

## Performance of 'Trial by Jury' Held August 15

Change Possible Because of  
Rapid Progress in  
Preparation

### Rehearse Monday

Farce to Climax Program of  
Choruses for Summer  
Term

The date for the performance of the Gilbert and Sullivan musical farce, "Trial by Jury," which is to be given by the University Choruses at the Open Air Theater, has been changed to Thursday, August 15, according to an announcement made Saturday by David Griffin, director of the choruses, who is in charge of the comic opera.

"The change of date has been made possible," Mr. Griffin stated, "because of the excellent progress which the choruses have made in the preparation of the opera. An extra rehearsal has been called to meet at the girls' study hall at 7 o'clock Monday evening of this week, and the regular Tuesday and Wednesday evening rehearsals will take place as usual, it was announced.

Next Thursday's performance will conclude the summer school choruses and climax the work for the summer, Mr. Griffin said. The program will be the most pretentious the chorus has undertaken, and it is stated that the quality of the work done so far promises a very creditable program. In view of the fact that the production is only four days off, Mr. Griffin asks that no member of the chorus be absent from any practice, and desires especially that all members be notified of the Monday practice.

"Trial by Jury" will be the fifth opera that Mr. Griffin has produced in a little more than a year's time, four of these having been presented as a part of his work as director of the San Antonio Civic Opera Company. The latest of the operas, "Martha," which was recently presented in the Lone Star Garden of San Antonio, was attended by many Austin music lovers.

## Programs Close on Monday, August 19

The series of entertainments comprised of lectures, folk nights, and musical programs which have been presented during both terms of the summer school will be brought to a close on the night of August 19 with the concert given by the St. John's District Jubilee Singers, according to a statement made by Dean V. I. Moore Saturday.

There will be two other programs previous to the concert, however. Saturday night there will be the usual free movie and August 15 the University Summer Choruses, under the direction of David Griffin, will present the comic opera, "Trial by Jury."

The last lecture of the season was given by Lincoln Wirt, Wednesday night on the subject "Behind the Scenes in England, France, and Germany."

## 'Annabelle Lee' Shown on Campus

"Annabelle Lee" was the title of the six-reel melodrama featured last night at the Open Air Theater.

Misses Dorothy and Katherine Nelle Rather, daughters of Mr. and Mrs. E. C. Rather, were presented in two dance numbers, "Beautiful Butterfly" and "Infanta Marguerita." A travelogue and a Felix comedy were also shown.

## Dr. W. J. Reilly Leaves for New York This Month

Business Research Professor  
Goes to Erickson  
Company

Dr. William J. Reilly, associate professor of marketing in charge of market research in the Bureau of Business Research, has accepted a position as director of research for the Erickson Company of New York City, beginning August 15, according to an announcement made Saturday.

Unable to hold Dr. Reilly because of the larger salary offered him in his new position, the bureau can still boast of his two years' work at the University, said Dr. A. B. Cox, director. During the past two years, Reilly made studies of the place of advertising agencies in market research and the relationship between competing retail centers, and an analysis of retail trade territory by size of cities and towns. The bureau has recently published a study of Dr. Reilly's entitled "What Place Has the Advertising Agency in Market Research," and has in the process of publication another of his bulletins on "Law of Retail Gravitation."

Dr. Reilly's work in the bureau has attracted international attention. Requests for his publications have been received from a number of foreign countries as well as from leading marketing men in the United States. His book on Marketing Investigations, recently published by the Ronald Press Company of New York, has been rated by some market authorities as the best book in the particular field.

Dr. Reilly holds a master of science degree from Carnegie Institute of Technology as well as his doctorate from the University of Chicago, both in marketing research. Before his two years at the University, he served on the research staff of Procter and Gamble Company.

## Troubadours Play For Last Germans

Only two more Germans will be given before the close of the summer session, according to Bill Barbour, manager. The dances will be held each Friday night on the roof of the Stephen F. Austin Hotel.

"The summer Germans have been going over big, and have been well attended by University students and others," Barbour said. The Troubadours, newest University dance orchestra, who have played for several of the dances, will play for the last two 'hops,' he said.

CONTEST WINNERS NAMED  
COLLEGE STATION.—Miss May Eddy, Crockett, Houston County, and Mrs. Charles Duncan, Tyler, Smith County, were announced first place winners in Class I and Class II, respectively, of the state-wide improved living room contest at a general meeting of contestants and others during the Farmers Short Course at the A. & M. College of Texas Wednesday morning.

