## BENEDICT TALKS AT RALLY ABOUT BEARS' HABITS

Amusing Expositions on General Characteristics of Bruin Entertain Rally Goers.

## WACO VARIETY DISCUSSED

"Bear the Steers and Steer the Bears to the Contest," Is His Advice.

"The Baylor Bear," said Dean H. Y. Benedict, while addressing the students at the rally last night, "has a heavy body; but his short legs will enable the Longhorns to catch and twist his tail, even if it is short. The Encyclopedia says that bears have highly tuberculated molars, which are suited to grinding vegetables and honey. The Baylor Bear thinks that he is fond of meat, Longhorn steak, but he hasn't tasted any yet. Let him live on Rice, Southwestern Methodist chicken, and agricultural products of College Station! Bears have five toes provided with formidable claws, which they get trimmed once a year at Austin.

## Herds Become Courageous.

"The claws of bears are so fitted for climbing that they ascend trees easily, and have been known to get up in the air on Clark Field. The sloth-bear is closely related to the Baylor Bear. It has a few teeth missing, has a very large cheek, a very long tongue, and a very elastic lip. Individually, the Baylor Bear is a pleasant rather than a dangerous animal, but when he runs in large herds he becomes courageous; nevertheless, it would be unbearable for even a thousand bears to pick even one lone-some tick from off the scrawniest Longhorn, south of the quarantine line. Bear the steers to the contest and steer the bears to the contest, and let's all have a good time at the game."

## Crowd Cheers Speakers.

Before a crowd that filled the Law Auditorium to overflowing, Dean H. Y. Benedict spoke the above words regarding the game to be played on Clark Field this afternoon at 4 p. m. between the Baylor Bears and the Texas Longhorns. Judging by the enthusiasm shown last night, the snake dance between halves will be participated in by practically every male student in the University. Cheer after cheer rose from the crowd which had filled the Law Building long before the time appointed for the meeting. The band was there with the music, and Yell Leader "Casey" Jones said that tomorrow will witness some of the best rooting ever heard on Clark Field.

## 28-7 Score Predicted.

"Baylor is going to beat the Longhorns 28 to 7, according to advance forecasts concerning the game," said Geo. Anderson, football manager, who followed Dean Benedict. "Baylor is doing all the talking, Texas the acting," he added. "We have a team that is a mighty offensive and defensive machine, with a spirit of determination and aggressiveness that can't be overcome—a machine that will stand up for Texas on Clark Field in a way that will make the Bears duck their tails and run."

## Vinson Expresses Regret.

President R. E. Vinson expressed his regret at not being able to occupy the special box which has been built for him in the rooters' section, as he will be in Greenville addressing Texas alumni. He stated, however, that he had appointed twelve leather-lunged members of the faculty to occupy his box in the bleachers; and if these dignitaries do not yell themselves hoarse, he said he would start an investigation to see what could be done with

## PROSH GIRLS ELECT CAPTAIN.

Miss Irene Hearne was elected captain of the freshman basketball team at a meeting of the squad yesterday afternoon. The girls will meet next Wednesday afternoon from 5 to 6 to practice.

## BOX BUILT IN BLEACHERS FOR PREXY VINSON

University Head Will Occupy Seat in Front of Rooters' Section During Coming Games.

A box has been erected on the east side of Clark Field in front of the bleachers for Dr. R. E. Vinson and his guests. The president has expressed himself as highly pleased with the arrangement whereby he will be able, in all future games, to sit in the rooters' section with his students. He declared that he wants to be where he can do the most to help the team win the games.

Because of prior out of town engagements, Dr. Vinson will not be seen in his box at today's game. Instead, he will address Texas alumni in Greenville.

Six faculty members and their wives will serve as Prexy's representatives today. They are Dr. and Mrs. E. C. H. Bantel, Dr. and Mrs. T. U. Taylor, Dr. and Mrs. H. Y. Benedict, Dr. and Mrs. W. T. Mather, Dr. and Mrs. C. W. Ramsdell, and Dr. and Mrs. J. T. Patterson.

