VOL. XVII.

AUSTIN, TEXAS SUNDAY, APRIL 29, 1917.

No. 159

## SELECTIVE DRAFT BILL PASSES BY LARGE MAJORITY

Both Houses of Congress Favor Con-  
scription Plan—Men From 21 to  
40 to Be Drafted.

The Congress of the United States  
last night passed the selective draft  
or conscription bill, after a discus-  
sion of two days. The House voted  
for the bill by 397 to 24, while the  
Senate favored the measure by a vote  
of 69 to 18. The volunteer amend-  
ment to the general army bill failed  
in the House earlier in the day.

The bill also provides that the pay  
of all enlisted men and drafted pri-  
vates will be minimized at \$30.60 a  
month. The pay of the ordinary sol-  
dier at present is \$15 a month. This  
will make the pay of the American  
soldier the highest in the world, with  
the exception of the Canadian and the  
Australian. The bill probably will be  
sent back to the conference committee  
for further revision before it is signed  
by the President. Army and Navy  
officers all over the country last  
night began active preparations to  
carry out the law.

The House bill aims to conscript  
men between the ages of 21 to 40;  
the Senate bill provides the age lim-  
its between 21 and 27. It is possi-  
ble that a compromise making the  
ages 21 to 33 will be reached.

## EXAMS TO BE HELD.

Civil Service Commission to Exam-  
ine Applicants for Positions in  
Patent Office.

Notice has been received from the  
Department of the Interior that an  
examination will be held in June by  
the Civil Service Commission for the  
position of assistant examiner in the  
United States Patent Office. The  
Patent Office Corps is recruited main-  
ly from colleges and universities giving  
instruction in engineering and other  
practical branches of science.

The examining corps of the Patent  
Office comprises forty-five principal  
examiners, whose salary is \$2700 per  
annum, and four grades of assistant  
examiners, whose salaries range from  
\$1575 to \$2400 per annum.

## DRILL SUCCESSFUL

Captain Boswell Pleased With Work  
Done By Students—Column For-  
mations This Week.

Yesterday marked the close of the  
first week's military training in the  
University, and that it has thus far  
been successful is the opinion of all.  
Captain Boswell and his aids are  
highly pleased with the enthusiasm  
shown by the students, and agree that  
by the end of the session this Uni-  
versity will have done its share to-  
ward preparedness.

The formations undertaken last  
week were the School of Soldier and  
School of the Squad. Facings and  
marching were stressed. Besides the  
regular drill work, calisthenics was  
introduced and for two days resulted  
in sore muscles and stiff joints. This  
week column formations will be un-  
dertaken.

## SCHOLARS HOLD POSITIONS.

According to a statement made yes-  
terday by Dr. George C. Parkinson,  
ranking representative of the Rhodes  
scholarship trust, Americans holding  
Rhodes scholarships will be able to  
perform military service without in-  
terference with the status. Their  
work may be continued at the end of  
their service.

## REED GETS COMMISSION.

Professor Frank L. Reed of the  
Music Department has recently been  
commissioned to write pageant music  
for the Auburn Theological Seminary  
pageant of 1918.

## EQUIPMENT MUST BE TAKEN TO CAMP

Men Going to Leon Springs Will  
Have This Week to Secure  
Supplies.

The men who go to Leon Springs  
next week will have to secure a con-  
siderable list of supplies, according to  
one of the military officials here. An  
unofficial list of articles required to  
be bought by each individual follows:

One basin, (canvas), one bucket  
(canvas), one lantern, six undershirts  
(cotton), six pair drawers (cotton),  
two shoe laces (extras), four pair  
hose (cotton), one compass, one note  
book and pencil, one watch, one comb,  
one mirror, seven towels (3 bath, 4  
face), one cake soap, one shaving out-  
fit, one tooth brush with paste, one  
ball strong twine, four sheets  
(small), four pillow cases.

### Material Furnished.

The following articles will com-  
prise the equipment that should be is-  
sued by the camp supply officer:

One can bacon, one can condiment,  
one canteen, one canteen strap, one  
canteen cover, one pistol belt (with  
pocket), one cup, one knife, one fork,  
one spoon, one meat can, one havers-  
ack, one haversack with strap, one  
pack carrier, one pouch for first aid  
packet, one pistol holster, one pistol,  
caliber 45, two extra magazines, one  
mosquito bar, one blanket, one bed  
sack, one cot, one identification tag  
with tape, one shelter tent complete  
with poles and pins, one poncho or  
slicker, one pair leggings, one hat  
(service), one hat cord, one waist  
belt, one first aid packet.