Before a large crowd, woman after woman of the more than 100 contestants present recited her experience in the contest, conducted by home demonstration agents of the Extension Service under supervision of Mrs. Bernice Claytor, home improvement specialist, in co-operation with the Semi-Weekly Farm News of Dallas. Prizes were presented by DeWitt McMurray of Dallas.

## Dozier Reports Numerous Calls For Applicants

Committee Announces Large  
Number of Demands  
For Teachers

### 17 Places Accepted

Schools Open Soon; Positions  
Double Number of  
Candidates

The number of calls for teachers coming to the teachers' appointment committee during the past week more than doubled the number of acceptances by applicants, according to a report from Miss Miriam A. Dozier, secretary of the committee.

As the time for the opening of the schools in the fall draws near, the number of calls increases, and the latest reports shows that there has been an average of about six calls each day, he said.

Positions which the committee has assisted in filling recently are:

A. W. Stone will be superintendent of Clint Public Schools; Frances Gray will teach English in San Angelo Junior High School; L. S. Brown will teach Spanish and science in Winona; Mrs. Mary Harlan will teach typewriting, economics, civics, and history in Dayton High School.

J. H. Harry will teach commercial subjects and coach athletics at Columbus; Stella McDaniel will head the English department in Colorado Woman's College at Denver; Ora McLeod will teach Spanish in the Wilmer-Hutchins High School.

Mabel Mansell will teach English in the Floydada High School; W. R. Park will teach English and Spanish in Hearne High School; A. P. Thompson will teach Spanish and education in the Training School at Sul Ross College, Alpine; Mildred West will teach English and Spanish in Mathis High School.

Georgia Chapman will teach home economics in Sudan, Texas; Mary Frances DuBose will teach commercial subjects in Beaumont; Mary Frances DuBose will teach commercial stenography in Floresville; Josephine McLane will teach history in the San Angelo Junior College; Flavia Day will teach commercial subjects in Eastland; Evelyn Strickland will teach history in Lometa.

The following vacancies have been reported and applicants have been recommended by the committee.

Two college professors, two high school principals, one ward school principal, 16 teachers of high school subjects, four coaches, one teacher for junior high school, three primary teachers, one for the grades, one for kindergarten, two rural teachers, two for music in the grades, and four for teachers of miscellaneous subjects.

## Kenngott Writes of Visit in Austria

Word has been received from Alfred Kenngott, instructor in Romance languages, who is traveling in Austria, that he is enjoying his trip very much. He writes from Linz and states that he will visit in Vienna and Budapest in a few days.

"I like it very much here," he states, "but after all these is no place like Austin. The more one travels, the more one learns to appreciate the good state of Texas."

### WORK OVER FIELDS

For the past two months, the playing fields of the University have been carefully worked over and topplings of fresh soil have been hauled into place. On the Varsity football field, 200 loads of fertilizer and rich black loam have been adjusted as a top layer, and 125 loads have been put on the baseball field.

The freshman football field has been sodded so that all bare spots caused by intramural and spring baseball practice have been eliminated. All grass has been constantly watered and cut.

### LIP-READING POPULAR

LINCOLN, Nebraska.—(IP)—A lip-reading class started at the University of Nebraska last semester for those of the students who are hard of hearing, or totally deaf, has proved so popular that students with perfect hearings are enrolling in the course.

## Survey Ordered For University Land, Crane Says

Former University Student Is  
Official Surveyor for  
Board

The land leasing board for the University lands has ordered 16 sections of land surveyed immediately, according to a statement made Friday by Edward Crane, member of the Board of Regents and chairman of the land leasing board.

The land to be surveyed is a part of the land involved in the injunction proceedings which caused the withdrawal of large tracts of University lands from the market early this year. Should the outcome of the court proceedings release the lands for sale, the present surveys being made will place the lands in proper shape for prompt handling, it was stated.

Other surveys in Pecos and Winkler counties have been made. All lands that are to be put on the market will be carefully surveyed before hand, the board said. Frank Friend of Ozona and a graduate of the University, is official surveyor for the land leasing board.

## Grossmann Makes Survey of Counties

In two weeks of field work, R. Grossman, industrial engineer of the Bureau of Business Research, has just covered Grayson, Fannin, Collin, Hunt, Rockwall and Kaufman counties. He is now in possession of the information regarding manufacturing enterprises in these counties. He has also worked up figures on agricultural production from the yearly estimates of the United States Bureau of Agricultural Economics in Austin.