## PARENTS WRITTEN BY REGISTRAR

University Official Informs Home-folks About Freshmen and Sophomore Students.

The Registrar's office is now serving as a bureau of information for the benefit of all the parents of the first and second-year students in the University.

About one thousand letters have already been sent to the parents of all freshmen and sophomores. On one side of the sheet is written the exact number of courses taken by the son, daughter or ward, as the case may be. The Registrar then explains the amount of work the courses require.

The importance of passing five courses is stressed along with the desirability of keeping the work for which the student originally registered.

On the other side of the sheet is explained just what it means for a student being put on probation after not passing the minimum amount of work. The boarding house situation is then given, and the statement is made as to just what the University is doing in this respect.

Later student life is discussed. The University realizing the dangers that students are subject to from a moral point of view, urges the parents to keep in as close touch with their children as possible and in turn offers to co-operate with them.

Mr. Mathews states that letters expressing thanks and appreciation for the information have already been received from many of the parents.

## MISSING BOY NOT IN U.

Mrs. Preston C. Smith of Portland, Oregon, is trying to locate her son, Henry A. Smith, who left Berkeley, California, in September to attend the University of Texas. On arriving in Austin September 16, last, the boy wired to his mother, informing her of his safe arrival. Mrs. Smith wired her son Thursday, and the University authorities replied that no one with that name was enrolled here. The University authorities are co-operating with Chief of Police Morris in an attempt to locate the missing boy.

## BIG CROWD ENJOYS EAST WOOD PICNIC

Royal Time Enjoyed by All—"Kiddie" Games Played—Crowd Breaks Up for Rally.

A large crowd of boys and girls enjoyed a picnic and general outing given by the Y. M. C. A. and Y. W. C. A. in conjunction yesterday evening. The band started playing and drew the crowd promptly at 5 o'clock. At 5:15 the crowd started for East Wood, with a man between two girls, all the way down the line. As soon as the grounds were reached, the girls formed a receiving line, and the boys, one by one, went down the line and met all the girls.

When the "receiving" was over, all took part in playing some of the old-time "kiddie" games, like "drop the handkerchief." Then everybody got in line and received part of the picnic supper that was served.

After supper, the crowd gathered around a large bonfire and sang Texas songs until time to break up and go to the rally. Horace Fristoe, for the Y. M. C. A., and Miss Aden, for the Y. W. C. A., managed the affair.

## LONGHORNS MEET MISSOURI NOV. 4

Squad Leaves for Columbia Thursday, Nov. 2, to Play Strong Tiger Eleven—Longest Trip in Years.

The Longhorns will leave for Columbia, Mo., Thursday, November 2, at 11:45 a. m., via the "Katy." They will arrive in Columbia on the morning of November 3, and the team will go through a light practice that afternoon. The team will be accompanied by Coach Van Gent, Assistant Coach J. A. Clay, R. B. Henderson, and W. J. Ditch.

This will be the longest trip that Texas has taken in several years, and this game renews relations with Missouri University. Missouri will play Texas in Austin next year. Out of the five games played between the two teams, Texas has won two and lost three.

Missouri has had a very successful season so far, having won all of its games up to last Saturday, when it tied Ames, 0-0. Thirteen letter men, six of whom are backfield men, have returned this year, and the Tigers are expecting to make short work of Texas.

## HONORARY FRAT ELECTS.

The Tau Beta Pi Fraternity announces the election of the following senior Engineers: J. B. Atkinson, Georgetown; W. H. Harrison, Mansfield; Earl McDonald, Sherman; D. E. Parks, Cisco.

## PREXY TALKS TO PRE-MEDICS.

## MAGAZINE READY BY MONDAY NIGHT

Excellent Features Promised in November Number of Monthly Publication—Copies Free to Studes.

The Longhorn Magazine will be ready for distribution Monday evening, October 30. The work is on the press now, and final corrections are being made. The literary and humorous features will be accentuated, and the articles will possess a readable quality. The list of contributors for the last month has been large. Ben D. Wood contributes a story on the Mexican situation, and there is a continuation of the discussion of the problems of University women. The writer is a graduate student.