The following articles of equipment  
are necessary and should be purchas-  
ed from the quartermaster's depart-  
ment as soon as practicable, according  
to the officer, because the supply is  
undoubtedly limited:

One bedding roll, one housewife, one  
clothing roll, one trunk locker.

## EXTENSION LOAN LIBRARY IS BUSY

Department Supplies Country Schools  
With Reading Material on Cur-  
rent Questions.

About nineteen letters are being  
received daily at the Extension Loan  
Library asking for material on cur-  
rent and present day questions. Miss  
E. S. Goree, the Extension Librarian,  
says there is a decrease in patronage  
now, since most of the rural schools  
and country clubs have closed. Dur-  
ing the month of January, however,  
491 books were sent out.

One hundred and twenty-five mag-  
azines and three daily papers are read  
and clippings made of valuable arti-  
cles. These are classified, mounted,  
and arranged in alphabetical order,  
and are ready to be used by the pa-  
trons of the library.

This library attempts to meet some  
of the needs of rural and small town  
people who are without library facili-  
ties. The maintenance fund and  
working staff are inadequate to meet  
all the demands, for that reason "first  
aid" is given to classes of patrons  
most in need of it.

The rules of this library are: 1.  
The borrower pays the postage both  
ways; 2. libraries may be kept for two  
weeks only; 3. more than three librar-  
ies on the same subject may not be  
sent to the same school or club, at the  
same time.

### CLARKE TO SPEAK.

Dr. E. M. Clarke, instructor in En-  
glish, is to deliver graduation ad-  
dresses at Mercedes on May 17, at  
McAllen on May 18, and at Pharr on  
May 19.

### SIGNAL CORPS FINDS PACE.

About 100 students in Military Sci-  
ence 102, the class in signaling, march-  
ed 4000 yards yesterday after-  
noon in order to obtain the average  
pace of each man in the company. The  
class will practice signaling next Sat-  
urday. The paces yesterday ranged  
from about 36 to 27 inches, with an  
average of about 32.

## WOMEN TO ELECT COUNCIL OFFICERS ON NEXT FRIDAY

Various Classes Will Also Choose  
Representatives to Assembly.  
Each Class to Name Two.

The election for the members of the  
Woman's Council and the Woman's  
Assembly will be held Friday, May 4.  
Every woman student of the Univer-  
sity has the privilege of voting in  
this election for members of the Wom-  
an's Council and for representatives  
of her respective class to the Wom-  
an's Assembly.

These representatives of the Wom-  
an's Assembly are elected, two each,  
from the Graduate, Senior, Junior,  
and Sophomore classes.

The ballots at this election must be  
marked by means of numbers; one  
for the first choice, two for the sec-  
ond choice.

The order in which the petitions  
were filed with the secretary of the  
Woman's Council determines the or-  
der in which the names will appear  
on the ballot.

The time of filing and the ballot is  
as follows:  
For Woman's Council president,  
Charlotte Spence, applied April 19, 10  
a. m.

For first vice-president, Pauline  
Wherry, applied April 19, 10 a. m.

For second vice-president, Leta  
Skiles, applied April 19, 7:15 a. m.;  
Nellie Robertson, applied April 19,  
10 a. m.

For secretary, Stella Anderson.

For treasurer, Irene Lohman, ap-  
plied April 19, 10 a. m.; Margaret  
Myrick, applied April 20, 3 p. m.

For Woman's Assembly (two to be  
elected from each class), Graduate  
representative, Estelle Goldstein; Se-  
nior representatives, Elizabeth An-  
drews, Minnie Lee Borden; Junior  
representatives, Alta Hefflin, Flora  
Edmond; Sophomore representatives,  
Crystal Ross, Lucille Stroud, Betty  
Chandler.

### MISS RENICK NAMED EDITOR.

Miss Dorothy Renick, Senior Aca-  
dem, has recently been appointed one  
of the student editors of the Alcalde.

## INTERSCHOLASTIC LEAGUE MEET MAY 4 AND 5.

Richard Heacock of Edinburg has  
been entered in four track events, and  
he and his father will leave for Aus-  
tin Tuesday morning.

Heacock made a good record in the  
distance runs and high jump. His  
home is near the border, but he and  
his father have already arranged to  
come to Austin for the State meet.

