DEPARTMENT OF GEOLOGY

Professor Raymond C. Moore  
Kansas Geological Survey  
University of Kansas  
Lawrence, Kansas 66044

Dear Ray:

Enclosed are the legend and 5 photoprints of the right valve of Odontogryphaea thirsae to form the Fig. HS 173. These might well be combined with Fig. HS. 172 into one figure, because HS 172 is composed of the left valves of the same species. I have had a hard time getting our photographer to finish these pictures. Otherwise they would have reached you simultaneously.

Cordially

H.B. Stenzel  
Visiting Professor of Geology
