AUSTIN, TEXAS, THURSDAY, APRIL 25, 1918.

No. 156

MEETINGS HELD BY BISHOP McCONNELL OPEN TO STUDENTS

Services From 7:15 to 8:15 at Methodist Church—Large Crowds Attend—More Expected.

Last night at the University Methodist Church Bishop Francis J. McConnell gave the first address in open meeting of the series of evangelistic services that he is conducting in the University this week.

Bishop McConnell's talk dealt with personal Christianity, and, as he explained, his talk was a basis for talks to follow.

The program for the week follows: Thursday, 8:40 a. m., Chapel, Bishop McConnell.

Thursday, 5 p. m., M. E. Church, general mass meeting, R. W. Jopling.

Friday, 8:40 a. m., Chapel, Bishop McConnell.

Friday, 12 to 1 p. m., convocation of the entire student body and faculty at the M. E. Church to hear Bishop McConnell, Dr. Vinson presiding.

Friday, 5 p. m., meeting of committee, Currie.

Friday, 7:15 p. m., mass meeting, A. Frank Smith, presiding.

Saturday, 8:40 a. m., Chapel, Bishop McConnell.

Saturday, 5 p. m., meeting of committees.

Saturday, 7:15 p. m., Mass meeting, F. L. Jewett, presiding.

Sunday, 9:45 a. m., meeting in the Y. M. C. A. auditorium of 11 the Sunday School classes, Currie presiding.

Sunday, 11 a. m., mass meeting of the entire University community in men's gymnasium. Music by Reed and Orchestra, A. Frank Smith presiding.

Sunday 8 p. m., M. E. Church, Bishop McConnell, Dr. Vinson presiding.

Meetings begin on time and close on time. The evening meetings are over at 8:15 exactly, and leaves time for students to study as usual.

ARMY PREP SCHOOL GIVES MEN CHANCE FOR COMMISSIONS

For those men either in or out of the draft age, a new opportunity is presented to serve their country. A new school has been opened by the Government at Fort Scott, San Francisco, which trains enlisted men for special positions in the Coast Artillery. This corresponds in a way to the Mechanics School that will be located at Camp Mabry, but the California school is named the Enlisted Specialists' Preparatory School. It has at present an enrollment of 250 men. Blanks for enlistment are in The Texan office, and can be had on application.

The school, which runs for three months, offers four courses, leading to master gunners, sergeant majors, electrician sergeants, and radio sergeants. Those that show special qualifications for the work will be sent to Fort Monroe, Va., for three months longer training, and will be recommended for commissions. The Government is in very bad need of these specially qualified and trained men, and all patriots over 18 years of age are urged to enlist.

College men who are proficient in stenography, electrical engineering, wireless, or mathematics have a good chance of gaining commissions.

DEAN CHANGES HABITAT.

The long contemplated exodus from the Library Building into the New Educational Building has already begun. The President's Secretary and the Registrar has moved from the Library Building and will occupy the south rooms on the fifth floor of the new building.

Yesterday the Dean of the College of Arts also packed up his little record books of students of Honor Roll or otherwise, and also moved.

The lower floor of the Library Building is gradually being vacated to make room for the Wrenn Library.

As soon as the rest of the furniture and equipment for their new offices arrive, the auditor and the president will also be installed in the new building.

RADIO MEN HAVE VERY HARD COURSE

Instruction Given in Nine Subjects Daily for Eleven Weeks—Commissions to be Awarded.

In the Radio School of the University there are at present 194 men. Twenty more cadets are expected immediately. These will be inducted men, of those that have asked to be drafted.

The men that compose this school are made up of enlisted men, drafted men, and inducted men. They come from all over the United States; some are from Massachusetts, from New York, Washington State, and a large number from Pennsylvania. Among the inducted cadets are some Texas men, also. The major portion of the enlisted men in the school were sent here from Ellington or Kelly Fields.

Part of the cadets have had some previous electrical knowledge, although this is not general, since this school includes the elementary radio course, also.

It was pointed out that this Radio School offers an excellent opportunity for men under the draft age, about 19 or 20 years, to prepare for service through gaining electrical knowledge. The school can accommodate more men at present.

The Radio School has as a commandant, Cap. W. F. Moderhak. There are three military, or army, instructors, and seven civilian instructors. The military instructors are: Lieutenants Horstkette, Vaughn, and Mumby.

The course, which lasts about eleven weeks, includes instruction in elementary electricity, motor and motor generators, storage batteries, and practical radio work, and also training in out-door exercise and military drill.

When the men finish the course, they will probably be sent to the different aero squadrons with recommendations for commissions.

The number system now in use at S. M. A. is also being used here. Each man going by number instead of by name.