The coming meet will draw the  
pick of the High School students from  
every section of Texas to the cam-  
pus next week. They are coming in  
large numbers, and we must be  
ready to receive them.

A canvas of every boarding house  
and residence within the University  
neighborhood will be made this week  
in order to secure lodging for the  
visitors. The entertainment com-  
mittee wishes to secure lodgings free for  
the visitors during these three days;  
they will be expected to pay for their  
meals.

Everyone in the University com-  
munity who can arrange a spare room  
and bed and are willing to place it at  
the disposal of the committee, are re-  
quested to let that fact be known to  
the committee as early as possible.

The plan is to assign lodgings to  
the visitors at the time of registra-  
tion. Students guides will escort the  
visitors to the homes. Special re-  
quests for certain visitors will be at-  
tended to by the registration com-  
mittee, but these requests should be made  
in writing as soon as possible. The  
names of the visitors and their home  
address is being published in this col-  
umn from day day to day.

An interesting event connected with  
the annual county meeting of the Uni-  
versity Interscholastic League of  
Bastrop County was the appearance  
of Senator Page, who gave a patri-

## RUSK WILL HOLD BANQUET TUESDAY

Date Set Up on Account of Several  
Members Leaving Next  
Week.

On account of the fact that 10 or  
15 prominent members expect to  
leave the University during the week  
to attend the training camp at Leon  
Springs, the Rusk Literary Society  
voted last night to hold its annual  
banquet on Tuesday evening, May 1.

On this occasion the prizes of \$10  
and \$15, offered by Senator Morris  
Sheppard, a former Rusk member, for  
the first and second best after-dinner  
speeches, will be awarded. Any  
member of the society may compete in  
this contest, and several have already  
signified their intention of entering.

Committees were appointed to at-  
tend to the numerous details of the  
banquet and they will notify the mem-  
bers of the society through The Tex-  
an of the plans as soon as they are  
mature.

It was decided that no meeting will  
be held next Saturday on account of  
the events of the Interscholastic  
League, which will be in progress at  
that time.

The society ruled that only paid-  
up members will be eligible to attend  
the banquet.

### KELLEY TO COLUMBIA

Dr. Truman Lee Kelley, adjunct  
professor of Educational Psychology,  
has accepted a position in Columbia  
University. Dr. Kelley will remain  
with the University of Texas for the  
remainder of the current session, and  
for the first part of the 1917 Sum-  
mer School. He will then go to New  
York and take charge of his new po-  
sition at the beginning of the next  
regular session at Columbia.

### LAST MENORAH MEETING.

The Menorah Society will have its  
last meeting this afternoon. Mr. T.  
W. Currie, secretary of the Y. M. C.  
A., will speak on a subject of his own  
choosing. Besides this regular meet-  
ing, there will be a meeting for the  
election of officers soon.

## TWO HUNDRED STUDENTS SEEKING COMMISSIONS

MANY OF VARSITY'S BEST ATHLETES WILL GO TO LEON  
SPRINGS CAMP NEXT WEEK—PEDDY RESIGNS  
FROM THE LEGISLATURE.

## ENGLISH TO HEAD NEXT YEAR'S TEAM

Fast Outfielder Elected Captain of  
1918 Baseball Squad—M. Thomas  
in Race.

Walter ("Red") English was elect-  
ed captain of the 1918 baseball team  
yesterday afternoon by a vote of 7 to  
2. Three ballots were required to de-  
cide who should head next year's  
team, there being four candidates in  
the field on the first ballot. On the  
last ballot seven votes were cast for  
English and two for Milton Thomas.

This is "Red's" second year on the  
team, and he has proved to be one of  
the most valuable men on the Long-  
horn roster. Always a consistent  
fielder and sure hitter, English has  
done much in bringing Disch's men to  
the front. "Red" has a habit of lift-  
ing the ball over the boards at the  
crucial moment, and opposing moun-  
ds-men hesitate about "grooving" the  
ball to the slugging Longhorn garden-  
er. He will return next year to  
lead the Texans to another pennant.

## PREMEDICS URGED TO CONTINUE WORK

Council of National Defense Says  
Must Be Farsighted in Conserving  
Trained Forces.

