BANQUET FOR 'T' MEN AND COACHES BY ROTARY CLUB

Local Business Men Will Meet Texas Gridiron Stars and Coaches at Festive Board Today—Introductions Novel.

The Austin Rotary Club will be host to the coaches and the "T" men on the football team at a banquet today. The team will be met at the Gym at 12:45 p. m. and will be escorted in automobiles to the Driskill Hotel, where the dinner will be served. The only speech that will be delivered will be a talk on "Texas Athletics" by Dr. W. T. Mather. Mr. Billy Richardson, president of the Rotary Club, will introduce the coaches at the banquet, and each man will be individually introduced to the Rotarians present. This will be done in a very novel manner. For example, Mr. Rather will introduce Dittmar. This will be done by giving the number of years that he has been on the team, his selection for All-Southern center last year and his general method of playing. Each one of the men will be introduced in this manner. The team will be conducted back to the University in cars. Those who have been invited are: Coaches Allerdice, Bisch, Patterson and Ettlinger and Dittmar, Goodman, Birge, Carlton, Turner, Edmond, Bob Simmons, Paul Simmons, Walker, Littlefield and Berry.

CHAIRMAN FOR LIBERTY BELL COMMITTEE NAMED

Assembly Meets and Arranges for Celebration for Arrival of Relic—Other Business Transacted.

Plans for welcoming the Liberty Bell on its arrival here on Nov. 17 were decided upon at a meeting of the Students' Assembly Tuesday night. Sam Holliday was appointed chairman of the committee to arrange details for a celebration by the student-body on that date. It has been planned to have the students view the old relic by filing past the bell in departments and headed by the University Band.

The Assembly also appropriated \$250 to the Oratorical Association in order to clear up an old debt that has been hanging over for several years.

A committee with J. U. Yarbrough as chairman was appointed to audit the Cactus of last year and to make a report on same.

The Assembly also donated \$48.50 to the Athletic Council as 10 per cent of the profits derived from the gate receipts of last year's circus.

QUIZMASTERS AND LAW SECRETARY DINE AT TEA ROOM

At the Cactus Tea Room last night was given a pleasant feed and smoker for the quizmasters and secretary of the Law Department. Aside from the social nature of the meeting, several matters pertaining to the welfare of the Law students and department were discussed, particularly in regard to calling the rolls and grading. The secretary of the department, Mr. Bruce, in commenting upon the quizmasters and their work, said:

"In my opinion, we have the most capable and accommodating staff of quizmasters the Law Department has ever had. They are earnest and attentive in their duties, and are maintaining a good standard of scholarship in their grading, and are fair in their treatment of the students."

This feast was the second of the monthly meetings of the quizmasters and the Law Secretary, at which their particular problems are discussed and ways and means of mutual aid are sought for.

A. & M. LOSS DUE TO OVER-CONFIDENCE

Playing Makeshift Line-Up in Early Part of Game, A. & M. Could Not Overcome Rice's Lead.

(By J. H. Goodman.)

When the light Rice team more than successfully coped with the A. & M. squad Monday at Houston, the biggest surprise of the year was given to football enthusiasts. The Farmers had expected to win with ease, and to this fact is probably due the defeat that they received.

A. & M. started the game with a shifted line-up and one made up practically of substitutes. Only enough old men stayed in to steady the team. The regulars were kept out on account of minor injuries. For these reasons and the fact that Braumiller was shifted to the backfield and Collins, the star punter, was not in the game, A. & M. showed very little team work. This work was decidedly inferior to that put up by the Farmers' backfield in the games with Rolla and Haskell.

In the third quarter, when the A. & M. regulars got into the line-up, something like their proper form was shown. But here Rice put up a superb resistance and on account of this and penalties suffered by the Farmers, the Grey and Blue goal could not be crossed.

This is no sample of the game that A. & M. can put up with their regular line-up. Over confidence, slow charging and lack of team work were the reasons for A. & M.'s defeat. Coupled with the "never say die" spirit that the Owls displayed, their machine-like playing and the individual work of Brown, it was easy to understand the causes for A. & M.'s downfall.

MID-TERM GRADES ARE ANNOUNCED

Grades made by students in the College of Arts during the recent mid-term examinations show a decided decrease over the corresponding grades of last year. Large attendance this year is responsible for part of the increase of failures. The proportionate increase of "busts" is greater, however, than the proportionate advance in attendance. As the 1914 mid-term grades were much better than those of 1913, the large number of "bustees" this year is all the more noticeable.

