

Athens, 27 Novem. 1968.

Honourable Mr. Bennett!

I send to you, my article
« Final ^{positive} ~~conclusions~~ from my study of Li-
near $\mathbb{B}$ ».

In this article, I have written
the positive points of my work on Li-
near $\mathbb{B}$. (Positive signs, positive translations).

If it is able to you, please, pu-
blish it in «NESTOR» or in any other
journal.

With many greetings.

An. Metaxas.

P.S. In this reading, I use, besides, and
the "stixis"!...