The fiction is exceptionally featured, and includes stories by Elmer Luter, Carl Graham Raht, Donald Lee Joseph, and others. Editorial comment on the faculty situation is also made.

Madison Callicutt is responsible for the especially pretty cover, and for many of the drawings in the Longhorn section. Jack Hyman, editor of the humorous section, has much of his characteristic wit.

## GIRLS' ATHLETICS GET 125 RECRUITS

Basketball, Tennis, Swimming, and Hiking Prove Popular Among Co-Eds.—Managers Selected.

One hundred and twenty-five co-eds have joined the Girls' Athletic Association. Basketball and tennis seem to be the favorite games; but swimming is also very popular.

The Athletic Council is planning to include hiking in their sports. Great interest has been shown among the co-eds in hiking this year, and some of them are so enthusiastic that they are planning to hike two miles in a day.

The managers of the different games have each secured schedules, and placed them on the Gymnasium walls by means of which they will keep an accurate record of the amount of work done in their sport by each girl throughout the year, so that when the "T" time comes they will know just which girls are eligible.

The following are the managers of the different departments:

Tennis, Virginia Hunt; basketball, Louise Young; baseball, Alice Drysdale; swimming, Annie Louise Stayton.

## GHOSTS TO PARADE

Hues of Seniors Will Congregate at Party Monday Night—Men to Wear Distinctive Dress.

Senior ghosts with the enthusiasm that has always distinguished the class will congregate for the first time in the year of their new dignity Monday night. The occasion will be the annual senior Halloween party.

The senior men will don their distinctive collars for the night and wear them on Tuesdays and Fridays from then on. The fete will be put on an individual basis, and every senior plans to go in token of his individual interest in the class and the precedents it has established. There will be no dates.

## WILL IMPROVE CAMPUS DRIVES.

Among the other things the Board of Regents did at their last meeting was to make appropriations for the improvement of the campus drive-ways. It was provided in the appropriation that every vehicle passage-way should be curbed with cement on each side, and that the road shall be tarviated.

## Meeting of the Kampus Koo

## METHODISTS WIN FROM KANGAROOS

Southwestern Comes From Behind and Trounces Austin College 20-7 at Georgetown.

Special to The Texan.

Georgetown, Tex., Oct. 27.—Coming from behind in the second half, Rix's men triumphed over the Kangaroo aggregation from Sherman here this afternoon by the score of 20 to 7. Austin College scored first when a fake right end run and a 55-yard run for a touchdown were effected. Austin came near scoring in the fourth, when McElroy caught a 30-yard pass across the Methodist goal line, but was called back for off-side.

Knickerbocker, playing fullback for the Methodists, was the shining light of the game. He netted 125 yards through the line on eight downs, scored three touchdowns, and threw two passes that counted 55 yards.

## GULICK HEADS JUNIOR CLASS

The junior Academic class met yesterday afternoon and elected officers for the year. The representation was the largest that has attended a class election in some time. C. A. Gulick, elected president for the fall term, outlined the plans of the class for the year, and especially for junior week to be held in the spring.

Following is the complete roll of officers as elected at the meeting: Fall term—C. A. Gulick, president; Miss Olivia Odgers, vice-president; Ted Jones, secretary-treasurer; R. D. Cox, sergeant-at-arms. Winter term—Charles Heimstath, president; Marian Hawkins, vice-president; Florence Bell, secretary-treasurer; J. L. Du Mars, sergeant-at-arms. Spring term—Robert Field, president; Pauline Wherry, vice-president; Gladys Miller, secretary-treasurer; Lloyd Kerr, sergeant-at-arms.

## DR. VINSON TO GREENVILLE.

This afternoon he will deliver a special address to the Associated Women's Clubs of Greenville. Tonight he will attend a banquet at the Beckham Hotel, where he will be chief speaker before the assembled University of Texas Ex-Students' Association, of Hunt County.

