Dr. H. B. Stenzel
3726 Colquitt Street
Houston 6, Texas

Dear Dr. Stenzel:

As a result of my interest in paleoecology I have become aware of your very significant contribution to this subject in your paper entitled "Pelecypoda from the Type Locality of the Stone City Beds (Middle Eocene) of Texas." If you have a copy of this available I would appreciate receiving one.

Thank you very much.

Sincerely yours,

Ronald R. West
Paleontologist
