AUSTIN, TEXAS, SUNDAY MORNING, MAY 22, 1921

NO. 190

DISTRIBUTION OF YEAR BOOK WILL OPEN TOMORROW

Many New Ideas Are Incorporated Into Cactus This Year, Says Editor

Bennett L. Woolley business manager of the Cactus has announced at the final shipment of the 1921 Cactus reached Austin Saturday afternoon, and that the books will be ready for distribution Monday afternoon. Distribution will be begun on Sunday at 2 p. m. at the Cactus office, room 146, Main Building.

"Of course I think that this year's Cactus is the best that has ever been produced," said Wendell Mayes, editor-in-chief of the yearbook yesterday. "Members of the staff have a habit of thinking that before the book comes out. But I really believe that we have been able to incorporate more new ideas into the book this year than usual."

Staff Worked Hard

"The entire staff has worked unusually hard all year, and as a result every section shows a decided improvement over the sections of previous years. Probably the most radical change over the customary method of presentation is found in the senior section, where the panel on the side of the page has given place to a new and original arrangement of the pictures across the top of the page, with the write-ups underneath. A blue tint, thrown behind the whole, adds much to the appearance of the finished page."

Largest Grind Section

"The largest grind section ever printed in a Cactus adds quite a bit to the interest of the annual. None of the campus gossip has been overlooked, and few of the notables have escaped publicity in this section. And, of course, there are the beauties."

Has Elaborate Cover

In mechanical makeup and artistic value the book has never been bettered, according to the editor. A "built" cover—the most elaborate and artistic cover manufactured for college annuals, will be used on the Cactus this year for the first time. The design will be raised and in colors.

Division Sheets Are Artistic

The division sheets are the work of process capable of reproducing the speed in color process engraving—process capable of reproducing the most minute details of coloring, and one which has never before been employed in Cactus work.

Engravers Enthusiastic

Hugh Stephens Printing Company of Jefferson City, Missouri, and Southwestern Engraving Company of Fort Worth, the two firms who have handled the Cactus work this year, are enthusiastic about the book. A letter from the printers states that the Cactus this year is undoubtedly the best one ever produced, and will be the best one ever seen on your campus."

The Southwestern Engraving Co. were so pleased with the final appearance of the completed book that they have ordered 25 copies to use as advertising purposes, and to show prospective customers the character of work they are capable of turning out.

The books are at present in storage at the M. K. & T. freight depot, and will be moved to the Cactus office in time for their distribution Monday afternoon at 2 o'clock.

UNIVERSITY BUDGET WILL BE DISCUSSED

Consideration of the tentative budget of the University of Texas for the ensuing two fiscal years will be taken up at a special meeting of the Board of Regents of that institution which is to be held here next Tuesday, May 24.

At this meeting the three new members of the board, Mrs. H. J. O'Hair of Coleman, Frank C. Jones of Houston, and H. H. Harrington of Dallas, are expected to be present.

These recently appointed regents take the places of J. A. Kemp of Wichita Falls, W. R. Brents of Sherman, and E. H. Perry of Austin, whose terms had expired.

KANE KLUB WILL HOLD INITIATION TUESDAY

Members of Both June and August Classes of 1922 Will Be Admitted

Kane Klub, official secret society for senior men, will hold its annual initiation ceremonies Tuesday evening at 7:30 in the auditorium of the University Y. M. C. A. according to H. R. Cox, King of the Kane, for the present academic year. All junior men, including those who will be candidates for degrees in June and in August, are expected to attend this meeting.

In addition to the initiation of the new members the club will elect officers for the coming year. The principal offices to be filled are King of the Kane; Custodian of the Kane; and the several other officers of the club, whose exact positions are not known on account of the extremely secret nature of the club, will also be chosen.

The Kane Klub was organized some five years ago in the University and at present is the only organization in the school which includes all men who are members of the senior class. It serves the double purpose of promoting fellowship among its members and of enforcing the various regulations which automatically devolve upon senior men. The official senior uniform of Clay collars and canes is only one of the common problems which are solved by the united intellects of the Knights of the Kane.

