

THE BETA BLIVIES "hop it up" at the Round-Up Revue tryouts Monday night. Singing and playing in their own distinctive style are Walter Smith, Richard Hitt, Lindy Johns, Ronald Crossman, Robert Loewe, and Rip Hunter. (Reading left to right.)

# Exposition Committee Appointments Announced

By RUSS KERSTEN  
Texan Editor

The second annual All-University Exposition and Power Show, this year a project of University Administration, has moved past the blueprint stage with the virtual completion of committee appointments.

C. R. Granberry, chairman of the General Committee named by President T. S. Painter to study the feasibility of holding a full-scale exposition, tentatively appointed 27 people to five committees which will work out program details. Granberry's move followed a unanimous decision by the 12-member General Committee in favor of having an expanded exposition the week end of May 2-3.

Along with the Engineering School's 25-year-old Power Show, the Exposition will "show off" all University departments to high school seniors and delegates here for the Interscholastic League State Meet.

The Exposition was begun a year ago under the supervision of the Texas Union committee on Student-Faculty Relations. Guided tours and departmental exhibits were the two major attractions. This year much the same ideas, though on a considerably larger scale, will be followed, with the addition of career conferences.

No alterations will be made in Power Show procedure. It will be held Friday night, May 2.

Committees and their chairmen: Housing, Assistant Dean of Student Life Carl Brett; Publicity, Morris Midkiff, Assistant Director of University News and Information Service; Departmental Participation and Special Events, Tom Kishworth, Director of Radio House; Reception and Guides, Jerry Wohlford, President of APO; and ROTC, Captain R. A. Knapp, USN.

"Each committee chairman is authorized to pursue any course necessary to the work of his committee," Granberry said, although essential duties are delegated and the entire project remains under

the scope of the General Committee.

Housing Committee chores are to work with the Dean of Student Life in securing housing lists, check with the local Chamber of Commerce for additional space, make up a master housing list, and keep representatives on duty during the May 2-3 period. Miss Margaret Peck, assistant dean of women; W. O. Harwell, Austin Chamber of Commerce secretary; Frances Smith; and George Crowley are committee assistants.

Publicity Committee aides are Anne Chambers, University News and Information Service employee, and Ernest A. Sharpe, assistant professor of journalism. General duties are complete state and local publicity dissemination, preparation of announcements and program, preparation and distribution of posters, and readying information for use in the "Interscholastic League."

Chief assignment of the Departmental Participation and Special Events Committee is the contacting of all departments and schools to urge participation. This group then acts as liaison between the Publicity Committee and departments. Assistants are Floyd F. Ewing, teaching fellow in government; Bob Blumenthal, president of IFC; Loretta Lamm; and Don McClure.

Reception and Guides Committee helpers are Georgeann Beene; John McCurdy, Executive Secretary of the Ex-Students' Association; Preston Moore; Charles Pistor, Cactus editor; Kim Watson; W. D. Blunk, assistant dean of student life; and Miss Anna Hiss, director of physical training for women. Their duties are arrangement of general receptions by campus groups for home-town visitors, setting up a system of guides to operate from Texas Union headquarters, arranging for special career conferences as needed, and arranging for representatives to be on Tower Observation Deck to answer questions.

The ROTC Committee will work on unified participation among all ROTC branches. Committee assistants are Steve Albrecht; Colonel F. A. Henney, USA; Colonel E. E. McKesson, USAF; John E. Simpson; and Ronald Wilkins.

Members of the Central Committee, appointed in January by President Painter:

Chairman Granberry, assistant to the chancellor; Harwell; Knapp; Wohlford; Georgeann Beene; W. E. Keys, director, University News and Information Service; R. J. Kidd, director, Bureau of Public School Service; Wales Madden; Registrar H. Y. McCown; Arno Nowotny, dean of student life; W. R. Woolrich, Dean, College of Engineering; and Russ Kersten.

# Cannon-fire to Mark March 2 Celebration

Cannon-firing ceremonies for Austin and the University on Texas Independence Day and the traditional feast for local ex-students were announced Monday by the planning committee.

The cannon-fire and speeches will be Monday, March 3, since March 2 is on Sunday this year. A western-style dinner will be served in the Texas Union Main Lounge at 6:30 p.m.

University alumni throughout the nation will meet on Saturday, March 1, or Monday, March 3, to celebrate the 116th anniversary of Texas' Declaration of Independence.

The University's interest in the holiday began 56 years ago when members of the 1897 law class, which included Tom Connolly, Morris Sheppard, Pat Neff, and Judge James McClendon, "swiped" a cannon from the Capitol grounds and fired it repeatedly in and around the Forty Acres.

Ex-students of the University adopted that date—A&M's former students have chosen San Jacinto Day—as an annual gathering day for the "old grads."

Ticket sales for the Frontier Barbecue to be served Austin Exes are under the direction of Wallace Scott, local attorney and a former co-captain of the Longhorn football team. Tickets are \$1.50 and will be available at Reynolds-Pendland and C&S Sporting Goods.

Tickets may also be obtained from the Ex-Students' Association office in the Union and from the following individuals: Joe Greenhill, Chrys Dougherty, John Stayton, Ralph Park, Dick Reynolds, Ralph Yarbrough, Ock Higgins, Randle Eldridge, C. W. Voyles, Mrs. Raleigh Ross, Jim Tom Barton, John Hargis, Herman Jones, Everett Hutchison, Bill Harding, Brad Bourland, Blake Sparenberg, Paul Tracey, Dr. Joe Bailey, Jack Pickle, Noble Doss, Wallace Lawson, Dale Barnes, Don Weedon, Carl Brett, Ben Atkinson, Gene Ravel, Ben W. Greig Jr., and Malcolm Gregory.

