

THE DAILY TEXAN

FIRST COLLEGE DAILY IN THE SOUTH

Vol. XIV.

AUSTIN, TEXAS, SATURDAY, OCT. 4, 1913.

No. 10.

FIRST GAME OF SEASON IS NOT UP TO STANDARD

Varsity Defeated Polytechnic by Score of 14 to 7. Outcome Was Much In Doubt Until Last Minute of the Game.

Polytechnic went down in defeat yesterday on Clark Field but not without crossing Varsity's goal-line and giving the Longhorn team, coaches and rooters a scare that lasted through the third and the greater part of the last quarter. Varsity won, 14 to 7, but the winning touchdown did not come until the last two minutes of play.

The result was somewhat of a disappointment. Varsity supporters had hoped for a larger score and they did not figure on Poly scoring at all. The defensive work of the Longhorns was fairly good but the line did not always hold on punts, this flaw resulting in Poly's touchdown. The offensive work was weak, nine fumbles being made by the backfield men. Many of these fumbles came when the team was nearing Poly's goal-line, and therefore ruined what seemed splendid chances of scoring. Varsity failed on four attempts at goals from field, Barrell sending three tries wide from the 25-yard line and Pritchett missed on his try from the 35-yard line. The wet condition of the gridiron accounted for the fumbles.

The Methodists showed splendid fight throughout the game. They got their plays off fast even though they were unable to gain substantially through the line. On several occasions, they held Varsity for downs when the Longhorns had advanced within scoring distance.

Varsity scored first in the second quarter. At the beginning of the second period with the ball on Poly's 22-yd. line, Paul Simmons, on the first play, carried it around Poly's left end for 22 yards and a touchdown. Barrell kicked goal. Towards the end of the quarter, Wilson blocked Barrell's punt on Varsity's 50-yd. line, Ramsey recovered the pigskin and ran forty-five yards for Poly's touchdown. Tandy kicked goal.

In the third quarter fumbling on the part of the Longhorn backfield kept Varsity from two good chances of scoring. Barrell missed two field goals in this quarter also. Poly played a defensive game entirely.

After losing the ball twice when within good scoring distance and with only two minutes more to play, Capt. Brown, who was unable to start the game on account of a bad knee, was sent in. "Brownie's" presence in the lineup seemed to give the team a new life. Barrell kicked to Ramsey on Poly's 12-yd. line. "Little" Simmons downed him in his tracks. On the next play Poly tried to punt. Murray blocked and Berry recovered the ball on Poly's 3-yd. line. Captain Brown then carried the pigskin over the line for a touchdown. The Longhorns, within the remaining time threatened to score again. The game ended with the ball in Varsity's possession on Poly's 29-yd. line.

Wilson, at left end for Poly, played a beautiful game. He and Ramsey starred for the visitors. Paul Simmons, at left half, played a strong, offensive game for Varsity, his long gains being the feature of the Texas attack in the first two quarters. Daniels played a strong game at both half and fullback. Bob Simmons, at left end, and Pete Edmond, at right end, played a strong defensive game. Littlefield played a plucky game at fullback. He was not at his best on account of a painful boil under his arm. Capt. Brown was a tower of strength while in the lineup and Leftwich was a substantial ground-gainer. The lineup:

Poly:	Position:	Texas:
Wilson-Humphries	Nielson-R. Simmons
.....	Left End.	Montgomery, Capt.
.....	Left Guard.	Koons
.....	Left Tackle.	Scoggins
.....	Center.	Roberts
.....	Right Guard.	Baker-Major
.....	Right Tackle.	White
.....	Right End.	Ramsey
.....	Quarterback.	

AN UNFORTUNATE INJURY.

Friday's game was somewhat marred by the painful injuries inflicted on one of the Poly players. Loyd Baker, of Lubbock, Texas, right tackle, was injured in the last quarter of the game. His ribs and ligaments in his lower left side were torn loose producing very acute suffering. Immediate attention was given him at the gym and the pain was soon eased. The injuries may be of a serious nature.

TEXAS MEN TO OFFICIATE.

Rix, Metzenthin and Kane Will Be In Southwestern-Poly Game Next Monday.

At a conference of coaches immediately after the game yesterday, it was decided that Mr. J. B. Rix should referee the Southwestern-Polytechnic game to be played at Georgetown Monday. Mr. Metzenthin will umpire the game, and H. L. Kane, a "T" man last year, will go as head linesman. The Polytechnic team will remain in Austin until Monday noon, and then go to Georgetown for the Southwestern game.

