, and each student in the University should avail himself of the opportunity of visiting the House of Representatives and the Senate during the next two months. From the student's point of view, one of the outstanding features of the Legislature is that almost one-third of the members are ex-students and student of this institution. There are 181 members of the Legislature, and fifty-seven of them have gone to school on the "forty acres." Never before has the University student body been so well represented in the Texas legislative bodies, and it is apparent that the people of Texas are electing capable representatives to make our laws. Another feature of the Legislature is that in both the House and Senate, a great majority of the members are young men. It is no longer a felony to be young from the point of view of the electorate; in fact, it is not even a misdemeanor to be young. The Texan believes the people will profit by having elected so many young men; the young men will do more work and less talking and they will take their responsibilities seriously, trying at all times to serve the best interests of the State.

This year's Legislature will be friendly toward the educational needs of the State. Both the rural schools and the institutions of higher learning will be welcome applicants and not unwelcome supplicants at the hands of the Legislature. The members of the House elected a true friend of the University as speaker—Hon. Lee Satterwhite of Amarillo, while the Senate bestowed its highest honor, that of president pro tem, upon a former University student. Hon. A. J. Wirtz of Seguin.

There are many important problems confronting the Legislature, among them being the educational needs, reduction of taxes, strengthening the banking laws, the penitentiary situation and the condition of the agricultural class. In addition to passing helpful legislation that will alleviate existing conditions, the Legislature should repeal many unnecessary laws on our statute books, remembering that the "government that is governed least is governed best." It is interesting to note where several legislators plan to introduce bills reducing the number of members in the House of Representatives. It might be better to have fewer representatives, but it is certain that the solons are not going to legislate themselves out of a job. It will be many, many years in Texas before the number of representatives in the House will be reduced.

With the problems of state so apparent, and with so many young and educated men in the House and Senate, the thirty-ninth session of the Legislature should be one of the most useful in the history of the State.

INTERCOLLEGIATE DEBATING FOR GIRLS

The University public speaking department is considering the subject of having intercollegiate debating for the girls, the girls contest to be entirely separate from the boys' contests.

Since the Oxford-Texas debate there has been a reawakening of interest in the art of public speaking at the University. It is generally admitted that our boys did exceptionally well in the Oxford contest, and since girls have always been as good speakers as boys, friends of forensic activities believe it would be advantageous to have debates for girls.

At present there are only two public speaking contests open for girls, the freshman declamation contest and the extempore speaking contest. Debating is by far the most attractive phase of public speaking, but the girls here are not allowed to take part in this form of forensics. Debating teaches the arts of stage presence, enunciation, delivery, and ability to think before an audience. There is no reason why the girls should be allowed to enter the minor phases in public speaking contests, and be excluded from the most helpful and important phase of public speaking.

There are many girls in the University who could debate well, and would take an active interest in these contests. Girls' debating contests would be spectacular and would perhaps draw even larger crowds than the boys' debates. Many of the larger universities in the United States have girls' debating teams; in fact, very few of them fail to hold these contests.

Girls are entitled to receive the training that debating offers, and The Texan sincerely hopes the public speaking council will make provisions for these contests with other schools.

OFFICIAL NOTICES

PRE-MED picture will be taken this afternoon at 2:30 at the Extension Department. All Pre-Meds be out.

THERE will be a 10 mile hike this afternoon, leaving the Gym at 2 o'clock. Hikers will visit the old French embassy today.

MANAGER.

MEN who are contemplating coming out for assistant manager of the Longhorn track team turn in your names to Dean L. Theo. Belmont immediately as spring training has already commenced. This must be done by Tuesday. Junior standing or better is preferable.

MANAGER.

TEXAS Cowboys will meet in front of the M. B. at 1:45 Sunday afternoon. All members are requested to be present in full uniform as the Cactus pictures will be made.

FOREMAN.

REAGAN Literary Society will meet at the Photo Laboratory Saturday, January 17, at 2 o'clock for Cactus picture.

