Dear Dr. Stenzel,

Thank you for your letter to Mr. Beets, d.d. March 13,  
and for your willingness to examine the Curaçao oysters.

This trip to the U.S.A. of mine has been the first  
during which I did not visit Houston. Accordingly I did not  
have an opportunity to see you again. Even more regrettable:  
if you come to Amsterdam this summer, I will again miss the  
opportunity of meeting you, inasmuch as I will be going to  
Spain on wednesday; and after that will be on an excursion with  
students in the Swiss Alps. I will be home in Amsterdam only  
around 17 September.

The Curacao problems are very vexing. As in Puerto  
Rico, which I visited in May, so much has happened in so  
little time!

Hoping to see you some time, yours very truly,
