## ENGINEER DEFENDED BY SENIOR LAW IN CORPORATION COURT

Acting as attorney for the defendant in the City Corporation Court yesterday morning, Harold Potash, a University student, secured the acquittal of one of his fellow students, H. A. Simpson. Mr. Simpson was charged with a violation of the city traffic ordinance, on a complaint filed by Mr. S. L. Bunstyn. Two able lawyers conducted the prosecution, but after more than an hour of wrangling the student lawyer secured the discharge of his client.

Mr. Simpson is a Sophomore Engineer and his attorney is a Senior Law. Mr. Potash is also one of the issue editors of The Texan.

## SKILES GOES TO BONHAM.

Robert L. Skiles left at midnight last night for Bonham, Texas, where he was called on account of the sudden death of his older brother, Coe Skiles. Mr. Skiles received a telegram yesterday from another brother in Louisville, Ky., stating that Coe Skiles had been accidentally killed in Fulton, Mo. The details of the death have not been received.

## ENGINEERS WILL HEAR LECTURE

Benjamin Brooks of Kansas City Will Talk to Architectural Club Tonight at 7:30.

Benjamin Brooks, a well known lecturer from the International Clay Products Bureau, which has its headquarters in Kansas City, Mo., will lecture to the University students this evening at 7:30 in the Engineering Building. Mr. Brooks comes under the auspices of the Architectural Club.

The lecture will be picturesque rather than technical in its treatment. Stereopticon slides will be used in explaining the manufacture and application of clay articles to sanitation and drainage. In addition to being useful as information to engineering students, many of the pictures dealing with the ancient Babylonians and Cretans, made of clay products, will be found interesting to all students.

## Victorious Sooners Execute Longhorn Celebrating Victory

Special to The Texan.

Norman, Okla., Oct. 25.—A giant Texas Longhorn steer, which led the victory parade of 3000 students, professors and townspeople when they met the University of Oklahoma football team returning yesterday from Dallas, Texas, was sacrificed today at a barbecue in honor of Oklahoma's victory over the Texas "Longhorns."

A holiday was declared by the students as soon as the result of the Dallas game became known, and was kindly confirmed by the university faculty.

The Texas victory is considered to assure Oklahoma an undefeated eleven for 1915.

## KANSAS STUDENTS PLAN TRIP IN BOX CAR TO OKLAHOMA

Kansas University students, wishing to witness the Kansas-Oklahoma football game, to be played this week in Oklahoma, originated the "By Box-Car to Oklahoma" movement. Enthusiasm ran high, railroad officials considered it favorably and prospects for the movement's consummation looked bright. But the cold, unsentimental Interstate Commerce Commission decreed that a notice of thirty days was required to obtain new rates on interstate traffic. However, the suggestion has been made that this ruling can be avoided by routing the cars to the Oklahoma line, and a new routing given from there to Oklahoma City.

It was further suggested that, while this plan to circumvent the I. C. C. was not looked upon favorably by the Santa Fe officials, the Rock Island or Frisco might be persuaded to consider it. This in view of the fact that these two roads are almost bankrupt and that the increased revenue to be derived from the unique freight traffic would appeal to them.

## REGENT ADDRESSES MENORAH.

Dr. M. Faber of Tyler addressed the Menorah Society at its regular meeting last night on the subject "The Aim of Life From a Jewish Standpoint." "The aim of life," said the speaker, "is joy, not sorrow." He then went on to say that joy did not mean to "eat, drink and be merry," but that to do so was to seek pleasure. "Pleasure," he said, "is of a passing moment, but joy is of a lasting nature." About fifty were present, and all were very much interested in the address.

Dr. Faber is a member of the Board of Regents and is in Austin to attend the regular fall meeting of that body tomorrow.

## TICKETS FOR A. M. GAME

About 5800 Tickets Have Been Equally Distributed in Many Towns Over the State.

Special to The Texan.

College Station, Texas, Oct. 25.—Tickets for the University of Texas and Texas A. & M. football game, to be played on Nov. 19 at College Station, went on sale in Austin, College Station, Bryan, Houston, Dallas, Fort Worth and Waco yesterday. In Houston they are on sale at the Houston & Texas Central ticket office, in the Rice Hotel building; at Dallas, at Hurst Bros.; in Fort Worth, at the Worth cigar store, while in Waco the place will be decided by R. J. Potts of that city. Other places of sale will be announced later. The schedule of prices for seats will be as follows: Reserved end seats, \$1.50; reserved bleachers seats, \$2 and \$2.50; reserved boxes, \$3 per seat, four, six and eight seats in a box. All box seats must be secured by sending a certified check or money order to W. L. Driver, director, College Station, Texas. The orders will be filled as they are received.

