Dr. C. O. Durham, Chairman
Department of Geology
Louisiana State University
Baton Rouge, Louisiana

Dear Dr. Durham:

In response to a request by Dr. H. B. Stenzel, we are pleased to present to the Geology Department of Louisiana State University ten fossil storage cabinets which presently are surplus to our needs.

As discussed with Dr. B. F. Perkins of your Department, these cabinets are now located at our Holmes Road Warehouse in Houston. They are available to be picked up at your convenience. Local clearance for pickup may be obtained by contacting Dr. A. W. Bally, Manager of the Geology Department at this laboratory.

Very truly yours,