The number of students reported to the Dean, because of low grades, is 649 as against 469 last year and 548 in 1913; and the number called before the Dean this week is 267, compared with 225 last year and 316 in 1913.

The mid-term results in the College of Arts follow:

	1915.	1914.

COUNCIL MEETS.

The Students' Council met last night and attended to several matters. The only thing of importance that was transacted was a construction of Article IV, Section 1, of the Constitution. This was so construed that the vice president was allowed a vote in the Council as well as the Assembly. He was formerly allowed only a vote in the Assembly.

VETS AND LADIES ENJOY PICTURE

"The Birth of a Nation" Stirs Old People as It Recalls Familiar Scenes.

Inspiring and touching were the mingled tears and laughter of the Confederate Veterans and old ladies who were guests of the University students and a few business men at yesterday's matinee performance of "The Birth of a Nation."

One hundred and eight veterans from the Confederate Home arrived on two special street cars. At the same time sixteen inmates of the Confederate Woman's Home were brought to town in automobiles. The guests were met at the opera house door and greeted by the following young ladies who formulated this unique idea: Misses Lois Foster, Ruth Hall, Helen Leary, Verne Leary, Edna Fleming, Ruth Dudley, Ruth Ransome, Madge Davis, Lillian Womack and Alice Miller.

Tickets were distributed to each guest in the lobby. The veterans were each presented with a large yellow chrysanthemum and each woman with a pink carnation. They were then escorted to their seats by the ushers, who were especially considerate of them.

The young ladies wish to express their appreciation to the management and acknowledge the consideration shown by the ushers to the old people.

PAN-HELLENIC AWARDS TROPHY

An open Pan-Hellenic meeting for the awarding of the scholarship cup will be held at the Pi Phi House this afternoon at 5 o'clock. The awarding of this cup is an annual affair, and is tendered as a reward or recognition of scholarship among the sororities of the University. Possession of the cup is for one year only, and it is awarded during the fall term of each year to the sorority maintaining the highest standard of scholarship for the preceding year. However, the possession is so conditioned that any sorority gaining the award three years in succession will be given permanent possession of the cup.

This year will be the fourth year that the cup will be awarded, but the name of the sorority receiving it this afternoon has not been given out for publication. The first year the cup was won by the Alpha Delta Phis, the second year by the Phi Mus and again the third year by the Alpha Delta Phis.

Several members of the Faculty will be present when the cup is awarded this afternoon and talks will be made by Mrs. Kirby, Miss White and Dr. Parlin.

Long Line Holds While Students Buy Show Tickets

Approximately 800 men and boys stood in line waiting to buy "roost" tickets for the final performance of "The Birth of a Nation" at the Hancock Opera House last night.

Much excitement prevailed while the crowd waited. Shouts of "Hold the line!" were heard at every turn. To amuse themselves, a few of the impatient ones began rattling "coins" and kicking tubs, or otherwise doing things calculated to make a noise.

The crowd was so great that many who had extra admission price in their "jeans" were forced to take the higher priced seats in order to see this far-famed production. Others not so fortunate had to content themselves with places on the window sills or to be turned away entirely.

ALLERDICE USES SHIFTED LINE-UP

In Scrimmage Today Many Substitutes Used—Carlton Back in Line Again.

Frequent fumbles and lack of get-together was the outstanding objection voiced by the side-line enthusiasts yesterday.

This poor showing may be accounted for by the fact that the line-up was another experiment of the coach in preparation for the trio of games he has yet to play. Dolan and McMurray, two second-string men, played at the two extremities of the lines and did their work well considering the general inability of the remainder of the team to produce the essentials necessary for a winning team.

Walker was absent from the backfield scrimmage, although he was out for signal drill in a uniform. Waits did the best work of any of the backfield men, at one time receiving a pass from Littlefield and making a counter from his own 45-yard line. Littlefield, Kelso and Williams were the components of the backfield, in addition to the youth from San Antonio.

Carlton was in the line-up yesterday, and while his opponents were not as vicious as they might have been had Alva's arm been in trim, he was able to furnish his contenders all they were looking for. Goodman was used at center for part of the scrimmage, and no doubt he will be used at that position in some of the games to come.

Birge or Duncan did not indulge in the tussle with Ettlinger's Shorthorns but followed the team up the field, absorbing all that the painstaking coach had to say concerning the poor-ness of the exhibition.

The old hard luck man hasn't departed from the Longhorn camp yet, for shortly before the scrimmage the two veteran linemen, Birge and Goodman, were forced to bump heads to maintain the precedent that an injury must be a daily occurrence.