MUNICIPAL BUREAU PLANS CONVENTION OF CITY OFFICIALS

It is doubtful if the students of the University realize the importance and far-reaching effects of the work that is "being done by that organization known as the Bureau of Municipal Research and Reference, which is connected with the School of Government and headed by Dr. H. G. James.

At present the bureau is at work on plans for the annual convention of City Officials, which is to be held in San Antonio in the week beginning June 10. The convention is called each year by the bureau as a part of its duties in the League of Texas Municipalities, which was organized in Austin in 1913, largely through the efforts of the bureau. The University organization acts as the central office of the league, furnishes information, and conducts all publications in connection with the work. The convention this year is to be held during the annual meeting of the Chamber of Commerce Secretaries, and its program, which takes up various city activities, will have two especially interesting and important phases—public health questions and war activities.

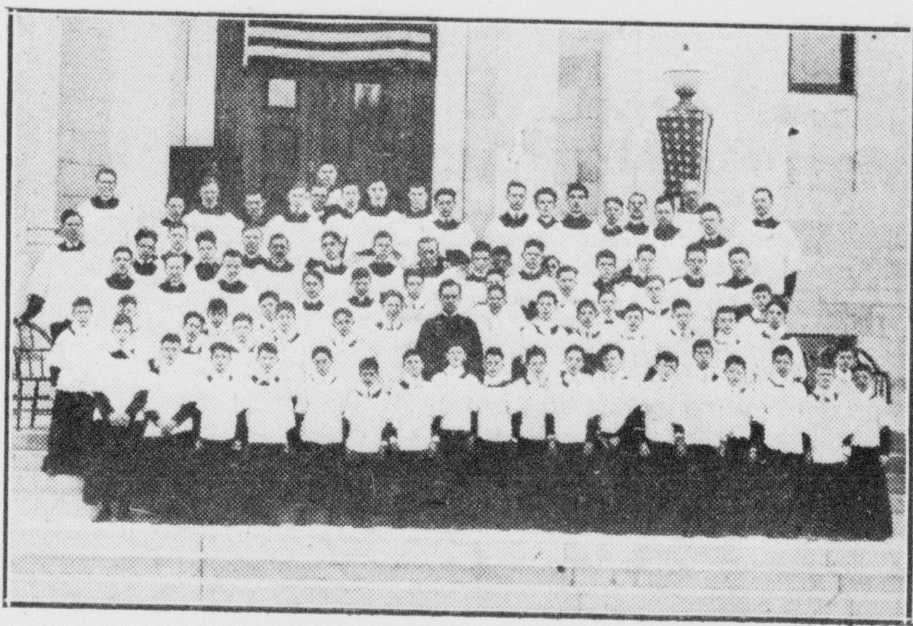

It is an interesting and to many, an enlightening fact that the majority of city officials at the present time are college men. The University of Texas is well represented among them, as evidenced by the number of her alumni always found at the yearly meetings.

FELLOWSHIPS TO BE AWARDED.

Fellowship and scholarship awards will be made either at the end of this week or at the beginning of next week when the Graduate Council meets. Applications have already been returned from all divisions except one.

"The number of awards to be made," said Dean Haper of the Graduate Department, "will depend altogether on the quality of the appli-

PAULIST CHORISTERS WHO WILL SING HERE

BOND WILL LEAVE TO TEACH FRENCH

Patriotic Professor Granted Leave of Absence to Become Language Director at Fort Sheridan.

O. F. Bond, M. A., instructor in Romance Languages, has been granted a leave of absence from May 1 to October 1, or later, for the purpose of accepting the directorship of the teaching of French at Fort Sheridan, Montgomery, Ala.

Professor Bond has in the past done much of this sort of work. At the beginning of the war, Professor Bond, together with five other instructors, was sent by the Extension Department to El Paso to teach French to soldiers. Dr. Bond had such great success with the work that to aid him in connection with Miss Hilda Norman, prepared the first book on Military French to aid in teaching this course. This book is now used at Rice Institute and by the Extension Department. Professor Bond was then asked to take charge of the French instruction at Camp Travis, where, with the aid of six assistants, he reached over ten thousand men. Two courses of 8 weeks each have just closed, Mr. Bond having done this extra work on Saturdays for the past five months in addition to his regular French classes in the University. Recently he has been made a member of the National Committee for Modern Language Instruction, and had to cover for his territory Texas and Oklahoma.

Three thousand five hundred dollars is to be awarded, provided the quality of the material is satisfactory. Not a dollar will be awarded unless it is won. The awards will be for merit and moral standing.

FAMOUS PAULISTS WILL SING HERE

Father Finn and His Choristers Will Visit Austin May 2 Under Auspices of Newman Club.

Quite a treat is in store for the music lovers of Austin and the University in the concert which the Paulist Choristers will give on the 2nd of May, under the auspices of the Newman Club of the University. It will be an excellent opportunity to hear some great music and at the same time help along a worthy cause.

