## WHAT VARSITY HAS DONE.

## Summary of the Football Season of 1902.

Season Was a Decided Success and Many Old Men Will Réturn. Forecast for Next Sea-

son, and the Probable Schedule. Texas 22, Oklahoma 6. Texas 11, Sewanee 0. Texas 0, Louisiana 5. Texas 0, A. & M. 0. Texas 27, Trinity 0. Texas 0, Haskell Indians 12. Texas 11, Nashville 5. Texas 10, Alabama 0. Texas 6, Tulane 0.

Texas 0, A. & M. 11. The above are the results of the football season of 1902. There is nothing in them that should dampen the spirits of the 'Varsity enthusiasts. When it met Louisiana, Texas was at the lowest ebb of its season. A cyclone of misfortunes had decimated the team and there had been no time to train up new men for the vacant places. Louisiana had a good team and so the

inevitable issue was defeat. The next week 'Varsity showed that it was recuperating rapidly under the training of the coaches by tying A. & M. The former had not yet developed the astonishing strength they exhibited the latter part of the season and would have been defeated then had not Texas been in a badly crippled condition and had not two or three of her best men taken an ugly slump. As for the Indian game, there is certainly no dishonor in going down by a score of 12 to 0 before a team which defeated Missouri 40 to 0, the famous Osteopaths 6 to 5, and Kansas 24 to 5 Finally the never-to-be-forgotten Thanksgiving game definitely placed the 'Varsity of 1902 in the forefront of Southern teams. The farmers had been improving marvelously week by week, until at the end of the season they were undoubtedly the strongest team in the S. I. A. A. By holding down the champions of the S. I. A. A. to only two touchdowns, and by carrying away the scalps of such teams as Oklahoma, Seanee, Nashville, Alabama and Tulane, 'Varsity has reason to feel contented with the results of the season. More than this; there is every leason to feel thankful, for seldom has a team recovered so nobly after losing nearly half of its strongest men. When the season was nearly a month advanced the coaches had to take up the work of building up a practically new-team, and they did it well. In spite of the fact that some of the vacancies had to be filled by men who had never before seen a football, they produced a stronger team than the one which represented 'Varsity last year. Lastly, there may be some consolation for those who anticipated an unbroken series of victories in the probability that such might indeed have been an actual realization if the aggregation which twisted the tails of the Mountain Ti gers had not subsequently been so woefully torn up by injuries and the

pressure of studies. Eleven players, Duncan, Watson, Prendergrast, Marshall, Porter, Jackson, Newton, Maverick, Harrison, Easter and Student-Manager Hunt, have been awarded the coveted T. Of these Duncan, Watson, Prendergrast, Marshall and Porter already enjoyed the distinction. The new regulations which restrict the awarding of T's only to those men who have played a full half in each of a majority of the games has deprived several good men of the honor. Although this must necessarily recur every season, especially dur-ing a season of so much chaos and so many changes as the one just closed, still it is on the whole desirable that the requirements for the T be kept on the highest possible basis.

Perhaps the most distinctive achieve-

ment of the season is the vast stride ment of the season is the vast stride that has been taken toward placing football on a self-paying basis. The following is a table of the receipts and expenditures on all games.

The Control of the Co		mare Breeze
Oklahoma	. \$311.60	\$293.45
Scrub D. & D	8.45	
Sewanee	2097.50	1556.65
Louisiana	711.35	737.75
1st A. & M	300.00	120.20
Trinity	207.45	149.65
Haskell	751.75	919.30
Trip	1278.75	1104.40
2d A. & M ,	1098.75	475.00
Class championship	73.35	40000
Total	\$6838.95	\$5356.40
Total proft on same	8	1482.55

