Dr. N. J. Morris  
British Museum (Natural History)  
Department of Palaeontology  
Cromwell Road, LONDON S.W.7

Dear Dr. Morris:

Thank you very much for the fine photographs  
of Gryphaeostrea eversa (Melleville, 1843). They  
are quite good and I am using them for the de-  
finitive illustrations of the genus in the Treatise.

Sincerely yours,

H. B. Stenzel  
Visiting Professor  
Geology