PRESIDENT.

MEN who are contemplating coming out as assistant managers of the Varsity track squad should turn in their names immediately to Dean L. Theo. Belmont as training has already started. Junior standing or better is preferable.

ALL WOMEN contemplating entering freshmen women's declamation contest should turn in their names to Miss Montgomery, room 3, V Hall.

COPY and drawings for basket ball issue of Texas Ranger must be turned in by Jan. 22. Staff members who fail to turn in copy will be dropped from staff.

EDITOR-IN-CHIEF.

MEN who are contemplating coming out for assistant manager of the Varsity track squad, turn in your names to Dean L. Theo. Belmont immediately as training has already started. Junior standing or better is preferable.

MANAGER.

THE Oak Cliff Club will hold a call meeting Monday night at 7 o'clock in Room 105 Main Building. Everybody come since it is very important.

PRESIDENT.

FISH BAND FIRST OF KIND IN U.S.

Completely Uniformed Through Efforts of Cowboys and Co-Op

When one hundred and twenty men answered roll call at the first meeting of the Longhorn Band last September, Director Burnett Pharr was confronted with the problem of either reducing the ranks to a band small enough to make progress, or to form two separate organizations. The result of this was the formation of the Freshman Band. This band is composed of first year men only. The director was selected from the ranks by the members of the band. Although this band has appeared under a different name, it is, in reality, a junior Longhorn Band. When the Longhorn Band went to Dallas and Houston, it was composed of quite a few freshmen.

The Freshman Band has been adopted as the official band of the class of '28. The band was uniformed during the first month of its existence, the Cowboys having solicited subscriptions from the business men of Austin. Through their efforts, enough was raised to buy sweaters; and the Co-op furnished fezes to complete the uniforms.

This organization is the first of its kind in the United States and it bids fair to become permanent. From the competition being offered now, it seems as if there will be quite a few Freshmen on the tour. The Freshman Band has been practicing apart from the Longhorn Band, but from now until the end of the year it is going to practice with the Longhorn Band.

599 Enrolled in Engineer School

There are 28 new students who have registered in the College of Engineering of the University of Texas since the beginning of the winter term, making the total enrollment 599, according to Dean T. U. Taylor. The total enrollment this term is larger than it was at the same time last year, although the increase is not great.

ZOOLOGY SCHOOL IS WELL EQUIPPED

Department Strengthened by Many Valuable Collections of Texas Animals

In addition to its regular texts on zoology, the department of zoology of the University of Texas is strengthened by illustrative materials and specimens pertaining to that work. These valuable collections are located on the third floor of the Main Building in connection with the large paleontological collection and exhibits.

One of the most valuable parts of the entire collection is the Ragsdale Collection of Texas birds, ranging from the miniature humming bird to the large, native Texas eagle. Also, there is a varied assortment of rare and common specimens of insects. All of the specimens of the collections are either mounted or preserved in the best possible way in order to retain them for further reference in study, as well as to strengthen the proposed museum that is to be established on the University campus.

Closely allied with the zoological collections is the collection of paleontological specimens, most of which have been gathered and collected by the State Geological Surveys. Prof. Edward D. Cope, one of the most noted paleontologists of the world, has assisted in the study and proper naming of all of the specimens. All of the examples are rare and cover an extensive field of development.

EDUCATIONAL CLUB TO HOLD REGULAR LUNCHEON

The future meetings of the Educational Association will be held in the form of luncheons conducted along the lines followed by civic clubs, it was decided at a meeting of the association Thursday evening at the University Commons. Only a dozen members of the association were present, the weather having prevented a number from attending and after a short round-table discussion of several educational problems, the meeting adjourned.

By adopting the new policy for their meetings, the association hopes to stir up new interest. Two luncheons a month will be held, according to the plans, the first one to be held Thursday, February 5 at 6 o'clock.