MAJOR LEAGUE RESULTS.

National League. Results Yesterday. Boston, 3-7; Brooklyn, 1-6. New York, 13-4; Philadelphia, 3-4.

Clubs:	W.	L.	Pct.
New York	99	51	.660
Philadelphia	89	59	.601
Chicago	86	65	.570
Pittsburg	78	69	.531

Games For Today. Chicago at Detroit. St. Louis at Cleveland. New York at Philadelphia. Boston at Washington.

Miss Norma and Madge Burleson from Liberty Hill, are here visiting the Alpha Delta Phis.

TODAY AND TOMORROW

Today, Saturday, Oct. 4. 2:30 p. m.: Meeting Girls' Pan-Hellenic at Tri Delta House. 8:30 p. m.: Open house at sorority houses and at Grace Hall. 12:30 p. m.: University Glee at Y. M. C. A. auditorium.

Tomorrow, Sunday, Oct. 5. 3:00 p. m.: Meeting Y. M. C. A., "Sould Auld Acquaintance Be Forgot," by Bible Study committee.

Shook-Eagle P. Simmons-Daniels-Leftwich
..... Left Halfback.
Eagle-Enright
..... Daniels-Slaughter-Halbert-Brown
..... Right Halfback.
Tandy-Housewright
..... Littlefield-Daniels
..... Fullback.

SUMMARY:

Score: Texas, 14; Polytechnic, 7. Touchdowns: P. Simmons, Brown, Ramsey. Goals from touchdown: Barrell (1), Tandy (1), Brown (1). Time of quarters: 12½ minutes each. Referee: Van Riper, (Wis.) Umpire: Rukauf, (Wis.) Head Linesman: Elliott, (Wabash).

COMMITTEE TALKS OVER REGULATION OF FRATERNITIES

Joint Meeting of Committee and Fraternity Delegates Is Planned to Discuss New Faculty Rules and Reforms.

The faculty committee on student social organizations met Thursday afternoon at five o'clock. The rules governing fraternities which were passed at the close of last session were discussed and plans were made to get in touch with the approved resident members of each fraternity as soon as possible. The new rules provide that a senior, graduate or other responsible member of the fraternity, living in the chapter house shall be responsible to the faculty committee for the carrying out of these rules and reforms. This member is chosen by the fraternity but is subject to the approval of the faculty committee. As soon as all the names have been filed with the committee a meeting of the committee and the fraternity delegates will be held at which time a general discussion of the rules and the faculty's construction of them will be given.

AUSTIN COLLEGE WINS GAME.

Trinity University Was Defeated at Sherman By Score of 41 to 0. Many Penalties.

Special to The Texan. SHERMAN, Texas, Oct. 3.—Austin College opened her 1913 football season today, defeating Trinity University by the overwhelming score of 41 to 0. The visitors were outclassed, but made a plucky fight. Penalties were inflicted on both sides quite frequently, especially for offside. Cecil Griggs starred for Austin College, while Ferguson made a good showing for the visitors. The several new men on the Presbyterian lineup did good work, and Coach Johnson expressed himself as well pleased with the work of his team in general.

The next game for Austin College will be with the University of Texas, at Austin, Friday, October 10.

Officials: Referee, Moise of Sewanee; field judge, Uday of A. & M.; head linesman, Martin, Oklahoma University. Time of quarters, 12½ minutes.

WANTS THE BACK NUMBERS.

Alumnus, Now Court Reporter in the Sixtieth Judicial District, Wants Daily Texan.

The circulation manager is in receipt of the following letter from W. H. Campbell, '11, who has recently been appointed court reporter in the sixtieth judicial district of Texas, with headquarters at Beaumont:

"I have seen the first three numbers of The Daily Texan, and I can certainly say that, if these numbers are any criterion, The Texan this year is going to be the best college paper in the United States.

"If it is possible for you to do so, I would like for you to let me have the back numbers of the paper, so that I can see what is doing.

"Very truly yours,
"W. H. CAMPBELL."

PROTRACTED MEETING CONTINUES.

The evangelistic services at the First Methodist church by Evangelist Thurston B. Price and Soloist J. Dale Stentz, will be continued throughout the whole of next week. Services next Sunday will be at 11:00 a. m. and 7:30 p. m. The evangelist will preach a special sermon to men only at 3:30 Sunday afternoon on "Hypocrites or Why Some Men Don't Join the Church." The week day services will be held at 10:00 and 7:45. The student body is cordially invited.