Among the hundred singers who compose the choir, there are about fifty boys, some of whom have remarkably sweet and well trained voices. In fact, one of these, William Hallisey, a truly typical little American boy, takes high C with the greatest ease imaginable, and is a joint concert with Madam Galli-Curci, he shared honors with her in her own particular song, the "Mocking Bird."

The Choirsters are directed by Rev. William J. Finn of the Paulist Fathers. He is both organizer and director, having taken the men and boys from the city of Chicago and drilled them so thoroughly until now they are the most perfect choir in the world. This latter point was well demonstrated when Father Finn took his Choirsters to Paris and there, in competition with 225 other choirs, took the first prize. This same choir sometime later went to Rome and won out over what was then considered the one perfect church choir in the world, the Sistine Choir.

It is truly a group of artists that the University students and faculty will have the opportunity of hearing, and no one should miss such an opportunity of hearing them on the 2nd of May at the Majestic Theatre.

(Continued on page four.)

MANY RESOLUTIONS ADOPTED FOR MEDS

Faculty Shorten Term for Pre-Meds and Make Requirements for Architectural Course.

At a general faculty meeting held yesterday at 5 p. m. in the Main Building, the plan of the committee for a shortening of the time for the pre-medical students in the University was adopted. The faculty also ratified Military Science 99 the course in Naval Architecture, which was instituted at the request of the Government. The appeal for older men for war work in France was read and recommended.

The meeting was purely for the consideration of war measures. By the action of the faculty at this meeting a student may get off two courses in the summer for entrance requirements to the Medical School, and in this way a Freshman entering in June of this year will be able by working next summer to gain one year's credit in the summer terms.

The faculty also adopted some interesting resolutions, among which are: First, that the course shall consist of not less than 50 one-hour lectures and recitations and not less than 100 hours of additional study, and the course shall be equivalent to five University courses as far as it shall run. Second, that Seniors in the Department of Engineering, who pledge themselves to enter the navy in that special work will be allowed to substitute this course for the uncompleted portion of their courses now in progress, not exceeding, however, five in number.

METHODIST STUDES DOING BIG WORK IN SOUTH AMERICA

Those who have had an interest and a part in the Daniel's fund work of the University Methodist students will be interested to know that Mr. Daniel's salary of \$1200 has been paid and the committee is now concerned with meeting the obligation of \$1000 on People's Central Institute, Rio, Brazil. The committee has already sent \$200 on this pledge and has another \$100 at hand. The Methodist students of the University of Texas are the first to send in a payment on the Rio work, in which other schools of the State have a part. The committee is justly rejoiced over what has been accomplished and yet much remains to be done before the close of the session.

Dr. W. W. Pinson of the Board of Missions at Nashville has written the committee that it is especially important to send in as much as possible in the next few days. The Board of Missions meets on the 24th of this month.

GIRLS GO ON HIKE.

Ten Mile Hike to Onion Creek Made by Co-Eds for "T-Seconds."

Monday morning at 7:30 a number of girls left for a hike to Onion Creek, a distance of 10 miles. After about two and a half hours, two five-minute rests having been taken, the girls reached their destination. After a short rest, they donned their bathing suits and had an invigorating swim in the cold water. At 1 o'clock lunch was spread and everything was soon made way with. After a nap in the shade of the cypress trees, and after another swim, they started on their return trip at 4:45. Two or three minute rests were taken on the return journey, and at 8 p. m. the girls reached the car line in South Austin, almost as fresh as when they started. Those making the trip were: Sue Bunsen, Audrey Burke, Audra Wakefield, Frances Beatty, Ora Lewis, Alta Heflin, Nan McAnelly, and Pauline Wherry. The chaperones were Miss Aden and Mrs. Wherry.

This hike fulfills the twenty-mile requirement for the "T-seconds" in walking. There are a few more yet to take the twenty-mile hike, and another one will be made on Saturday, April 27. The girls are very enthusiastic about the hikes, and have proved themselves good hikers.

LONGHORNS TAKE GAME FROM T. C. U WITH 7-6 SCORE

Tight Game Featured by Hitting of Hart, Falk, and English—Same Team Plays Today.

Texas took the first game with T. C. U. yesterday in the hardest fought contest of the season by a score of 7 to 6. The visitors held the Longhorns well under deck until the ninth inning, when Texas' fighting spirit came to the fore, and Captain English's home run brought in the one winning run. The support given the team in a very tight place was not of appreciable quantity, and the team might be said to have won on its own merits, and without the backing which every loyal Texas student should have given it.

An opportunity will be given the Texas rooters this afternoon to atone for their lack of interest by coming to a game with the same teams. T. C. U. is one of the strongest contenders for the State championship, and has lost only three games out of eleven played this season.