On account of the fact that there are no initiation fees and no burdensome obligations it is hoped that all members of the junior class who expect to take degrees in the coming year will be present Tuesday evening.

Tennis Finals Are Postponed Because of Recent Accident

Finals in both the interfraternity and departmental tennis have been postponed on account of an accident which happened to one of the players in an interfraternity game.

Frank S. Estill of Huntsville injured his ankle in a game Friday in which the Delta Tau Delta fraternity was playing the Sigma Alpha Epsilon. The latter fraternity, which had won one set in the series, agreed to postpone the game in order that Estill could play.

Estill is also one of the players in the departmental finals in tennis, representing with Storey the Business Administration Department.

Vickery and Wikes representing the Law Department agreed to postpone the finals in inter-departmental tennis until Estill is able to play.

Consequently the finals in this department will be played some day next week, and the winners of the match between the Delta Tau Deltas and Sigma Alpha Epsilon will play the Delta Sigma Phi for the championship.

JAMES HOGG CHAIR TO BE ESTABLISHED HERE

Now that the State Federation of Labor at its annual convention in Galveston has given its official endorsement to the proposition of raising a fund of \$100,000 for the endowment of a chair at the University in memory of the late Governor James S. Hogg, it is stated that immediate steps will be taken to raise this sum.

According to Chris Callan of Austin, who originated the idea, the entire sum will be raised in short order. The state is to be well organized for the purpose.

The fact that Governor Hogg began life as a printer in a country newspaper office causes the typographical fraternity and the labor element generally of the state to be in hearty sympathy with the movement to honor his memory in the manner proposed.

It is not known at this time what the nature of the prospective new chair in the University will be. This is a matter that will be left to the good judgment of the Board of Regents, it is stated.

Austin High School Track Men to Enter Big National Meet

Students of Austin High School are raising a fund with which to send Preston Stanford and Mac Keeble, the two crack hurdle men of the high school, to the United States Interscholastic Meet which is to be held at Chicago on the 28th of May.

Stanford won first place in both the 120-yard low hurdles and the 220-yard low hurdles in the Texas Interscholastic League Meet, defeating Wilson of Dallas in both events.

It will be remembered that Wilson took first in both these events last year. He is to be sent in order that he may compete in the javelin throw. He threw the javelin a distance of 170 feet 1 inch at College Station in the track meet there.

Keeble is to be sent mainly in order that he may compete in the 120-yard high hurdles, in which he had a record of 16 2-5 seconds. He also runs in the low hurdles, having made second in the Interscholastic Meet this year.

STUDENTS TO VISIT ITALY NEXT SUMMER

Contributions to Fund for Dante Wreath Will Be Solicited

Next summer under the auspices of the Italy America Society and the Institute of International Education there will visit Italy several hundred American students in care of a number of American professors. They will visit not only the places of interest to the general traveler but several of the universities. The visit has been undertaken this year because it is the six hundredth anniversary of the death of Dante, an event which will be celebrated in educational circles throughout the world.

As an incident to the visit, it is the intention of the committee in charge to place a suitably inscribed bronze wreath upon the tomb of Dante at Ravenna, as a tribute from the students and colleges of America. It is especially desired that the funds for the wreath come from as large a representation of American students as possible. The list of institutions sending contributions will be deposited with the Ministry of Public Instructions at Rome and also at the tomb of Dante.

Miss Casis is very anxious that the University of Texas make a definite move toward making some contribution to the wreath which is to be placed on the tomb of Dante. On Monday and Tuesday of this week at the table in the corridor of the Main Building, there will be given an opportunity to the students and faculty to make a contribution toward this memorial. Any contribution will be accepted and it is as representative of the University of Texas that this fund will be sent.