Miss Ona Winters arrived Thursday from Fort Worth and is again at the Alpha Delta Pi House. Miss Winters, who will be remembered here as the sister of Miss Jet C. Winters, entered the University last year, but was compelled to withdraw on account of ill health.

BAYLOR PLAYS S. M. B. A.

Baylor University will play a football game with San Marcos Baptist Academy at Waco today.

Coach Payne of Baylor, expressed himself yesterday as expecting an easy victory.

SOCIAL FUNCTION COMMITTEEMEN ARE NAMED FOR YEAR

Tom Harte and Gowan Jones Are Made Members of the Committee. Other Member is the President of the Association.

President Adair of the Students' Association has appointed Tom Harte and Gowan Jones as members of the Social Function Committee for the current session. By reason of Assembly bill No. 3, the President of the Association is the third member of the committee.

The Social Function Committee has its origin in the desire of the President to regulate more closely the social functions of the University. Last year general dissatisfaction arose over the manner in which these functions were conducted. The University authorities finally called a conference of the leading students of the school. This conference advocated the establishment of a body that should control the social activities of the University.

The Students' Assembly acted upon the suggestion and established the Social Function Committee. This provision of the constitution limits the number of dances to two per week and further specifies that they shall close at midnight. Application for all social functions must be made to the committee seventy-two hours before the date desired. It is expected that this committee will serve a very useful function in the social life of the University.

INTERSCHOLASTIC ACTIVITIES WILL PROVE A SUCCESS

Fourteen Members in Cass Co. Enlisted in League. Efforts Due to C. G. Truitt and to Staff.

An unusual amount of interest is being manifested this year in the University interscholastic league. One notable bit of evidence in this regard was the receipt a few days ago of fourteen membership fees from schools in Cass County, this being the result of an energetic campaign conducted by Superintendent C. G. Truitt of Atlanta, the director of one of the four sub-divisions of the Marshall district. Without a single exception so far as known, the teachers' institutes have organized the league wherever the matter has been presented to them. Prof. A. J. Robinson has been almost constantly in the field since September 1st, assisting the teachers in organizing in various counties, and he has requests for a number of visits in the next week or two. Requests are also coming in rapidly for bulletins and other literature furnished free to the members of the league. The bulletin containing the constitution and by-laws governing contests in public speaking and in athletics will be ready for distribution within a few days. Any teacher may receive a copy of this bulletin by addressing Prof. E. D. Shurter, Chairman, Department of Extension, University, Austin.

One of the new features of the athletic contests this year will be the tennis tournament. Each of the sixteen districts in the state may send a team to the final meet at the University next May to compete for the state championship in doubles. A number of high schools and academies have already signified their intention of entering this event.

Former Students to Wed.

Another campus romance will soon come to a happy culmination. On Oct. 15 Miss Ella B. Nitschke, of this city, will become the bride of Mr. J. B. (Buck) Early, of Waco.

They are well known alumn., Miss Nitschke was in the academic department and Mr. Early in the engineering.

The wedding ceremony will be in St. Austin's Chapel, with the following as attendants: Miss Mary Barnhardt, maid of honor; Mrs. Myrick, matron; Mr. Harold Briggs, of Paris, best man; Mr. Pal Woodward, of Fort Worth, and Mr. Hilyer Nitschke, groomsmen.

No Parade Last Night.

No night shirt parade was held last night in celebration of the Varsity's first football victory of the year. The boys seemed to be conserving their energy for the celebration of the more important victories of the season.

BALKED AT THE QUARTER.

Over one thousand students registered and paid the quarter assessed in the matriculation fee as a student activity fund before any serious objection was raised. However, C. P. Engleking, a senior academ, has been admitted without it. The case is already past the faculty, and now rests with the students' council as a test case. Engleking contends that there is no legal authority for the assessment.

ALL WELCOME TO OPEN HOUSE.

Hearty Invitations Are Extended By Sororities and Others to Students Tonight.

Tonight will be the first Open House night for the year. Although no freshmen will be at the different sorority houses, the old members are anxious to show everyone the same cordial spirit as of old.

Open House is primarily for the purpose of getting acquainted. All the sorority houses and girls' boarding houses extend on invitation to all old and new members of the University to come and visit them on every first Saturday in each month. At these gatherings everyone is introduced around so that the student body can fast get rid of the stiffness and formality that naturally prevails at the beginning of a new year.