The preliminary report will probably soon be released on these counties, although the most significant facts can of course only be shown after the entire territory of East Texas is surveyed.

The co-operation of R. R. Walker of Denison, C. E. Graves, secretary of the Retail Merchants Association of McKinney, Scott Hardy of Greenville, R. E. Buchanan of Kaufman and Horace Thomas of Terrell, local Chamber of Commerce secretaries, was instrumental in making Mr. Grossman's work possible.

LETTER IS ANSWERED  
MINNEAPOLIS, Minnesota.—(IP)—After waiting for an answer written to a letter written by the graduate school of the University of Minnesota in 1915, a reply was received yesterday by college officials from Miss C. F. Elliott, who received the letter only a few days ago.

## Benedict Makes Statement About Appropriations

Dr. Benedict Saturday made the following statement regarding the University appropriations: "It is the plain duty of the Regents and faculty of the University of Texas.

"A. To request of the Legislature and Governor the amounts needed to support a first class University, supporting said request with detailed reasons and with data extracted from the Reports of the U. S. Department of Education and the reports of the leading state universities.

"This has been done as well as the regents know how to do it. "B. To use the money finally appropriated by the Legislature and approved by the Governor with such extreme care as to secure the best possible educational results.

"This will be done as well as the Regents and faculty know how to do it, subject to the imperfections that beset all human affairs."

## Board of Regents Considers Budget At Next Meeting

Session Set for August 19;  
Fraternalities May Be  
Discussed

The Board of Regents of the University will meet in Austin Monday, August 19, according to an announcement from the office of President H. Y. Benedict Saturday. They will consider as one of the main items the \$3,000,000 building program. The appropriations budget, which was recently passed by the Legislature and finally approved by the Governor Saturday, will be taken up and discussed at the meeting.

The Regents will also possibly consider a report on fraternities. Possible changes in the faculty of the Graduate School may be considered.

The meetings of the Regents has been postponed because of the delay in legislative action on the appropriations bill.

## Two Students Get Educational M. A.'s

Two candidates, both of Austin, are scheduled to receive the degree of master of education at the August commencement of the University. Maxine Fletcher, whose thesis subject is "Development of Methods and Materials in American History for the Secondary Schools of the United States," and Mrs. Morris Schwartz, who is writing her thesis on "A History of Education Among the Cherokee Indians of Oklahoma," are the two candidates for the degree.

### BABY FISH PROTECTED

MADISON, Wisconsin.—By the establishment at the last meeting of the conservation commission of 121 fish refuges in 27 counties of the state of Wisconsin, the commission has begun the work of protecting fish by setting aside areas in which they are safe in the same way game has been protected for many years.

## University Given \$109,500 Total Cut in Biennium

Governor Also Blue Pencils  
Funds for Other  
Institutions

### Bill Filed Saturday

Appropriations for A. & M.  
Trimmed \$165,150  
By Moody

With the filing Saturday of the approved appropriations for the educational institutions in the office of the secretary of state, it was revealed that the Main university suffered a total cut of \$109,500 from the appropriations for the biennium.

The items include cuts of \$70,000 for the contingent fund for salaries of additional teachers and adjustment of salaries, \$3,000 for the School of Business Administration, \$6,500 for the College of Engineering, and \$30,000 for geological mapping. The total cut for all purposes for A. & M. College was \$165,150.

The cuts for the other State educational institutions were as follows: Texas Technological College, \$202,000; East Texas State Teachers' College, \$60,000; North Texas State Teachers' College, \$60,000; Sam Houston State Teachers' College, \$46,660; Texas College of Arts and Industries, \$44,000; Stephen F. Austin State Teachers' College, \$87,827.50; Southwest Texas State Teachers' College, \$175,000; North Texas Junior Agricultural College, \$5,000; John Tarleton Agricultural College, \$52,500; Prairie View State Normal and Industrial College, \$26,000; College of Mines and Metallurgy, \$277,800; College of Industrial Arts, \$90,000; Sul Ross State Teachers' College, \$39,000; West Texas State Teachers' College, \$25,000; and Texas State School for the Deaf, \$22,350.

The cuts for the Texas Technological College, Southwest Texas State Teachers' College, and the College of Mines include appropriations of \$150,000 for a library for the former, \$150,000 library for the second, and \$175,000 administration building for the latter.

Appropriations for the University, in all respects except for the cuts mentioned, remain substantially the same as it was for the last biennium.