# What Goes On Here

- 9-5—Nominations for Mica Freshman Beauty, Texas Union 307.
- 9-5—Registration for Charm School, in front of Texas Union.
- 9-5—Residence studio designs by Jack Hilmer, Architecture Building 118.
- 9-5—Registration for spring discussion suppers, YMCA.
- 10-12 and 3-5—Art exhibits, Ney Museum and Laguna Gloria.
- 12-10—University Area Kiwanis Club to hear Jack George, TFCW Building.
- 12-30—Luncheon for Professor Sylvio Froes Abreu, Home Economics Tea House.
- 1—Special examinations in education, journalism, and mathematics, Geology Building 14.
- 4—Listening Hour with June Stokes and David Ferguson, pianists, Music Recital Hall.
- 4—Botany lecture by Dr. W. G. Whaley, Experimental Science Building 223.
- 7—Talent show for Freshman Fellowship, YMCA.
- 7—Laredo Club, Sutton Hall 204.
- 7—Forensics, Texas Union.
- 7—Rehearsal for University Talent Show, International Room, Texas Union.
- 7—NAUD bridge party, Campus Cafeteria.
- 7—House Chairmen, Barker History Center.
- 7-15—Charm School, women's lounge, Texas Union.
- 7-30—Slide rule class, Engineering Building 301.
- 7-30—Swing and Turn, Main Lounge, Texas Union.
- 7-30—Radio Guild, Texas Union 315.
- 7-30—Address on Brazilian geology by Professor Sylvio Froes Abreu, Biology Building 12.
- 8—South Central Texas Club, Texas Union 316.

# Sun Spots, Mars Puzzling Science

"We don't know!"

Donald H. Menzel, solar research director of Harvard University, lecturing Friday in the Geology Building, said this was the answer scientists have to give to the two questions most frequently asked them: "Are there people on Mars?" and "What are sun spots?"

Dr. Menzel told about one plausible theory concerning sun spots.

Telescopic observations since the sixteenth century have determined that the period of the sun's intense activity reaches a peak about every eleven years and then recedes. The curve for magnetic storms always shows a parallel with sun spot variations. During magnetic storms, compass needles vary and the aurora borealis increases. The weather is known to have some effect, but exactly what is not known.

Motion pictures taken with a new type of telescope, the coronagraph, were shown. The pictures show the violent eruptions on the sun's surface. Some flares extend as high as 75,000 miles from the surface. Much of the gas seems to fall back to the surface, but some goes off into space, losing its light as it disappears.

Sun spots are of particular interest to electrical engineers, physicists, astronomers, and radio hams.

# Wallace Jurors Retire Tuesday Without Verdict

Debate Wind-up Lasts Four Hours; Court Opens at 9

No verdict Tuesday by 9 p.m.

After four hours and twenty-five minutes of deliberation, the jury in the Malcolm E. (Mac) Wallace murder trial was retired Tuesday night to close out their season on the home boards.

Though the game meant nothing to Conference standings (Texas having clinched second place behind TCU when Baylor thumped SMU Monday night), it was a red-carpet exit for senior Jim Dowies. The 6-3 senior rang up 25 points in the

Throughout the time that the jury deliberated Tuesday night, the courtroom was almost filled with a tense crowd, waiting for the verdict.

When they were told the jury was being retired for the night, they slowly filtered from the courtroom, some looking a little disappointed.

The jury can acquit Wallace or render a verdict of from two to five years—or death. If it renders from two to five years, then it can also suspend the sentence, but if the verdict is over five years, it cannot suspend the sentence.

Wallace, whose bond keeps him in the court while it is in session, appeared calm, his wife, Andre Barton Wallace, and his brother, James Eldon Wallace, sat with him in the near-empty bar circle.

The proceedings Tuesday ended with closing arguments by both the State and the Defense.

The testimony was over and the jury charged by 3:29 p.m.

# Levine Feels 'Fair' After 18-foot Fall

Bert Levine, University student from New York City who suffered a fall down the Sutton Hall elevator shaft Monday night, was reported in fair condition Tuesday afternoon. A physician at the Health Center said Levine had apparently broken no bones.

Ben Glass, Levine's roommate, said that after Bert got out of a night class in Sutton Hall, he unlocked the elevator door to ride down. No hall lights were on, but Levine stepped through the door, thinking the elevator was there. It wasn't.

Levine fell about eighteen feet, striking the bottom on his head and left shoulder. He has a five-inch cut on the back of his head, and a badly bruised shoulder and hip.

No visitors are being admitted.

# 1951 Round-up Films To Be Shown in Union

Two films of previous Round-ups will be shown on Thursday night at 7 o'clock in the Main Lounge of Texas Union.

Along with glimpses of the past will come explanation of the policies and rules for this Round-up. Each year brings new decisions in making the present year better than any other, said Paul Tracy of the Ex-Students' Association.

Any representatives from organizations that are interested are invited to attend. Also those students wishing to find out more about this annual display of UT's spring spirit will now have the opportunity.

Clouds to Be Pretty Near Clear

Included among today's weather predictions are: fair, sunny, almost clear skies; a high of 60, a low of 30.

# To South Carolina

# Rev. Moffett's Going Home

By OTIS RHEA SCHMIDT

When the Rev. Harry Moffett leaves the University Presbyterian Church sometime around April 1, he will leave behind one of the more active student religious organizations on the campus.

But Dr. Moffett, who has always been in the college ministry, feels that there is a great opportunity for work in the industrial pastorate, Gastonia, S. C., where he is going.

"I have thoroughly enjoyed my work with college students," the personable pastor remarked, "but I feel a definite challenge to do ministerial work in the industrial field."

Gastonia, a town about the size of Austin, is located in the largest industrial area in the South. Its textile mills are in the "Heart of Presbyterianism," as Mr. Moffett calls his old home country.

Another factor in Mr. Moffett's decision to accept the pastorate is that "I'll be back to the country where I was brought up and where my father and grandfathers were Presbyterian ministers before me."

The Presbyterian minister, well-known as a Religious Emphasis Week speaker, graduated from Davidson College in 1931. He received honorary Doctor of Divinity degrees from Austin College and Davidson College in 1950.