The 5,000 Are Here

Registration at the University of Texas has just passed the 5,000 mark, breaking all attendance records.

Five thousand population (including men, women, and children) is "right smart" for a community anywhere. But think of a group of 5,000, every member of which is a potential buyer, an individual with separate resources and requirements. What better field could a business man desire?

And add to that 1,000 home represented by Austin students; 500 families represented by faculty members and University officials; 300 families represented by boarding and rooming house proprietors; every business concern in the business section of the city; and a large miscellaneous list of local patrons.

That is what the DAILY TEXAN has to offer at this time—complete coverage in the University field that cannot be touched by any other daily medium; and general distribution in the city of Austin, reaching thousands of Austin families.

Ask other publications to analyze their distribution.

THE DAILY TEXAN

The Paper That Serves the University and Austin

Theatricals

Film Shows Intrigues of Married Life

With John M. Stahl directing, Lewis S. Stone playing the leading role and A. P. Younger writing the adaptation, the same trio of film veterans responsible for "Why Men Leave Home" are behind the special attraction, "Husbands and Lovers," which is now being shown at the Majestic Theater. Like its predecessor, the picture is a smart comedy-drama of domestic life for Louis B. Mayer presentation through First National.

"Oh, You Tony!" Closes Run Here Tonight

"Oh, You Tony!" the William Fox attraction which has been drawing crowds at the Hancock for the past four days, ends its run tonight. Tom Mix disports etiquette with great comic effect. In addition to the comedy the story furnishes, there is a bang up horse race, not to mention an elaborate fashion show.

As in every other picture starring Tom Mix, the story is brimful of action. Washington politics, financial plots, hidden schemes of a dark nature, perpetrated by even darker screen villains, all of them flash across the vision as the story progresses. There is a fine love theme interwoven in the tale, the girl being enacted by Claire Adams. But the fair adventures is portrayed by the delectable Dolores Rousse. Of course the villainess is far from ordinary when played by Dolores.

"The Alaskan" Playing at Texas Theater

Thomas Meighan in any Paramount picture is worth seeing. But Thomas Meighan in a Herbert Brenon picture is gripping story, "The Alaskan" is worth seeing, not only once but several times.

"The Alaskan" which is now playing at the Texas Theater is the first story of the great Northwest that Meighan has ever appeared in. His personality suits the title role which he portrays, and although mindful of his past performances, yet we have no hesitation in saying that he has done his best work in this picture.

Here is a story of a man who fights not only for a great love, but for a great cause—the preservation of Alaska for the native Alaskans. To most people Alaska is synonymous with gold and in this picture Director Brenon has reproduced scenes from the historic gold-rush of the late nineties when the eyes of the whole world turned towards the far north.

Mountain peaks, forests, rivers and glaciers form the gigantic sets which appear in "The Alaskan."

Extension Centers Proving Successful

Extension centers in San Antonio and Houston are proving to be a great success, according to Dr. Penick, head of the Extension Teaching Bureau. These classes are for those who work during the day and are able to attend classes at night. University credit is given for the work completed.

Recently the Bureau has established two classes at Fort Worth which are also showing great progress. Professor Adams is in charge of the center at Houston. To the classes of business administration, economics and education an addition of another class in education will be made soon.

There are several classes at the San Antonio center which is in charge of Clyde Barnes, a member of the graduating class last year. Teachers from the University hold these classes with the aid of a few local teachers.

NEWMAN CLUB STARTS SERIES OF SOCIALS

The first of a series of socials to be given by the University Newman Club will be held at the Newman Club rooms tonight, according to Rev. S. Latchford, director of the club.

This affair will be very informal in nature, and all members of the club are invited to attend. Refreshments will be served, and arrangements have been made so that all those who attend may have an enjoyable evening, stated the chaplain.

John Gilbert and Norma Shearer in "The Snob"

Two popular film players add greatly to their following in "The Snob," Monta Bell's Metro-Goldwyn-Mayer production now showing at the Queen Theater.