The cast for the first play includes Misses Katherine Wheatley, Lucy Wooten, Josephine Theis, Harriet Belger, and Ruth King, Mrs. Etta Hall Merrill, Messrs. Pettway and Edward Seay.

On the cast for the second play are Mrs. Raymond Everett, Mrs. Howard M. Jones, and Chauncey Samuel Boucher.

Those who will play roles in the third play are James Hamilton, Allan Shields, Ben Smith, and Miss Jane Jackson.

VARSITY TENNIS STARS CONTINUE SPRING MATCHES

Tournaments Between Members of Squad Reveal Good Tennis Material

Three doubles, matches and one singles match were played yesterday in the Varsity tennis tournament, the results running true to form. Granger and Drumwright won from King and Smith with the loss of three games, the score being 6-2, 6-1. Brown and Spivey met a pair of tarts in Dunlap and Seurlock, the latter playing for Bludworth who was out of town.

The best the squad men could do against the other team was 6-3, 6-4. The match was long and uninteresting. In the other doubles game Chandler and White defeated Alderson and Hilliard 6-3, 6-3.

There was some good tennis, though Alderson was handicapped by having to play with two different rackets, neither of them his own.

The only singles match was between Gregory and McCullough. Mac gave a good account of himself. With practice he would make several of the squad men look to their laurels. The score was 6-3, 6-2.

Weather permitting, both singles and doubles will be brought up to the finals by Monday night. In the singles Granger will play Brown in one semi-final and Gregory will play the winner of the Spivey-White match. In the doubles Chandler and White play Gregory and Taber in one-half and Woodhead and Streeter play the winner of the Granger and Drumwright-Spivey and Brown match.

Casts for One-Act Plays to Be Given Soon Are Selected

Professor Howard M. Jones, director of the Austin Community Players, has selected a group of three one-act plays for the initial program at K. C. Hall on the evening of June 3. These plays, "Neighbors," by Zona Gale; "Suppressed Desires," by Susan Glaspell and George Cram Cook; and "The Course of True Love," by Milton Ling.

The cast for the first play includes Misses Katherine Wheatley, Lucy Wooten, Josephine Theis, Harriet Belger, and Ruth King, Mrs. Etta Hall Merrill, Messrs. Pettway and Edward Seay.

On the cast for the second play are Mrs. Raymond Everett, Mrs. Howard M. Jones, and Chauncey Samuel Boucher.

Those who will play roles in the third play are James Hamilton, Allan Shields, Ben Smith, and Miss Jane Jackson.

Fort Worth High Wins State Baseball Title From Bartlett School

Fort Worth High School defeated Bartlett High on the latter's home grounds Friday by a score of 3 to 0 in a game that settled the state championship. Coach Wm. J. Disch of the Longhorns attended the game.

Coach Disch says that 3000 fans watched McCulloch of Fort Worth and Coleman of Bartlett engage in a beautiful pitcher's duel. Witherspoon the Panther shortstop, and his teammates, Second Baseman Kibbe, featured by their spectacular fielding.

The Bartlett nine, according to Coach Disch, was materially handicapped due to the loss of a couple of regular infielders on account of injuries.

Coach Moore of Bartlett handled his players in a creditable manner, says the Longhorn mentor.

PRE-MED AND CO-OP NINES PLAY TO TIE

Trotter and McCollum Wage Pitchers' Battle Five Innings to Tie

In five innings of air tight baseball on Clark Field Saturday afternoon the Pre-Med and Co-op nines battled to a scoreless tie. The feature of the contest was the stellar twirling of McCollum for the Pre-Medics and Trotter for the Co-op aggregation.

To Selig of the physicians' team went the distinction of being the only willow welder to wallop safely the pill for a hit. Two sensational catches one by the pre-doctor catcher and the other by Dailey of the theme pad salesmen featured the classic.

After five strenuous innings the pre-meds withdrew from the field to take refuge in a chem. rally. Ed. Rather, manager of the little less than cost establishment was suffering from a defective eye, which, however, did not affect his batting average.