Elaborate preparations have been made for the reception of Dr. Vinson by the ex-students of the University living in that section of the State. Tomorrow Dr. Vinson will, by special invitation, deliver a sermon in the First Presbyterian Church of Greenville.

## LONGHORNS AND CONFIDENT BEARS LINE UP TODAY

## ROOTERS FOLLOW TEAM

One Thousand Waco Enthusiasts Arrive on Special Train This Morning to Cheer Their Heroes.

## COMPARATIVE WEIGHT OF TODAY'S HEROES.

Team:  
Texas, 173 pounds; Baylor, 173 7-11 pounds.  
Line:  
Texas, 179; Baylor, 178.  
Backfield:  
Texas, 162; Baylor, 166.

## (By Ed Angly.)

Twenty Baylor "Bears," accompanied by their coaches, H. P. Mosley and Mike Balenti, arrived in Austin last night. They went immediately to the Driskill Hotel and retired early, in order to get a good night's rest before clashing with the Longhorns this afternoon. Several hundred—possibly a thousand—rooters and the remaining members of the squad will follow the Baptist pigskin artists, arriving in Austin shortly after 11 o'clock this morning.

Waco is football mad. Never before has Baylor's chance for defeating Texas and climbing to Southwestern football honors taken on such a rosy hue. Their team is in the best condition. Thereon Fouts, captain of the Baptist eleven, will get into harness today, playing at quarterback. His shoulder is not entirely well, but his presence on the gridiron will boost Baylor's stock considerably. Every member of the team expressed himself as being ready for the biggest game on the Baylor schedule.

Texas goes into the game crippled, but confident of being returned victors. McMurray's injured knee is worse, and he may not start the game at left half. If he does not, Lee Sens or Freddie Moore will take up his job of skirting the ends and crashing through the line. Beall and Albert Penn are too severely injured to participate.

The Texas coaches are expecting a tough battle, but are not worrying as to the final outcome. Neither is Mosley, tutor of the bears. Somebody is going to suffer an unexpected defeat.

Speed is expected to characterize this afternoon's contest. Baylor has an unusually fast eleven, and nobody has yet accused the Longhorns of being slow.

The officials for the game today are: Rix (Dartmouth), referee; Moise (Sewanee), umpire; Utay (Texas A. & M.), head linesman.

## RICE AND T. C. U. PLAY TIE GAME

Owls From Houston Battle Christians to 7-7 Standstill at Ft. Worth. Field Goals Fail.

Ft. Worth, Tex., Oct. 27.—The Texas Christian University and Rice Institute eleven battled to a 7-7 tie on the T. C. U. grounds here this afternoon. The Christians' score came in the second quarter, when Nelson caught Eden's pass behind the Rice goal line. The Owls counted in the third period by a series of line plunges and end runs, after receiving the kickoff. Desperate attempts by both sides to score with field goals in the final quarter were futile.

Rice was outclassed during the first two periods. T. C. U. came near scoring in the first quarter, only to have a pass across the goal line fumbled by Ogilvie. The owls seemed to strike their stride in the last two periods, however, and the game ended with the ball on T. C. U.'s six-yard line.

## YOUR CHANCE.

With more than seven hundred Baylor students and followers of the Baptist team seated on Clark Field this afternoon cheering for their team, the Longhorn cheering section should begin to get in trim for the game Thanksgiving Day. Today will be the first time in several years that a cheering section, in any way approximating the "Texas" delegation, has accompanied the rival team. The boys from Waco will be in the fight for their team from the start.

The Baylor team, claiming State honors last year, will cause Van Gent's Longhorns to give the last ounce of their strength. The coach realizes this, and the team knows that such is the case. So, from the standpoint of a true supporter of the 1916 Longhorns, we should avail ourselves of the opportunity and appear in the bleachers at 3:30, ready to turn the pepper box over and send Baylor back to Waco (rooters and team included) with the knowledge of the fact that the University of Texas is still supreme, both on and off the gridiron.

## FACULTY AIDS.

The numerous faculty coaches who have offered their services in the interest of the various class teams have made the intramural work just a little better. Instructor Barry Whittaker is encouraged. The classes are interested, and with the arrival of \$300 worth of new equipment for the class football games, there will be a greater inducement for more to participate.