JUBILEE MONTH PLANNED BY 'Y. W.'

Celebration of Fiftieth Anniversary of Woman's Organization to Be Held in February.

Plans for the "Jubilee Month" were discussed and the purpose and preparation for the event explained at a meeting yesterday afternoon, at which Miss Mabel Stafford, former secretary of the Southwestern field, and Miss Harriet Taylor of the National Board of Y. W. C. A. of New York, spoke. The purpose of the jubilee, which will be held in February, is to celebrate the fiftieth anniversary of the organization of Y. W. C. A., and to make its purpose clear to every member of the association.

During this month, which will last from Feb. 1 to March 3, there will be four sectional conferences held—one at Houston, one at San Antonio, one at Fort Worth and one at Oklahoma City. Y. W. C. A. members from the Southwest field district are invited and urged to attend the conferences, which will take place in the third week in February. March 3, the day on which Y. W. C. A. was first organized, will be set aside for a special Consecration Day. A pageant which will represent the history of the association up to today will be staged at some time during the month.

UNIVERSITY DAMES ENTERTAIN.

University Dames entertained yesterday afternoon at the home of Mrs. J. McKeown. After a short business meeting, games of a social character were played and the house beautifully decorated in ferns and chrysanthemums. A salad and ice course was served to the thirty Dames present.

CO-EDS TO HOLD MONSTER RALLY FRIDAY NIGHT

Purpose of Co-Ed "Pep" Meeting Will Be to Unite Interest of Girls. Snappy Speeches to Be Feature of Rally.

The biggest rally of girls ever held at the University is planned for Friday night at 7 o'clock in the Woman's Gymnasium. An effort will be made to bring about the attendance of every girl in school. The rally will not last more than a half hour, making it possible for the girls to attend en masse the general rally in the Auditorium at 7:30 o'clock.

The purpose of the meeting is to arouse more general enthusiasm on the part of the girls in University affairs, and to insure the attendance of a large number of girls at the Alabama and Notre Dame games. The Athletic Council has set apart the best sections in the grandstand for the occupancy of the girls en masse at these games.

An interesting plan for the demonstration of greater interest in University activities will be submitted at the rally. The speeches will be few and snappy. There may also be a stunt or two.

Miss Helen Jones, president of the Woman's Council, said regarding the plan:

"I believe that the girls of the University, those residing in Austin, those living in boarding houses, sorority houses and dormitory girls, must be more closely united. There must be more interest and enthusiasm on the part of each girl in University activities. However, I do not believe in University girls yelling at athletic contests—decidedly not. But let them show their spirit by attending in a body all University affairs. Especially do I urge that the girls for the first time attend in a body the Alabama game Saturday."

WOMAN'S COUNCIL WILL ENTERTAIN FRESHMAN STUDES

Invitations Will Be Distributed to Freshmen in the Different Gym Classes—Will Be Held in Faculty Homes.

Plans for the entertainment of the freshmen at the homes of the members of the Faculty have been almost completed by the Woman's Council. The entertainment will be conducted under the direction of the Woman's Assembly and the Students' Assembly, and will be held Saturday night.

The freshmen will all meet at the Woman's Gymnasium, from where they will go to the homes of the different members of the Faculty. Here the frosh will be met and entertained during the evening by upperclassmen and members of the two assemblies.

Invitations to the entertainments will be distributed in the Freshman Gym classes today or tomorrow.

LAWS PETITION REGENTS TO ADD MILITARY COURSE

Petitions requesting the Board of Regents to add to the University curriculum a course in Tactics and Military Science were circulated in the various Law classes Tuesday and Wednesday. They were signed by practically all the members of the classes. This is the first action taken by any of the students in trying to secure a military department here.

A number of members of the Faculty have been working on the project for some time, but up to the present time nothing definite has been accomplished.

The Co-ed Situation. Thus far the Co-ed has not properly filled her place here as a part of the co-educational system. In so far as she has failed she has impeded the progress of the school, and kept it from being so much as it should a university in the strict sense of the word.

The Co-ed has not taken a positive stand as a member of the University. She has demanded nothing, and has had nothing demanded of her. Witness the lack of knowledge on the part of the average co-ed regarding the problems of student life. Witness her almost utter failure to support in a positive way student enterprises.

Many co-eds in their desire to maintain and increase their popularity, or to conceal their lack of it, forget that they are self-determining creatures, and drop into the rut their sisters before them followed.