A statement, recently sent out  
to premedical students of the various  
colleges of the United States by F. F.  
Simpson, chief of Medical Section of  
Council of National Defense, in which  
undergraduates are urged to continue  
their work. The committee's state-  
ment follows:

"In the recent national crisis a con-  
tinuous supply of adequately trained  
medical officers is absolutely essen-  
tial for the maintenance of armed  
forces in the field. It would be folly  
for the country to prepare for the im-  
mediate emergency alone—we must  
face the possibility of the war lasting  
for years. It is, therefore, the patri-  
otic duty of all college students in-  
tending to study medicine to remain  
under instruction until the country  
can avail itself of their trained ser-  
vices.

"Medical schools are in a sense  
'munition works,' necessary to pro-  
duce trained medical officers for the  
Army and Navy. All medical stu-  
dents must, therefore, in the interest  
of national safety continue their work  
until graduation. With the excep-  
tion of such men as the Navy can  
utilize, all graduates are urged to se-  
cure a hospital training which the  
surgeon-general of the Army and  
Navy consider essential for their  
arms of the service."

## STUDENTS MAY DROP ALL THEIR COURSES AT WISCONSIN UNIV.

Although military training has not  
been made compulsory, the Univer-  
sity of Wisconsin has gone one step  
further than the University of Texas  
by allowing students who are physi-  
cally fit, to drop all of their courses  
and take up seven hours of daily work  
in the various branches of Military  
Science. Jerome Crossman, one of  
the Texas debaters with Wisconsin,  
stated that the enthusiasm of the stu-  
dents in military matters was at a  
fever heat; not only by those who are  
anxious to go to the front, but by the  
students who come from the rural  
sections who are anxious to return  
home and do their share in the rais-  
ing of food stuffs. Those students  
that return to their homes for the  
last named purpose are receiving  
credit for the remainder of the term's  
work.

## LAW DEPARTMENT WELL REPRESENTED

Quizmasters Glithero and Burney Are  
On the List—More to Enroll  
Monday.

Registration of University of Tex-  
as students up to 5 o'clock yesterday  
afternoon was around the 200 mark.  
No names or figures after that time  
could be secured, as the records were  
incomplete. Major Hutton stated  
that the recruiting station would not  
be open today, but that in all proba-  
bility it would be next Sunday, if a  
sufficient number had not signed by  
that time to fill the ranks.

Following is the list of those men  
who have signed during the past  
week:

A.  
James G. Anderson.  
B.  
Hines Baker, Weaver Baker, B. O.  
Brown (faculty), John W. Bailey, Jr.,  
Sam Baggett, Reuben D. Biggs, K. L.  
Berry, B. V. Baucom, Ernest M. Bral-  
ley, Allen K. Black, Robert W. Bran-  
han, Jr., Tom Blocker, Raymond  
Buck, Alexander Boynton, Will Black-  
shear, John E. Belcher, Joe R. Burney,  
James R. Beverley.  
C.

Alfred H. Carrigan, Jr., Leroy Crea-  
ton, William C. Clements, Howard  
Clegett, R. D. Cox, Jr., Mills Cren-  
shaw, Joseph Carpenter, Bobt. Can-  
non, C. F. Cock.  
D.

Llewellyn Duke, Gus Dittmar, Jas.  
L. Dunn, Athol A. Dawson, Vern Da-  
vis, Garland de Graffenreid, Ballard  
Dinwiddie.  
E.

Leslie Etter.  
F.  
Oliver Fannin, Willis Finley, Rob-  
ert Field, Max Fichtenbaum, J. R.  
Ferguson, Charles Freeman, John M.  
Ferguson.  
G.

Albert E. Goudge, Walter Giesecke,  
Jr., Albert Graves, William Galvin,  
Leolin Gross, Francis Gerling, George  
M. Gordon, Clyde Glithero, Meade  
Griffin, Chas. S. Glazbrook, John J.  
Goodfellow, Jr.  
H.

Jack F. Hyman, Sam C. Holliday,  
Bertrand Harding, Jr., Mack B.  
Hodges, Fred P. Hart, Paul E. Har-  
alson, Chas. L. Hilliard, Roy E.  
Hawk, John H. Hill, Jr., Everett T.  
Houston, William R. Hamby, Birge  
Holt, Maxey Hart, Tom Hull, Irvin D.  
Hess, Albert W. Holt, Henry W. Har-  
per, Jr., Hervey Humlong.

#### TRAINING CAMP, ETC.

Look the list suggested by Captain Boswell over. Be sure that you get what you must take with you before you start, for Leon Springs is far from a city.

Faculty men are entering the camp as well as we students. Had you noticed that?