The following houses extend a hearty welcome to all students:

Pi Beta Phi—2506 Whitis Ave.
Kappa Kappa Gamma—2114 Nueces Street.
Kappa Alpha Theta—2503 Whitis Avenue.
Chi Omega—402 West 24th St.
Zeta Tau Alpha—1811 Colorado St.
Alpha Delta Pi—2218 Rio Grande Street.
Delta Delta Delta—708 West 22½ Street.
Phi Mu—2205 Rio Grande Street.
Grace Hall—2611 Whitis Avenue.
Mrs. Speer—306 W. 19th Street.

Separate Library For Alexes.

No more will the followers of Alexander Frederic (in absentia) be forced to brush arms or be tolerated unwillingly by the Academics—the Taylorites are to have a library of their own. All the reference books in engineering are to be moved to that building, and applications are to be received shortly for an assistant librarian for that department.

AS THE COACHES SAW THE PLAYS

When asked what he thought about yesterday's game, Coach Boles, of Polytechnic, expressed himself as well pleased with the game as a whole. "I was surprised that we held Texas as we did," he said. "I expected to be beaten by about five touchdowns. Tandy's going out proved a serious loss as he was the only booter on the team, and a bad kick was responsible for the winning touchdown."

Coaches McGinnis, of Southwestern, and Payne, of Baylor, were both present at the game, and were much interested to see Texas' first tryout. Both these coaches pronounced yesterday's exhibition a well-played game but a little slow. Slow even considering the condition of the field. It was their opinion that the chance plays which accounted entirely for the scoring of both sides, was due to the wet field.

Referee Van Riper's only comment was: "It was one of the cleanest games I have ever seen."

Coach Allerdice's only comment was that Poly played a good clean game, and that "the weak points of our team were driven home very forcibly."

UNIVERSITY ANNOUNCEMENTS

Last Day For Adding Courses.

Today (October 4), is the last day for adding a course or changing a section in the College of Arts and the Departments of Education and Engineering.

W. J. BATTLE, Dean of Faculty.

MR. HALL TALKS ABOUT TROUBLES ACROSS BORDER

At Y. M. C. A. Last Night Prof. Hall Gave Interesting Discussion of Mexican Question. Scores Policy of U. S.

Before an audience that comfortably filled the Y. M. C. A. auditorium, Prof. Guillermo Hall last night delivered an address on the subject, "What is the matter with Mexico." The lecture was rendered exceptionally interesting because of the speaker's intimate knowledge of Mexican affairs through his services as interpreter in the family of former President Diaz and his personal acquaintance with the leading figures in Mexican political life. The first portion of the address was devoted to the reading of an article prepared for an Eastern magazine immediately before the death of the late President, Francisco Madero.

Prof. Hall began by analyzing the fundamental differences between the Latin and Anglo-Saxon races, comparing the suspiciousness and vindictiveness of the former with the generosity and liberality of the latter. He showed how a republic such as the character of the United States was absolutely impracticable and impossible among a people like the Mexicans today. Consequently, he argued, the benevolent reign of a theorist like Madero was bound to come to an insignificant end.

Madero was characterized as essentially a small man, patriotic at heart, but unable to cope with the chaotic state of affairs in the republic. Persisting in his retention of the executive chair, even after defeat at the hands of his enemies, he was deliberately murdered by Gen. Blanquet in the palace.

In conclusion, the speaker predicted the election of Gamboa, the candidate of the Catholic party. Gamboa was characterized as independent and intelligent, but bound in a measure to the iniquitous Huerta regime.

Prof. Hall concluded by scoring the foreign diplomatic policy of the United States in regard to the protection of her citizens abroad, and an eulogy of the dignity of Great Britain's foreign relations.

NOTRE DAME MEETS O. N. U.

Notre Dame plays Ohio Northern University of Ada, Ohio, this afternoon, on the former's gridiron. This is Notre Dame's first game of the season. O. N. U. has an aggressive lineup, and this game will give the rooters an opportunity to see the effectiveness of Notre Dame's tactics under the leadership of Coach Harper.

Texas and Notre Dame clash on Clark Field Thanksgiving Day, and the present relative strength of the two teams indicates that it will be one of the hardest fought games in the South this year.

Skating Man Wears Varsity Pennant.

