Texas today looks back on one of the most amazing centuries of progress the world has ever known, for it is now one hundred years since that small but surprisingly foresighted group of farmers, ranchers, and soldiers known as the Republic of Texas surrendered their sovereignty to become a member of the United States. There followed that decision an unparalleled era of growth and development in the four main phases of modern civilization—industry, agriculture, science, and culture. Where yesterday there stood but forests, swamps, and vast plains, today one sees great cities, scientifically regulated farms and ranches in ever-increasing numbers, huge oil-fields, and mighty universities. But we must not fail, blinded by the achievements of the past, to realize the task that yet lies ahead. It was no easy job for our fathers and grandfathers to fashion the incomplete colossus of Texas today. It will be just as difficult for us, the students and soldiers of Texas, to finish the work they have so nobly begun. The world which emerges from the present conflict will be ours to shape. For this reason the 1945 CACTUS is dedicated to no one man, but to the builders of Texas—past, present, and future.

To Gov. O. M. Roberts, one of the fathers and one of the earliest professors of the University, who was known as the "Old Alcalde," is attributed the origin of the University's name for its alumni magazine. The Alcalde is issued monthly, October through June by the Ex-Students' Association. The magazine, which is only one of the many activities of the staff, entertains, instructs, and preserves the history and tradition of the institution, for its alumni.

A new and different type of singing group came into being with the organization of the A CAPPELLA CHOIR last November. The only mixed choral group on the campus, the A CAPPELLA CHOIR is also one of the most popular.

Performances for the year included a concert at the State Superintendents' Meeting, at the annual meeting of St. David's Vestry, and at several nearby Army camps.

The CURTAIN CLUB swung into another new year with its "1945 Cabaret Revue," which, after a successful run in the Experimental Theatre, toured a group of nearby Army camps and airfields. Active on the campus since its organization in 1909, the CURTAIN CLUB gives drama enthusiasts an excellent opportunity to gain experience in both the dramatic and technical phases of the theatre. Another CURTAIN CLUB production this year was Emlyn Williams' "Night Must Fall."

The GIRLS' GLEE CLUB upheld its reputation as one of the most popular singing groups on the campus by participating in many campus activities this year. In collaboration with the Men's Glee Club, the GIRLS' GLEE CLUB presented its annual fall and spring concerts.

Other appearances of the GLEE CLUB and its sextette were at a bond rally in the fall and at the Christmas Carol Service. The group also performed in the Camp Swift Service Club and Hospital and at Service Clubs of other nearby Army posts.

The UNIVERSITY OPERA COMPANY opened its season early in February with a lively and colorful production of Smetana's "The Bartered Bride." This group, organized in 1931, was known as the Light Opera Company until 1941, when it assumed the title of a full-fledged opera company.

EDD MILLER

The MEN'S VARSITY DEBATE SQUAD, under the capable direction of their coach, Edd Miller, took part in a number of exchange debates during the 1944-45 season. One of these was the exchange debate on the presidential nomination with the University of Missouri. The home teams supported Roosevelt, while the traveling teams supported Dewey.

From time to time Texas teams debated teams from other schools, among these being Southwestern University and San Marcos State Teachers' College. The Texas squad set a precedent this year when they debated for the first time a team representing George Pepperdine College of Los Angeles, California. The question concerned compulsory arbitration of labor disputes.

Front Row: BRUCE, HALFF, COHEN, ZEUFELDT, MILLER. Second Row: ALLEN, HADEN, SUGGS, ABBOTT, ROBERTS.

CAP AND GOWN initiates all senior women who wish to belong to it. Officers of the organization serve as senior class officers and are chosen by members of the class at the regular class elections. The president selects six outstanding senior women to complete the council.

CAP AND GOWN acts as a service organization for all University women, standing for democracy and dignity, as well as sociability among all co-eds. The organization assists underclassmen by giving them traditions and by aiding them in adjusting themselves to social affairs of the campus. Cap and Gown also supervises class elections, Swing-Out, and maintains a loan fund available to any University girl.