There will be about 5800 seats for the game, and they have been equally distributed over the State, so that one residing in any town where they have been placed on sale will get the best by applying early.

## EFFORTS BEING MADE TO RAISE DEBATING PRIZE

Public Speaking Fraternity Seeks to Continue Annual Prize—Partial Schedule of Debates Are Announced.

Work is being done by the Delta Sigma Rho, under the direction of the president, O. W. Wood, to secure \$100 for the Delta Sigma Rho award which will be given to the best individual debater in the University. The winner will be chosen in the final try-out for the debating team on Dec. 4. In this same contest, the W. E. Pope prize of \$100 will be awarded to the best individual debater in the Law Department.

The intercollegiate debates thus far definitely arranged for this year are with the State Universities of Missouri, Colorado and Oklahoma. It is fully expected that a debate will also be arranged with the University of Southern California, to be held at Los Angeles, Cal.

## MUSIC RECITAL TO BE GIVEN TONIGHT

Musicians of University and City to Render a Series of Historical Programs.

As the first of a series of historical recitals, there will be a musical tonight at the Scottish Rite Cathedral under the auspices of the School of Music of the University. The performance will start at 8:15 o'clock and the public is invited. Twelve musicians of the University and the city will take part in the program, which will be a recital of Seventeenth Century music.

It is the plan of Professor Reed to have five of these entertainments, covering about six months of the session. Each performance will deal with a distinct period of history. The next recital is planned for Nov. 23, and will be a rendition of the music of the later Eighteenth Century, dominated by Hayden and Mozart.

## GAMBRELL CHOSEN VICE PRESIDENT

Two Vacancies Filled by Students' Organization in Its Regular Meeting Last Night.

The new Students' Council began its work last night by filling the vacancies in the offices of vice president of the Students' Association and assistant business manager of The Texan. The first of these vacancies was caused by the absence this year of Jack Grissom, and the second by the resignation of LeRoy Sherrill.

The Council elected Tom Gambrell vice president of the Students' Association and Dexter Scurlock assistant business manager of The Texan.

Acting upon the advice of the Board of Regents, the Council decided that hereafter, when they suspect a student of violating the honor system, they will go to him personally and make him aware of the suspicion, instead of passively awaiting developments.

## Middler Outlooks Senior Laws; Gets Free Trip to Game

Some eleven Senior Laws gathered upon the steps of the Law Building Friday bemoaning their individual lack of the necessary amounts to take them to Dallas to enjoy the Texas-Oklahoma game. Then one of the alert legal minds suggested the idea of subscribing a pool of 50 cents each, to go to the luckiest one of their bunch, which was eagerly agreed to by all present. A Middle Law stationed at a respectful distance, having heard the discourse of the learned jurist, slowly drew nearer and ventured to offer the suggestion that \$5.50 would occasion a less dignified trip than \$6, and proposed that he be admitted to the circle. The Senior Laws, relying upon their superior numbers and other superior qualities, for success, readily agreed and took the underclassman's half-dollar. But lo! When the die was cast the usually lucky "eleven" failed to work and the Middle Law, gathering up the \$6, joyfully proceeded home to make preparations for the journey to the northern city.

## HOUSTON ALUMNI WILL ENTERTAIN SEWANEETEE TEAM

Special to The Texan.

Houston, Texas, Oct. 25.—The plans for the entertainment of the Sewanee football team by the Sewanee alumni of Houston on the occasion of the game between Sewanee and the University of Texas here Nov. 6 are progressing satisfactorily. The alumni and team will join with the University of Texas players and alumni in a parade the morning of the 6th, and also in a dance that night. The Sewanee team will be guests at the Country Club. Sunday an automobile sight-seeing trip in the Houston environs is planned.

## NEW BULLETIN OUT.

Research Work of Economics Club on Land Problems Published.

A new bulletin containing the research work of the Texas Applied Economics Club in the land problems of Texas is now ready for distribution. The bulletin contains a number of thorough articles dealing with nearly every phase of the question, written by the foremost economists of the University and of the State at large. Dr. Haney, president of the Economics Club, expressed himself as confident that the bulletin will arouse much interest and many helpful criticisms if it is widely read by those interested in the solution of our land problems.

## REGENTS WILL CONSIDER MANY MATTERS TODAY

The Disposition of a \$300,000 Fund Will Be Passed Upon by the Board—Additional Grounds May Be Purchased.

Erection of permanent buildings, election of directors for the Department of Extension and the Bureau of Economic Geology, an Auditor and a permanent President will be considered by the Board of Regents at its regular fall meeting today. It is hardly expected that a permanent President will be elected.

The Regents will have available for the construction of buildings about \$300,000 derived as income from University land, notes, bonds and from matriculation fees. The appropriation by the last Legislature being sufficient to cover expenses of maintenance, the Regents can use all other revenue for improvements. Purchase of additional land adjoining the Campus may be considered, together with new buildings.