Preceding his pastorate at the University Presbyterian Church, where he has been for seven years, Dr. Moffett was at the Presbyterian church connected with the University of Missouri in Columbia. He has served on the Board of Higher Education of the Presbyterian church for several years. He was associate director at Mo-Ranch, one of the largest church camps in Texas, until 1949.

The pastor's athletic, robust appearance is not misleading for he enjoys golf and tennis. While in college he was a member of the track team for two years.

He married Margaret Neel Yarbrough of Memphis, Tenn., in 1935. They have three children, Margaret Neel, Harry McColland, and Ann Stuart.

Before entering the ministry, Dr. Moffett taught at Luce Academy in North Carolina.

With his strong Christian conviction and vitality, Dr. Moffett has a fine chance for accomplishing his aim in South Carolina as he helped so many other to do in Texas.

DR. HARRY MOFFETT

# Steers Dump Rice, 54-48, To End Home Cage Season

By AL WARD  
Texan Sports Editor

Moving with the slow certainty of a juke box swing, the Steers, Texas, plugged to a 54-48 triumph over the young Rice Owls Tuesday night to close out their season on the home boards.

Though the game meant nothing to Conference standings (Texas having clinched second place behind TCU when Baylor thumped SMU Monday night), it was a red-carpet exit for senior Jim Dowies. The 6-3 senior rang up 25 points in the home finale, a seasonal high for team scorers.

Dowies' marksmanship, however, shared the cheers of Gregory Gym's 3,000 with all-around play of sophomore Gib Ford, who was king-for-a-day on rebounds. Despite the presence of taller rank on both teams, the sure-fingered Ford snared rebound after rebound. He also hit four of six from the floor and a gift toss for Steer runner-up honors to Dowies.

Steer Coach Slue Hull substituted freely in the game, trying various combinations of players. Perhaps the greatest success was achieved with Price, Dowies, Ford, Cecil Morgan, and Carrol Minor, who started the second half and pulled Texas from a 27-28 deficit to a 45-33 lead at the end of the third frame.

Assured of the second-place spot, Hull fielded a sentimental starting lineup of five seniors—Dowies, Price, Dick Harris, Luther Scarborough, and Jimmy Viramontes. After Rice surged to a 14-7 lead, he inserted three regulars and the Texas comeback fell one point short at the half, 27-28.

Rice's offense centered around 6-6 center Gene Schwinger, sophomore candidate for all-Conference. Playing the post, Schwinger's effortless work around the basket kept Rice in the game and netted him 16 points, high for the Owls.

After being behind 12 points starting the final quarter, Rice limited the Longhorns to 5 points the next 7 minutes while scoring 13. Cushioned by a 50-46 lead with three minutes left, Texas then began its familiar stall and rode it out to a 6-point triumph, their sixteenth of the season against 8 losses.

The able floorwork of Viramontes, Black, Ford, and Morgan shone during the three-minute stall in which Texas refused 4 foul shots. Captain Don Klein, defensive and rebound stalwart, had drawn his fifth personal shortly before the stall began.

Texas' final game will be against Arkansas this Saturday at Fayetteville.

# Daniel Bounces Back At Connally on Tidelands

News Briefs

Based on the Associated Press

Texas' candidates for the US Senate were in a tangle Tuesday, the Associated Press reported.

Attorney General Price Daniel said he regretted Senator Tom Connally thought Texas had "confused" its tangle defense with that of California and Louisiana.

"The only people who confuse Texas' superior and special claims with general claims of the other states were the federal officials who sued Texas, and the 'our Supreme Court justices, the appointments of whom were supported and approved by Senator Connally," Daniel said in a written statement issued Sunday.

Connally was quoted in Washington stories last week as having said Texas should have won its tidelands case, "and the issue should not have been confused with the cases of California and Louisiana."

Daniel said he had letters in his files from Connally "complimenting my defense of the Texas tidelands in both the court and Congress."

Daniel directed the Texas tidelands defense. The Supreme Court rejected the Texas plea by a 4 to 3 vote.

The United States and Japan ironed out their last differences Tuesday and agreed on the detailed operation of a security pact binding the two countries after the peace treaty is ratified.

The controversial question of criminal jurisdiction over US garrison troops was settled by agreement to turn over American offenders in "serious crimes" for trial in Japanese courts.

The American Council on Education told Congress Tuesday it feels its own recommendations will go far toward cleaning up college sports.

The council's attitude was expressed in a letter from President Arthur S. Adams to the House Rules committee. The committee is considering a proposal to investigate sports, including intercollegiate athletics.

"Since the rules committee is considering the need for a study of athletics," Adams wrote in a letter made public by the council, "It has occurred to me that you may be interested in knowing what educational organizations themselves are doing to improve the conduct of intercollegiate sports."

Adams mentioned the special committee named by the council

and the report it submitted. This is the report that calls for strict controls on recruiting and subsidizing and a ban on all spring football practice and post-season bowl games.

The London Daily Mail said Tuesday from Washington Sir Oliver Franks has rejected "at least temporarily" the invitation to become NATO secretary-general.

The story, by the Mail's correspondent William Hardcastle, said it was learned authoritatively that Franks, now British Ambassador to Washington, had cabled Foreign Secretary Anthony Eden at Lisbon that he could not see his way clear to accepting the post.

The dispatch said Eden was trying to get Franks to reconsider.

Republican protests mounted against Speaker Rayburn's ban on radio, television and newsreel coverage of House committee meetings.

Rayburn stuck by his suddenly announced ruling.

"I can't change it and I'm not going to," he said.

The Texas Democrat ruled yesterday that only reporters and still photographers may cover committee sessions. He said the House rules do not provide for radio, TV or newsreel coverage. Senate hearings were not affected.

Rep. Velde (R-Ill.) suggested Tuesday that politics might be involved in it.