## Griffin Quartet Sings on Program

"The David Griffin Singers," a male quartet from San Antonio, featured the entertainment at the Open Air Theater Thursday evening at 8 o'clock. The singers were well received and their numbers called for repeated encores.

The members of the group were Glen Law, Ralph Nobles, William Fogarty, and David Griffin, all of whom are associated with the San Antonio Civic Opera Company. Mrs. Chester Kilpatrick, soprano, also of San Antonio, gave a group of songs.

Miss Norma Owen was accompanist for the San Antonio singers.

The Summer School Choruses under the direction of David Griffin, sang the opening chorus from "Trial by Jury," a Gilbert and Sullivan production to be presented by the Chorus August 15.

### STATE NEWS PUBLISHED

ELLENBURG, Washington.—(IP)—The following item appeared in the Campus Crier at Washington State Normal:

"Perhaps you noticed some up-to-date items in the Campus locals last week concerning Miss Meisner, Miss Grupe, and Miss Picken. The entertaining make-up men at the printers while searching for more items for the Campus local column, used their ingenuity, disregarded a few lines, and dug out seven-year-old items for live wire stuff. We may publish state news once in a while, but we will endeavor to see that this column is printed untampered with hereafter."

### MACLEOD GIVES ADVICE

SYRACUSE, New York.—(IP)—Dean Annie Louise MacLeod of the department of home economics of Syracuse University has made the suggestion that inasmuch as so many ways of earning money are taken by men college students, it would be only wise to teach the co-eds how to spend it.

## Educational Support

WITH AN increase of \$1,500,000,000 in taxable property in Texas during the past 12 months, and with insistent demands on the part of many state political leaders that we saddle off a bond issue of \$150,000,000 on the public for the building of a gigantic system of public highways, it seems rather odd that those who have it in their hands to provide for the support of our state educational appropriations should spend months in arguing over the educational appropriations with the result that higher education in Texas has been penalized below the last biennium the comparatively small amount of \$1,450,000.

Texas is one of the richest states in the union when the per capita basis of wealth is considered. It has long been upbraided for its laxness of support in the matter of both its public schools and its higher educational institutions. We are told that we are not spending half the amount per capita on education that is being spent in other states, and that in consequence we rank at the foot of the education ladder. They say that our rural schools are the poorest, our city schools are 30 years behind the times, and that we are obliged to lose our best brains to the institutions of the North and East for the preparation of leaders. This may not be altogether true, but we must admit with shame that on the whole we are behind the general trend of educational development.

It has long been a custom in the State Legislature to make appropriation bills for everything else before the subject of education is even begun. Many of the things passed are purely pet, local bills designed to retain the local support of their originators, and by the time the totals of such bills are run up they reach every biennium around a million dollars. Besides, taking this last Legislature for example, the quarrel over the appropriation bills, and the time spent in going through what at present seems to have been useless investigation cost around one million dollars. More than

enough of time has been wasted in the wrangling over special interests and private securities of the members of the two houses to make up the amounts vetoed from the educational appropriation bills. Let someone get the figures and sit down calmly and study them.

Are we going to let this go on forever, and while men we have entrusted with the public welfare are wrangling over selfish interests, let the ambitious youth of our state go elsewhere at gigantic cost to themselves and to the state for education which Texas owes them? Somebody needs to wake up.

By EVELYN CALHOUN

Dr. Eugene Campbell Barker, Mrs. Barker, and their young son are spending the vacation period at their summer home in Boulder, Colorado. Professor Barker is teaching American history in both terms of the summer school of the University of Colorado.

Dr. Barker attended the University and did his graduate work at Harvard and the University of Pennsylvania. He is interested in Southwestern history and especially in Texas history. He has written several books which have been adopted by Texas schools. Since the

publication of his latest book concerning the life and letters of Stephen F. Austin, he has become known as an authority on the subject.

Gordon Brelsford, former student and member of Sigma Alpha Epsilon fraternity, now a lawyer in Eastland, was the guest of his fraternity for the week-end.

## "BEHIND THAT CURTAIN."

With all the heat and Greta Garbo being in town, I just couldn't get down on West Sixth yesterday to see what is said by everybody to be a ring-tail-tooter. Bill Dyer, who used to write things for this department, has opened wide his heart and contributed the following review. Con it seriously and remember that it's supported by further testimonials:

"Lois Moran and Warner Baxter with two of those kind of voices right out of gaud's choir of angels make 'Behind That Curtain' one of the best things for the heat which has shown here in I don't know how long. Besides, this picture has an absorbing plot of the 'should she tell or shouldn't she tell all she knows?' kind. Combined with this are clear photography, a colorful background, and the fact that Lois Moran is no more and no less than sheerly beautiful. This one must be seen to hear the characters talk, to see Warner Baxter repress 'them certain thoughts' about little Lois, and to hear the seductive native mistress' song."