The game was featured by the heavy hitting of Hart, Falk, and English. Hart poled a double and a triple out of four times at bat, and Captain English sent a heavy blow to deep center field, which the visiting fielder was unable to find, and crossed the plate for the winning run. Collins made a spectacular play in his beautiful one-handed catch of Haire's long clout to center field. Meyers went the entire route for the Christians, while Thomas and Falk were used by Coach Disch. Neither of the Longhorn pitchers was in condition, and although both had good records for strike-outs yesterday, they were very wild at times, due to "sore whips."

Things looked good for the Texas men when they drew first blood in the first inning. Dudley English got on on the short stop's error, and went around to third on a stolen base and Beall's sacrifice hit. He scored on W. English's sacrifice fly to center field. Both sides failed to score until the fourth, when the visitors made two runs on Thomas' temporary ascension. Three men were on bases as a result of bases and being hit by the pitcher, when Raley hit safely, scoring Baker. Thomas threw the next ball over Hart's head, and Meyers scored. Hale struck out, retiring the side. In the same inning, however, the Longhorns tallied again, tying the score. McCullough walked, and scored when Hart knocked a long triple against the fence.

With the score standing 2 and 2, both sides were blanked in the fifth. In the sixth frame, however, the Christians forged ahead of the Longhorns by one tally, McKee scoring when McCullough dropped Hart's throw to catch Hale, who was trying to steal second. The visitors rang up another score in the seventh, when, with the substitution of Falk for Thomas, the T. C. U. men hit the cold pitcher hard. Two more tallies were made in the eighth. Raley walked, and Hale slammed the horse-hide over the fence.

With the score 6 to 2 against them, the Longhorns scored once in the eighth. Walter English doubled, and scored on Falk's single. Greer and McCullough struck out, retiring the side. The visitors were blanked in the ninth, and then came the time for the Longhorn come-back, in an inning which was probably the most exciting in the history of Texas baseball. Ross, hitting for Collins, was hit by the pitcher. Hart was out, and Ross advanced to second, scoring on Bolanz's double that set the small band of loyal rooters in the stands wild with joy. D. English hit opportunely through short, scoring Bolanz. Beall was out at first, advancing D. English to second. Walter English then proceeded to blow up the T. C. U. hopes by a long hit to center field, scoring both himself and his brother.

Score by innings:
T. C. U.000 201 120—6
Texas100 100 014—7

THE FOURTH CAMP.

The task of selecting twenty men students for the fourth officers' training camp will be no small one if all the requirements are essential. Besides passing the physical examinations, the men must have credit for one year's military training, and must meet several other demands.

If a candidate can fill the bill and lives on the pay of a first class private, passes through the camp successfully, and waits until a commission is vacated, he will be given a second lieutenantcy.

Here's advancing the prediction that Varsity men will make a showing in the camp of which the school may well be proud.

REMEMBER THE EXAM.