# ROTC Ball Music To Be Broadcast

The Military Ball will be broadcast Saturday night over radio station KVET. Frankie Masters, whose band will play, will be master of ceremonies of the half-hour show of musical recitals.

The Military Ball is a combined project of the three ROTC organizations on the campus. It will be in Gregory Gym from 8:30 to 12 o'clock Saturday night. More than 1,000 couples are expected to attend the ball.

Invitations are being sent to midshipmen and cadets on the campus and to various campus, state, and out-of-state dignitaries.

Anyone in ROTC last semester who has paid his dues, but has dropped out of the ROTC, may pick up his invitations in Capt. Gholson's office in the Air Force ROTC headquarters.

The broadcast will be from 11:30 to 12 o'clock. It will begin with an announcement of the campus beauty chosen to be Queen of the Military Ball. The broadcast details are being worked out by Radio House on the campus.

Frankie Masters is an old hand at radio broadcasts of dance music. His broadcasts from the Boulevard Room of the Stevens

# Donoghue, Hand Reported Married

Lloyd Hand, ex-president of the student body, and Ann Donoghue, freshman beauty, were married Saturday in the Catholic chapel at the naval base in Newport, Rhode Island, according to friends of the couple.

Reports are that Ann flew to Newport Friday, and the marriage was to be soon after her arrival Saturday morning. There has been no further word from the couple as yet.

Hand, who holds a BA degree, has been stationed in Newport during this semester.

A member of the Ten Most Beautiful, Ann was also a Ranger freshman beauty, Kappa Kappa Gamma candidate for most beautiful pledge, a Rangerette, one of the top five in the freshman beauty contest, and a member of Newman Club.

Hand's activities included being chairman of the Union Board, chairman of the Board of Student Publications, chairman of the University Crusade for Freedom drive, vice-president of the Rusk Literary and Debate society, an officer of Phi Kappa Psi, secretary of Inter-fraternity Council, vice-president of the Varsity Carnival and associate justice of the student court.

While he was on the Student Assembly, he founded the Student Book Exchange, instituted the color card tricks at football games, and established the cabinet system in student government.

He was inter-society debate champ, intramural debate champ, and won the Morris Shepherd Speech award.

According to friends, the couple will make their home in Newport.

# Balloting Begins For Law Students

Twenty-seven candidates have filed in the Law School elections by deadline Monday.

Polls will open at 8:30 Tuesday morning in the Law Building, and will close at 1 p.m., W. T. McNeal, president of the University Bar Association, said Monday night.

Fifteen offices are to be filled, including president, vice president, and secretary of the three Law School classes, and six members of the honor council.

Class presidential candidates are:

Senior class, Phil Allen, Joe Jammal, Peter Quaiser, and Errol Anderson;

Mid-law class, Robert C. Maley and Bob Boiken;

Freshman class, Edmund L. Coghurn, Jim Harrison, and Ed Frost.

Run-off elections will be held Friday.

# PT Teacher to Attend Health Meet in Georgia

Miss Mamie Lou Pipkin, assistant professor of physical training for women and assistant director of women's intramurals, will attend the meeting of the Southern Association of Health, Physical Education, and Recreation, Wednesday through Friday in Atlanta, Ga.

Tuesday Miss Pipkin attended the meeting of the National Association of Physical Education for College Women, southern section. She served on the program committee.

By RUSS KERSTEN

And then there's the story about a woman in Pennsylvania who nervously stood at a counter in a department store for a long time before finally speaking.

"Er, miss," said the little old lady, "I wonder if you'd get me two packages of bathroom stationery!"

# Gamma Phi Beta Wins Women's Bowling Title

Cynthia Armsworth paced Gamma Phi Beta to top the women's intramural bowling tourney Tuesday afternoon. She bowled a 315 in two lines to boost her team score to 1237.

Mary Margaret Hogz led Tri-Delt with 295 points for a team total of 1189 and second place. Chi Omega's 1124 took third place, led by Tita Sparks' 311.

Yvonne Williamson bowled 162 to make a total of 564 for Delta Gamma, good enough for top honors in the consolation tourney. Kappa Kappa Gamma's Ann Fish-

er scored 125 points to make a total 524 for second place, while Betty Cotter led the Phi Mu's with a 138 and a total of 491 for third place.

The scores in the consolation tournament are for one line.

Betty Gray, 1951 women's intramural tennis champ, is seeded first place for this year's tennis singles tourney. Other seeded players in order of their ratings are Mary Margaret Schmitz, Chi Omega; Anne Drye, Phi Beta Phi; and Rosemary Sone, Gamma Phi Beta.

Shirley Anderson, Delta Delta Delta; Sara Jane Weeks, Zeta Tau Alpha; Doris Casey, Wesley; and Joan Webb, Delta Delta Delta; also received ratings for the tourney.

The first round of the tournament, in which 104 have entered, began Monday and runs through Monday, March 3. Bonus point deadline is Thursday.

## Grid Telecasts Discussed

NEW YORK, Feb. 16—(AP)—A special committee of the National Collegiate Athletic Association held an all-day discussion Tuesday with officials of the broadcasting industry and other interests. The subject: plans for telecasting college football this year.

# Frosh Lose Finale; Owlets Win, 58-53

By JEFF HANCOCK

A fast, sharp shooting Rice freshman quint rode a well-played first half to a final 58-53 victory over the Texas Yearlings Tuesday night for their second conquest of the year over the Orange frosh.

The Owlets beat the Yearlings in Houston in January, 60-58. Tuesday's loss made the Yearlings' final season record five won and seven lost. San Angelo JC on Feb. 16 was the last team to suffer defeat at the hands of the Yearlings, who lost their last three games.

The Yearlings' two chief point producers of late, Casey Wise and Philip Kidd, were both cold from the field, especially in the first half. Wise made nine and Kidd seven points, Wise getting all seven of his in the last half.