Balance ond hand

\$7313.29 \$7313.29 has added nothing to the indebtedness of the Athletic Association, and that ctually \$95.78 are turned in to the general fund, after a season with unprecedented misfortune. Still, football is not self-sustaining, for \$451.00 of the receipts were from faculty and student subscriptions. Subtracting \$95.78 from \$451.00, there are \$355.22 as the actual cost of the football season in excess of all receipts. The credit for this is due to the business ability and energy of Supervising Manager Ellis and Student Manager Hunt. They have labored earnestly to place football on its own feet, and their efforts have been rewarded by the consciousness that this is distinctly the most successful season, financially, in the history of 'Varsity football. Under the present system of a permanent supervising manager, who carries over the experience of one season to the season following, it may be expected confidently that football in Texas on a self-paying basis will soon be realized. Dr. Ellis continues as supervising manager, and Joe B. Hatchitt succeeds G. D. Hunt as student manager. Thus the obligations of the position so ably and conscientiously discharged by Hunt,

descend into safe hands. But whatever may have been the disappointments and successes of the past season, there certainly is sweet consolation in the auspicious prospects for next year. Never before in the history of the University has so much trained material been worked up for the season following. This is due partly to the numerous changes necessitated this year, partly to the foresight of Coaches Hart and Curtiss, and partly to the good fortune that most of Continued on page 4.

# **MEETINGS**.

## Final Action Taken in Regard to the Fraternities.

Other Business of Importance Transacted Dr. Phillips Made Report of His Trlp to Princeton University. Some New Legislation.

The faculty of the University + held two meetings last week on + + Tuesday and Thursday after + + noons. Much important busi- + ness was transacted. Among the + + most important matters that + + came up for settlement was the + + action in regard to fraternities. +

All the fraternities of the University have voluntarily entered into an agreement among themselves and with the faculty and the Board of Regents that they will not solicit or ask first year students to join any fraternity until after the 16th day of January of each session, beginning with next session. The committee on students' organizations has been at work for some time and last week it made its final report as follows: To the Faculty:

Your committee on student organizations beg leave to present the attached communication from the representatives of the different fraternities touching the postponement of the initiation of first year students. After consideration we recommend that the proposition of the fraternities be accepted and that the Regents be asked to concur therein,

W. J. Battle. Lilia M. Casis, H. Y. Benedict, H. M. Kirby.

To the Committee from the Faculty: We, the undersigned, representatives from all of the fraternities in the University of Texas, in response to he communication received from the President, and after a full conference had between the fraternities and a further conference had between the fraternities and your committee, on Saturday, November 29, 1902, would respectfully represent that they are unanimously of the opinion that, in stead of not inviting first year students to foin the fraternities, as suggested in the resolution from the honorable Board of Regents, that it would be better to modify this suggestion so that no first year students should be invited to join any fraternity until afer January 16th of each session; and we hereby respectfully request that such resolution be so modified, and in case of such modification, we hereby agree and mutually pledge ourselves and the members of the fraternities which we respectively represent, and also pledge ourselves to the faculty and regents not to solicit, pledge, or ask any first year students to join any fraternity until after the 16th day of January of each session.

We further respectfully represent that it is our unanimous opinion that it would be best to leave the matter of carrying out this proposition and agreement, if so accepted by the Faculty and Regents, to the fraternities themselves, and we hereby join in the request that this matter be so left to the fraternities for their regulation and enforcement in such a way as to them may seem best.

All of which is respectfully submit-

## What Education Might Have Done

"The Failure of Popular Education" was the subject of a recent address by President Eliot of Harvard before the Connecticut State Teachers' Association. President Eliot is regarded as the greatest college president that America has ever produced, and his utterances as to what popular education should do, and has failed to do are statements to which much importance has been attached, and which have been widely commented on. He conceives so largely and broadly, and argues so convincingly that no one can question the necessity for popular education and in arraigning its work in the past he at the same time outlines its ideals for the future, and these are so succinctly stated and so commendably conceived that they must win the support of every right thinking man in the attempt at their realization.

The charges that he makes are entirely true. Some are inclined to be lieve that President Eliot expects too much from popular education, but we are inclined to the opinion that all the failures enumerated might have been avoided, and can be avoided in the future.

Says President Eliot:

"For more than two generations we have been struggling with the barbarout vice of drunkenness, but have not yet discovered a successful method of dealing with it. The legislation of the states has been variable and in moral significance uncertain.

all respects what we should have exschool for an intelligent exercise of suffrage. We have discorered from actual observation that unfversal suffrage often produces bad ment, especially in large cities.

