"Y" ENTERTAINS HAWAIIANS WITH BIG RECEPTION

Chinese, Honor Guests at Entertainment, Sing and Play Native Music. Quartet Also Sings—Cake and Punch Served.

Members of the Chinese baseball team were the honor guests at a reception in their honor at the "Y" last night. The large reading rooms of the "Y" were pleasantly decorated with ferns and palms, and in one corner of the South room was a large bowl containing fruit punch which was served with cakes and wafers, presided over by fair co-eds.

The ball players arrived at the Y. M. C. A. at 8:15 p. m. and were taken charge of by groups of University students and faculty members. Many of the Varsity players were there to exchange gossip with the Chinese ball players. The Chinese students were the centers of interested groups as they explained the incidents of their long trip across the country, and the life in the Hawaiian Islands. Several of the men had postals and views of the Islands which they passed around for inspection and later orthographed and gave as souvenirs of their visit.

The Orientals later entertained the students with selections played on their Hawaiian instruments. The plaintive strains of the stringed instruments added a touch of the Orient that was very pleasing. Several vocal numbers were sung to the accompaniment of the music, which were applauded again and again. Among the songs of the Orient was the familiar English marching song, "Tipperary." The soft tones of the music gave an unusual touch to the familiar air. Another was the tune of "Don't Send My Boy to Baylor."

Later, the University Glee Club quartet, composed of Messrs. Woodley, Joseph, Wheelless and Holmes rendered several numbers in honor of the occasion.

The captain of the team, when interviewed on the trip expressed himself as very satisfied with the results so far. "We have lost only one college game this year," he said, "and have won all but seven out of eighteen games, among which were various league teams. We have a hard schedule ahead of us as we have games for every day in the month of April except the 27th."

Continuing, he stated that the 1913 trip was the most successful trip they ever had. On that trip they played 144 games, winning 101, losing forty, and tying 3. On the same trip won 26 straight college games. "We play ball all the year round in Honolulu, and also football, soccer, and tennis. "Your school has a fast team but played in hard luck this afternoon," he said in conclusion.

F. Ingram Smith, a former student of the University, has re-entered school for the spring term.

CHAPEL NOTICES.

Normal conditions prevailed at Chapel yesterday. There was the usual good attendance and the usual exercises took place. After a hymn a responsive reading was given of passages of Scripture suitable for Good Friday. Mr. Currie led in a prayer for all those present and their loved ones at home. Another appropriate song was sung by the entire gathering, and everybody joined in the Lord's prayer. That ought to be a good start for the day.

The same kind of exercise will be held today. Come and let commune together.

DIFFERENT GRADES OF OIL EXAMINED

The Bureau of Economic Geology Shows Samples of Varied Prices to Be Same Quality.

Nine samples of kerosene bought here and there in Austin, were taken to the Bureau of Economic Geology for testing. Some of the samples were from stock retailing at thirteen cents per gallon, other samples were from stock retailing at fifteen cents per gallon. The fifteen-cent kerosene is supposed, of course, to be of better quality. Not so. The tests made show the price to be the only difference. For all practical purposes the fifteen-cent oil and the thirteen-cent oil are one and the same. The buyers of the fifteen-cent oil, samples of which were tested, are simply getting stung for two cents a gallon. Some say the cheaper oil gives out a smokier flame. "Depends upon the lamp or device burning it," says the tester at the laboratory.

The three tests made of these oils determined (1) the flash point, that is, the degree Fahrenheit at which the oil will "flash" in the device constructed for making this test; (2) the burning point, that is, the degree Fahrenheit at which the same sample which has been "flashed" will catch fire in the same contrivance; and, (3) the specific gravity, which, of course, is determined in the ordinary way. From these three tests the commercial quality of the oil is determined. If it is customary over the state to sell the same oil at two prices, it is the advice of the Bureau of Economic Geology that consumers have samples of the oil they buy tested.

SPRING FOOTBALL PRACTICE OPENS

Quakers Will not Have Squad out, But Cornell, Yale, Princeton and Harvard Start Soon.

The question as to the value of spring football practice, is up for debate again among the colleges. Pennsylvania has declared against the practice and the Quaker eleven candidates will not figure in gridiron work until early next September. Other university coaches hold the opinion that spring practice is essential in these days of the highly developed football machine. Cornell, Harvard, Yale and Princeton will have their candidates out early this month for a two or three weeks' course in the rudimentary features of the gridiron game. John H. Rush, the new head coach at Princeton, in discussing the benefits and advantages of spring football training, said recently at a meeting of the Princeton squad:

"Coach Zupke said that his team won the championship of the West last season entirely because of the work done in the spring. The team that is best prepared is the one that wins. I have heard that the spring practice here in the past has been a farce. Of course, I know there is a good deal of drudgery connected with it, but we hope this year to introduce more fun along with the serious work. "It is essential to drill your men in the spring in the fundamentals. Each season, before the more advanced practice is taken up, the squad must have a thorough grounding in the rudiments of the game, in order that such things as holding the ball, tackling, etc., may be intuitive."

