Dr. Thurlow C. Nelson  
Rutgers University  
New Brunswick, New Jersey

Dear Dr. Nelson :

Please accept my thanks for the package of reprints which you were so kind to send to me recently. It will be a field day for me to study this interesting material.

I am sending you by separate mail an Exogyra aristina Roemer, an extinct oyster from the Cretaceous of Texas, which may interest you. It shows a very peculiar adaptation for oysters.

With many thanks,

Sincerely yours,

H. B. Stenzel, Geologist