Batteries for the game were as follows, for the Pre-Medics, McCollum and Bright; for the Co-op, Trotter and Gregory.

MISS JOHNSON TO APPEAR IN RECITAL

Miss Walden Johnson, fourteen-year-old violinist, will present a recital at the Allan High School Auditorium Friday, May 27 at 8:15 p. m.

Miss Johnson has been given a scholarship by the Cincinnati Conservatory of Music. Her violin is the gift of Dr. Goodall Wooten, and was given to her in appreciation of her unusual talent. It is a De Salo model (Old Italian) and is 361 years old. The scholarship was given to her by the violinist, Arthur Saft.

WOMAN REGENT SPEAKS TO UNIVERSITY GIRLS

Mrs. H. J. O'Hair Delivers Message of Altruism to Girls

Mrs. H. J. O'Hair of Coleman who was recently appointed regent of the University of Texas, was the dinner guest of University girls at the Woman's Building this week. In responding to the greeting and presentation of flowers by Miss Keith Coppage, Mrs. O'Hair said:

"I appreciate fully the responsibility of my position in this pioneer field for women, but I consider it a happy omen of my future association with the girls that I was with two of them at the meeting of the Texas Woman's Press Association in Houston when the news of my appointment was received."

"My message to the University girls is one of altruism, for I have recently returned from traveling in China, where every large institution of learning sponsors a smaller school. I am a farmer, and I hope to sow this seed of altruism in the hearts of the girls. My cordial reception here assures me that I may work through this body of Woman's Building girls as a nucleus in reaching the University girls as a whole."

INDOOR BASEBALL STARTS

Physical training for freshmen will be terminated for the year with the playing off of the indoor baseball games next week. Games will begin Monday, May 23 and last through until May 28. Nine games will be played, and the names of the winners will be placed on a shield and hung in the men's gymnasium.

Date for Opening of New University Radio Station Is Postponed

According to the latest report, the University Radio Station, which was scheduled to open yesterday, will not be ready for use until the early part of next week. The operators state that the station was unable to begin operation yesterday, but that work is being carried on rapidly and the completion is expected in a few days.

The wireless is north of K. Hall and the poles are 110 feet apart. News reports will be received at the station for the Texan, but for no other newspapers. The station is under the control of the physics department.

Final trials will be made when the station is ready for use, and it is expected that messages may be sent to and received from all parts of the United States on the apparatus.

LIBRARY STACK PERMIT PRIVILEGE IS ABUSED

Permits admitting students of the University to the stack rooms of the library are granted "upon representation of the instructor that the work of the student can best be accomplished by direct access to the shelves." After being signed by the instructor and presented to the librarian, the permits are placed on file at the loan desks. They are issued for a limited period, the length of the college term, and must be renewed upon the expiration of this term if continued access to the stacks is desired.

Theoretically, the stack permits are given to students who are doing work that requires research. The responsibility as to what students belong in this class is left with the instructors who sign the permits. However, the privilege has been greatly abused according to the librarian, J. E. Goodwin, and the assistants in charge, and so many permits have been issued to students that the spaces in the stack rooms are generally filled. As a result, little chance has been left for members of the faculty to use the stack space.

According to the terms to which the bearer of the permit subscribes, the permit does not confer the right to make the stack room a general headquarters for study. It also reads: "Studying together or talking out loud are among causes for which the permit may be withdrawn."

JOE WARD WINS FIRST PLACE IN TRACK CONTESTS

Bellmont Cup Goes to Fort Worth Athlete; Sapp Wins Second Place

Joe Ward, of Fort Worth, star performer on the Freshman football, basketball and track teams, won the Belmont Cup yesterday and with it the distinction of being the all-round champion athlete of the University.

High Records Made

The meet, which started at 2:30, was featured by many high records, the best being the 75-yard dash, the 75-yard low hurdles and the high jump in which the winners came nearer the record than in any other events. Dennis did creditable work in putting the shot 38 feet 11 inches, but the record was unusually high in that event and he received only 603 points.