IVY FOR ALMA MATER.

T. C. U. April 1.—As an appropriate gift to their alma mater, T. C. U. seniors will cover three of the buildings on the campus with running ivy next week. The plan is to start the moss in two foot sprouts around the base of the Administration Building, the girls' dormitory and the boys' dormitory.

WAND DRILL IS NOVEL NUMBER IN EXHIBITION

Gym Team Will Give Performance in Auditorium April 17—Seven Men Will Take Part—Practice Monday Afternoon.

The wand drill division of the Varsity Gym team held a successful practice yesterday afternoon in the gymnasium at 3 o'clock. Fifteen movements were completed with alacrity and beauty. Only in a few places was there any hitch in the program. Physical Instructor Henderson was well pleased with the workout and fixed the time for the next practice on Monday afternoon at 5 o'clock.

The wand drill will be an important feature of the Varsity Gym team exhibition to be given in the auditorium Saturday night, April 17. Seven of the most capable men of the team were selected to take part in this exercise in addition to the other regular movements that are to be given. The performers will all be attired alike, and each will wear regular shoes, white duck trousers, white flannel shirt and black bow tie. On the stage they will be arranged in such manner as to appear to the best advantage. The movements of the wands will be performed in accordance with an orchestra selection.

Following is the list of the performers: Alphonso Schurlock, Ballard Dinwiddie, Neth Leachman, Elmer Luter, Henry Lee Taylor, C. E. Jones, and W. C. Hargreave.

OFFICIAL NOTICES

Inter-Frat Council.

There will be a meeting of the Inter-Fraternity Council today at 3 p. m. in room 118.

BOB THOMPSON.

Texas Chemical Club.

The Texas Chemical Club will hold its first regular meeting of the spring term tonight. All members are urged to be present. The program will be of some interest and some special business matters will be attended to.

R. M. KING,

Track Men.

All track men for running distances must be out at 2:30 sharp in order to try out. W. E. METZENTHIN.

Easter German.

The Easter German will be given at K. C. Hall next Monday night.

PRESIDENT.

Sidney Lanier.

Important call meeting of Lanier this afternoon at 2 o'clock, room 204.

THE PRESIDENT.

Blunderbuss.

Those who failed to get a Blunderbuss can get them from Davis or Sherrill at the Texan office, 9 o'clock a. m. to 1 p. m., or from Broyles at the University Toggery Shop until the supply is exhausted.

Hogg Members.

There will be a regular meeting of the Hogg Literary Society Tuesday evening, April 6. A very interesting program is planned and all members are urged to be present. Some important business to be transacted. Everybody come.

N. QUEEN,

Issue Editors and Assistants.

The following men are asked to meet in the Texan office at 3 o'clock this afternoon. Important. R. M. Wagstaff, E. P. Hibbard, L. C. Brady, Howard Dunham, Sam Baggett, Maury Maverick, Roy Hawk, Thad Scott, O. W. Wood, Campbell Arnoux, E. G. Luter, Burt Richardson, John Moore, and Leslie Etter.

MANAGING EDITOR.

COMPOSER LAUDED IN PUBLICATION

Prof. F. L. Reed is Praised in Recent Issue of "Musical America," a Prominent Journal.

The March 27 issue of the "Musical America," one of the most prominent musical journals of the United States, contained the following interesting article about Professor Frank Le Fevre Reed, of the Department of Music of the University:

"When William Chauncey Langdon called upon John C. Freund, editor of 'Musical America,' for advice concerning a possible composer of music to a pageant he had written for Austin, Texas, Mr. Freund replied: 'Why not go to Texas for your man? You will find him there. Don't search the four quarters of the earth for what lies at your very door.' Mr. Langdon followed Mr. Freund's advice, and the result was his discovery of Mr. Reed, professor of Music in the University of Texas. During the last week of April will occur the four performances of the pageant of Austin, which will celebrate the completion of the new \$1,720,000 dam across the Colorado river at that city.

"Mr. Langdon of New York, known as the master of the pageant, was spurred on by Mr. Freund's optimism, started his search for a composer, and soon got in touch with Mr. Reed. From the results already achieved, Mr. Langdon believes that he has found the right man to compose the pageant music for Austin, and one whose music will constitute an addition to American musical literature.