George Gage was high for the Yearlings with 12 points, and Sam Bradshaw and Arthur Stewart each hit 11. Bradshaw made five out of six free throws.

Rice overcame an early 5-0 Yearling lead to come up even at 11-11 at the quarter and then jumped to a 32-21 halftime lead.

Two Indiana lads, Terry Tel- igham and Norman Pahmeier,

spearheaded the second quarter Owlet spurt with 15 points. Tel- igham, a 6-5 center, managed eight of these, and was the game's high scorer with 14 points. Pah- meier and Dick Moegele both had 10 points and Monte Robicheaux hit 13.

Rice's floor game and the out- side work of guards Bill Worn and Robicheaux in working the ball into pivot man Teligham was responsible for much of their first half points. An all-court press most of the second quarter ham- pered the Yearling offense great- ly, as Robicheaux and Moegele stole the ball for several lay-ups.

The Yearlings outscored the Owlets the last half as Stewart,

## THE TOP TEN

- By the Associated Press
1. Kentucky (24-2) 953
  2. Illinois (17-2) 768
  3. Kansas State (16-4) 490
  4. Duquesne (19-1) 477
  5. St. Louis (20-5) 348
  6. Washington (22-4) 343
  7. Iowa (18-2) 310
  8. Kansas (19-2) 287
  9. St. John's (20-3) 248
  10. W. Virginia (21-2) 229
- Others receiving votes included: TCU, Southwest Texas.

# Kentucky Cage Stars Plead Guilty to 'Shave'

NEW YORK, Feb. 26—(AP)—Three former University of Kentucky basketball stars, members of the great teams that won the NCAA championships in 1948 and 1949 and went on to win Olympic fame, pleaded guilty Tuesday to a charge of conspiring with gamblers to shave points in a National Invitational game here in 1949.

Dale Barnstable, Ralph Beard, and Alex Gorza were permitted to plead to a conspiracy charge, a misdemeanor for which they may

be sentenced to serve up to three years.

Judge Saul S. Streit paroled them until March 28, when sen- tence will be pronounced.

## College Men! CHOOSE A CAREER in the U.S. Air Force

### Aviation Cadet Program Offers Special Opportunities for Collegians Now Preparing for Military Service

Here is a real man-size opportunity! You can choose—immediately—between being a Pilot or Aircraft Observer in America's swiftly-expanding Air Force. The Air Force encourages candidates to stay in school and graduate. However, seniors and students with two years or more of college who anticipate early entrance into military service can insure their future and serve their country best by applying for Aviation Cadet Training today. You receive the finest training and experience when you fly with the U. S. Air Force—experience that pays off in later years.

**WHO MAY APPLY**  
AGE—Between 19 and 26 1/2 years.  
EDUCATION—At least two years of college.  
MARITAL STATUS—Single.  
PHYSICAL CONDITION—Good, especially eyes, ears, heart, and teeth.

### HOW TO QUALIFY

1. Take transcript of college credits and copy of birth certificate to your nearest Air Force Base or Recruiting Station.
2. Appear for physical examination at your nearest Air Base at Government expense.
3. Accomplish Flying Aptitude Tests and enlist for two years only!
4. The Selective Service Act awards you a four-month deferment while awaiting class assignment.
5. Immediate assignment to Aviation Cadet Training Classes starting May 27, July 19, August 19 and October 2, 1952.
6. Attend Aviation Cadet Training School for one year—either as Pilot or Aircraft Observer. Get \$105 monthly pay, food, housing, uniforms, and other benefits.
7. Graduate and win your wings! Commissioned as a second lieutenant, you begin earning \$5,000 a year. In addition, you receive \$250 uniform allowance and a 30-day leave with pay.

**WHERE To Get More Details**  
Visit your nearest U. S. Air Force Base or U. S. Army—U. S. Air Force Recruiting Station or write direct to Aviation Cadet Headquarters, U. S. Air Force, Washington 25, D. C.

**U.S. AIR FORCE**

# Daniel Is Right

Price Daniel's comeback that Tom Connally's remarks on tidelands are "misleading, to say the least" is absolutely right.

Old Tom, lashing out at his Senatorial race foe in slurring remarks about the handling of Texas' tidelands case, not only was ill-advised in his choice of subjects, but he didn't quite stick to the facts.

Several days ago, Connally (in the half-truth fashion of another tidelands critic, Drew Pearson) said Texas would have won its tidelands fight if the issue had not been confused with similar cases in California and Louisiana. Obviously the split in Texas ranks comes at a most distressing time—just as the tidelands issue is bouncing around in Congress.

Connally and Pearson, said Daniel, have left false impressions about conduct of the case in the Supreme Court. "Texas'

entire defense in the Supreme Court was based upon our special contract of annexation, which the court ignored by a four to three vote," said the state attorney general. "Our co-operation with other states has been limited solely to defense of the general claims of all the states, in the California case and in congressional action. Such co-operation is the only way we can win in Congress."

Too, Daniel noted, the four men who sold Texas down the river in the Supreme Court steal had been supported and confirmed in their appointments to the bench by Connally.

All the evidence indicates that the Patronage Saint of Texas, not the attorney general, is at fault. Certainly none can quarrel with the fact that Connally is harming the state's tidelands hopes in an ill-chosen attempt to gain votes.

# How Long? Any Purpose

Soon the United States will have mutual defense alliances with 37 countries. Thirty-three are in effect now, and four others are pending—with Japan, Australia, New Zealand, and the Philippines.

Thus, in theory, virtually the entire free world is in various stages of readiness to aid the U.S. in time of attack, and vice versa.

On the opposite side of the Iron Curtain, armed readiness is also apparent, in fact even more apparent than on the side of the Western Allies.

With a world this conscious of armaments races and entangling alliances, how long can tense men the world over be expected to avoid a recurrence of 1914's Archduke Ferdinand incident?

A lot of students can't see that organizations of Democrats and Republicans on the campus serve any good purpose.