Hugh Rattan, of the King Candy Company, is in Austin awaiting favorable weather to continue his unique trip to Galveston. Rattan is making a trip from Fort Worth to Galveston, 610 miles, using road skates of his own invention, on a wager of \$500 and expenses, provided he completes his journey in 20 days of actual travel. He has consumed 9 days in reaching Austin. If the weather is favorable tomorrow, Rattan will climb the light tower at the Katy depot with his skates on, scattering postal cards from the top of the tower, each good for a one-pound box of candy.

Rattan is traveling with a Texas University pennant sewed to the back of his shirt.

Austin Boys to Take Dip at "Y."

The Austin Working Boys' Club met at the city hall last night at 8 o'clock in a business session. After the business of the evening was disposed of, refreshments were served. Next Friday at 9 p. m. the boys will go to the Y. M. C. A. for a plunges, Secretary Currie having offered them the use of the shower baths and the swimming pool.

Ethel Norton, '13, has left for the University of Texas where she will teach French.—The Tiger, Colorado College.

THE DAILY TEXAN

(First College Daily in the South)

The Student Daily Publication of the University of Texas.

Published every morning except Monday during the college year.

Entered as second-class matter at the Postoffice at Austin, Texas, under the Act of Congress of March 3, 1879.

Subscription price \$2.50 a year by carrier or mail.

OUR ADVERTISERS.

The progressive business men of Austin who realize the value of advertising make possible the publication of The Daily Texan. Subscriptions help considerably, but the money derived from this source barely covers the cost of the paper itself. The composition bill is very heavy. You would be astonished if you knew what it actually costs to put out just one issue of a daily paper. Suffice to say you would not care to go surety with us to cover the printing bill.

If The Texan had no value as an advertising medium, it would already be a thing of the past. The fact that it has survived and prospered this long is an evidence that the business men of Austin appreciate its real merit as a business-getter.

Austin is not a large city. Its business houses are limited in number. Its business men, however, are as progressive as you could find in this or any other state. They go after the business, and they get it. They appreciate the students' trade, and they are anxious to show their appreciation.

Glance over the columns of your paper and note the houses that are advertising. Take a stroll downtown then and see where the students go for their purchases. You will encounter the same signboards on the streets that you saw in The Texan.

These men do not advertise out of a feeling of generosity. They do not look upon us as a necessary burden, a thing to be supported just because it is a University publication. Their advertisements bring results. If you don't believe this, ask some of our advertisers. They will quickly tell you that they are doing a large student trade. Try it once.

We would not say a word against those who do not advertise, other than to say that we look upon their indifference as a clear line of demarcation between the progressive and the non-progressive business man. We would say a word for those who patronize us, however. If The Texan pleases you, if you feel that it is serving a worthy purpose in the University community, then co-operate with us in making its future success possible. In other words, patronize our advertisers. They will treat you right. If they do not, tell us. We desire to carry only the highest grade of advertising.

The Texan is a college newspaper. The field is limited to happenings on our campus, and on those of other

institutions. With our present equipment it would be foolish to attempt to enter the field of metropolitan dailies. We shall be content to stay in our own little sphere for the time being, at least.—The Daily Texan.

The Texan is an excellent college paper and it is right in concluding that its present field of usefulness should be confined to our great educational institutions.—Houston Post.

We shall heed the Post's advice. Our field is large enough. If we cover it in a true newspaper style we will be satisfied.

CURTAIN CLUB'S PLAY SELECTED

"Two Angry Women of Abington" the Title of Comedy Chosen For Presentation in April.

The Curtain Club will, as usual, present a play this year under the direction of Dr. Stark Young. Marion Levy, president of the club, when interviewed as to this year's plans, declared that the prospects for a highly successful year were bright. The club has selected "The Two Angry Women of Abington," a comedy by Henry Porter, a contemporary of Shakespeare. Dr. Young has been abroad getting ideas as to the proper setting of the play and purchasing the necessary costumes, he having been very fortunate in the acquisition of some very valuable wigs and other attire, while in the city of Florence.

The club has been greatly strengthened this year by the return to the University of Clarence Campbell, who, it will be remembered by older students, made a great hit while playing the feminine role of "Giannina" in Goldini's "The Fan," which was presented by the Curtain Club two years ago. Since the club is composed exclusively of men, and the leading roles of the play are feminine, the return of Mr. Campbell is particularly fortunate. The complete "personae" of the play has not yet been made out, but it is probable that Adrian Levy will play the other leading feminine role.