## "THE SINGLE STANDARD."

Criminal abortion—and no less—of a fairly decent story by Adela Rogers St. Johns. You know the kind—ultra-modern and all that. But oh, that Garbo woman. She defies comprehension. Her press agents are trying to capitalize on that by calling her "the mystery woman of Hollywood." Whether that title holds in real life or not, it certainly does in her pictures. One moment I hate her with a bilious bile. The next I want to fall at her feet and worship her as a thing divine. One moment I think she is possessed of a super-intelligence. The next I think her the dumbest creature who ever breathed. One moment she is the most entrancing beauty I have ever seen. The next she is hideously ugly. Nils Asther makes a fair artist. Johnny Mack Brown is splendid. The scenes on the yacht are beautiful, beautiful, beautiful. Majestic. Silent with sound.

Albert Nibling, a student last long session, and a member of Sigma Delta Chi, is spending the summer in Belton.

Ed Grasty, June graduate, and Bill Ryan, both of Brooks Field, San Antonio, spent the week-end at the Alpha Tau Omega house.

## PROBLEM: TO TELL OR NOT TO TELL

Witness and behold an ecstatic moment from the talkie now at the Hancock—"Behind That Curtain." Warner Baxter and Lois Moran find love in the desert, assisted slightly by Scotland Yard.

## GREATER GARBO

Nils Asther and Greta Garbo do some fine and fancy necking in "The Single Standard" at the Majestic. Greta is as enigmatical as ever.

Eula Lea Kohn, a student in the University during the first term, who has been visiting in Corpus Christi, has returned home.

## SPORT SIFTINGS

By GARDNER B. SOULE  
Texan Sports Editor

Coach Clyde Littlefield is instructing track at the coaching school at Bemidji, Minnesota. Littlefield has been attracting nation-wide attention for his work at various such schools this summer.

After much lengthy discussion and argument, it was decided that the school kids of the surrounding territory could be admitted free to the first game on the Longhorns' schedule—the battle with St. Edwards. 'Tis a good idea. It will further friendly relations between the State school of higher education and its future pupils. If such a plan as this is put into effect every year, it will doubtless have the effect of attracting numerous star athletes from the interscholastic League to the toga of the University.

The writer of this column thinks that the granting of season passes in all forms of athletic to Varsity lettermen of the University will prove to be one of the best schemes yet advanced by those connected with Longhorn athletics. Such an act is a very fitting courtesy for any school to bestow on the men who, in former days, fought for its glory.

The new freshman wrestling coach at Yale is only 19—old in wrestling experience though young in years. He is none other than Johnny O'Donnell.

Berkeley Bell was defeated 5-7, 3-6 by Farquharson, South African Davis Cup star at Southampton, New York, Thursday. Bell has won many, many matches this summer, and he must not be expected to win as many first places from now on out as he has heretofore.

Speaking of good prospects for future Longhorn teams, we've been playing tennis with one lately. Jack Ford is the name, and he hails from Yoakum. Jack tells us that he would rather play football than eat. Three years ago he lettered on the south junior high school team at Waco, and the following season he played with the Heights High team at Houston. He lost his letter there, because he was obliged to move away about the middle of the season. The following year he played with Yoakum High School, a class B team in the interscholastic League, and won his letter. During his last high school year, Jack played 32 quarters out of 32 played by the team.

A likeable fellow. Jack has one high school letter in baseball also to his credit. And what's more, he was a member of the University Bank team in the recent city title race. And, as you know, that team came off on top. His batting average was very low, but Jack is a freshman, and only 17 years old. He is a born athlete, and with four long years ahead of him there is no telling what he may do.

It won't be long. A few weeks from now powerful elevens will be stirring up the dust, or wallowing in mud, fighting it out for the Southwestern Conference grid title. And it'll be a tight race. From all appearances the Baylor Bruins are going to put up the strongest combination on the field.

### School Children Guests of U. of T.

The University of Texas and St. Edwards will be hosts for the opening day football clash between the two schools, to fifteen or twenty thousand school children from this section of Texas, according to Dr. H. J. Ettlinger, director of intercollegiate athletics at the University.