"It is a reproach to popular education that the gravet of crimes of violence are committed in great number all over the United States in the older nd by mobs, and with a large The population produces a considerable number and murderers, and is not intelligent enough either to suppress or to exterminute these criminals

The nature of the daily reading mt in regard to the results nurchase he the people of sands of tons of enhanceral read m or substance. Shows that one

ober education may be

easily fall victims to that commonest! Chorus; Whole cla of fallacies post hoc, ergo propter hoc. EIGHT University They are the greatest consumers of patent medicines in the known world. and the most credulous patrons of all sorts of 'medicine men' and women, able to live, dear?" 's and of novel healing arts."

Indeed this array of failures, is a sad commentary on our public school systems. Wonder if they can not be wolded and obliterated in the century

The Reveille of L. S. U wishes to know if anybody can solve this riddle: Vanderbile vs. Sewanee, 5-11; Sewanee vs. Texas, 0-11; Texas vs. L. S. U., 0-5; L. S. U. vs. Vanderbilt, 5-8; Who gets the Southern championship-"

Yes, we can answer it. Add to the above the following: A. & M. 11: Texas 0. A. & M. belongs to the S. I. A. A., and has not been beaten this year. The Southern championship goes to A. & M. That is dead easy.

The last Masgazine was a good one. It improves with every issue. We are still of the opinion that its attractiveness would be added to if part of its name were subtracted. The University of Texas Literary Magazine is a name much too long for practical purposes, that has nothing in particular to com-

Recently Horace Trippett went over to San Antonio to meet a relative whom he had never seen before and who needless to say had never seen "Horace" up to this time.

On the train coming back to Austin the two were sitting opposite oneanother. His uncle doted on him with a fond look in his eves. Finally, after a long silence, he said: "Horace, you ought to make a success in life for you certainly are a good-looking

### COLLEGE CULLINGS

And Matters Scholastic, Collegiate and Otherwise.

the side opposing the reduction of the arts course to three years. Says the Philadelphia Press:

"A reduction to the college course from four to three years by permitting a student by extra work and superior ability to do the work of the full course in a shorter time has much to be said in its favor. But to stop a the end of the sophomore year de prives college of its real office. The very name attached to the year measures the half-baked condition in which it leaves a man. The college course is no accident. As every educator knows its years are accompanied by a systematic and visible development Men change in third and fourth years after a fashion which makes a junior and senior more widely separated from the year before than the develop ment of any years in a man's life. This change itself registers the cumulative effect in stimulating and cultivating which the college course brings, Time is needed-for this ripening. A course abridged to two years can not give it. A proposition to reduce a college course to these limits surrenders what makes a college course valuable Doubtless it did not seem a surrender to President Butle or he would not have made the proposal; but doubtless also it has so seemed to the great body of men loval to higher education The limit has been reached. The re If the colleges have courage, the pub

the veterans will be back next year. Heretofore only about four or five old players have ordinarily returned. Next year of the twenty-two men who have appeared in the various line-ups this season, only Porter, Bewley and Hubbard are sure never again to wear the orange and white in a gridiron contest. This leaves nineteen men of whom ten made their T's this year, who may possibly return next season. Of these Huggins and Jackson are undecided as to what they will do, and it is about an even chance that they will be back. Thus there are eight men who won their T's and nine others who played on the 'Varsity at various stages of the season, who from all reasonable He has promised to bring these matindications will be in the University next year. Swenson, Glascock, Vann and Bardin, who were on the 'Varsity the early part of the season, and who would probably have retained their positions but for injuries and the pressure of work, are among those who will return, but they are uncertain whether or not they will play football. It is hoped, of course, that they can arrange to do so, since they would add tremendously to the team. At the most conservative estimate, therefore, Duncan, Newton, Prendergast, Marshall, Easter, Harrison, Maverick and Watson, among those who wear the T. and Frazier, Adams, Parrish, Crane and Moore, among those who also played on the Varsity, will not only return to the University, but will play football. These, in addition to the promising material brought out in the class games, and the usual supply of new men which will necessarily come in, certainly give promise of a glorious season in football next year.