### FOOTBALL '44

JACK SACHSE D. X. BIBLE HAROLD FISCHER

The 1944 football season definitely was not one of the Longhorns best but it was an exciting and entertaining series of Saturday afternoons. The one game that is always played on Thursday was its usual exciting self and was considered a great success as the Longhorns won their fourth straight victory over the Texas Aggies, T.C.U. who defeated Texas won the Championship. Texas placed second. Team captains were Jack Sachse and Harold Fischer. Hubert Bechtol won all-American honors when he was selected as an end on the Associated Press' first team.

Lettermen: LeRoy Andersen, Hubert Bechtol, Maxie Bell, Phillip Bolin, Franklin Crow, Robert Edge, Roger Evans, Harold Fischer, Francis Gerling, John Halfpenny, Henry Hook, Bobby Layne, Ray Mayfield, Kenneth Merritt, Thomas C. Milik, George J. Petrovich, Jimmy Plyler, Jack Sachse, Edbert Schutze, Charles Tatom, Jimmie L. Watson, Harlan Wetz.

Front row: BIBLE (Coach), SCHUTZE, MERRITT, RING, SACHSE, FISCHER, CROW, BOLIN, MAYFIELD, DEERE, ANDREWS (Manager).

Second row: MARTIN, PLYLER, BECHTOL, WATSON, WETZ, TATOM, EDGE, SCHWARTZKOPF, KEGANS, LAYNE.

Third row: SCOTT, HALFPENNY, GREEN, McKINNEY, PETROVICH, PHILLIPS, MILIK MacDONALD, EVANS.

Fourth row: PEREZ, ANDERSEN, HOOK, LEMMON, ABBEY, BELL, BUXKEMPER, CHERRY (Coach), GILSTRAP (Coach).

Bell goes for a touchdown against Southwestern.

TEXAS 20-SOUTHWESTERN 0. Bobby Layne starred in the opening game played October 1 in Memorial Stadium. He scored two touchdowns in the first period in a game marred by penalties and fumbles.

RANDOLPH 42-TEXAS 6. Texas entertained one of the best teams in the nation on October 8 when former Longhorn greats Pete Layden and Jack Freeman led the Randolph Ramblers into Memorial Stadium. Pud Evans caught a pass over the goal-line for one of the few scores made against the Ramblers all season. Pete Layden made a sensational 98-yard run for a touchdown.

TEXAS 20-OKLAHOMA 0. On October 15 the Longhorns and the Sooners met in Dallas in their annual contest. Texas used passing to a great advantage. Hubert Bechtol was a star at end and Bobby Layne was great both as passer and as runner.

TEXAS 19-ARKANSAS 0. Texas outplayed Arkansas at Fayetteville on October 22. The Longhorns again displayed good passing and running attack. The line was also outstanding.

RICE 7-TEXAS 0. On October 29 in Houston, Texas played one of the most uninteresting and listless games seen in several years. Neither team could be considered as having played good football but Rice definitely outplayed the Longhorns.

PETROVICH

Longhorns stopped this play by the Oklahoma Sooners.

A Longhorn back makes a gain around a fallen Mustang.

GERLING

TEXAS 34-S.M.U. 7. The Longhorns completely shackled S.M.U.'s running attack to take the lead and hold it. This was the only game in which much of Texas' former scoring ability was evident