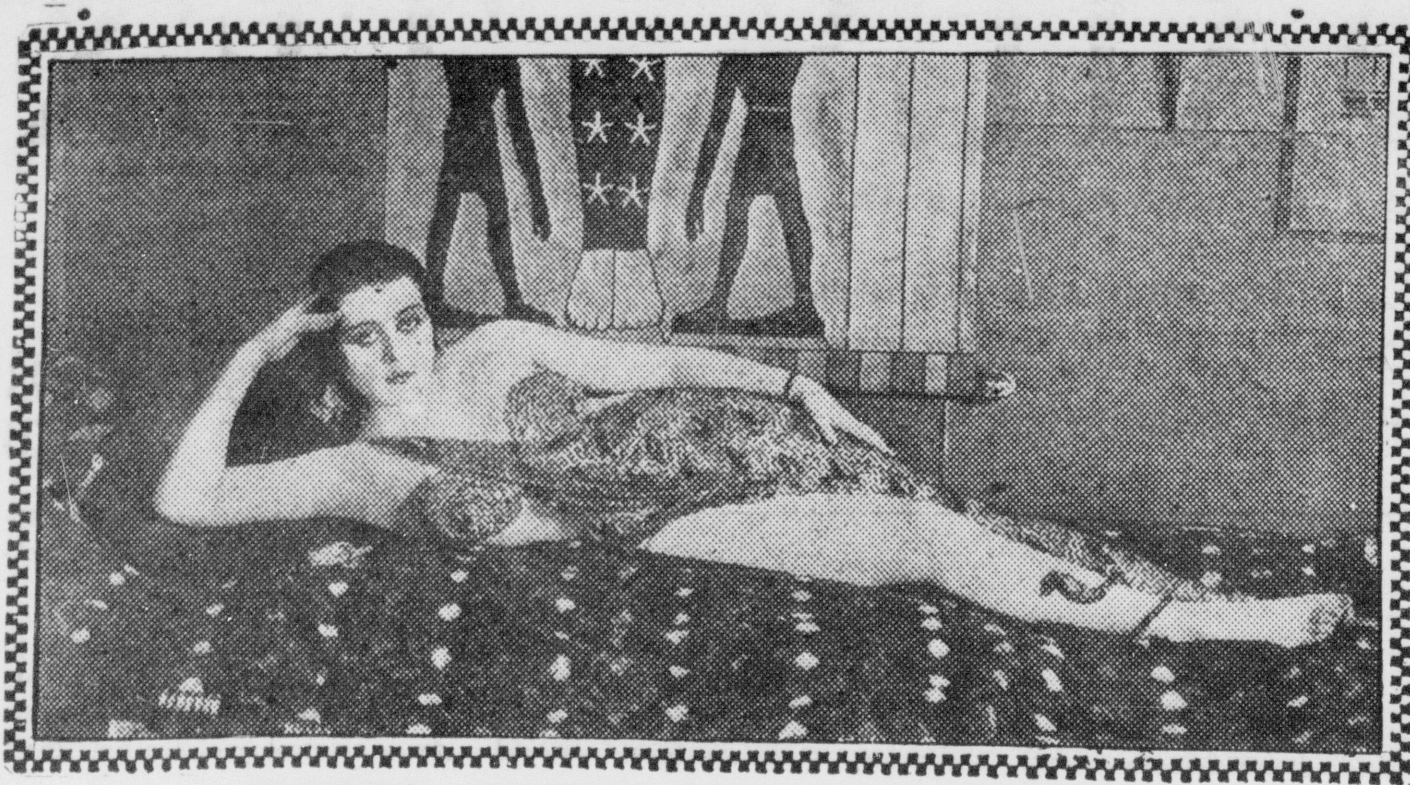

Attention of all prospective cadets is called to the fact that physical exams for the summer campers will be held this morning, beginning at 8 o'clock. Measurements for uniforms will be taken at the same time. You will be excused from your class at the specified hour; so let nothing hinder your being at the gym on time.

Bishop McConnell will speak at Chapel this morning at 8:40 and again tonight at the Methodist Church at 7:15. Ask anyone who heard him last night and then take the proffered advice. Here is a man just back from France, a man who is big enough to be recognized throughout the nation and the world. Missing the opportunity of hearing him speak will be regretted after he has left the University.

Following the advertisement which appeared in a local paper Sunday morning—the one that offered fifty cents each for three copies of the current Blunderbuss—someone walked right into the office of ye ed and stole his desk copy. Oh, that it would act like a cat and come back.

And now we learn what the committee means by "open" dancing. Over at the woman's gym Tuesday night there was no door-keepers and everybody that had nerve enough could pass the threshold without being questioned. Just how the German Club can continue with their weekly affairs under this plan is a question that involves too much discussion and far too much gray matter.

In losing J. E. Treleven the University of Texas gives a man of real ability to the Government. Mr. Treleven, during his several years at the University, has made many friends and has

THEDA BARA AS CLEOPATRA

At the Hancock Monday, Tuesday, Wednesday, Matinee & Night

taken an unusual interest in not only his particular line of work, but in outside activities. The United Publications Board loses a valuable member and a spirited advocate of strict business methods.

These nights—oh, these nights—breathes there a man with soul so dead who ne'er to himself hath said, "By gum, I'm just not going to bed."

CHAPEL NOTICE.

At last Bishop McConnell has come and we are ready to give him a warm welcome. His talk at Chapel yesterday won him many friends, and it is expected that the room will be full this morning. The singing will begin at 8:35, so that he may be in speaking at 8:40. Those who come early are asked to sit on the far side of the room to make place for the late comers; it would be better if no one came late. He spoke yesterday about the four types of soldiers he found in France. 1. Those who assumed that the worst would happen and were prepared for it; men who are not in the mood for victory, though they do their duty. 2. The man who believes in his luck, so that he goes recklessly into battle. 3. The fatalist, whose motto is "Go forward and take what comes." 4. Those who are not concerned with themselves, but in a Christian sense, are in the war for the good of the cause. These are the people who are going to win the war, because they love man and the program of Christ, and believe that nothing can separate them from the love of God, which in Christ Jesus.

CUNNINGHAM TO LECTURE.

Dr. C. H. Cunningham, instructor in Latin-American History, is to deliver a series of lectures, beginning Sunday morning, April 28, to the members of the Liberal Sunday School. These lectures will deal with the animistic background of Oriental religions, with a view particularly to religions in China. This will be followed with a discussion of Taoism, Confucianism, Buddhism, and Shintoism in Japan, with something of the missionary situation in the far East.

The University community is sufficiently well acquainted with the quality of Dr. Cunningham's lectures to know that this series will be both interesting and instructive. Having traveled extensively in the countries of the Orient, Dr. Cunningham will be able to speak from personal observation and experience.