Western Association Plan Used

The meet was run on the plans of the Western Athletic Association, the records being taken from that association. The records counted as 1000 points and each point less than this record counted off so many points, according to the event.

Ward Wins No Firsts

Joe Ward won a total of 5056 points. He won no first places, but was consistent in all events and consequently came out winner. In the 75-yard dash he won 700 points, making that event in 8 4-5 seconds. In the 75-yard low hurdles he made 750 points with a time of 10 seconds. He won 700 points in the high jump, with a height of 5 feet 6 inches. His other records were: shot put, distance 37 feet, points 519; pole vault, height 8 feet 6 inches, points 196; broad jump, distance 18 feet 11 inches, points 530; 880-yard run, time 2 minutes 16 3-5 seconds, points 661.

Sapp Gets Three Firsts

Raleigh H. Sapp of Rosebud surprised many by taking three first places and winning second place in the meet with a total of 3894 points. He took first in the 75-yard dash, winning it in 8 seconds which is just two-fifths of a second more than the record. In the high jump he took first place with a height of 5 feet 11 1-2 inches, and in the broad jump, distance of 20 feet 2 inches.

Leissner Is Third

Ferdinand F. Leissner of Davy came third with a total of 3879 points. He won no first places but did consistent work. He pole vaulted a height of 10 feet 3 inches, and making several other creditable records. He lost out in the 880-yard run in which he made very few points.

Robertson First in Vault

Fifth place was won by Frank Robertson of Sweetwater who made 3738 points and won two first places. He won the 75-yard low hurdles coming within two-fifths of a second of the record, which is 8 4-5 seconds. He also won first place in the pole vault making a height of 10 feet 6 inches.

Other High Point Men

Other high point men are: Tom Dennis, sixth place, 3705 points; George Pendergrass, seventh, 3608 points; Hicks Allen, eighth, 3314 points; Jack Sledge, ninth, 2916 points; C. D. Youngblood, tenth, 2739 points; Sam Brown, eleventh, 2735 points; Jeff Neely, twelfth, 2721 points; A. C. Grimes, thirteenth, 2256 points.

Other first place winners are Tom Dennis in the shot put, in which event he made a distance of 38 feet 11 inches; and Jeff Neely in the 880-yard run, the time being 2 minutes 9 seconds.

Littlefield Awards Medals

Special medals were awarded by Clyde Littlefield to the winners in the shot put and high jump. These medals go to Tom Dennis and R. H. Sapp. Mr. Littlefield also announces that the grades of try-outs are not all in yet and the results may be changed.

SPRING TERM EXAMINATION SCHEDULE

All candidates for degrees in June who have any examinations scheduled on Thursday, Friday, or Saturday, June 9, 10, and 11, are required to take these examinations on Thursday, Friday, and Saturday of the preceding week (June 2, 3, and 4) in the same order as scheduled below. Only candidates for degrees in June will be allowed to take their examinations in advance of the regular schedule. The special examinations on June 2, 3, and 4 will be held in the Law Building Auditorium.

Monday, June 6 at 9

WOMEN AND COLLEGE ACTIVITIES

Along with the movement for the so-called emancipation of women in the political and economic life of the nation there has been a movement for and a general tendency toward a change of status for the college woman with regard to her activities. This is in reality a later development of the movement which began with the admission of women to men's colleges with the privilege of working toward and receiving the regular college degrees.

However, within the past few years there have been some long strides in the direction in which this general movement is tending. There has never been, at least not in recent years, any argument as to the woman student's right to full suffrage in student affairs and in the conduct of student self-government but there has been a deal of discussion as to her right to compete, and as to her ability to compete successfully, with men in student activities where competition between members of the opposite sexes is possible. Also there has not been full agreement as to the advisability of her entering activities where competition between the sexes is impossible, as for example athletics.