Davis Prendergast '04, tackle, has been elected captain for the season of 03. Prendergast is now a veteran of two seasons. His experience, popularity and love of the game make him an excellent man for the position. Prendergast's work this season has been a marvelous improvement over that of last year, and has won him the reputation of being one of the greatest takles in the South. He has proved himself one of the most consistent and reliable players on the

In view of the splendid prospects for next year, the business management has determined to arrange the hardest possible schedule. Negotiations will be instituted immediately. It is contemplated to play Virginia, Vanderbilt and one other strong team, possibly the Georgia Techs, on the trip. A proposition has already been communicated to Dr. Ellis by the Haskell Indians for a game at Dallas. Efforts will be made to secure three pig games in Austin. For this purpose the business management will try to bring here Kansas, Tulane and one other team. In addition, of course, the great annual game with A. & M. will take place here on Thanksgiving. Louisiana and Oklahoma are also on the list, but exactly when and where they will be played is uncertain as yet.

Several changes and improvements are contemplated by the business management for next year. An effort will

Yates Neughris Fine Candies. ree Delivery Both Phones 197

be made to pull off the class games as early as possible in the season. Thereby it is hoped several valuable men will be discovered annually who may add strength to the 'Varsity, but, who under the present system are discovered when it is too late to use them. Next, President Prather has practically assured the Athletic Council that next season the gridiron will be covered by a layer of soft dirt and turfed. A large number of the accidents this years were caused by hard and jagged field. This source of annoyance and trouble will be removed forever. Finally, President Prather has expressed himself favorably on the proposition to build a fence around the athletic field which shall be boy-tight and to erect the long-needed new grand stand. ters before the Regents, and there is every reason to believe that they will be approved and the necessary appropriations granted.

Professor Sutton made a verbal report of his visit to the Southern Collegiate Association at Oxford, Miss., at which he represented the University. It was ordered that all petitions for examinations outside of the regularly assigned period be referred to the Advisory. Committee with final jurisdiction.

It was voted to establish a period for the selection of courses during the week preceding commencement and also to allow those wishing to enter the University to make a provisional selection of courses by mail.

### FRESHMEN WERE SCARED.

Threatening Challenge of the Junior Laws Succeeded in Keeping the Freshmen Off the Athletic Field Wednesday.

Freshmen, hearken! We, the mighty Junior Laws, realizing that the male contingent of the Freshman class is an abomination to the State and a pest to the University, do propose to wipeup the earth with the individuals of the above mentioned aggregation possessing sufficient indescretion to remain on the Athletic Field after the football game today.

All those desirous of seeing this per formance are requested to remain.

We are the noble Junior Laws, We feed on Freshmen squeals, At every sight of us
The Freshman's blood congeals.

Oh, we're the lusty Junior Laws! Come, Freshies, if you dare, By the gods we'll eat you Flesh and bone and hair.

These words carried woe to the hearts of the Freshmen when this proclamation was distributed about the corridors last Wednesday morning. As a consequence, only the rashest of '06 were present at the Freshmen-Junior Law game.

The rush was scheduled for after the game, and it was promptly pulled off. The Freshmen were conspicuous by their absence. The "Peregrinus" the historic banner of the Senior Laws, was wrapt up for safety and under proper escort was carried out on the

The Freshmen attempted to get at the banner and tear it up. They were rewarded for their efforts by being rolled around in the mud.

After about a half an hour of this kind of sport the Laws succeeded in bringing their banner off the Athletic Field and carried it up to the Law Department safe and unharmed: Contrary to expectations, the rush proved a very mild affair.

Junior Law 11; Freshmen 0. The football game to decide the championship of the University came off on the Athletic Field last Wednesday afternoon. The Freshmen, by defeating the Sophmores and Junior Academs, held the championship of the Academic Department, and the Junior Laws held the championship of the Law Department. From the first it was evident that the Freshmen stood no chance, as the end runs on which they had counted so much, were thrown back by the Laws with ease. Darnell of the Freshmen team did not play the game that was expected of him. Kline and Householder played the best game for the Freshmen, while the whole Law team played well, Searcy, Sergeant, Cage and Hatchitt especially distinguishing themselves.

The following was the line-up: Junior Laws. McLean ..... r. e. ..... Palmer McGinnis ..... r. t. ..... Parker Wright ..... r. g. ..... Kuemple Sergeant ..... r. g. ....