Both the captain of the football and the baseball team of this year have signed up. "Pig" Dittmar and "Huck" Hart are going to try a different life for a while.

Two quizmasters of the Law Department are in the list, and we dare say that Clyde Glithero and Joe Burney will enjoy the outing after three terms of quiz-grading.

Oklahoma University will have to get a few more on the roll if they intend to equal the University enrollment by the end of next week.

K. L. Berry evidently enjoys the army life, for his name can be seen among those registered. K. L. has served his term in the Second Texas as a starter.

Lynn Landrum, the popular editor of the 1915 Texan and inventor of the "Phunnies," got in line just in time yesterday.

With all the athletes signing the slip, we are expecting to see Coach Van Gent drop around most any day.

With the declaration by the regents that all aliens should go, we wonder why "Alexander Frederick Claire" has not been carted away. If you will remember, this fond saint is of German origin.

Even some of our married students are among the number. We won't name them. Look the list over and you will see.

There won't be much Publication Board, with four of the seven members at Leon Springs. We are wondering how they will have a quorum.

Get your work done a little early, and run home and tell the folks good-bye, and get one square meal before camp life begins.

We have received our salary for the year, so we are going to be editor as long as they want us. We will guarantee to fill our column daily with war

## BARB PRIMARY TO BE HELD TUESDAY

Judges Appointed to Hold First Barb Primary Ever Held in University. Voters Pledge Support.

Boxes will be open for voting in the Barbarian primary Tuesday morning at 8:30. Boxes for men will be placed at the Main Building, the Law Building, and the Engineering Building, and a box for all women will be placed in the Main Building. The boxes will be closed promptly at one o'clock.

The judges at the various boxes are as follows: In the Main Building, for men, Roy Priest, chief; Reece Meador, R. D. Cox, George Lewis, Lyle Baker, Vernon Gregory, Paul Ledbetter, Charles Lee Terry, W. C. Heare. In the Main Building, for women, C. E. Quinn, chief; Bob Field, Jack Blalock, Pauline Wherry, Eleanor Sykes, Gaynelle Guinn, Virginia Broadfoot, Dulce McDonald. In the Law Building, Sol Greines, chief; I. D. Hess, Henry Lee Taylor, R. W. Lawler, A. A. Long, J. W. Jackson, Roscoe Runge. In the Engineering Building, W. J. Weeg, chief; Eugene Park, N. H. Roy, John Wear, R. S. Grant, C. L. Orr. These judges are asked to be present in room 150, opposite the association room, at 8:15 for instructions.

It is hoped by those in charge that all Barbs will participate in this election by casting their ballots, so that the primary will really express the will of the majority of the party. The success of the primary this year will determine whether it will be adopted permanently. The war seems to have dampened the usual interest in politics, for there is competition for only one of the offices, chairman of the council, for which George Howard and Bill Martin are contestants. Any member of the Barbarian party who will pledge himself to vote for the nominees of the party in the regular election is eligible to vote.

The girls are especially urged to participate, since the primary was instituted largely that they might have equal opportunities with the men for expressing their will. The girls are not eligible as voters for the chairman of the council.

#### RESOLUTION FOR POWELL.

The following resolution was adopted by the Senior class with regard to the death of the father of the president of the Senior class:

Whereas, Ward Powell, president of the Senior class, has been called home by the death of his father, and

Whereas, he has suffered a great loss in the death of his father; therefore,

Be it resolved by the Senior class of the University, that we extend to our president our sincerest sympathy in his bereavement; and

Be it further resolved, that a copy of this resolution be given to The Daily Texan, and a copy be sent to Ward Powell.

#### WIDEN MAKING GOOD.

Elmer N. Widen, E. E. '13, passed through Austin the other day en route to St. Louis, to take his new appointment as assistant chief engineer with the Southwestern Telegraph and Telephone Company.

Mr. Widen entered the employ of the Telephone Company as an apprentice soon after graduating here. Since that time his rise has been rapid and sure. He has become one of the most efficient men in the Engineering Department of the Southwestern Company. His new duties will carry him all over the Southwest District, which includes the territory south and west of St. Louis and east of the Rockies. He will inspect the various telephone plants, and make suggestions for changes that will improve the service.

#### CORRECTION.

The Texan of yesterday was in error in stating the time for beginning the concert to be given by the Austin Municipal Orchestra today. The concert will begin promptly at 8:30 (three-thirty) at the Majestic Theater. The doors will be open at 8 o'clock, and there will be no admission charged.