The class meets at the Cactus Tea Room at 10 o'clock a. m. All students are cordially invited to attend.

BOOKS

I have for sale a library of law books, 86 volumes S. W. Reporter, several volumes each, Encyclopedia of Procedure and Evidence, and other books. All new. Will sell very low if bought by May 1st, or before.

E. G. WINSTON
Smithville, Texas.

RED CROSS NEWS

Jesse Mary Hill, Editor.

"The Bureau of Supplies is constantly receiving acknowledgements from the Section of Donations, American Red Cross, Paris, telling us of the safe arrival of our many cases of surgical dressings and hospital garments. These letters have all stated that the contents have been received in splendid condition and are most welcome. They are being put to immediate use in the various base hospitals in proximity to the battle line."

HORACE M. SWOPE,

"Director, Bureau of Supplies."

The above paragraph from Mr. Swope's open letter to all chapters that the supplies being made now are coming into immediate use as soon as they can be shipped. Only a certain percent of the dressings are being kept in reserve. The woman who helps in a Red Cross work room is giving direct aid to her Government and the soldiers "Over There."

The faculty ladies in charge of the "A" Hall work room are very proud of the record that has been made during the last few weeks; 4500 of the 6000 wipes necessary to fill the large shipping box have been completed and it is hoped to finish the others in a very short time. The completion of this box of wipes will be an achievement worth while for the University branch, for previous to this time all work has been turned in to down-town headquarters in small amounts.

Mrs. Tyler, Mrs. Carothers, and Miss Bailey were in charge of the work yesterday morning, and 114 wipes were completed. The following girls have registered from Tuesday until Wednesday noon:

Pearle Poole Grace Wilmoth
Vera Spears George Stroud
Nellie Hall Ruth Chumney

UNIVERSITY OF TEXAS SUMMER SCHOOL

JUNE 12 TO AUGUST 31, 1918

Two complete Terms—June 12 to July 24 and July 24 to Aug. 31. Summer Normal June 12 to July 25. Registration fee \$5.00 for one or both terms. Courses in all college subjects—Courses in Law, courses in Architecture, courses leading to B. A., M. A., and Ph. D. degrees. Degrees conferred at close of second summer term. Write for catalogue.

COLLEGE NOTES

Luicien Crockett.
Pauline Wherry.

Purdue Engineering Camp.

Preparations are now under way for the Civil Engineering camp for surveying to be held for the Junior and Sophomore classes of Purdue University. Attendance on this camp is required of all men expecting to obtain degrees. About 55 men are expected to attend this camp for a period of six weeks, from June 8 to July 20.

Women Athletes Convene.

Uniform war work for women athletic associations was one of the chief topics at the second annual National Conference of Women Athletes held at the University of Chicago on April 12 and 13. Representatives from 19 Western and 7 Eastern colleges attended this convention. More than 50 Wisconsin women were present. This movement was inaugurated last year at a meeting at Wisconsin University with the purpose of bringing together women athletes of the West.

Private Peat at Minnesota.

Private Peat the author-hero of the famous book of that name, is speaking in the country in the interest of the Liberty Loan. On Saturday last he spoke to the students of the University of Minnesota and was given a rousing welcome. Everywhere his speeches depict in such reality the scenes of the Eastern front.

Arkansas Women Debaters.

The Home Economics Club of the University of Arkansas includes debating on the program. At a recent meeting the girls discussed the proposition, "Resolved, That chemistry is more essential to a Home Economics course than physics."

Co-Eds Do Clerical Work.

Two hundred women students of Columbia have volunteered their services for clerical work in a survey of the food situation in New York City. The City of New York has undertaken the task of getting a weekly inventory of the food staples on hand. The plan is to organize food distribution as well as food conservation, and to see what standard foods are running low. The two hundred women from Teachers' College are to give a certain number of hours weekly to do the filing, recording and writing necessary for the undertaking.

Liberty Loan Club.

The Princetonian classes are buying Liberty Loan Bonds as an extra-curriculum activity, and announces membership to the Liberty Loan Club open to every student.

Indoor Track at Illinois.

The women of the University of Illinois recently witnessed a women's indoor track meet. The meet consisted of more than one hundred contestants in all the sports and parts of the track meet. Out of the hundred four individual contestants won prizes for the highest credits.

SOCIETY

Laura Davis, Editor.

Moise Ratcliffe and Wallace Masters spent last week-end in Sprinkle. Miss Hortense Zoeller has returned from San Antonio, where she went to attend the wedding of her sister, Miss Barbara Zoeller, to Lieut Harry Wallace.

Mrs. W. H. Rhea has returned to her home in Dallas, after a visit at the Theta House and in the home of Mr. and Mrs. Robert E. Vinson.

Miss Mildred Herron has returned from a short visit in San Antonio.