"Mr. Reed is an American both in blood and in musical education. He is a native of Indiana. He takes pride in the fact that his entire musical education was received in America. He was twice awarded scholarships in piano-playing and was for three years a pupil of Fraulein Sophia Fernow, and later studied with Signor Albino Gorno. A thorough and extended course of instruction with Dr. Percy Goetschius, the eminent American theorist and author, completed the substantial foundation upon which, by his own studies and experience, Mr. Reed has developed his splendid abilities as a pianist, teacher and composer.

"Mr. Reed is Fellow of the American College of Musicians; member of the National Music Teachers' Association, and of Die Internationale Musik-gesellschaft. Before going to the University of Texas to build up the Department of Music, he was Professor of Piano at Fremont College, Fremont, Neb., and Professor of Music at the Pennsylvania College of Music, Meadville, Pa."

FIGURE MARCHING UNIQUE FEATURES

Girls Will Make Letter "T" in One of Their Stunts—A Sylvan Fantasy Also Given.

According to Miss Eunice Aden, Women's Physical Director, the figure marching at the pageant this year will be one of the unique features of the program. The girls will make the letter "T" in one of their marches while the orchestra plays "The Eyes of Texas Are Upon You."

A sylvan fantasy, the "Birth of Spring" will be given by the girls in the advanced dancing class. These "flowers" will dance to portray the advent of the new season. An Indian club drill be a part of the program. For this the girls will wear a costume of all white middie blouses and skirts.

Miss Louise Wright, assisted by Miss Aden and Miss Annie Lee Cosby, is in charge of the affair.

CHINESE DEFEAT TEXAS IN FIRST GAME OF SERIES

Hitting When Hits Meant Runs, With Tight Fielding in Pitches Enabled Them to Get Decision By 11 to 5 Score.

By hitting when they felt like it, and by making monkeys out of the Texas base runners, the Chinese team from Hawaii piled up a score of 11 to 5 against the Texas Longhorns yesterday on Clark Field.

The fireworks started in the first inning; the first three yellow men to face Bailey made clean hits, and all three of these had completed the circuit before the onslaught had ceased. Texas came back in her half of the first but was unable to get a man around the bases.

Steadily piling up one run an inning until they had the game sewed up, was the tactics of the Chinese. Then they loosened slightly and made some errors that would have been costly in a close game.

Twice during the game Texas had the bases full with only one out only to have Mark, the heady Chinese catcher, find them napping and get them in a chase by his accurate peg to shortstop Ayan, who lost no time getting the runner at the plate.

The Texas pitchers were far above par on their strike outs, but they yielded hits when they meant runs. Bailey struck out nine Chinamen and Winston retired 4.

The game was too one sided to be enjoyable from a Texas view point, and not until the eleventh hour did the Longhorns awake to the fact that they were nine runs behind.

Following is the box score:

Chinese:	AB.	R.	H.	PO.	A.	E.
J. Chin, 2b	4	3	2	3	6	3
Ayan, ss	3	2	1	1	6	1
L. Tin, 3b	5	2	4	0	3	1

WHAT IS THE IDEA?

What was the old auditorium built for anyway? It seems that it was built for money making purposes, for students organizations are charged for the use of it, even when they are bent upon charitable purposes.

What is the idea? We do not know just why students are charged for the use of the auditorium, but it seems to us to be fundamentally wrong. Student organizations which give plays and concerts have a hard time in breaking even in the matter of expenses. No doubt they form a great and really necessary function in University life. The labor, time and expense naturally involved in getting them ready for presentation to the public is a handicap almost heavy enough to keep them below the deadline. But this is not all, the University itself, which is supposed to foster all this, steps in and adds a handicap by charging a heavy toll for the use of the auditorium. Even the Lanier Society, which is trying to raise money for a loan fund, did not escape. The University did make some concessions to the Lanier Society, but it was labelled "charity" and given strictly in a "never to be done again" spirit.

But if they will insist upon taxing the students for the use of the auditorium, they should at least spend a little of the money occasionally for decently furnishing and curtaining the stage.

ARE GIRLS TO RULE BAYLOR?

Evidently the women of Baylor University have caught something of the spirit of the suffrage movement. Under the above title the following editorial appears in a three column box on the front page of the Lariat, the weekly newspaper of Baylor University:

Two hundred girls, within fifty feet of Carroll Chapel, under the leadership of a few energetic and aggressive co-ed leaders, may respond to the call for a mass meeting next Thursday night and turn the tide on every motion that comes up—with a few baker's dozen of men looking frantically and helplessly on. If these co-ed leaders decide to

mass their constituents, Baylor will have a government of the girls, by the girls and for—the men. Woman suffrage will be the determining factor and the power of the men will be a myth.

This is neither a nightmare nor an April Fool joke. It is based on a caucus of the young women of the executive committee held last Monday night after the dismissal failure to get a quorum for the spring meeting of the association because of a chapel announcement that missed fire.