School kids from Austin, Georgetown, Taylor, Bartlett, Granger, Bastrop, San Marcos, Kyle, and Buda will be the guests September 28 at the Memorial Stadium.

All school superintendents in the surrounding towns have been sent invitations for their students, according to Dr. Ettlinger.

Bolling Buschardt has gone to his home in Houston for the week-end.

Louise Adams of Commerce was a visitor at the Kappa Alpha Theta house for a few days last week.

E. Lee Wyssong, former student, is attending the law school of the University of Michigan at Ann Arbor this summer.

## Athletic Council Prepares to Fill Many Orders

Six thousand application blanks for football tickets for the 1929 gridiron season were on their way to the Stadium subscribers at 11 o'clock Saturday morning, according to word received from the office of the Athletic Council. Stadium subscribers will be given preference over others in the filing of orders.

Two consecutive numbering machines have been purchased by the Athletic Council, and these will be used to number ticket applications from Stadium subscribers, and non-Stadium subscribers, which will be numbered, filed, and filled, in the order received.

The demand for tickets to the Texas-Oklahoma battle at Dallas so far exceeds the demand for tickets to any one game, though all requests are running high.

"Tickets for the A. & M. game have arrived," said Dr. H. J. Ettlinger, acting director of intercollegiate athletics here. Tickets for the Oklahoma game are expected soon. Those for all Austin games to be

played by the wearers of the Orange and White are being printed by the Globe Ticket Company of Philadelphia, and will arrive within a few days.

The contributions from old Stadium subscribers, who had not entirely fulfilled their pledges, are coming in regularly, according to Dr. Ettlinger.

A gridiron clash for the coming season between the University and St. Mary's Academy of San Antonio has been tentatively arranged, although no contracts have as yet been signed. Dr. Ettlinger is in favor of the battle and only awaits word from Coach Littlefield, who, in turn, awaits the outcome of summer school grades, and the effect they may have on cutting down the size of his squad.

Judith Lott of Navasota, rush captain of the Kappa Delta sorority, is in Austin for the week-end.

Everett Comer went to San Antonio to spend the week-end.

Dorothy Holmes of Seguin was the guest of Willie Alma Baker at the Kappa Delta house last week.

Bodell Moore left by airplane for his home in San Antonio after a visit last week at the Sigma Alpha Epsilon house.

Margaret Bridges, Kappa Delta, is spending the week-end in San Antonio.

## Clyde Littlefield Instructs Track At Bemidji School

Coach Clyde Littlefield, track and football mentor of the Longhorns, is hard at work "enjoying his vacation."

Littlefield is now engaged at a coaching school at Bemidji, Minnesota. In a telegram sent to the Athletic Council, he is high in his praise of the school. The Texas coach is in charge of the track work there.

Coach Littlefield stated in his wire that he and his companions were sleeping under three blankets every night.

## Bell and Partner Win Doubles Fray

Special to The Summer Texan.  
SOUTHAMPTON, New York, August 9.—Berkeley Bell of the University of Texas and Gregory Mangin of Georgetown came to the front and upset the dope bucket here today,

when they defeated the seeded team of Fritz Mercer and J. Gilbert Hall, South Orange, New Jersey, in the quarter finals of the Meadow Club invitation meet. The score was 6-4, 2-6, 6-4.

William T. Tilden, II, and Frank Hunter defeated Bruce Barnes of the University of Texas, and Eddie Jacobs of Pittsburgh, 5-7, 6-3, 6-4. The veterans continued winning ways to eliminate, later, Bradshaw Harrison, Oregon, and Kenneth Appel of Princeton.

Mrs. Alice Lockett Penick and her daughter, Alice, have just returned from an extended tour of special points of interest in the East. Mrs. Penick is the chaperon of the Alpha Delta Pi sorority.

Lily Rush Walker of College Station was in Austin Friday.

Winnie Burnett and Helen Hamilton of the Gamma Phi Beta house were the week-end guests of Florence Weymouth in San Antonio.

Lottie Mae Kirkpatrick of San Antonio spent a few days at the Alpha Delta Pi house last week.

Kingsley Davis of Munday, editor-elect of the Longhorn Magazine, is on the campus in connection with the gathering of material for the first issue of the magazine to appear this fall.

Tom E. McFarlin of Bertram, who is working for the Texas Power and Light Company this summer, has been transferred to Eagle Pass. He writes that he will be back in school next long session.
