Dr. H. B. Stenzell
Bureau of Economic Geology
University of Texas
Austin, Texas

Dear Dr. Stenzell:

We attempted to contact you several days ago and found that you were in East Texas on a field trip. We then wrote to you c/o Iona Hotel at St. Augustine, Texas, but the letter was returned unclaimed.

It is our plan to be in Austin in the near future, and we wish to discuss with you your interest in topographic mapping in the Big Bend district.

If possible, we would like to arrange our trip at a time when it would be convenient to see you, and we would appreciate knowing if you plan to be there all of next week.

We send our kind regards.

Yours very truly,

Pliny Gale