The following compose the Board: Fred W. Cook of San Antonio, Dr. S. J. Jones of Salado, Dr. M. Faber of Tyler, Dr. A. W. Fly of Galveston, Will C. Hogg of Houston, Alexander Sanger of Dallas, Dr. George S. McReynolds of Temple, David Harrell and George W. Littlefield of Austin.

## REV. SHULER WILL REMAIN AT AUSTIN

Telegram From San Angelo Conference Says University Pastor Will Be Returned.

According to a wire received yesterday by the University Methodist Church, Rev. R. P. Shuler will be returned to that church for another year. Rev. Shuler is now in San Angelo attending the Methodist Conference being held there.

This will be the fourth year Rev. Shuler has been pastor of the University Methodist Church. According to the rules of the church, he will not be allowed to remain after this year. During his stay here he has increased the membership of his church from 581 to within a score of 1000.

## STUDENT OF LAW DEPARTMENT AIDS IN NEW YORK SUIT

J. C. Babb, a member of the Senior Law class, left last week for New York, where he will appear as one of the counsels in an ejectment suit Mr. Babb will represent the Texas heirs in litigation involving the Trinity Church property of New York, and other large estates in New Jersey. There will be about ten lawyers connected with the suit, and the amount of property involved runs into several millions. The suit will necessitate Mr. Babb's remaining in New York for about two weeks.

## MISS JOHNS TALKS AT Y. W.

Delegate to Estes Park Conference Gives Illustrated Lecture.

"Echoes of Estes Park" was the subject of an interesting talk by Miss Marguerite John at the weekly vesper service held yesterday afternoon. She gave an account of her experiences as delegate to the Y. W. C. A. conference at Estes Park this summer. The talk was illustrated by lantern slides of views of the Colorado mountain country, as well as pictures of the conference.

A musical feature of the afternoon was a duet by Messrs. Lang and Cunningham of the Austin Presbyterian Theological Seminary. Miss Coronal Thomas accompanied them.

If more buildings are to be erected here this year, the first one might well be a girls' dormitory. Among the next might well be a men's dormitory and a permanent common dining hall. Students can attend classes in shacks. This is not a great hardship. But they can not make their University home in shacks.

That there is a strong demand by students for dormitory rooms is evidenced by the long waiting lists in the hands of those in charge of both the Woman's Building and Brackenridge Hall. A girl who does not apply for a place in the Woman's Building several months before she is ready to enter the University will very likely be compelled to find a room elsewhere. Many girls do not know of the crowded conditions and of the necessity of early application, and consequently have not an equal chance with those who do. The outcome of it all is that the Woman's Building is occupied largely by upperclass girls, who retain their rooms during their college course. The freshman girls, who, after all, would most likely be benefited in a girls' dormitory, must, on account of there being no room, go elsewhere.

Dormitories for men, while needed, are not so requisite as dormitories for girls. But even one more large dormitory for men would do much to solve the housing problem and would add a great deal to Campus life at the University.

The dearth of suitable rooms, of course, represents the most immediate need. Suitable rooms close to the Campus are scarce, and in many cases students have to pay high rent for unsatisfactory rooms. Frequently a large family depends for its support upon the rent and board paid by a handful of students. The result is that students pay a great deal more than they should have to pay for what they get. Dormitories and space for larger and better dining halls would lower the student's total expenses appreciably, and would result in real economy for all concerned. In the case of the dormitories, housing of students on a large scale would work for economy through saving in labor and in the returns of ownership and management. In the case of the common dining halls, buying on a large scale and serving on a large scale would make for

economy in this respect. The success of the Cafeteria, where meals are served at a cost far below the average cost of meals in the University community, has illustrated this. If dining halls operated on a plan similar to that of the Cafeteria were located in substantial buildings, a great number of students would be attracted to them; and, with additional space and greater conveniences, a greater number could be accommodated.

Thus it is apparent that there is great need of dormitories. Whether the need for them is more urgent than for buildings containing additional classroom and office space is, in the language of the lawyer, a matter for the jury to decide.

**HILDEBRAND ELECTS.**

At Last Meeting Constitution Was Adopted and Officers Chosen.

At a meeting of the Hildebrand Law Society last Friday night the constitution was adopted as drawn up by the committee appointed for that purpose and officers were elected for the fall term. Hal S. Lattimore was elected president; R. M. Wagstaff, vice president; C. L. Morgan, secretary and treasurer; Oscar Speed, clerk; Guy Rogers, sheriff.

The purpose of the society is to provide moot court practice for Law students. The constitution provides that there shall be twenty-four regular members and twelve associate members, of which number not less than six shall be Junior Laws. There are now sixteen members. Those wishing to become members are required to file their applications in writing with the secretary. Three absences will drop a member from the roll. At the last meeting Few Brewster was elected an honorary member.