Another mistake was made with reference to the personnel of the orchestra. Most of the members are professional musicians of this city, and not amateurs.

"stuff," and if the pacifists don't like it, they can read the College Notes or something else. Our "dope" will bear a Leon Springs date line after next week, and our little office will be at the disposal of any who want to use a typewriter.

## DELAYED MAGAZINE OUT IN FEW DAYS

Next Number to Contain Interesting Essays, Stories, and Editorials. Cover Design by Callicut.

The publication of the Magazine has been delayed for a few days. Rex Shaw, editor of the Longhorn section, is now taking an examination for a lieutenantship in the regular army. The Magazine section is already on the press, however, and includes an editorial by Dorothy Renick, a critical essay by Mrs. Dora Neill Raymond, a story by Miss Renick, and other articles of interest. Rupert Gillett also has an editorial based on the war situation.

The cover design is by Madison Callicut, and represents a Varsity tennis player. The cover design, drawn by Miss Dorothea Hoyt will be used for the special edition of the publication at the end of the school year.

A special effort will be made to make the last number one worthy of the dignity and traditions of the school. All the best work by students in the English classes will be unvassed. Articles, poems, stories, and work of general interest will be solicited.

#### DR. BOESE WRITES BULLETIN.

The Department of Economic Geology and Technology has just issued a bulletin on some brachiopods found in the Permian of West Texas. This bulletin was written by Dr. Emil Boese, who recently went to Mexico, and has been unable to return because of the unsettled conditions.

FROSH TAKE HOTLY  
DISPUTED GAME FROM  
ST. EDWARDS TEAM

The University Freshmen took a closely contested game from St. Edwards College Friday evening by a 3 to 2 count. Falk served on the mound for the first-year men, and held the preps to two scratch hits, striking out on an average of about two men in each inning. He is a product of Austin High, and Billie Disch is expecting much of him next year. The entire team played a class of ball that always causes lines of appreciation to decorate the coach's countenance.

Several games are scheduled to be played before the season closes. Monday of this week they play the Deaf and Dumb Institute, Wednesday St. Edwards College again, and Saturday they meet the Austin High team. None of these can be played on the home grounds, as they are being used for military training purposes.

A number of "T" 2nds will be awarded to the second string men of this year's regular squad sometime soon. The eligible list will be given out later.

## SOCIETY

Miss Aubrey Herring will leave Saturday night for her home in Nacoma. Miss Mary Anne Blattner is ill at Seton.

Miss Esther Levy has gone to her home in El Paso.

Miss Frances Woodul has returned to Laredo, after a short visit with her sister, Lottie Woodul.

Mrs. Evans has returned to the University, after a short stay in Waco.

Miss Frances Rowe left Thursday night for San Angelo, where she was called on account of the illness of her mother.

Miss Gladys Jameson of Palestine is visiting friends in the University.

Kappa Alpha Theta entertained yesterday with a shower for Miss Lucille Rogers, who will be married soon. Mrs. Baker's Sunday School class of the University Baptist Church enjoyed a boat ride and picnic Saturday afternoon.

Miss Arlee Thames is ill at Muckley's.

Mr. Fielding Smith of Austin entertained the Zeta Tau Alpha girls with a picnic and boat ride.

The Pi Beta Phi alumni entertained the active chapter with the annual Founder's Day picnic yesterday.

Miss Ada Johnson of Lubbock is visiting friends in the University.

The Chi Phi Fraternity entertained their traveling secretary, Mr. Howard F. Fletcher, with a banquet at the Cactus Tea Room last Friday night.

Miss Hallie Walker is spending the week-end in Dallas.

Miss Ora Cortz's friends will be sorry to hear of her withdrawal from the University. Miss Cortz goes to Seattle to join her parents in their new home.

## COMMITTEE APPOINTED.

President Vinson has recently appointed a committee to send out at once to the faculty, students, and ex-students of the University a blank requesting information concerning their qualifications for the service of their country in the present crisis. Those appointed on this committee are, Mr. J. F. Royster, chairman; Miss Lulu M. Bailey, Messrs. J. M. Bryant, J. A. de Haas, H. W. Harper, J. A. Lomax, and E. W. Patterson. At its last meeting the Board of Regents placed at the disposal of this committee \$600 to cover the expense.

## SUMMER STUDENTS MAY DRILL.

The question as to whether students attending the summer school will have to take up a course in Military Science has not been brought before the faculty, says Dr. F. Eby, and no steps will be taken in this matter until President Vinson's return.