As a climax to the several attempts to get the required one hundred students out, the girls are reported to be considering taking things into their own hands and "showing the boys a few things"—as they expressed it. Simply as an experiment in "massing," the girls are priding themselves that they went 150 strong Tuesday night to hear the great suffrage leader, Dr. Anna Howard Shaw.

The idea of the girls is said to be that of stirring the men to action. In case the men should assume an attitude of indifference to the present status of affairs, the girls think they would like to try an experiment in Woman Rule.

Since a number of the strongest measures yet suggested by self-government leaders are under consideration, the possibilities of the situation are declared to be mildly alarming and revolutionary from the standpoint of the men, to say the very least.

ON THE FIRING LINE

Good Sportsmanship.

We lost yesterday's game and lost it fair and square. That's tough for us. But without dealing in post-mortems, we have the consolation of knowing that we lost to gentlemen as well as good ball players. The spirit of real sportsmanship that the visitors have shown in all our athletic engagements have won for them a place of esteem among lovers of true sport.

Captain Lai Tin says he likes to play Varsity, that he appreciates the courteous reception he and his teammates receive at our hands. He likes the "Texas Spirit." We like the "Hawaiian Spirit," typified by the Chinese players; for these men have shown the kind of sportsmanship we praise, and we try to return the same to them.

But watch your step, friends, for the Longhorns are coming back strong today. We want to win because we know that when we do we have won from a real ball team.

I. E.

BAPTISTS VS. METHODISTS.

College Press Service:

Baylor, April 2.—The opening track meet of the season for the Bears is only a few days off. Today the Methodists under Rix, will engage the Baylorites in a dual meet.

For this event, the Baptists have been practicing steadily for nearly three weeks. During the past week, some 20 men have been out on the cinder path and practicing with the weights, but whether they will be in fit condition for the coming meet is a matter of conjecture.

Captain Penrod and Student Manager Issacks have had charge of the men, and report some splendid material, if they only had time to season. Penrod, in the sprints and hurdles, and Isaacks, with the weights, are Baylor's best forte. Robinson, who was a member of last year's team, is an excellent man on the dashes. Caskey and Porter are the best in the field events. Soape, Knuckles and Williams cover the distances in good time and should make the Methodists extend themselves. These eight men would make a formidable team if in condition.

The Methodists have an especially strong team and have been rounding into form for the past few weeks. A good match is expected between the Baptists and the Methodists.

A Fresh Morning, a Fresh Mount and a Fresh-Rolled Cigarette

—there's a combination to kindle a man's spirits with the pure joy of living! The delicious freshness of "Bull" Durham hand-made cigarettes appeals to the countless thousands of smart, active, sport-loving, health-loving American men —gives added zest and exhilaration to their enjoyment. It is quite the fashion to "roll your own" in any company, upon any occasion, with this famously good, pure tobacco.

GENUINE "BULL" DURHAM SMOKING TOBACCO

To millions of experienced smokers throughout the world "Bull" Durham means much more than a particular brand of smoking tobacco — it stands for a distinctive form of tobacco enjoyment, incomparably attractive, delightful, satisfying. No other tobacco has that wonderful, original, unique fragrance of "Bull" Durham. No other cigarettes have the same delicious smoothness, freshness and mellow-sweet flavor of "Bull" Durham hand-made cigarettes. You can only appreciate this when you learn to "roll your own."

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Package of cigarette papers, will both be mailed, free, to any address in the United States on postal request. Address "Bull" Durham, Durham, N.C. Room 1400. THE AMERICAN TOBACCO CO.

PEGS AND PICKUPS.

The presence of the band made us think of football days.

Hoss Winston whiffed the first three men that faced him in the 8th inning.

The Chinese pitcher was afraid of Hooper. Dick drew a walk both times up.

"Button, button, who's got the button" was the game played by Ben Monning and the Chinese First baseman in the 5th inning when both began an earnest hunt for the sphere after a bad attempt to nip Ben off first.

The Chinese first baseman likes low balls. He lifted two to center field for near home runs. A foot higher and the ball would have cleared the fence.

Tilden Anderson played a splendid game as the jack rabbit Chinese base runners learned to their cost when they tried to steal second.

Crowds on the field caused the game to be delayed three times, in the latter half of the game.

Sunrise played the game of the day. In addition to excellent fielding, his homer in the 9th was responsible for three of the 5 runs. The four base whallop was due to splendid base-running.

T. C. U. ELECTS CAPTAIN.

T. C. U. April 1.—Clarence Gunter of Brandon was elected captain of the 1915 baseball team at a meeting of the squad Tuesday. Gunter played in the outfield for T. C. U. last year and headed the team in batting percentage.

The first game of the season will be played April 5 and 6 when the varsity nine will meet the Chinese team.