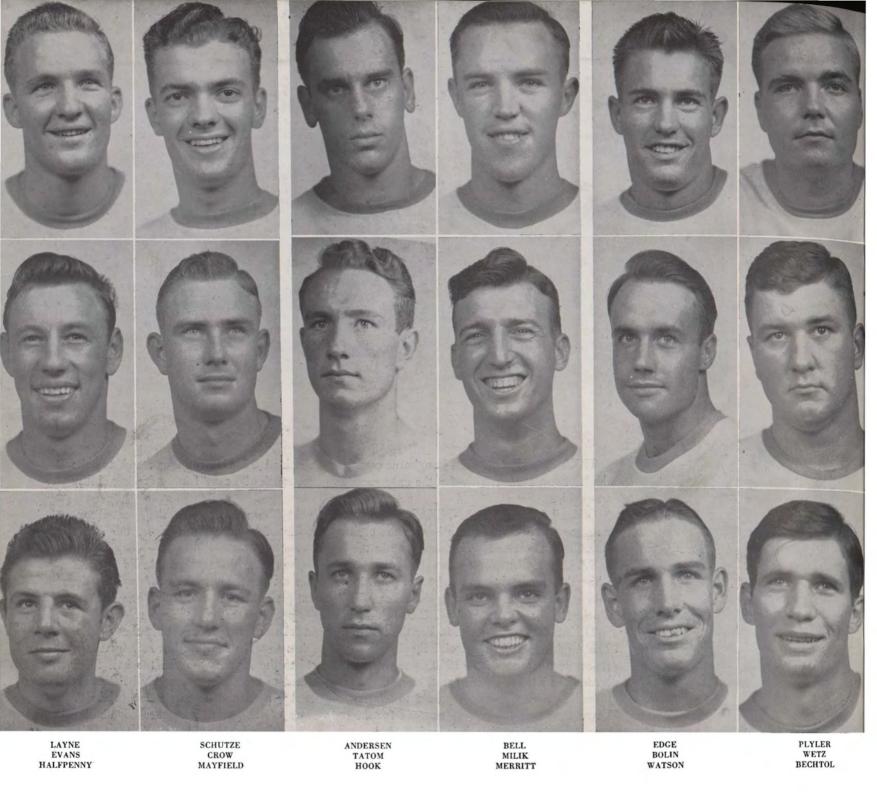

OKLAHOMA A.&M. 13-TEXAS 8. On November 11 Texas experienced the great disappointment of seeing a game lost in the closing minutes of play. Bob Fenmore, the Aggie star, threw two touchdown passes late in the fourth quarter.

T.C.U. 7-TEXAS 6. The Longhorns lost another heartbreaker the next week in Fort Worth when T.C.U. edged them out by one point in a Conference game. The game was played in the rain and was mostly a punting duel. Texas had several punts blocked and it was one of these blocked punts, recovered by T.C.U. behind the Texas goal-line that cost the game.

TEXAS 6-TEXAS A.&M. 0. For the fourth straight Thanksgiving Texas beat the Aggies. The Aggies came to Memorial Stadium heavy favorites to whip the jinx but saw instead a repeat performance of the 1940 game. Wetz kicked off to the Aggies who ran the ball from behind the goal to the two-yard line. The Aggies punted to their own 48 and Pud Evans returned to their 35. Layne passed to Watson on the Aggie 15 and he carried on to the 9. Layne then took the ball around end for the only score of the game. The other 55 minutes were spent in defending their lead.

Layne does well against Texas A.&M.

Texas scores (first and only time) against Randolph.

### BASKETBALL '45

Hard luck and the upset jinx marked the Conference play of the Steer basketball team as it finished in fifth place with five wins and seven losses. Rice won the Conference title, with Arkansas in the runner-up position. Wooten, Cleary and Crowley were top scorers for the Longhorns.

LETTERMEN: Robert Cleary, Joseph Crowley, Stanley Graner, Robert Lee Horneyer, Jack Wallace, Joe Ward, Jimmie Watson, Ernest Wilemon, Don Wooten.

AT GALVESTON

## Your School in Galveston

Your School in Galveston is at present hard at work on a broad program. Briefly, that program may be said to consist of the following propositions:

- 1. The prime obligation right now is to fulfill to the best of our ability our responsibilities in an essential part of the war effort.
- 2. The major long range objective is to develop the Medical Branch, and its activities, in a manner worthy of the greatest state.
- 3. The chief factors in the success of the Medical Branch, and of the medical training and health program of The University of Texas, are encouragement and support. Most important are goodwill, sympathetic interest, and financial backing. Generous support makes possible a capable, efficient, and enthusiastic staff.

The Medical Branch serves the State: Last year 1,770 state-referred charity patients were admitted to the John Sealy Hospital through its diagnostic clinic from 143 counties. These patients were referred by private physicians throughout the state. Although the diagnostic clinic is a relatively new service, it will be expanded in the future to render the best possible medical care to greater numbers of the indigent patients throughout our state.