The faculty members have responded to the call nobly. We are proud of them, and it is just this kind of men that a University needs. Men, wherever you find them, are just mere human beings.

## A LITTLE INCONSISTENT.

Our friend Boylan, in the Oklahoma Daily, claims that every Texas man, including Captain Dittmar, was outplayed in the recent contest with the Sooners in Dallas. The only answer we have to such an account of the game, viewed from an Oklahoma standpoint, is: That so long as we are ahead in a clean contest and remain ahead at the finish, we have accomplished our aim.

The Sooners always play a clean, fair game, and the followers of Benny Owen take their defeat as well as they do their victories. But we believe friend Boylan should eliminate his alibi, and tell the facts.

## Daily Column

J. F. H.

Today is the day, when the test is applied,  
To the press agent stuff of our foes,  
And either our school will go down in her pride,  
Or we'll triumph as always—who knows?

There has been a great deal of superfluous dope  
On this problem—the oncoming game,  
But the time's drawing near, and the prophets, I hope,  
Will dig holes and go crawl in the same.

No one really knows we will beat Baylor U.,  
Who really knows the sun will rise again?  
But for all of their hurrah and hulla-balloo,  
THEY'RE JUST ANOTHER STEP TOWARD A. & M.

## CHAPEL NOTICE.

Our own Mr. J. M. Ramsay was in charge of the Chapel exercises yesterday, and led the singing, as well as the reading and the prayer. Everything went off with snap, and we got on very well, even if the expected speaker did not appear. Special mention was made in the prayer for the family of the deceased student, Mr. Norwood. Chapel is the place where you will be welcomed and where you will find a sympathetic gathering of your fellow students. We may have one of the Ham-Ramsay speakers with us today, but in any case, we will have a good meeting.

## LA TERTULIA ELECTS.

B. D. Wood Is Chosen President and Ruth Kennedy Vice-President.

Officers were elected by La Tertulia Thursday. B. D. Wood was re-elected president. Miss Ruth Kennedy was elected vice-president, and Miss Winde Sloan, secretary-treasurer.

It was definitely decided to present "Las Solternas," by Luis Cocat y Telodoro, and "Los Pantalones," by Mariano Barroneo, both well known play writers.

Both these playlets are skillfully constructed comedies, carrying with them many hearty laughs. "Las Solternas" is the typical old maid story. In "Los Pantalones" there is the hen-pecked husband.

The casts for these plays will be selected by Director Hendrix, and rehearsals will be started at once.

With the death of Milling Norwood, the University loses not only an earnest, diligent student, but also a true follower and loyal son. His loss is keenly felt by everyone with whom he came in contact, and few realize that he has been summoned to his reward.

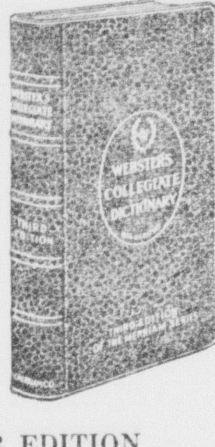

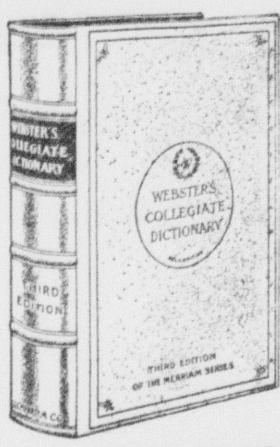

The Newman Club loses the services of a worthy and active member, and the pre-medical class is deprived of a fellow student and co-worker. Being of a quiet and unassuming disposition, Milling readily made friends and acquaintances, and few students can boast of a larger following. He was always an active and an enthusiastic worker, and he will be missed in those activities in which he took part, both in the University and in the city of Austin, his school home, before entering the University. It was with a degree of patience, seldom exhibited, that Norwood met the end. During all his suffering not a murmur passed his lips, and his remarkable fortitude caused those near his death bed to realize that his passing was a source of personal bereavement.

