

8.3.44. No.4.

"SALUTE THE SOLDIER" CAMPAIGN.

Post Offices prepare for record savings.

Post Offices all over the country are increasing their stocks of savings certificates, stamps and gift tokens in readiness for the anticipated record rush of savings during the "Salute the Soldier" campaign.

It has been found that previous campaigns stimulated savings generally apart from the periods of special local efforts, and this is being borne in mind in estimating the extra stocks that will be needed.

GENERAL POST OFFICE.