A recent new service to the state from the Medical Branch is the Child Health Program supported by the William Buchanan Foundation. Designed to give the best possible training in pediatrics for general practitioners, it affords exceptional facilities for the best care for indigent sick children, referred by state agencies, or private physicians, in the Children's Hospital and the new Margie B. Stewart Home for Convalescent Children.

The Medical Branch is the only place in Texas offering approved training curricula for X-ray and laboratory technicians and for physical therapists.

All citizens of Texas are urged to develop an interest in their Medical School, and to familiarize themselves with what it is doing.

GALVESTON CHAMBER OF COMMERCE.

We wish to take this opportunity to thank everyone at the Dental Branch, the faculty and the entire student body, who by their unselfish support and assistance have made it possible for us to record and present to you this first section of the CACTUS, showing the University "At Houston."

We realize that we have made many mistakes, but we feel that we have at least formed something of a pattern for our successors to follow. We hope that each succeeding editor shall profit from the mistakes of the former so that this section of the CACTUS shall grow, as will the Dental Branch, and shall be capable of accurately depicting the University "At Houston" to the people of Texas.

### M. D. Anderson Hospital for Cancer Research

One of the most important out-of-town branches of The University of Texas is the M. D. Anderson Hospital for Cancer Research located in Houston. Although the work was started there only a few years ago much has already been accomplished in the field of cancer research. Pictures on this and the next three pages are of the buildings, waiting rooms, and laboratories of the M. D. Anderson Hospital.

# SULPHUR SERVES TEXAS

★ Yes, sulphur serves Texas... serves the entire world for that matter. On the farm and in the factory sulphur is put to thousands of uses. From the chemist's test tubes come new products that add to the joy and comfort of living. While on the farm sulphur makes barren soil again productive and holds in check insects that destroy the nation's crops. There is probably no other natural resource in Texas which offers so much to the progress and prosperity of agriculture and industry both to this nation and to the entire world.

On every battlefront, the unbeatable teamwork of men, animals, and machines is helping to bring Victory nearer. Through the jungles of Burma and the Southwest Pacific islands, over the mountains and across the plains of Italv. France and India, men, machines, mules and horses form lifelines of food, medicine and munitions... supplying the countless demands of the men fighting at the battle fronts. This is not strange... for, since time began, men and animals have gone to battle side by side... giving devotion and courage, and life if necessary, to the well being of home and country... This is Teamwork that counts!

**EAMWORK** on the homefront is just as vital to Victory...hard work, sacrifice and loyalty is our share of warfare... and buying War Bonds regularly and often. The one sure way of bringing the boys home sconer is to keep the supplies rolling... tanks, planes, guns and ships... the equipment with which a war is won. The big job ahead demands Teamwork on the part of all... so buy that extra Bond today, and keep on buying Bonds until Victory!

Texas Power & Light Company is giving all-out support to the nation's war effort. Over and above its responsibility to keep electric power continuously available for military installations, war industries and civilian needs, this Company and its employees are selling War Bonds and Stamps to customers and other citizens...buying Bonds themselves regularly and often...giving time and effort in the support of every phase of the war program.

When the call to arms thundered across the vast Pacific from Pearl Harbor, all America responded, and Weber was among the first to effect a transition from peace-time to full-scale production for Uncle Sam.

Foresight in the completion of a rehabilitation program and the complete modernization of the Weber equipment line months before our country entered World War II, placed Weber in a position to supply modern, down-to-date, dental appliances to our government for urgent dental clinic use. Today, Weber manufactures one of the most complete lines of scientific equipment offered the dental profession . . . N LOOKING through this yearbook one seldom realizes the countless hours, even days, of work and planning done by the editors to produce an outstanding annual. The editors' supervision includes everything from the first idea of a theme through the innumerable details involved in art work, layouts, photographs, copy, engravings and printing. In normal times their responsibility has been great. In war-time, problems have arisen which made their task almost insurmountable.

Our greatest interest has been to work in the spirit of cooperation, relieving the editors, wherever possible, of some of their work and worry. With the shortage of materials and manpower the task has not always been easy and delay has been inevitable. It is our hope, however, that our organization of experienced craftsmen has succeeded, along with your editors, in turning out a book that you will find both attractive and entertaining.