Is the merchant that you are trading with advertising in The Texan?

READ LECTURES  
ON EXPLOSIVES

Chemist Discusses Making of Destructive Compounds Now Used By Warring Nations.

"Modern Explosives" was the subject of a lecture by Wm. T. Read, chemist for the Bureau of Economic Geology and Technology of the University, delivered before the Organic Chemistry Colloquium last night. The discussion was confined to the reactions involved in the explosions, the manufacture of the explosives now in use, and facts of general interest in connection with the making of the various forms of shells and mines.

Explosives are divided into five general classes: Black powder, nitro-cellulose mixtures, including dynamite, explosives consisting of nitro-glycerine, nitro-compounds, such as picric acid, and finally, detonators, which at present consist almost entirely of organic mercury salts. They are also classified as to the use to which they are to be put, inasmuch as some can be used advantageously in the projection of shells and others in blasting. Thus black powder would not be very effective in quarry blasting, as also dynamite could not be used in cannons.

The speaker stated that most of the explosives now manufactured were made by the Dupont firm in New Jersey. In the event of actual war, merely new manufacturing units need be added. The precautions necessary in munitions plants are numerous because of the great ease with which the nitro compounds explode. In many cases, not more than one man is allowed in one room of the plant at a time to lessen danger. Felt slippers are worn to avoid even the slight disturbance incident to walking, which is all that is necessary to detonate the explosives.

## RECEPTION CALLED OFF.

The Academic Reception Committee reports that the proposed Academic Reception will be called off on account of the intense interest in other affairs. This committee is composed of all the class officers of the Academic Department. The indefinite postponement of the Rattlers' dance was taken as a precedent.

A Most  
Attractive Figure

*Redfern  
Corsets*

A corset is so personal—so much a part of one's very self—that it should be most thoughtfully selected and fitted by a skillful fitter.

Redfern Models enhance figure beauty and correct figure defects.

MEN GOING TO CAMP  
SHOULD ARRANGE FOR  
CACTUS AT ONCE

"All men going to the training camp at Leon Springs should leave their names at the Cactus office, so that their Cactus may be delivered to them without delay," R. C. White, manager of the Cactus announces. He further stated that those who paid the remaining two dollars on their Cactus would receive the book prepaid, but that if no payment were to be made before time of shipment, the book would be mailed them C. O. D., plus the cost of delivery. The book is expected to be out about the middle of May, as has been previously announced.

ONLY FIFTY-NINE  
STUDENTS HAVE NOT  
BEEN RE-INSTATED

All but 59 of the students who were dropped from the University rolls on account of failure to sign up for courses in military training have been re-instated, according to the registrar's last count Saturday afternoon.

Of those reporting for reinstatement, Mr. Matthews says none have refused to conform to the new registration. On the other hand, all have manifested a fine spirit, and he thinks all will eventually report for adjustment.

Several misunderstandings have resulted from the counts made of the war course students at the office, but most of those who have been careless about their duty have been special students, who are taking only one course, and are working full time outside. Mr. Matthews says special consideration will be given them.

## ALCALDE OUT MAY 1.

The Alcalde will be out Tuesday, May 1. It is to contain this month an article, "Historic Homes in Austin," by Mr. Samuel E. Gideon, associate professor of Architecture, and Dr. Benedict's "The Peregrinations," with its usual dry wit and good humor. There is also an appreciation of Mrs. Leizwitz of Grace Hall.

## MEMORIAL SERVICES.

At the regular Y. W. C. A. meeting on Monday afternoon, memorial services will be held for Miss Katherine Elizabeth White and Miss Maud Barnes. Short talks will be made by Misses Lavender, Aynsworth, Ada Miller, and Ruby Bell. Special music will be rendered.

MISS GEARING ASKS  
TEXAS WOMEN TO AID  
IN CONSERVING FOOD

Miss Mary E. Gearing, head of the School of Home Economics in the University, and publicity chairman, Texas Division, U. S. Army Food Service, has recently addressed an appeal to the women of Texas that they follow certain regulations in the purchase, preparation, and service of foods while the country is in a state of war. Miss Gearing urges the women to attend the county organizations in the various counties, which are to be assembled by the county judges early in May, that they may learn how to conserve the world's food supply.

## COLLECTION GETS MANY ADDITIONS

Recent Donations By Major Littlefield Especially Valuable to Graduate Students.