## NEWS FROM AMERICAN COLLEGES

(By Carl G. Raht.)

### T. C. U.

On the State Fair Grounds, T. C. U. won from Austin College by a score of 28 to 0. The recent rains, together with the effects of the military tournament, rendered the field slow. Besides this drawback, the unusually warm day kept the T. C. U. eleven from piling up a higher score. The Austin College team was outclassed in every department of the game, as the averages of punts, passes and line plunges made by T. C. U. indicates. The Shermanites are credited with one forward pass, which netted 17 yards, while their opponents made a total of 264 yards on passes. About 2000 spectators witnessed the contest.

### C. I. A.

Vigorous, enthusiastic yell practice is the order of the day at C. I. A. Yell books were printed and sold among the students, and all were urged to memorize them. The effect of these "pep" meetings was displayed in grand style at the Texas State Fair, C. I. A. Day, Oct. 23.

### Leland Stanford Jr.

In a letter addressed to the president of Stanford University, the inmates of San Quentin penitentiary challenged the Palo Alto Chess Club for a series of chess games to be played by correspondence. The writer

stated that games were being played with leading players in California in this manner. Among this number he mentioned the name of a player from the University of California. The challenge is being considered by the Stanford chess players.

### A. & M.

The Aggie Band is in great demand, not only at all college events, but at the social functions in the vicinity of College Station. The most recent feature attractions were three concerts given at the Brazos County Fair.

### Vanderbilt.

The Barnum & Bailey shows have inspired the Vanderbilt co-eds to have a "co-ed circus" in the near future. The stunt will be staged in the gymnasium, and is to be operated exclusively by the girls.

### Baylor U.

Soccer football will be reinstated in Baylor this year. Mr. Province, the coach, states that the Athletic Association will furnish all necessary equipment, and that the first call for recruits will be issued soon after Thanksgiving. (It will be remembered that the two games with U. of T. in 1914 resulted in defeats for Baylor, the final scores being 8 to 0 and 2 to 1, respectively.)

### PROFESSOR REED LECTURES.

Professor J. L. Reed of the School of Music has returned from Taylor, where he delivered his lecture-recital entitled "Program Music" before a large and appreciative audience. The lecture was given under the auspices of the Department of Extension of the University. There is a great demand over the State for this lecture, and arrangements have been made to send Mr. Reed to San Antonio, San Angelo, Yoakum and several other towns in the near future.

### ATHENAEUM MEETS TONIGHT.

The following program will be rendered at the Athenaeum tonight:

Declamation: R. L. Johnson.

Debate: "Resolved, That Future University of Texas Buildings Be Permanent Rather Than Temporary Structures." Affirmative, Huffman, Beckman and Bradley; negative, Taylor, Parten and Gillette.

Extempore speeches: Belcher and Lamm.

LECTURES TO LAWS  
WILL BEGIN SOON

First Number of the New Series of Monthly Lectures on Ethics to Be in About a Week.

"Professional Ethics of the Lawyer" will be the theme of a new series of monthly lectures which members of the Law Faculty will deliver to the students in the Law Department. The final arrangements have not yet been completed, but the first lecture of the series is expected in about a week. The members of the faculty are well pleased with the idea and will do everything they can to make the series interesting as well as of real benefit to the students of this department.

The central theme will be subdivided into monthly addresses of the following nature: The lawyer's duty to his client; to the public; to the State; and to himself.

## W. U. GIVES GOOD SERVICE.

For the success of the special report of the game last Saturday by The Texan, part of the credit is due to the efficient service of O. D. Parker, manager of the Western Union; J. W. Ezell of the Southwestern Telegraph and Telephone Company; Harry Odell, receiver at the University, and G. H. Rogers, receiver at the downtown office. The efficient work of these men made possible The Texan extra within a few minutes after the game.

When is a cigarette  
Sensible?

A cigarette is not sensible for you if it leaves your taste and your smoke-hunger a little bit unsatisfied.

—nor if it bothers your throat or tongue

—nor if it makes you "feel mean" after smoking your usual number.

None of these things will happen to you if you find (and stick to) the right cigarette.

But the cigarette that is right for one man may not be right for another. For instance, Fatimas may not just suit your taste—in spite of the fact that they are the best-selling cigarette costing over 5c.

Fatimas ARE cool and friendly to the throat and tongue—and they will NOT make you "feel mean" after smoking all you want.

So they surely are sensible for you—except possibly for the taste.

And when it comes to that, it will be mighty strange if you don't like Fatima's taste—they couldn't sell so fast if the taste weren't extra good, could they?

Why not get Fatimas this very day and find out for yourself how sensible a cigarette can really be?
