Dr. H. B. Stenzel, Geologist
Bureau of Economic Geology
The University of Texas
University Station, Box B
Austin 12, Texas

Dear Dr. Stenzel:

This is just a note in reply to your letter of July 5, 1947, to inform you that the Southeastern Geological Society plans a field trip in November to cover the Gulf Hammock problem, about which I wrote you.

I will certainly see that you are given an invitation to attend, and I think that we can word it strong enough so that the authorities—that-be will feel free to allow you to come.

Very sincerely yours,

A handwritten signature in dark ink, appearing to read "Robert O. Vernon". The signature is fluid and cursive.

ROBERT O. VERNON
Associate Geologist