In the University at least, this problem has been working itself out within the past few years. As late as four years ago the work which was done by women on student publications, for example, was practically negligible with the exception of certain particular cases. The positions which were held by women students were not those of responsibility. This, however, has been gradually changing until now the work of women members of the various staffs has come to be an important factor in the success of the publications.

There has been a decided movement recently for the organization of women into forensic clubs and for their participation in forensic contests. This is well exemplified, outside the University proper, by the activities of high school girls along this line under the direction of the Interscholastic League. The culmination of the recent interscholastic debate contests was the pitting of a team of boys against a team of girls. Whether this arrangement has proved successful or will prove successful within the near future is doubtful but it serves to show the tendency of such activities. Certain sociologists tell us that such competition between members of the opposite sexes will eventually be the rule instead of the exception and maintain that there is no better time than the present to begin.

Somewhat striking has been the development among not only girls of this institution but of other colleges and universities as well in the field of athletics, and particularly interesting the tendency toward intercollegiate competition. Contrary to the old and well established opinion, athletics has come to be looked upon as a legitimate and worth while field of activity for college women as well as for college men, although for women it is and will probably continue to be upon a decidedly different

basis and have to some extent different aims in view.

Women are undoubtedly coming to play an important part in college activities as well as in the corresponding activities of the state and nation and if for any reason an individual is opposing it he is merely opposing the inevitable. Girls at the University of Texas are being given full opportunity along this line and thus far their efforts have proved them to be entirely worthy of this opportunity. Continued and greater success will depend not upon increased opportunity but upon the women students themselves.

FRESHMAN ATHLETES

Remarkable with reference to athletics in the University during the year which is closing is the fact that some of the best athletes of the entire student body have been members of the freshman class and have taken part not in Varsity but in freshman contests. This fact has been well recognized by those who have followed with any degree of interest the various sports throughout the year. Concrete demonstration was given in the recent spring football tournament in which cups were awarded to those men who showed up best at various positions and again in the all-around track contest which was held on Clark Field Saturday afternoon.

For the sort of record which they have made this year the freshmen should be congratulated. It not only speaks well for the first-year men but it augurs well for Varsity athletics next year and for several years to come.

CHAPEL NOTICE

Mr. Brewer continued his remarks on the Twenty-third Psalm, reading, as illustrating the point which he wished to develop, the Beatitudes from the fifth chapter of Matthew. He was endeavoring to get at the secret of happiness. His thesis was that happiness consists in duty well done or in service rendered, and he very happily illustrated the point. There will be the usual song service on Monday, and during the rest of the week Miss Casis will be in charge of the Chapel exercises.

OFFICIAL NOTICES

BAND: Meeting Monday, May 23, for the purpose of election of officers for next year. All members urged to be present.

PRESIDENT.

GIRLS who are willing to stay over and take part in the big Commencement Pageant, Saturday evening, June 11, see Miss Molesworth or Miss Ball immediately. Special call for girls who have had dancing, but can use many others.

MARY W. BALL.

MINISTERIAL STUDENTS: Important meeting Monday night at 7:30 p. m. All members be there. Last meeting of the year.

PRESIDENT.

PRESIDENT.

WOMAN'S ATHLETIC COUNCIL will meet Monday night at 8 o'clock promptly. All members must be present.

RUBY K. DANIEL.

SENIORS: Engineers, Laws and Academic invitations will be on sale at Co-op Monday.

CHAIRMEN.

Known Facts

For those who seek employment this summer
It is not what you make that counts, but how much can you save?

Men who represent The Grolier Society have the least overhead expense of any class of salesmen in the field. Because

They make one interview and they are finished with it. They do not make collections. They do not make deliveries. They move among the best class of society. They are appreciated and welcomed among their clientele. They are paid every day.

They operate upon KNOWN FACTS comprising a merchandising plan, the result of SCIENCE, PSYCHOLOGY AND EXPERIENCE, formulated by experts. Thus it follows that

YOUR SUCCESS IN SELLING DEPENDS UPON ECONOMIC, SOCIAL AND NATURAL LAWS WHICH MUST BE FORMULATED FROM KNOWN FACTS, TO DETERMINE SALES METHODS.