They are John Gilbert and Norma Shearer, who have the leading roles in the picture of Helen R. Martin's popular novel.

Gilbert, in the titular character of "the snob" and Norma Shearer, as his long-suffering and forgiving wife, present finely-drawn, well balanced performances.

The story, which is most entertaining in Bell's hands, is mainly one of character development. Gilbert, as the snobbish, conceited instructor, plays the part with much sincerity and feeling.

The supporting cast includes Conrad Nagel, Phyllis Haver, Hedda Hopper, Margaret Seddon, Aileen Manning.

Pre-Med Society to Have Picture Made

Members of the Pre-medical Society are to meet at the Photographic Studio to have a picture taken for the Cactus.

Organized back in the early 90's and starting from a small number of ten or fifteen charter members, the Pre-Med Society was conceived. Today it has a membership of sixty members, many of whom are working for a doctor's degree. In noting the changes that have taken place since the birth of the society it is interesting to note that in those days there were no women on the roster of the society. At present however about one third of the members are women. Among the alumnus of the society are many well known doctors in Texas and elsewhere. Many of the professors of the University are ex-members of the organization.

Every other Tuesday the society meets in the Y. M. C. A. auditorium. The program usually consists of addresses from prominent physicians or professors.

Richard Eckhardt is president of the pre-meds and John Dupree is vice-president.

Graduate History Students Meet in Library Archives

At the regular meeting of the Graduate History Club in the Archives room of the Library reports on their trip to the American Historical Association at Richmond were given by Profs. C. W. Ramsdell and T. W. Riker of the History Department of the University, who read papers at the meeting of the association. A review of some of the most important papers that were read before the Association was given and also the general workings of the Association, and the publications of the reports were discussed.

Dr. W. P. Webb, Adjunct Professor of History, also gave a report on the meeting of the History section at the State Teacher's Association held this year at San Antonio.

"These meetings of the Graduate History Club are of great importance to those students who have special interest in history or who expect to enter into the teaching of history," stated Clarence P. Denman, president of the Club.

SCHOOL CHILDREN TOPIC OF THESES

Many Tests and Measurements Being Made by Teachers

Many people over the state have become interested in tests and measurements of school children, according to Dr. C. T. Gray, associate professor of the philosophy of education at the University of Texas.

Under the direction of Dr. Gray several former students of the University are making experimental tests of the intelligence and ability of their students. These students are making the survey as part of their work on the degree of master of arts. It is their intention to write their theses on the subjects which they are studying.

In the high school of San Antonio, Miss West is using a variety of tests to determine the effect of Latin on English work of the students. Her study is very comprehensive and she is experimenting with a number of tests. Miss Gutzett is also working in the schools of San Antonio. Her special problem is to study the pupils who fail in their work. She is making a study of the capabilities of the pupils and is trying to determine the cause of failure in the scholastic work of the pupils.

A teacher in one of the schools in New Mexico is working on a unique problem. He has in his school a number of Mexican children in addition to his American pupils. It is his purpose to find the differences of the Mexican students and to determine if these differences are due to the difficulty in speaking the English language or if they really have another type of intelligence.

REAVIS COX RETURNS

Reavis Cox, of Monterey, Mexico, who is a graduate of the University of Texas, has returned to Texas to locate in newspaper work, and recently visited the University. Cox has been on the staff of the United Press for several years, and has been located in New York City, Washington, Denver, Lansing, Mich., and Detroit. He has lately been a reporter on the staff of the Chicago Evening Journal. He received bachelor of arts and master of arts degrees from the University, and in 1922 was editor in chief of The Daily Texan. He was also a member of the Longhorn track team.

Students: If you are withdrawing from school, have your Texan and Ranger mailed to you. Call at room 155, M.B.