Lieut Dan Cook of Camp Stanley has been a University visitor for several days.

Miss Virginia Rootes of Elgin will spend the week-end with her sister, Miss Helen Rootes.

Leslie Stringer has returned from a visit in Wichita Falls.

Miss Lois Smyth of Waco, who has been visiting Miss Flora Edmond, has returned to her home.

Fred Adams of Camp Stanley will spend the week-end with University friends.

Miss Nellie Robertson, who was operated on Saturday for appendicitis, is reported as doing nicely.

Capt. and Mrs. Jube Partin, after a brief visit with University friends, have gone to South Carolina, where Capt. Partin has been stationed.

Miss Rebecca Ball of Houston is visiting at the Pi Phi House, the guest of Miss Gladys Martin.

Steve Latner and Gordon Conley spent Wednesday in Taylor visiting friends.

Miss Virginia Hubbard, who has been a guest of Miss Virginia Tomlinson at the Chi Omega House, has returned to her home in Weimer.

Jim Jennings has returned from a visit in Dallas.

Miss Lee Wolflin, who has been ill with dengue fever, is now able to attend classes.

John B. Hemphill has gone to San Angelo for a brief visit with his parents prior to entering the army.

Miss Bessie Belle Tips, who has been visiting at the Zeta House, has returned to Seguin.

Miss Emily Rice will spend the week-end in San Antonio.

Misses Helen Rootes and Willie Mae Cook have returned from a short visit in Elgin.

Miss Betty Allison of Taylor has returned to her home in Taylor, after a visit with Miss Jean Lockwood.

Misses Maybelle and Anna Stanfield have returned from a visit in San Antonio.

Miss Helen White, who has been visiting in San Antonio, has re-entered the University.

Lieut. Roy Hawk of Camp Travis is visiting at the Kappa Sigma House.

Misses Margaret Sleeper and Helen Taylor are visiting Miss Pearl Zilker in San Antonio.

Beta Theta Pi announces the initiation of John B. Hemphill of San Angelo.

Miss Margaret Southerland has returned from a visit to her home in San Antonio.

Bryan Gouger of A & M spent Monday and Tuesday at the Delta Sigma Phi House.

Harold Hill has returned from a visit to his home in San Antonio.

"THE WILD ROSE"

Attraction at Hancock This Week.

"The Wild Rose," a comic opera in two acts, will be produced tonight at the Hancock Opera House by the pupils of St. Mary's Academy. Miss Bessie Calloway, whose singing has elicited much favorable comment in the musical circles of Austin, will sing the leading role. She will be supported by a very able and attractive cast of 150 girls.

Nobody in Austin can afford to miss the "Wild Rose" to be staged in the Hancock Opera House for the benefit of the Knights of Columbus war camp fund Thursday, April 25.

"Anyone who does not attend 'The Wild Rose' is going to miss one of the real dramatic treats of the year," said Col. George Walker, after attending one of the rehearsals the other day. The young ladies sing and dance as well as any professional company that has been seen in Austin for some time.

A special feature of the program is the beautiful "Wild Rose Dance" by the small girls of the Academy. These little ladies have been perfectly drilled and give promise of winning the approval of the audience.

The Knights of Columbus war camp fund is to provide recreational centers for the military camps and has been most highly recommended by President Wilson and Secretary Baker as an object worthy of the support of all patriotic Americans.

FACE the FACTS

LET us face the facts. The war situation is critical. Unless the Allies fight as they never yet have fought, defeat threatens. Hungry men cannot fight at their best; nor hungry nations. France, England, and Italy are going hungry unless we feed them.

Wheat Savings—They must have wheat. It is the best food to fight on. It is the easiest to ship. We alone can spare it to them. By saving just a little—less than a quarter of what we ate last year—we can support those who are fighting our battles. And we can do it without stinting ourselves. We have only to substitute another food just as good.

The Corn of Plenty—Corn is that food. There's a surplus of it. Providence has been generous in the hour of our need. It has given us corn in such bounty as was never known before. Tons of corn. Trainloads of corn. Five hundred million bushels over and above our regular needs. All we have to do is to learn to appreciate it. Was ever patriotic duty made so easy? And so clear?

America's Own Food—Corn! It is the true American food. The Indians, hardiest of races, lived on it. Our forefathers adopted the diet and conquered a continent. For a great section of our country it has long been the staff of life. How well the South fought on it, history tells. Now it can help America win a world war.

Learn Something—Corn! It isn't one food. It's a dozen. It's a cereal. It's a vegetable. It's a bread. It's a dessert. It's nutritious; more food value in it, dollar for dollar, than meat or eggs or most other vegetables. It's good to eat; how good you don't know until you've had corn-bread properly cooked. Best of all, it's plentiful and it's patriotic.

