MEMORANDUM FOR MR. WALT W. ROSTOW
THE WHITE HOUSE

Subject: Message to the President from
President Balaguer

The Dominican Charge d'Affairs has delivered a note to the Department which expresses Dominican President Balaguer's appreciation of the President's decision allocating the unused Philippine sugar quota to the Dominican Republic. A copy of the Dominican note, with translation, is enclosed.

Ambassador Crimmins was authorized on August 30 (State's 38121, also enclosed) to acknowledge President Balaguer's original communication requesting an increased sugar allocation for the Dominican Republic, and his subsequent message of appreciation for the President's favorable decision.

No further reply to the message contained in the Dominican Charge's note is therefore believed necessary.

Executive Secretary