Below is the recorded earnings for the five days this week of ten Grolier Men. Five best and five poorest.

REPRESENTATIVE

WEEK'S EARNINGS

CLARA BATJER

Junior Prom is Well Attended

Coming as the final event to a long line of junior festivities, the junior prom fulfilled the highest expectations of all and set a precedent for future proms that will be hard to equal.

Shortly before nine, queer looking junior "dates" in white skirts, blue coats, high collars and hats which ranged from the high silk variety to derbys, arrived at the doors of their respective senior favorites and escorted them to the men's gymnasium, the scene of the prom.

Shortly at nine the grand march was formed, led by Elizabeth Harcourt of San Antonio, favoring Miss Hilda Molesworth of Austin. The cotillion was led by Lois Porter of Tyler, favoring Miss Lucy Bell Snyder of Marfa. During the cotillion confetti and streamers were distributed. Towards the close of the evening orange and white brick ice cream with fancy cakes was served.

Chaperones for the occasion were Miss Casis and Dr. and Mrs. Ellis. One of the features of the prom was the talk by Mrs. O'Hair, the first woman regent of the University. Mrs. O'Hair was greeted by fifteen lusty raps by the "masculine" portion of the junior girls.

More than 300 guests enjoyed the novel affair. Music for the occasion was furnished by Howlin' Gardner's Jazz Orchestra.

Silk Stocking Party

A Silk Stocking Party in the form of a benefit bridge party will be given by Gamma Alpha Chi, honorary advertising fraternity for women, on Monday at 3 o'clock at the Elks' Hall. Handsome silk hose donated by merchants all over the state will be the prizes for bridge, 500, and 42. Reservation for tables is in charge of Misses Alice Ballard, Margaret Moses and Mamie Drummond.

Mesdames Sevier and Gutsch entertained very informally for Kappa Alpha Theta at the Sevier home on the lake Friday night.

Dancing took place on the roof garden and about 125 people enjoyed the delightful affair.

Paul Ivancich who is ill in the city hospital is improving rapidly and is expected home in a few days.

Mrs. R. J. Brackenridge and Mrs. John LaPrelle left last week for New York.

Travis Bennet is spending the week end in Taylor.

John B. Stripling of Manor is spending the week-end in Austin.

Miss Edith Parker of Houston is spending the week-end in Austin in the interest of the Young People's Service League of the Episcopal Church.

Mr. and Mrs. Steigler of Canadian are in Austin for the summer session. Mrs. Steigler, formerly Elsie Boelkel, is a former student of the University.

Mr. and Mrs. Marshall of Hearne are in Austin visiting their daughters Eugenia and Ann Marshall, at Grace Hall.

Wroe Alexander of Memphis, Ten-

nessee is visiting friends on the campus.

Dr. and Mrs. C. Mankin are in Austin visiting their daughter, Marjorie Mankin.

Gladys Scott of Dallas is in Austin visiting friends on the campus.

Kenneth Bryant of San Antonio is in Austin for the week-end.

WOMEN AND COLLEGE ACTIVITIES

Along with the movement for the so-called emancipation of women in the political and economic life of the nation there has been a movement for and a general tendency toward a change of status for the college woman with regard to her activities. This is in reality a later development of the movement which began with the admission of women to men's colleges with the privilege of working toward and receiving the regular college degrees.

However, within the past few years there have been some long strides in the direction in which this general movement is tending. There has never been, at least not in recent years, any argument as to the woman student's right to full suffrage in student affairs and in the conduct of student self-government but there has been a deal of discussion as to her right to compete, and as to her ability to compete successfully, with men in student activities where competition between members of the opposite sexes is possible. Also there has not been full agreement as to the advisability of her entering activities where competition between the sexes is impossible, as for example athletics.