Those critics would have ample reason to change their tune if the Young Republicans and the Young Democrats would partially co-ordinate their activity to educate voters, meanwhile laying personalities aside.

# PT for Gals

If some enterprising Assemblyman wants to make himself useful and make a hit with the ladies, here's an idea: find out why women's PT is a three-year plan, while men's PT is required for two years.

There's no apparent reason why the requirements should be different.

## Campus Round-up

# Do You Want a Deferment? Applications Due March 10

Want a draft deferment? File your application for the 1952 Selective Service Qualification Test at once.

Applications must be postmarked by midnight, March 10, in order to be eligible for consideration April 24. J. E. Terral, director of the test administration, said that early filing will be to the student's advantage.

A bulletin of information and an application form may be obtained at any Selective Service Board. Results will be reported to the local board of the student's jurisdiction for use in considering his deferment.

## WILSON IS PREXY

Dr. John A. Wilson has been elected president of the Society of Vertebrate Paleontology for 1952 and Glen L. Evans has been elected secretary-treasurer.

Dr. Wilson is associate professor of geology and has been secretary-treasurer of the organization for the last two years. Mr. Evans is associate director of the Texas Memorial Museum.

The Society of Vertebrate Paleontology is a national organization of about 400 members interested in the study of fossil bones.

In addition to conducting courses in the Department of Geology, Dr. Wilson is engaged in fossil bone research at the Vertebrate Paleontology Laboratory at the Off-Campus Research Center.

He came to the University in 1946 from the University of Idaho School of Mines. He received his doctorate in 1941 at the University of Michigan.

Mr. Evans, a former student at the University, has been collecting Texas fossil bones for several years. He acted as general supervisor and geologist for the WPA Paleontological and Mineralogical Survey under whose auspices a large and valuable collection of Texas fossil bones was assembled.

## FACULTY HOUSING

The office of the Dean of Student Life will offer a special service this summer to faculty members who wish to

rent their homes to visiting staff members.

The faculty members who are interested should register with Miss Nathalie Ekstrom, Main Building 101M.

Last year most of the 50 homes registered were rented.

## HAWAIIAN SCHOOL

Summer college courses in the Eden-like environs of Honolulu are now offered at bargain rates to teachers and students.

The combined benevolence of the University of Hawaii and United Air Lines has produced a \$381 admission price which includes round-trip transportation from the Pacific Coast, housing for the six-week term, and tuition at the university for six credit hours. Transportation to the Pacific Coast and meal expenses, however, are additional.

Dormitory rooms for the entire semester are \$45 for women and \$50 for men, United Air Lines said. Meals cost \$2 a day on the islands.

University of Hawaii officials announced that courses in 24 academic fields, at both undergraduate and graduate levels, will be offered. Registration will be June 23, with classes beginning the following day and closing August 1.

College catalogues and other pertinent information may be procured from United Air Lines.

## NORWEGIAN AWARDS

Various industrial firms in Norway are offering a limited number of scholarship awards for study at the University of Oslo from June 21 to August 2, 1952.

The Norwegian Federation of Labor Unions is offering two scholarships, worth \$225 each, to candidates interested in the Norwegian labor movement and social problems in Norway.

Scholarships will be awarded on the basis of financial need, provided the applicant meets all requirements for admission.

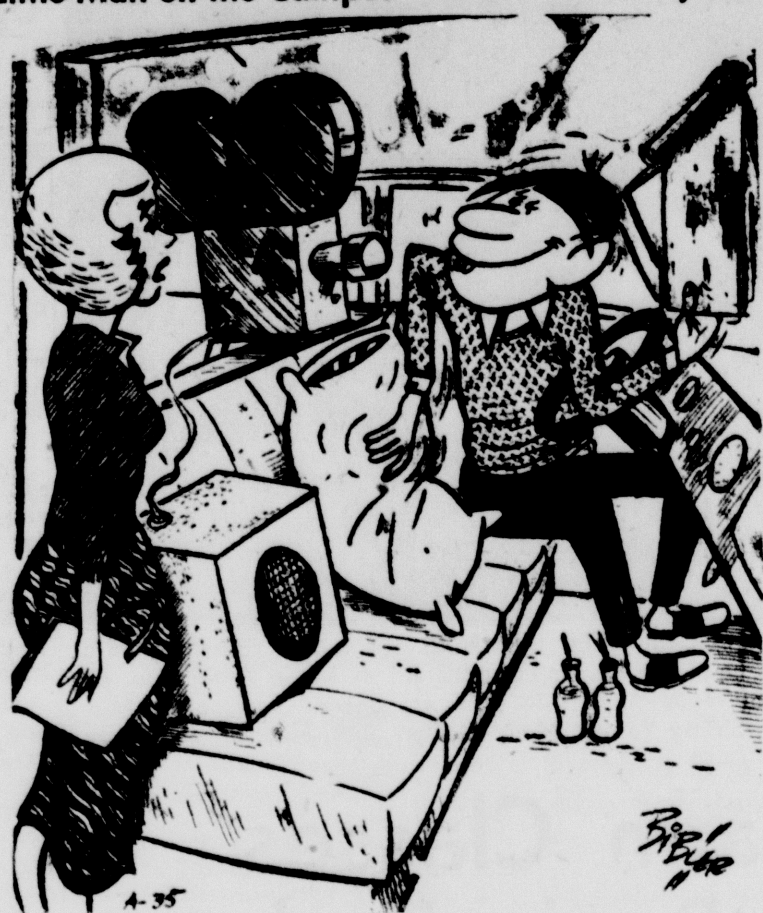

A catalogue of courses, preliminary application material, and other information can be obtained by writing Oslo Summer School Admissions Office, St. Olaf College, Northfield, Minn.

# The Firing Line

## An Explanation

### TO THE EDITOR:

There has been an article written about me which appeared in the Sunday paper. As H. W. Reese found out, this article can be misunderstood. I want to clear up some of these misunderstandings.

