

OFFICE OF
The American Journal of Science
501 Sterling Tower

New Haven, Conn.....12/17/43.....

Dr. H. B. Stenzel,
Bureau of Economic Geology,
The University of Texas,
Austin, 12, Texas.

My dear Doctor Stenzel:

The paper entitled, "A Miocene Invertebrate Fauna from
Burkeville, Newton County, Texas," written by you and F. E.
Turner, which you so kindly sent to the above address, has been
accepted for publication in the American Journal of Science.

Galley proof will be sent to you in due time, and you
may expect to have the article appear in print in the Journal
sometime during the first part of the spring season.

Trusting that this arrangement will meet with your
approval,

We remain yours most sincerely,

AMERICAN JOURNAL OF SCIENCE

Richard S. Lull