To the sorrowful parents and younger brother, who survive him, and to the clubs, who lose an active member, and to his classmates, The Texan extends its heartfelt sympathy in this hour of sorrow. W. J. W.

Members of the University Rifle Club will be divided into three squads for practice work, according to plans decided upon at a recent meeting of the club at the Y. M. C. A. Squads will go out on Mondays, Wednesdays, and Saturdays to the Camp Mabry range. It was also decided to adopt a club pin and a design will soon be selected.

That the club will have matches with Texas A. and M. and Oklahoma A and M. is assured, and it is probable that the Texas team will also shoot against the University of California and Georgia Tech.

Three of last year's rifle team are back, and are eligible this year.

## COLLEGE NOTES

Nathaniel Jacks, Editor  
Lewis B. Walker, Associate.

**Pullman.**—The sophomore class has voted to abandon the hazing of freshmen. The first-year men have also agreed to wear green caps.

**Missouri.**—Van Dyne, tackle, and Collins, halfback, on the football team, are both out of the game for the present. Coach Schulte realizes that the game with Oklahoma next Saturday is uncertain, as its open style of play is new to his men.

**Nebraska.**—Phi Kappa Psi Fraternity will devote November 4 to the entertainment of the fathers of members who have been invited to visit the University on that day. They will be guests at the football game and be banqueted.

**Illinois.**—The ground will be broken for the new Music Hall. The building is the gift of a former student, and will cost \$250,000. It will be dedicated to the memory of his wife.

**Washington.**—The budget for the University for the next two years has been estimated at \$1,884,910. This includes the cost of erecting several new buildings. A raise in the salaries of faculty members is also contemplated.

**Iowa.**—The football squad has been practicing signals after dark by the illumination of several large electric lights. The practice has been hampered this season on account of so much bad weather.

**Oklahoma.**—Bennie Owen is drilling his men on a new forward pass formation with which he hopes to fool the Missouri Tigers on next Saturday.

**Kansas.**—Electrical Engineering graduates from Kansas are ranked among those from the best sixteen schools in the United States by the Westinghouse Company.

#### SENIOR LAWS ESTABLISH FIRM.

A new law firm, composed of four senior Laws in the University, E. G. Hillman, H. C. Stinnett, A. C. Smith, and Frank B. Vaughn, has recently been established in Austin. This is the first undertaking of its kind in the history of the University, so far as can be found out, except for a few individual law students, who had a little private work occasionally. The venture has received the endorsement of representative faculty members of the Law Department. The office is located at room 118 of the Austin National Bank Building, and the office hours will be adjusted according to the individual schedules of the four men.

#### DEFENDANT ACQUITTED.

Frank Smith vs. Barney Oldfield is the style of the case which was tried in the Cofer Law Society Thursday night. The plaintiff sued for damages for injuries resulting from being run over by defendant's automobile. Prof. Edwin W. Patterson, as presiding judge, rendered judgment for defendant. The attorneys for the plaintiff were M. R. Cardenas and O. D. Montgomery; for the defendant, H. C. Peyton and S. E. Gordon.

The following men were elected to membership: George Peddy, Herbert Davis, N. J. Morrison, and H. Machemehl. Some ten or twelve men handed in their application for membership, and these will be considered at the next meeting.

### FIRST QUIZZES BUST LAWYERS

Thirty Per Cent of Junior Law Class Fail on Initial Exams—Use 'Em Takes Toll.

Grades from the initial quizzes in the Law Department show that nearly thirty per cent of the junior laws are failing to make the required passing grade of eighty.

Forty have failed in the course of The Use of Law Books, between forty and fifty in Elementary Law, and in Contracts, which is being taught for the first time by the case system, a large per cent of the grades are around the eighty per cent mark.

This is below the average for previous infant classes, but the quiz-masters are of the opinion that this condition is not due to a less serious purpose on the part of this year's juniors, but, on the contrary, it is a result of the increased amount of work that is being required by the department.

