ALTERING SUPPLEMENTARY PENSION BOOKS

15,000,000 STAMPS TO SHOW INCREASES

More than 15,000,000 small stamps are now being attached to supplementary pension books to indicate the increased weekly allowances - amounting to £9,250,000 a year - which are to be paid after August 17.

Supplementary pensioners were asked in a letter from the Assistance Board last week-end to send their books for alteration as soon as they had drawn their week's pension. Several hundred thousand books have already been returned. Those supplementary pensioners who received the letter from the Assistance Board and have not sent back their books should do so at once.