This play, as stated above, was written by Henry Porter, a writer of whom little is known except that he was a friend of Ben Jonson's and wrote several excellent comedies, each of which had its run and then like many other Elizabethan plays lay forgotten until the eighteenth century, when it chanced that this particular play was called to light by the favorable criticism of Lamb.

The plot of the play concerns itself with a quarrel between two neighboring goodwives; despite their violent outbursts at each other, however, the play ends with the marriage of their children.

It has been decided not to give the play until about April 20. Mr. Conrad Landrum, the business manager of the club, has been corresponding with the managers of the various opera houses about over the state and it has been definitely decided that, after giving the play in Austin, the club will make a tour of the state, including Dallas, Houston, Galveston, and several other of the larger towns.

FIRST FOREIGN SUBSCRIBER.

R. E. Killmer, C. E. '13, has the distinction of being the first foreign subscriber to The Daily Texan. In a letter to the editor, from Balboa, in the Canal Zone, Mr. Killmer asks that his name be entered on the subscription list, and promises to pay in time to avoid gracing the "Beauty Page" next spring. He wishes all success to the new daily which has been needed at the University for so long a time, and expresses the hope that Texas University may retain its supremacy in all lines, as it has done in the past. Mr. Killmer, who was well known in University circles last year, is now in the office of the resident engineers at Balboa.

Y. M. C. A. PROGRAM GOOD.

On Sunday afternoon at 3 o'clock in the Y. M. C. A. auditorium will be held the second of the series of religious meetings for the men of the University. The purpose of the meeting is to open the fall campaign for Bible classes in the boarding houses, and it will be in charge of the Bible Study committee. The speakers will be Mr. John L. Hunter, assistant state secretary of the association, Jesse R. Wilson, and others drawn from the student body.

Every man in the University is urged to attend.

The University alumni will be interested to learn that Professor J. C. Nagel, who took his A. B. degree at Texas in '89 and his M. A. in '92, has been appointed for a term of six years on the board of water engineers, created by the Thirty-third Legislature.

DID YOU EVER

Stop to think how many profits there are in ready-made suits? The man who weaves the cloth—then the wholesaler—next the factory, which makes the suit—then the traveling salesman, and finally the retail clothier—all must have a profit, and a good one, too.

IT IS DIFFERENT WITH THE CLOTHES WE MAKE

Our woollens come direct from the mills—from the sheep's back to yours—with but one profit. Little wonder we sell \$10 to \$15 cheaper than the ready-made fellows. Call and see the new Fall and Winter Woollens

FRESHMEN ARE TO RECEIVE SPECIAL CARE PHYSICALLY

University Physician and Director of Physical Training Work Prepare Plans for Looking After Condition of Freshies.

Director of Physical Training L. Theo Bellmont has revolutionized the system of physical education at the University of Texas. Under the direction of Dr. Joe Gilbert, the University physician, and five other doctors, a personal record is kept of each student, and his physical training will be in accordance with the needs of his health. Two permanent record cards are kept at hand for use in prescribing the work for the different individuals. The application blank for examination includes a personal history, such as diseases in the family, past sickness, whether life spent in city or country, and other questions of a similar tone. The doctors—Boerner, Graham, Gilbert, Eckhardt and Murray—are at work in the office of Physical Director Bellmont two hours each day, and eight days will be necessary before all freshmen are examined. Director Bellmont, in speaking of the examination, says:

"The day has passed when gymnasium classes are all given the same exercises without a thought as to the needs of the individual. We hope to educate the students for the eradication of physical obstacles that will hurt them during their lives."

All freshmen are required to attend, during the first weeks of school, lectures on sexual hygiene by the University physician and other competent lecturers.

DILLINGHAM'S Shoes Are Better

MANY TAKING BIBLE COURSES.

An indication of the interest manifested by students in the recently established association of religious teachers for credits in the University of Texas is shown by the remarkably large initial enrollment in the classes of the instructors of that department. Dr. Jewett reports an enrollment in his classes: Mr. Currie's present enrollment is twenty-six; Dr. Sampson's classes number twelve, while none have yet registered for Mr. Keen's or Dr. Eby's classes. The plan of giving credits toward a bachelor's degree for work done in the religious association is a distinct advance in educational circles, and it is thought by the instructors that when the comprehensive scope and broad character of the subjects taught are fully understood, the enrollment will be materially increased.

