Dear Henryk:

Thank you for your letter of February 1st. The originals and the proofs for PP 531 were of excellent quality but when the Government Printer ran the edition through he didn't use enough ink! Made me feel sick but it was then too late to do anything. I too prefer the collotypes the J.P. used long ago!

I noted your new address with interest. Your class will learn a lot of Coastal Plain Tertiary Stratigraphy -- and a lot of other things besides. Wish I could listen in!

All good wishes,

Sincerely yours,

Harry S. Ladd
