## UNIVERSITY OF TEXAS BULLETINS FOR 1927

List With Index

University of Texas  
Publications

PUBLISHED BY THE UNIVERSITY FOUR TIMES A MONTH, AND ENTERED AS  
SECOND-CLASS MATTER AT THE POSTOFFICE AT AUSTIN, TEXAS,  
UNDER THE ACT OF AUGUST 24, 1912

The benefits of education and of useful knowledge, generally diffused through a community, are essential to the preservation of a free government.

Sam Houston

Cultivated mind is the guardian genius of democracy. . . . It is the only dictator that freemen acknowledge and the only security that freemen desire.

Mirabeau B. Lamar

## EXPLANATION

The University bulletins are so numbered that the first two digits of the number show the year of issue, the last two the position in the yearly series. For example, 2701 is the first bulletin of the year 1927. These comprise the official publications of the University, publications on humanistic and scientific subjects, and bulletins prepared from time to time by various divisions of the University.

Any bulletin will be sent to a citizen of Texas free of charge, unless its number is preceded by a dagger in this list. A nominal charge is made for all bulletins sent out of the State except for catalogues, etc., and except for bulletins sent to an institution on the exchange list of the University of Texas. Money for these bulletins must be sent with the order, as it has been found impracticable to send bulletins on account.

The omission of a number from its place in the consecutive order indicates that the number has not been used. The following serial numbers have not been used for 1927:

2707

2708

2709

2715

The following bureaus and divisions distribute bulletins issued by them; communications concerning bulletins in these fields should be addressed to the University of Texas, Austin, Texas, care of the bureau or division issuing the bulletin: Bureau of Business Research, Bureau of Economic Geology, Bureau of Engineering Research, Inter-scholastic League Bureau, and Division of Extension. Communications concerning all other publications of the University should be addressed to University Publications, University of Texas, Austin, Texas.

The sales price listed applies to orders from without the State of Texas unless the bulletin number is preceded by a dagger (†), in which case the price is charged both within and without the State.