DR. PAYNE TO LECTURE.

Dr. L. W. Payne, of the English department, will deliver a series of lectures on "Oral Reading in the Public Schools" before the bi-monthly institute of Austin teachers. Dr. Payne

will deliver the first lecture of this series at 11 o'clock this morning in the auditorium of the Austin High School.

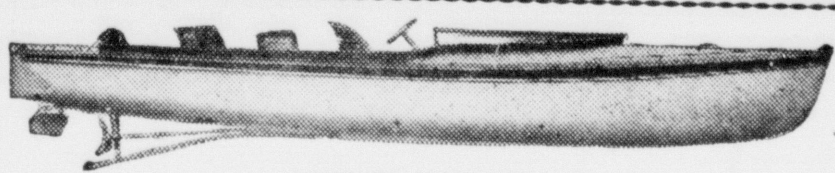

FIGURE IT OUT.

It is not going to be a great while now till the dam is completed. When that time arrives you are going to want a boat of some description. Your choice, of course, is going to be a Mullin's Steel Boat for these reasons:

Mullin's Boats won't sink, can't leak, and are absolutely guaranteed against puncture.

The order for the first car has already been placed. Let us send you a catalogue and pick out your boat at once. We are also selling the Famous Mullin's Cedar Canoes.

The Machine the American Business Man has been Waiting For

Because of its guaranteed high-grade construction, its embodiment of every practical improvement and feature found in any other machine, combined with low price, the New Royal No. 5 is truly the machine the American business man has been waiting for.

Here it is, the king among typewriters, challenging the world to show a machine that can do better work, easier work, or more work, no matter what its price!

New Model 5

ROYAL

TYPEWRITER

Has Two-Color Ribbon, Back Spacer, Tabulator, Tilting Paper Table, Hinged Paper Fingers and many other valuable new features.

Let us show the Royal in your own office, on your own work—either alone or alongside any other machine. The Royal shines by comparison.

Model 5, \$75

Same as for Model 1 with Tabulator. No Extra.

Every Royal has back of it the guarantee shown below. Back of the machine and the guarantee are the resources and experience of one of the largest organizations in the typewriter business.

THAT WE MAY BE WELL INFORMED

Under This Head The Texan Will From Day to Day Print a Short Discussion of Some Topic That Is of General Interest to the Student Body, and As to Which They Are Not Well Informed.

TODAY: CONTESTS UNDER UNIVERSITY AUSPICES

Miss Jessie Rich of the home welfare division of the department of extension at the University of Texas, announces that the following prizes will be given by the extension department at the Dallas Fair: A prize for the best biscuit baked by a member of the Boy Scouts of America; a prize for the best dress made by girls between the ages of 14 and 18 years. The cost of the dress is not to exceed \$5.00 and each dress is to be worn by the contestant at the time the contest is decided. Two prizes open to girls between the ages of 12 and 16 years, one for the best sponge cake and one for the best butter cake. A prize for the best loaf of bread. This prize is open to anyone. Inquiries concerning the contest should be directed to Miss Jessie Rich, care department of extension, University of Texas, Austin Texas. The rules for the different contests are as follows:

Rules For Biscuit Baking Contest For Boy Scouts.

The number of contestants is limited to the first ten applicants. The contest will take place on Saturday, November 1, Boy Scout Day, in the University of Texas tent. At 11 o'clock on that day a short talk and demonstration on camp cooking will be given followed by the contest. The boys will actually make and bake one tin of biscuits. Prizes will be allowed to the two boys making the best biscuit. These prizes will be announced later.

COLLEGE NOTES

Ames has adopted the pushball contest to take the place of the annual freshman-sophomore scrap.

There are seven new fraternity houses being erected at the University of Missouri. One is completed and the others will be completed during the year.

The University Senate of Drake University has repealed a law passed six years ago by the same body prohibiting any organization in the university to give or participate in dancing parties.

The Drake Daily Delphic will have a bulletin board this year at its office where all the latest football results will be received by wire. During the world's series baseball games the score will be received by innings and posted immediately.

Hereafter "not less than three, nor more than one" of the men and women students at Colorado State University may go to the mountains for strolls, picnics, etc., according to a new rule passed by the faculty at that institution. Gloom for the "fusser" this year.

At the annual sack scrap between the freshmen and sophomores of Boulder University, the freshmen won by the score of 16 to 6. According to the rules the class having the most sacks in its possession at the close of the game is declared the victor. If the freshmen win they take off their regulation caps at Christmas, if they lose they wear them until the spring vacation.