Of all the volumes placed in the Library during the past year none are more valuable than the Littlefield collection, donated by Major George Littlefield, is the opinion of President Vinson. This collection is in manuscript form, and is especially valuable for students doing graduate work in American History. The History Department has suggested that every effort be made to increase the Littlefield collection, and that within the next five years the University should establish a special lectureship in Southern History to further attract students to the University of Texas and the study of the history of the South.

It is hoped that the publishing of some of the manuscripts of the collection will be begun in the near future.

In speaking of the collection and of the kindness of Major Littlefield, President Vinson said: "Major Littlefield's generosity continues without stint, and during the summer we shall send Mr. E. W. Winkler on a trip through Louisiana, Mississippi, Alabama, and Georgia for the purpose of discovering and purchasing additional material."

The following manuscripts of the Littlefield collection have been added since April, 1916:

The Newspapers of the Charleston (S. C.) Chamber of Commerce, including the "City Gazette," the "Charleston Times," "The Courier," and the "News and Courier." There are 240 volumes in this collection alone.

The S. H. Stouts Manuscripts, containing original reports of Dr. S. H. Stout, who was in the hospital service during the Civil War.

The W. S. Oldham Manuscript, in which Senator Williamson S. Oldham of Texas gives his views as to the causes of the downfall of the Confederacy.

U. S. Supreme Court's Reports in 240 volumes.

State Legislative Documents, which includes legislative journals and documents of the Southern States for the period 1820-1876.

## 1000 ENLISTED FOR SOUTHERN OFFICERS' TRAINING CAMPS

The first of 1000 of the 5000 men desired for the Reserve Officers' Training Camps in the Southern Department have been secured, it was announced yesterday at training camp headquarters. A total of 491 certified applications were received yesterday, the largest figure for the three days that work of enrolling has been under way in Texas, Arkansas, Oklahoma, Louisiana, and Mississippi.

General Pershing expressed pleasure at the manner in which citizens are responding, and said he did not believe any difficulty would be experienced in enrolling 2500 men each in the Leon Springs and Fort Logan H. Root's Camp. Rather, he anticipated there will be an overflow.

## The "Big Major" Excites Rookies

The "Big Major" recruiting officer was the center of a very attentive group down town last night. The crowd was partly comprised of University students, who listened to the Major's advice concerning the Leon Springs Training Camp with marked interest. During the course of his conversation, he was interrupted by the proprietor of the place, in which the crowd had assembled, who, in a quaking voice, asked him not to lean on the show case as it was insured for only half value.

The "Big Major" sneezed like the exhaust of a 12-inch steam pipe, he turned to find that his audience had disappeared, as chaff in the face of a cyclone.

## GEOLOGY STUDY.

Messrs. C. L. Baker and E. L. Porch of the Department of Economic Geology have gone to the Pedernales River for a few days to work out the Geology there.

## ORCHESTRA PERFORMS.

The Municipal Orchestra will render a program at the Majestic Theater this afternoon at 3:30 o'clock. The Orchestra is made up of some of the best musicians in this section. The doors will be open at 3 o'clock.

## FACULTY MEETING MAY 8.

The next regular faculty meeting is to be held May 8. There is nothing to be taken up other than the regular business.

# CONVENIENCE

THIS IS JUST ONE OF THE WAYS

we have of giving you the most efficient service.

Have you ever stopped to think of the inconvenience you would have if the Co-op were located blocks away? Well, let's think of it a minute. Last week, when you were taking your mid-term exams, your fountain pen went dry four or five times each day. But you were not inconvenienced, because the Co-op is here for the purpose of keeping just such things as that from inconveniencing you. And you ran out of paper, perhaps, or forgot to buy your blue books ahead of time, or lost your blotter. But the Co-op was "just at the head of the stairs," so it did not matter.

We make it our business to prevent trouble from troubling you. We appreciate, in turn, your patronage.

Watch for our next ad. It will tell you something else you had not thought of.

## THE CO-OP

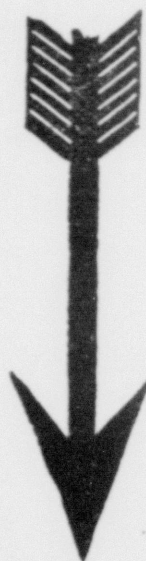

coniences, on Rio Grande Street, blocks northwest from University. For particulars ring old phone No. 1219.