The middlers and seniors are holding their own and making as good grades as their predecessors. Only a very small per cent have failed thus far in either class, on the quizzes that have been given.

### REGENT ACTIONS PLEASE VINSON

Prexy Expresses Gratification at Consideration of Financial Items by Board in Recent Meeting.

President Vinson is pleased with the work of the Board of Regents at their recent meeting. He states that the work of that body, in considering and passing on the items necessary to be included in fixing the amount of the appropriation for the next two years, is great.

The Regents sat in continuous session last Tuesday for more than seven hours. During that time, they considered, item, by item, 875 separate financial needs of the University.

#### WILLIAMS HEADS J. LAWS.

The Junior Laws elected officers yesterday morning at the close of the Elementary Law class. Prescott Williams was elected president over Gib Denman by a comfortable majority. Miss Huntress was chosen vice-president, defeating Miss Connerly, after the name of Jack Hyman had been vigorously put forward, and with equal vigor withdrawn at his request. Reece Meador was elected secretary-treasurer by acclamation. After ten minutes of impassioned oratory and profuse nominations, punctuated by the call to order by Judge Potts and his ultimatum to the effect that the election must either proceed in an orderly fashion or not at all, Lawler was elected sergeant-at-arms. The defendant entered a general demurrer, but to no avail, and he was unanimously convicted.

#### HOOPINGARNER TO SAN ANGELO

Extension Department Professor Will Have Charge of University Exhibit.

N. L. Hoopingarnier, of the Department of Extension, left last night for San Angelo, where he will be in charge of the University exhibit at the San Angelo Fair, October 30 to November 4.

Mr. Hoopingarnier has just returned from Dallas, where he remained in charge of the Dallas exhibit for about two weeks. From San Angelo he will go to Waco during the Cotton Palace.

The University has had exhibits at Sherman, Tyler, Orange, and Dallas thus far this year, and arrangements have already been made to have exhibits at San Angelo, Waco, and Beaumont.

#### FRESHMAN ACCEPTS POSITION.

J. E. Conner of El Dorado, a freshman Academ, has accepted the principalship of Sanderson High School at \$1500 per year. He will leave for Sanderson at once to take up his duties.

#### REV. KING HEADS BIBLE CHAIR.

The Rev. Harry King, head of the newly created University Bible Chair of the Methodist Church, now has several Bible classes in the University meeting at the Y. M. C. A. Mr. King is a graduate of both Vanderbilt and the University of Arkansas, where he made high records. He has been a successful pastor in Tennessee.

Besides the regular Bible courses given for University students, Mr. King is giving a course for Bible study Tuesday nights from 7 to 8 at the University Methodist Church. The text book used for this course was written by Dr. Harris F. Rall, brother of Dr. E. E. Rall, formerly of the University of Texas.

### B HALL DONATES TO BLIND BOY

Purse Made Up for Unfortunate Freshman Who Lost \$9.55—Students Show Generosity.

The "spirit" of "B" Hall has again been shown this week. A paper was circulated through the hall with the self-explanatory message written at the top: "Charles Rice, the blind freshman, living in room 110, was unfortunate enough to lose \$9.55 in a pocketbook while near the Blind Institute. He has not been able to recover it. It is possible to raise the amount if every man in the hall will give ten cents each."

Not all of the men could be seen, but eighty-eight names were signed to the paper, each man giving from ten to twenty-five cents. The total amount raised was \$9.75, thereby fully reimbursing Rice for the money lost.

The donee had the following to say concerning the gift: "Tell the fellows through the columns of The Texan that Freshman Rice sincerely thanks all of them for their kindness and generosity, and that words fail to express his appreciation for this congenial act."

#### ASHBEL SOCIETY MEETS.

Ashbel meeting, which had been postponed because of conflict with Pan-Hellenic meeting, was held Thursday afternoon. Papers were read by Miss Estelle Goldstein and Miss Marian Hawkins.

It was decided to retain the regular day of meeting, the first and third Wednesdays in every month. Miss McQueen, in compliance with her request, was voted inactive for the remainder of the year.