In the University at least, this problem has been working itself out within the past few years. As late as four years ago the work which was done by women on student publications, for example, was practically negligible with the exception of certain particular cases. The positions which were held by women students were not those of responsibility. This, however, has been gradually changing until now the work of women members of the various staffs has come to be an important factor in the success of the publications.

There has been a decided movement recently for the organization of women into forensic clubs and for their participation in forensic contests. This is well exemplified, outside the University proper, by the activities of high school girls along this line under the direction of the Interscholastic League. The culmination of the recent interscholastic debate contests was the pitting of a team of boys against a team of girls. Whether this arrangement has proved successful or will prove successful within the near future is doubtful but it serves to show the tendency of such activities. Certain sociologists tell us that such competition between members of the opposite sexes will eventually be the rule instead of the exception and maintain that there is no better time than the present to begin.

Somewhat striking has been the development among not only girls of this institution but of other colleges and universities as well in the field of athletics, and particularly interesting the tendency toward intercollegiate competition. Contrary to the old and well established opinion, athletics has come to be looked upon as a legitimate and worth while field of activity for college women as well as for college men, although for women it is and will probably continue to be upon a decidedly different

basis and have to some extent different aims in view.

Women are undoubtedly coming to play an important part in college activities as well as in the corresponding activities of the state and nation and if for any reason an individual is opposing it he is merely opposing the inevitable. Girls at the University of Texas are being given full opportunity along this line and thus far their efforts have proved them to be entirely worthy of this opportunity. Continued and greater success will depend not upon increased opportunity but upon the women students themselves.

FRESHMAN ATHLETES

Remarkable with reference to athletics in the University during the year which is closing is the fact that some of the best athletes of the entire student body have been members of the freshman class and have taken part not in Varsity but in freshman contests. This fact has been well recognized by those who have followed with any degree of interest the various sports throughout the year. Concrete demonstration was given in the recent spring football tournament in which cups were awarded to those men who showed up best at various positions and again in the all-round tract contest which was held on Clark Field Saturday afternoon.

For the sort of record which they have made this year the freshmen should be congratulated. It not only speaks well for the first-year men but it augurs well for Varsity athletics next year and for several years to come.

CHapel NOTICE
Mr. Brewer continued his remarks on the Twenty-third Psalm, reading, as illustrating the point which he wished to develop, the Beatitudes from the fifth chapter of Matthew. He was endeavoring to get at the secret of happiness. His thesis was that happiness consists in duty well done or in service rendered, and he very happily illustrated the point. There will be the usual song service on Monday, and during the rest of the week Miss Casis will be in charge of the Chapel exercises.

OFFICIAL NOTICES

BAND: Meeting Monday, May 23, for the purpose of election of officers for next year. All members urged to be present.

Violin Recital

Friday, May 27

8:15 p. m.

Junior High
Auditorium

Admission 75c and 50c
Plus War Tax

SENIOR LAWS

Excellent opening in town of 12,000 for young lawyer. Suite of 2 offices, at a very low rental, office furniture and good but small library.

Nice commercial practice will be turned over at a sacrifice, as present owner is leaving July 1.

Good collection business established.

Prospects fine as three oil gushers have just been brought in, near town. Apply to Morgan F. Vining, attorney-at-law, Orange, Texas.

So Easy to Select

APPROPRIATE GIFTS
FOR GRADUATES

at Lansdowne-Barritt's

FOR Him or Her—for the fastidious or the serious minded; selecting just the thing to give as a token of esteem on the graduating day may be accomplished with ease and certainty from the ample displays of appropriate give-ables at Austin's Foremost Jewelry Shop.

THE LANSDOWNE-BARRITT CO.
718 Congress

We endeavor to furnish the best banking service in Austin.

We labor under the impression that we do.

We invite everyone to give us a trial.

CITIZENS STATE BANK

GUARANTY FUND BANK

Large enough to protect you.
Small enough to know you.
Always ready to serve you.