They bolster up themselves by observance of policy. Witness the non-attendance of girls without escorts at athletic contests. If they go alone, they brand themselves as leftovers. If they do not go, no one will know or think of the fact that they had no date.

But is this positive? Is this an indication that the co-ed thinks and acts for herself, and that she has determined to fill her own place and to act her own part as an equal unit in the co-educational institution?

Many men seek the company of co-eds. What do they talk about? Many co-eds are not deeply interested in questions of national interest and men are not concerned with interests typical of woman. If one is not interested in problems typical of the University, what common ground of serious conversation then have the two? It is for the co-ed, therefore, to prepare herself by a more definite interest in University problems to meet the men upon this common ground. If she doesn't, there is naturally an inhibition of general discussion of serious problems. The intellectual life of the institution suffers. The co-ed must assert herself. She must adopt a positive policy regarding her University life. Unless she breathes in unison with the rest of the school, the school will fall short of unified progress and consummate success.

But the co-ed is awakening.

And when she does awaken, superficiality and artificiality, social and otherwise, will begin to crumble, for the men will join in the movement. Her positiveness with regard to the University, will lead to more general positiveness in the entire student body. The co-ed is going to assume the dignity of a real University student.

CHAPEL NOTICES.

A song service was the attraction at Chapel yesterday, and it proved to be most enjoyable. The hymns were good live ones and everybody seemed to be in the humor to sing. The special number was by Miss Edleen Beggs, one of the leading singers of Austin. She has a rich contralto voice and sings with taste and appreciation. It is always a pleasure to have her sing for us. Her selection was a beautiful arrangement of "Ashamed of Thee." Devotional exercises will be held the rest of the week with plenty of singing.

DANCE TICKETS ON SALE.

Tickets have been placed on sale for the Engineers' annual dance, that is held regularly each year on the night before Thanksgiving. The dance will be under the auspices of the A. F. C. Club this year. J. B. Davies, who has charge of the arrangements, reports that everything has been done to make this the most successful entertainment ever conducted by the department.

REAGAN PROGRAM.

Reagan Literary Society held its regular meeting Tuesday afternoon. The subject of discussion was "The Society Girl," with Miss Louise Burnett as leader. Miss Jane Dawson made a very interesting talk on "The Society Girl," Miss Louise Burnett on "The Parasite" and Miss Vivian Barlow on "The Society Girl and Her Influence."

ART CLUB HEARS

ADDRESS BY DR.

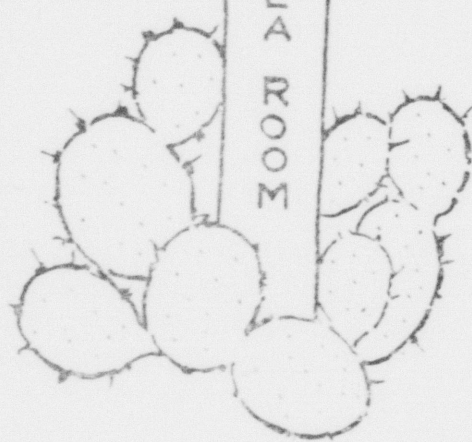

PORTER TUESDAY

"Christ in Beauty" was the subject of a talk given by Dr. S. J. Porter Tuesday afternoon at 5 o'clock before the University Art Club. He compared the Pompeian art with the Roman art, and pointed out that the former tends more to the immoral, while the latter was expressed in the statues of their gods. He brought out the fact that art expressed in the life and ideals of Christ is always connected with suffering. Dr. Porter has made a particular study of his subject, having spent much time in the Holy Land, Italy and Greece.

Yesterday's lecture was the first of a series that will be conducted by the club. At the regular meeting on the second and fourth Tuesdays of each month, a talk is made by a member or preferably by some authority from the outside. These talks are illustrated by lantern slides of the paintings in question. The subject for this term's study is Spanish art. The club is a member of the Texas Fine Arts Association.

NEWS FROM AMERICAN COLLEGES

(By Carl G. Raht.)

The following interesting notes are
taken from the Paul Quinn Weekly:

Campus Doings.

The Campus is in one of its most
charming conditions.

The boys are planning for a social
excitement Friday night.

The Senior class is doing a great
deal of essay writing now-a-days.

The boys are making football a big
thing at Paul Quinn.

Our girls have a croquet set, pur-
chased by their atletic association.

The social side of school life is be-
coming very interesting, so much so
that some of the young men are de-
pending on their enormous bank ac-
counts.

(In looking up Paul Quinn, we find
it to be a negro school located at
Waco.

Oklahoma.