1) A DP is a man—of non-German origin—who was forced during the war to leave his country to do forced labor for the Nazis with little food and bad treatment by the government. A few others, also of non-German ancestry, had to leave their homes as they did not want to live under a dictatorship, Soviet or Nazi.

Very few DPs are of German origin as I am. But these are without exceptions men who were prosecuted by the Nazis and spent at least six months in concentration camps. They have been checked for years by US DP Commission, whether they were Nazis or not, before they were allowed to enter the U.S.

Others, born German, were allowed to enter the U.S. These are often mistakenly called DPs. How-

ever, they are not DPs, but are "Voksdutsche."

2. I did not write the article, "Soviets Worse than Nazis." I did not even have a chance to read it before it was published. I was interviewed by Murray Fisher who wrote the article. The article, therefore does not express my personal opinion, but something which another man believed to be my opinion. My difficulty in expressing myself in English perhaps led to misunderstandings. I do not wish the headline to mean that "Soviets are more cruel than Nazis." I did not mean that, and it is not up to me to judge this. I would say that "Bolsheviks are more dangerous than Nazis." And they are since they own the material and control the people of nearly a continent. And they are able to use the material and people without scruple. They have a propaganda which works on an international basis. In this they differ from Nazi Germany, especially since Nazi Germany's propaganda was principally national. Therefore, they are more dangerous to the western world.

3. To explain these facts and to avoid any further misunderstanding, I would like very much to meet H. W. Reese and anyone else who wants to discuss these questions or any others which I did not touch on. I may be reached at the University YMCA.

JUERGEN H. BRAUN

## Library Problems

### TO THE EDITOR:

I feel as if it is time that someone spoke in defense of the library. As a page in the library and a frequent user of the main loan desk and the branch libraries I think that I have something to say on the subject.

As far as I can determine these are the complaints which the Texan has made against the library: 1. There are many books in poor condition in the library.

2. There are not enough copies of certain books.

3. There is no way to tell from the catalog at the Main Loan Desk where a book is located.

4. Service is slow and there is too much red tape.

Now there are many books in poor condition in the library. These books have been used and abused by students. There is no way to repair a worn out page or pages in the book; there is no way to conjure up a missing page or part of a page and put it back into the book. Furthermore, new copies of these books cannot usually be obtained because they are out of print, that is, bookseller's stocks of these books have been exhausted and there is no way to obtain other copies of these books except in rare cases when copies can be obtained from second-hand book stores.

It is also true that sometimes there are not enough copies of certain books. There are two causes for this. The first is that the library orders only the number of books requested by the faculty. If the faculty misjudges the demand for certain books, there is nothing the librarians can do about it. Second, books are frequently lost by students. Reserve books are no exception; their loss, however, is felt more. These lost books cannot usually be replaced, for they too are probably out of print. (Editor's note: USUALLY? What's your source?)

Except for the Reserve Reading Room, the Business and Social Science Reading Room, the Undergraduate Reading Room and the Main Building 204, phone 6-8371, extension 551.

# Cowboy Star, Author To Visit Union Friday

Dale Robertson, star of "Return of the Texan," and Fred Gipson, author of the book from which the movie was taken, will be at an open house Friday in the Main Lounge of the Texas Union. Drama, radio, journalism, and English majors are especially invited.

The famous actor and writer are here for the first Austin showing of "Return of the Texan," and will make four public appearances Friday on the stage of the Paramount Theatre.

Both men have shown the value of remaining natural in acting and writing.

Robertson, who has ridden into the Hollywood canyons from his

native state of Oklahoma, was first observed as a promising young star in adventurous, romantic roles. He starred in "Take Care of My Little Girl," and "Golden Girl."

Unlike most actors, he did not have to suddenly acquire the slow drawl he used in "Return of the Texan." Raised in the West, he clings to his natural slow-talking style. His reasoning on this subject stems from his boyhood friendship with the homespun humorist, Will Rogers.

With regard to dramatic lessons, Roger's advice was to be natural, and not to "let them put your voice in a dinner jacket." Following his advice, Robertson gave up his dramatic studies after one month. He has since become one of the most promising young stars in Hollywood.

Gipson was raised in the two hundred miles of hill country surrounding Mason, Texas. As a boy he worried his mother by spending every minute of his spare

time in the woods with "pot likker" hobs. Gipson stayed with the outdoors and has based his books on stories about his childhood experiences.

He came to the University in 1935 and stayed until 1937, studying journalism during that time. He worked as a columnist in Corpus Christi, San Angelo, and Paris, Texas. Finally he broke off all newspaper connections and began to write about the things he knew best.

He became famous when his book, "Hound Dog Man," was selected as "Book-of-the-Month." He wrote "Fabulous Empire," the story of the modern Southwest, Texas ranches, and "The Home Place," the book upon which "Return of the Texan" was based.

"Return of the Texan" is a story of the modern Southwest, a portrayal of the struggle of man against the land. It is not a "shoot 'em up" but a modern love story with a Texas background.

## Helen Blount to Play Lead in 'Fledermaus'

The cast for the Opera Workshop's production of Johann Strauss's "Fledermaus" has been named. The opera will be presented March 4, 5, and 8 in Hogz Auditorium by the College of Fine Arts Opera Workshop.

Rosalinda will be sung by Helen Blount in the production; her former lover, a romantic tenor, Alfred, will be portrayed by Damon Weber; Adele, her flirtatious and charming maid, is Martha Ann Martin; and the philandering von

Eisenstein will be enacted by Dick Turbiff.

Eisenstein's lawyer, Dr. Bland, will be played by Jack King. Frank, a warden, is Glenn Dowler, and Prince Orlofsky, a wealthy dilettante, is Lorene Michalopoulos. Two drama majors, Beverly Kirkland and Es Reynolds, will portray Ida and Froch, respectively.