TWO LAW EXES SUBSCRIBE TO NEW LIBRARY

Although a campaign has not yet been formally made, two contributions from ex-students have already been received to apply on the Townes' Memorial Library Fund, according to Dean I. P. Hildebrand. The library is intended to honor the memory of the late Judge John C. Townes for many years dean of the University Law School.

This fund is to consist of \$100,000, and of this sum \$50,000 will be used to purchase new law books. The other \$50,000 will be invested in government bonds, and the interest used for general improvements. The Townes' Memorial Library, which is to be an addition to the present law library, one of the best in the state, will contain among other volumes, a complete set of English Reports of which only the South African and Indian Reports are missing, and textbooks and other materials which are needed to fill out the present library.

Senior Invitations Are Now on File

Senior invitations are now on sale in the corridor of the Main Building, according to Joe Steiner, who has charge of the sale.

This year's invitation was selected from a large number of samples by a senior committee, and are the most attractive which have ever been brought to the campus, said Steiner.

Sale of the invitations will continue through Saturday.

Librarian Expected to Return Next Week

Mr. William E. Winkler, Librarian of the University of Texas, who has been in the north since December 28 is expected back within the next week. From December 29 to 31 he attended the convention of the American Library Association. He has since been inspecting libraries in Illinois and other adjoining states.

Students: If you are withdrawing from school, have your Texan and Ranger mailed to you. Call at room 155, M. B.

QUEEN

EPISCOPALIAN STUDENTS TO HEAR MRS. ROSEBURY

Former National President of the American Association of College Women

February 2, Mrs. Rosebury, National president of the American Association of College Women, will arrive in Austin, the purpose of her visit being to meet with and speak to Episcopal students of the University of Texas.

Mrs. Rosebury was formerly Miss Kimball Mathews, dean of women in the University of Wisconsin at Madison. She will attend the meeting of the Episcopal Council in Beaumont, and after that will visit all the educational institutions in Texas where Episcopal students are registered.

During the years that she was dean of women at the University of Wisconsin, Mrs. Rosebury was considered one of the foremost deans in the United States. She wrote a book in 1909 entitled "Dean of Women" and another in 1915 called "The Expansion of New England." Mrs. Rosebury is a woman of great personality and charm, it is stated. She is a member of Delta Gamma and Phi Beta Kappa.

A complete program has not been made out, but on her arrival Mrs. Rosebury will spend the day getting acquainted with the students and that night she will meet the Episcopal students at Gregg House. There will probably be a luncheon honoring her to which all college women will be invited.

Mrs. Rosebury during the time she is in Austin will be the guest of Miss Lucy Newton, dean of women of the University.

Faculty Club to Have Vaudeville at Meeting Tonight

A very unique program consisting of a vaudeville show is to be presented at the Faculty Club tonight at the Faculty Clubrooms. H. W. Taylor is to present "The Man with the Banjo;" J. B. Wharey is to give a reading; Miss Gladys Thomas is to entertain with a violin solo; Mrs. Anita Storrs Gaedecke will also give a violin

solo; and Dr. W. J. Battle, professor of classical languages, is to entertain the club with "Pictures of Greek Life."

Following the program the club will be served with refreshments. Next week Dean H. Y. Benedict is to deliver the first of a series of Popular Lectures on Science to the Faculty Club, "The Universe, the Solar System and the Earth." Plans are now being made for a playlet to be presented on January 31, entitled "One Must Marry," which is to be directed by Professor Pflueger.

HAND BALL CONTESTS FOR FRATERNITIES TO BEGIN JANUARY 25th

GAMES PLAYED TO
BE BEST 2 OF 3

AGGIE BASEBALL
MEN START WORK

Students Participating in
Competition Will Not Be
Given P. T. Credit

Track Men Also Prepare for
Hard Season in
Spring

Fraternity competition for the hand ball championship will begin on January 23 when Kappa Sigma and the Lambda Chi Alpha team meets Sigma Nu. All fraternity teams will be in doubles Berry Whitaker, head of Intramural Athletics, said, and the fraternity games will be given preference over all other hand ball games except the P. T. practice games.