Much surprise has been expressed
over the close score of the Oklahoma-
Kendall game. Either the Sooners
are slowing down or Kendall is a sur-
prise package. The former is the
case, rather than the latter. Okla-
homa has put all her steam in the
three big games, Texas, Kansas and
Missouri, and when she played Ken-
dall it was with a feeling of relaxa-
tion and without the "jazzum" which
characterized the earlier games.

California.

In the athletic quarrel existing at
present between Leland Stanford Jr.
and the University of California, the
San Francisco Examiner advises ar-
bitration of the difficulties. One of
the causes of the break between these

institutions was a disagreement as to
the respective merits of Rugby and
American football.

Kansas.

Students of K. U. have a unique
way of expressing their best wishes
to faculty newly-weds. Last week
the students in the classes of Prof.
Arthur MacMurray, head of the de-
partment of public speaking, tendered
their best wishes upon his marriage
by answering the roll call with "Con-
gratulations, Professor," instead of
the usual "Present."

Purdue.

In the Triangular cross-country
meet, Illinois won first place. Mason
of Illinois ran the five miles in 28
minutes and 3 seconds. This is 1 mi-
nute and 38 seconds slower time than
Watson made over the same course
last year. Large of Purdue finished
second, with Gantz of Illinois third.

Syracuse.

The following remarks are taken
from a sermon delivered recently by
Billy Sunday at Syracuse University:
It isn't any harder on a gun to
knock the feathers off an eagle than
to hit a skunk.

A man gets on top of the Hill of
Fame because he climbs up there. He
doesn't light there.

Every time you smile, you put a
crimp in the undertaker's business.

It takes more than a football suit,
frat pin, rah-rah hat, cigarette and a
bulldog on a chain to make a real
college man.

THE CO-OP

RAM'S HORN MEETS.

The Ram's Horn Literary Society held its regular weekly meeting in the Engineering Building last Tuesday evening. The following program was rendered:

Debate: "Resolved, That Congress Should Pass a Bill Embodying President Wilson's Army and Navy Recommendation." Affirmative, L. B. Walker; negative, J. W. Eaheart and T. Ferguson.

"Recent Scientific Developments," A. S. Martin.

"My Views on the European War Situation," W. A. Darter.

Parliamentary drill, W. C. McComas, chairman.
 "Be It Enacted This Day That the Law Department of the University of Texas Be Reduced to a School, and Be Under the Supervision of the Academic Department of Said University." Progressive, P. O. Rockwell, leader; conservative, A. T. Granger, leader. The affirmative won the debate and A. S. Martin was adjudged the best speaker.

A feature of the evening was the speech by Mr. Martin, which was interesting from start to finish. The speaker pointed out the rapid strides

SPEAKERS' CLUB

WILL PRESENT NOVEL PROGRAM

The Speakers' Club will present a novel program next Tuesday evening at their regular meeting. Every member of the club will be on the program to debate the following question: "Resolved, That the Members of the President's Cabinet Should Be Given a Seat in the House of Representatives and With Full Privileges of Members of the House." The debate is expected to arouse much enthusiasm in the club, and every man is supposed to bring all his talents into play. Quinn will close the program with a dialect speech.

being made by the inventors in perfecting special instruments adapted to war usage. A detailed explanation of the working of the instruments was given, and their use in military tactics was pointed out. Mr. Martin's speech proved that many members of the Ram's Horn are taking great interest in scientific developments, and welcome talks of this nature.

VISITS THE CAMPUS.

L. E. Mohrhardt, E. E. '12, has been seen about the Campus the past few days. Mr. Mohrhardt has been with the General Electric Company since his graduation and has met with marked success. He is now the traveling representative of that company's Texas branch, with headquarters at Dallas.

happy days!

"Tux" is the happy smoke. It just packs the smoker's calendar so plumb full of fragrant delight that a gloomy day can't crowd itself in edgewise. That mild, soothing taste of "Tux" has introduced many a man to the joy of pipe-smoking and a regular unending procession of happy days.

Tuxedo
 The Perfect Tobacco for Pipe and Cigarette

By far the most pleasant pipe-smoke in the world is Tuxedo. Think of the supreme satisfaction of being able to smoke your pipe all day, and day after day, without a particle of discomfort! You can do it with Tuxedo—because Tuxedo is made wonderfully mild and absolutely biteless by the original "Tuxedo Process."

That process is what makes Tuxedo different from any other tobacco made. Others have tried to imitate it, but never successfully. Just try Tuxedo for a week and you'll smoke it ever after.