Corn's Infinite Variety—How much do you know about corn? About how good it is? About the many delicious ways of cooking it? And what you miss by not knowing more about it? Here are a few of its uses:

There are at least fifty ways to use corn meal to make good dishes for dinner, supper, lunch or breakfast. Here are some suggestions:

HOT BREADS

Boston brown bread.
Hoecake.
Muffins.
Biscuits.
Griddle cakes.
Waffles.

DESSERTS

Corn-meal molasses cake.
Apple corn bread.
Dumplings.
Gingerbread.
Fruit gems.

HEARTY DISHES

Corn-meal croquettes. Corn-meal fish balls.
Meat and corn-meal dumplings.
Italian polenta. Tamales.
The recipes are in Farmers' Bulletin 565, "Corn Meal as a Food and Ways of Using It," free from the Department of Agriculture.

OFFICIAL NOTICES

SENIOR MEN who have made application for appointment to the fourth Officers' Training School are hereby informed that the matter of eligibility of men of the University, who have taken the course in military training given here, will be taken up with the proper authorities by President Vinson.

HISTORY 46—I will be unable to meet the class Friday. C. H. Cunningham.

FAMOUS EDUCATOR
TO LECTURE HERE
TOMORROW NIGHT

The students of the University and the people of Austin will have a rare treat in hearing Dr. Paul Whitfield Horne lecture Friday evening on "Members, One of Another; How the School Is Related to Society." Dr. Horne is one of the biggest educators

in the South, and has been recognized as a man of rare ability throughout the country. He was the man chosen by the authorities of the Portland schools of Portland, Oregon, to make a survey of the school system of that city. He has been connected with important educational movements in Boston, Mass., and in Nashville, Tennessee. For the past several years, Mr. Horne has been superintendent of the city schools of Houston, Texas. The lecture which Mr. Horne will give here Friday night will be of educational interest in its broadest sense; not strictly pedagogical. The lecture will be given at the auditorium of the Y. M. C. A. on Friday evening at 8:15.

CAMP MABRY GETS
BRICK BUILDINGS
FOR RADIO SCHOOL

Although the Government is naturally rather quiet about the work being carried on at Camp Mabry, the work on the new Radio Mechanics School,

which is to hold about 3000 men, is reported as progressing exceedingly well. The plan is to build twelve brick structures for the cantonment, one barrack of which will be finished by May 1—a record in construction. Two shifts of workmen are working night and day to finish this integral part of the University's war operations.

Professor Bantel of the Engineering Department is intimately connected with the building of this cantonment, which is to play such a vital part in the nation's war efforts. Camp Mabry is the State training camp for the National Guard in times of peace, and it is proposed to use it partly for the training of the new cavalry regiments this summer which are being organized over the State, and in which several University students have received commissions. The Mechanics School, however, will probably be in operation before that time.

MIKESSELL TO TALK.

Will Give Address Before Ramshorn at Next Meeting

On Tuesday night of next week the Ramshorns will hold a well planned meeting, in addition to the regular program, the members will be favored with a talk from Mr. Mikesell.

A committee has in charge planned a diversion which is called, the "Goat Roping," which takes place annually. The society is gaining strength, and by next year it is hoped that the society will be strong from the beginning.

The meetings are held every Tuesday night in room 111 of the Engineering Building.

FAMOUS PAULISTS
WILL SING HERE

(Continued from page 1.)

Besides enjoying the music of this magnificent choir, those who attend will be aiding a very worthy cause. The money made on the trip will be used for the rehabilitation of France after the war, a cause that is near to the heart of all educated people.

In order to keep expenses as low as possible, for those connected with the conduct of such a choir would naturally be enormous, the boys are billeted in the private homes of the citizens of the city they visit. This

Why the Gillette Is Especially the Soldier's Razor

THERE isn't a harder shaving job on earth than the service demanded of the Gillette by the fighting man.

Under the very worst possible conditions of climate—with cold or hard water—on sun-burned or wind-chapped faces—the Gillette is called upon for its solid-comfort, velvet-smooth shave. And delivers it.

There are more Gillettes used than all other kinds of razors added together—the compact, complete razor with no straps or hones to clutter up the kit.

Hundreds of thousands of officers and men have adopted the Gillette—with its blades always sharp, always ready. No Stropping, No Honing.

Have You Seen the New Gillettes
Specially Designed for the Fighting Man?

THESE models were designed by members of the Gillette Organization who have seen service with the Colors and know what the soldier is up against.

Hundreds of officers and men are buying them—the U. S. Service Set in metal case, and the new Khaki-covered sets for Uncle Sam's soldiers and officers.

The Gillette is the one razor for the man who is doing things—the one razor with world-wide use and reputation.

When a man wants new Blades he can get them at any Post Exchange or Y. M. C. A. Hut—here in America or Overseas.

Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and the Eastern battle fronts.