Tickets to "Fledermaus" went on sale Monday morning at the Music Building box office, 6-8371, extension 444. General admission for adults is \$1.20; for blanket tax holders and children, 60 cents.

## Horowitz to Play In SA Saturday

Vladimir Horowitz, regarded by many as the world's greatest pianist, will be guest soloist with the San Antonio Symphony in the season's thirteenth concert at Municipal Auditorium in San Antonio Saturday night.

In his first San Antonio appearance, the keyboard virtuoso will perform the Tchaikovsky Piano Concerto. Horowitz performed the Tchaikovsky concerto in his American debut in 1928.

Victor Allessandro, musical director, has also programmed "Daphnis and Chloe" Suite No. 2 by Ravel and the Symphony No. 36 in C Major ("Linz") by Mozart for the concert.

Now on his twenty-fourth tour of the United States, Horowitz's career has been a phenomenal one, both here and abroad. His Carnegie Hall recitals to packed houses made his name almost legendary. Season tickets may be used for Saturday night's concert. Others are available at the auditorium box office.

## World's Oldest Play To Appear in Dallas

Black Hills Passion Play, the world's oldest stage attraction, will come to Dallas' Fair Park Auditorium March 1 for a nine-day run.

Josef Meier is the Christus. A native of Westphalia, Germany, where the play originated in 1242, Meier is the seventh generation of his family to enact the principal character.

Father of Student Dies  
Frances Berryman, sophomore art major from Houston, left Austin Monday to attend the funeral of her father, Cecil C. Berryman, who died Monday following a long illness.

CHARM COMMITTEE MEMBERS are shown consulting with Rose Lee Lawrence, cosmetic consultant at Marie Antoinette, on the use of make-up. Left to right are Joanne Pennington, Miss Lawrence, Shirley Varney, Molly Moffett, Ruth Hendler, and Rusty Cobb.

## Charm Classes To Begin Today

Learn the "Spring Secrets" of cosmetics, fashions, and hair styles at the Charm School beginning Wednesday night. Mrs. Rose Lee Lawrence will speak on cosmetics at 7:15 in the Women's Lounge of the Texas Union.

Mrs. Lawrence, cosmetic consultant at Marie Antoinette's, will discuss variations and application of make-up.

On March 5, Mr. Paul of the Beauty Bar will discuss hair styles and on March 12, Mr. Snyder from Cheard's will speak on spring fashions.

Members of the Charm Committee, sponsor of the school, will

## Texas Mardi Gras Includes 9 Co-eds

Seven University co-eds were among the Texas debutantes who participated in the Galveston Mardi Gras Tuesday. Duchesse in the court of King Frivolous XXVI were Diane Shipman, Jean Powell, Margaret Scarbrough, Elisabeth Field, Nancy Stripling, Carolyn Smith, and Ruth Fulcher. Dukes from the court were Neil Allen Jr., John Watson, and Emory Thompson.

Two students and six former students were presented as court ladies. They were Joy Chapok, Helen Jean Steele, Patsy McMeans Nancy Campbell, Hilda-garde Davison, Ellen Wayne Ormon, Anna Irene Johnson, and Carolyn Nathan.

The festivities began Saturday, and continued through Tuesday.

# Girls' Sports Clubs To Initiate Today

All new members of UTSA will be initiated Wednesday at 5:30 p.m. in the Clubroom of the Women's Gym.

Forensics, women's speech organization, will hold tryouts for new members at 7 p.m. Wednesday in the Texas Union.

Swing and Turn, University square dance club, will meet Wednesday at 7:30 o'clock in the Main Lounge of Texas Union.

The club will give an exhibition March 8 for Jeans and Janes, an Austin square dance club, at the Austin Athletic Club. Swing and Turn also put on an exhibition for this organization February 23.

Narcotic law enforcement will be discussed at the Wednesday meeting of the University Area Kiwanis Club.

The South Central Texas Club will hold its first meeting under this semester's new officers Wednesday at 8 o'clock in Texas Union 315.

Students from Lavaca, Dewitt, Colorado, Fayette, and Gonzales Counties will make plans for a party.

The Association of House Chairmen will meet at 7 p.m. Wednesday in the lounge of the Barker History Center, OLD 107.

A transcription of "The Painted Queen" will be played at the

Radio Guild meeting Wednesday night at 7:30 in Texas Union 315.

Freshman Fellowship will hold a talent show at the meeting in the University Y Wednesday at 7 p.m.

The play was produced and re-

corded by radio students. The cast included Mary Damrel, Larry Lehner, Richard Love, Shirley Strum, Mickey Timmons, Guy Huskerson, and Robert Polunsky. The producer was Jacob Colvin, and his assistant was Grace Ramsower.

## Czechs Could Use Aid Of Counseling Body

Since their first settlement in America, the Czech people have succeeded in solving the occupational and social problems that have confronted them, Dr. Ernest Ziska told members of the Czech Club recently.

He also believes an educational council is necessary to aid in the cultural transmission from one country to the other.

"They have become successful farmers, industrialists, professional men, and above all, splendid citizens," the instructor in Slavonic languages continued. "In their communities, they have provided for the education of youth and for the recreation and advancement of all classes."

The spirit of freedom and democracy of these people is something that can well be worked into our own society, the educator stressed.

"This project of cultural transmission can be best carried out under the direction of an educa-

tional council," Dr. Ziska continued. "The idea is gaining favor daily, and I believe the time has come for organized direction of such work."

Dr. Ziska plans to call a meeting soon of representatives of groups interested in working toward spreading the "abundant cultural patriotism" found among the Czech people.

# Be Happy- GO LUCKY!

## LUCKIES TASTE BETTER!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellower, more enjoyable taste of a Lucky... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco... fine, mild tobacco that tastes better. Second, Luckies are made to taste better... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy—Go Lucky! Buy a carton today!

No pain, no strain when smokes are low.  
No rush to buy a pack—  
I keep a Lucky carton near,  
And smokes I never lack!