Members participating in this handball tournament will not be given credit for P. T., only those persons who take part in Departmental, Interfraternity, and Independent basketball will receive credit toward their P. T.

Last year, a team composed of Ponsford and Moursand, won the championship for the Dekes. Although Ponsford is out of school this year, the Dekes are expected to be strong competitors for the honor again. All games played will be the best two out of three, except the semi-finals and final contests which will be the best three out of the five games played.

Schedule is as follows:

January 23 Kappa Sigma v. Sigma Chi; Lambda Chi Alpha v. Sigma Nu; January 24, Phi Gamma Delta v. Delta Kappa Epsilon, and Kappa Alpha v. Delta Tau Delta; January 26, Chi Phi v. Delta Chi, and Sigma Alpha Mu v. Alpha Tau Omicron; January 27, Acacia v. Half Moor and Delta Theta Phi v. Phi Kappa Psi; January 28, Phi Sigma Delta v. Theta Xi; Pi Kappa Alpha v. Omicron Beta Pi, and Delta Sigma Phi v. the winner of Kappa Sigma-Sigma Chi.

Economics Added to Extension Courses

In addition to courses in Economics, Business Administration, and Spanish, a new course in Education has been added to the Extension Department in Houston. According to Dr. Penick, weekly lectures will be delivered in Houston by Professor Adams, head of the new course.

Curtain Club Holds Casting Tryouts for New Mid-winter Play

Preliminary casting tryouts for "Sister Beatrice," winter term production of the University Curtain Club, were held Friday afternoon in Main Building 105 under the direction of Harvey Eagleson, who is in charge of the play. Only women were given trials at the Friday meeting, and the two persons who are to play the Priores and the Virgin were tentatively chosen. About fifteen girls tried out for the leading role, and the final decision over this place will be made Monday. Tryouts for the two male roles will be held at the same time. The meeting has been called for four o'clock.

SIDELINE COMMENT

By Van

Coach Billy Disch sent Fred Thompson to the mound the other day for a short work-out and was highly pleased with the way he conducted himself. Thompson has a natural bearing in the box that, with a little training by the veteran Longhorn base ball mentor, bids well for his success on the diamond.

The Texas track team received a hard blow with the withdrawals of Aubrey Jackson and Wilton Yarbrough. Clyde Littlefield, Varsity track coach, had placed great hope in Jackson's services, for he had proved himself a track man of great ability during the past season. Yarbrough had also been counted upon to help in the broad jump contests on account of his excellent service with last year's freshman squad.

Coach Billy Disch has enlisted a squad of about fifty new men on his freshman base ball squad this year. It is yet too early for any of the freshmen and transfers to have shown themselves of unusual ability.

With the withdrawal from school of Aubrey Jackson, Matthew J. Kavanaugh is expected to assume the premier post among Varsity broad jumpers. Kavanaugh has worked out with the squad during the past three seasons and is rapidly getting into good shape for the Texas relay games on March 27.

Athletic Director L. Theo. Bellmont announced yesterday that a contract had been signed with the Oklahoma A. & M. base ball team for a two-game series to be played here on March 25 and 26. The Sooner Aggie ball players are arranging a tour during the spring on which they will meet Baylor, Texas A. & M., S. M. U., and others.

The Texas wrestling team will not meet the Nebraska wrestling team on January 23 according to word received by Roy J. McLean from R. G. Clapp, Athletic Director of the University of Nebraska. Clapp stated that the Nebraska grapplers could not make the trip due to faculty members insisting upon more intensive training for coming examinations.

ON BASEBALL TEAM

HARRY PFANNKUCHE

Among the few athletes in the University who can play both baseball and football and play them well, is Harry Pfannkuche of San Antonio. Harry is line captain of the 1925 football team, and is a prospective outfielder on the 1925 baseball team. He also is a first-class catcher and a hard hitter.