Texas is not alone in bewailing the lack of a school of journalism. Plans had almost materialized at Minnesota for a department of journalism there but with the refusal of the board of regents to supply the necessary amount of money to carry on the work, the entire plan fell through.

The Minnesota University band has struck because of the ruling which was passed at the Big Nine Conference meeting in Chicago last June which prevents the board of athletic control from sending more than thirty men on any trip to another university. This number is to be confined to strictly eligible players, coaches, trainers and a manager.

SMALL DAMAGE DONE.

Due probably to a ground in the line leading to Dean Taylor's office the electrical current in the engineering building has been cut off for twenty-four hours. Little inconvenience has resulted. The only damage done in the switch board in Dr. Brown's office, and that to a small extent. The secondary cause of the trouble was a short circuit between the high tension and the low tension lines on the city poles.

Rules and Regulations For Dress Making Contest.

1. This contest is open to girls between the ages of fourteen and eighteen.
2. The dress must be made by the girl entering the contest.
3. The cost of the dress is not to exceed \$5.00.
4. The dress should be worn to the contest by the maker.
5. The contest will be held in the University of Texas tent.
6. The dress will be judged on Tuesday, October 22, at 11 o'clock.

Rules and Regulations For Cake Contest.

1. Girls entering the contest must be between the ages of 12 and 16.
2. Cakes should be entered on the morning of Saturday, October 18, not later than 12 o'clock.
3. The cakes should be made the day before or the day of the contest.

Rules and Regulations For Bread Contest.

1. All bread must be entered Wednesday morning, October 23, before 12 o'clock.
2. All bread should be baked the day before the contest.
3. All bread should be baked in single loaf pans.
4. The bread should be made with white flour, fat, milk or water, and yeast.
5. The bread will be judged at 3 o'clock on the afternoon of the contest day, October 23.

Type of Student Demanded by Times.

The above is the subject of an address which Wilson Williams will deliver before his class Sunday morning at the University Methodist Sunday school. It should prove of interest and value to many of the University students, who are cordially invited to be present.

Two new classes were organized at the Methodist church last Sunday morning; one to be composed of law students, the other of engineering students. Capable teachers will be in charge.

Smith-Wilcox

Smart Clothes for Young Men

Have always held to the highest precepts of good taste. In our garments is tailored a sense of refinement and culture that everywhere distinguishes a well dressed man. We say fearlessly—it is impossible to produce garments more superbly tailored, of finer fabric, or of better style.

THE FIRING LINE

The Daily Texan will print all communications from people of the University if they are intended for the good of the institution or the student body. The writer shall be responsible for sentiments expressed; articles must be brief; they must not be antagonistic. The signature will be withheld upon request.

FISH, YOU CAN DO IT.

All freshmen are warned not to believe all the sad stories told about the courses being so hard. These stories originate among sophomores who did not study last year and failed in consequence. No freshman who comes to Texas with the firm intention of getting an education, will fail. Of course studying is required, and those few who do not wish to comply with this simple rule may not expect to make good. But do not let a jinx in the form of some upperclassman make you believe that hard studying will be of no avail. If one of these bugaboos does happen to get in range, why just plant a good hard punch right where it will do the most good.

TEXAS MEN IN JOURNALISM.

Mr. Bennefield, B. Lit. '02, and Mr. Stark Young Make Valuable Contributions to Scribners.

Readers of Scribner's will be interested to know that Mr. Barry Bennefield, the author of "The Gift of Rosey," appearing in the September number, and "Anna Lipinsky's Star Flag," in the October issue, is a graduate of Texas. Mr. Bennefield took his B. Lit. in 1902, and has since worked in the field of journalism. Both of these stories are comic and have lone life in New York for a background.

"The Gift of Rosey" is a newspaper story and portrays the gleanings of Mr. Bennefield's experiences while connected with the New York Times.

Texas is still well represented in Eastern magazines despite the grievous loss of the late Harry Peyton Steger. Mr. Stark Young of the English faculty has a poem in the July Scribner's entitled "A Song For a Child." Mr. Young has long had recognition in American literary circles as a noteworthy poet.

GLEE CLUB WILL MEET TODAY.

A meeting of the University Glee Club will be held in the Y. M. C. A. auditorium at 12:30 today. All old members interested in Glee Club work will be given a try-out.
