REW Interest Higher This Year—Roberts

First-day attendance of various Religious Emphasis Week functions Monday climbed above last year's figures.

"If more numbers are any indication, student interest is higher this year than last," Charles Roberts, chairman of the Board of Directors for REW, said Monday night.

"Around 80 persons attended the opening breakfast this morning," Mr. Roberts added. "As I remember there were only about 50 last year."

More people showed up for the afternoon panels, too. "There were 30 to 35 at the 2 o'clock panel today," Mr. Roberts said. "We only had about fifteen last year."

There were ten morning and three afternoon talks given in classrooms. Around 50 have been booked for the week.

Twelve of the thirteen visiting speakers were in living units Monday night. Some twenty local speakers also spoke for campus groups.

"There were four or five personal conferences this morning," Mr. Roberts said, "and more in the afternoon. They should reach a peak nearer the end of the week."

There will be two panels Tuesday afternoon. At 2 p.m. Dr. Das Kelley Barnett, the Rev. James R. Hine, and J. H. (Tony) Lumpkin will conduct one on "Faith: Narcotic or Medicine?" At 4 "Faith and Peace of Mind" will be discussed by Mr. Hine, Dr. W. McFerrin Stowe, the Rev. W. D. Borders, and Rabbi Gerald J. Klein.

Thompson Stresses Faith Through Action

Business and professional men, public servants, and housewives should recognize the religious significance of their jobs, Pat Thompson, Bay City auto dealer and Methodist lay leader, told an engineering convocation at the University of Texas Monday night.

Mr. Thompson's speech was the final formal event of the second day of the University's annual Religious Emphasis Week.

Any useful job can be sacred to God and give a man opportunities to portray his faith through his actions, Thompson asserted. It's time this nation made businesses and governmental and professional activities conform to "the Commandments and the Sermon on the Mount," he added.

After a Religious Emphasis Week workers' breakfast Monday morning, special speakers visited

Americana Card To Offer Spirituals

"Gonna Lay Down My Burdens," a program of spirituals, will be the third program of the Americana Theatre at 4 p.m. in the Y.

A male quartet from the Department of Music will sing the spirituals led by T. H. Worthington, graduate student and teacher of choral music in Austin High School. Other members of the quartet are Damon Weber, tenor; Jack King, tenor; and Bob Hubbard, bass.

"The authentic Negro spiritual is folk music," says Worthington, "dating far back in American history. It expresses a deep faith and the longing to be free of bondage." The exception to this on the program is "Massa's in the Cold, Cold Ground," by Stephen F. Foster. Other spirituals have been assimilated by composers in their works.

The program:
"All God's Chilluns Got Wings," "Go Down, Moses," "Ain't Gonna Study War No More," "Nobody Knows the Trouble I've Seen," "Deep River," "Swing Low Sweet Chariot," and "There Is a Meeting Tonight."

Good Grief

Gym's 'Boheme' Well 'Met'

There is no form of art which extracts more emotion from its performers and audiences than that which uses music as the fundamental medium of expression.

Opera is not only an outlet for the composer's emotions through music, but is a duel for the full vocal interpretations of the artists. In no other art, can there be expressed such extreme emotions—often contrasting ones simultaneously—without seeming ludicrous. Nowhere else can melody and voice combine in such proportions as to produce not merely tears and laughs but actual emotional rants that are as real as if you were experiencing the pathos, tragedy, lark, or comedy that is shown upon the stage.

Puccini's "La Boheme" presented last night in Gregory Gym by a Metropolitan cast and the San Antonio Symphony Orchestra, contains arias that are both lifting

and full of grief. The Italian's must is, in understatement, power. The arias of love and sorrow, of Mario del Monaco and Bidu Sayao, the tragic lovers, not only silenced the large audience but must have

sent quivers through many. The two Met stars were joined by a third, Giuseppe Valdengo, in bringing a credible piece of grand opera. The orchestra, under Victor Alessandro, could have hardly

done more justice to the sentimental tragedy.

But it was all too apparent to those sitting any further back than the first dozen rows that voices were lost in the cavernous depths of the "barn," and that seating arrangements are better in an Austin City transit bus.

It is shameful, and sometimes embarrassing, that a University of this size does not have a better place to present its major programs. An auditorium has been pleaded for not only persons bringing attractions to the campus, but by audiences as well.

Hogg Auditorium, which seats around 1,200, would not begin to hold the number of people interested in attending an opera and other large attractions and, Gregory Gym is certainly unsuitable.

It doesn't even have adequate dressing rooms for the artists. In short, it's a gymnasium, not an auditorium.

"La Boheme" was over three hours long—much too long a time to be sitting on concrete and hard-backed chairs. Its time something was done about a problem which crops up every time a worthwhile event has to be presented in Gregory Gym.

Wilmot Speech Contest Is Set For March 30

\$25 First Prize Offered to Best Freshman Orators

The annual Wilmot Declamation Contest for students with credit less than 30 semester hours of credit will be held March 30 at 7:30 p.m. in Batts Hall Auditorium. The preliminary contest will be held March 23 at 7:30 p.m. in Speech Building 201.

Students should register for the contest now at the Speech Building or have their instructors register for them.

First prize, to be given to the best boy and the best girl by Mrs. Elizabeth Roberdeau of Austin, is \$25 in cash. Second prize for both boy and girl winners is \$15 in books to be given by the University Co-Op.

Selections for the contest must be given from memory and must not be more than seven minutes long. They must be chosen from standard prose and should be submitted for approval before the contest.

Students may obtain suggestions and help from any staff member in preparing for the contest. They may secure coaching for the preliminary contest and are required to accept coaching for the final contest.

Dr. Fitzgerald To Go to Bangkok

Education System Being Overhauled

Dr. James Anderson Fitzgerald, dean emeritus of the College of Business Administration, will report in Washington, D. C., March 2 to receive orientation before leaving for Thailand where he will be consultant in business administration in the University of Moral and Social Service in Bangkok.

The appointment was made through the Mutual Security Agency, which has an educational mission in Thailand. This agency, headed by Harold Stassen, is carrying on a co-operative educational program with several foreign countries, one of which is Thailand.

Dr. Fitzgerald said that Thailand, an independent country, is overhauling its entire educational program. He will begin his work as soon as he arrives, and expects to remain one year. Dr. Fitzgerald said that although the national language is Thai, the people speak English well, and the students in the University use English in their classes.

Dr. Fitzgerald has served as an educator for 52 years. He was dean of the College of Business Administration for nearly 25 years, from 1926 until August, 1950. He has been a professor at the University since his retirement as Dean.

Tidelands Not Navy's, Puzzled Solons Told

By R. GORDON BROWN

WASHINGTON, Feb. 16—(AP)—Atty. Gen. Brownell set Congress guessing Monday over the exact meaning of the Eisenhower administration's first formal opinion dealing with the question of oil-rich lands of the marginal seas.

Brownell said he believes former President Truman did not actually set aside the disputed lands as a Navy oil reserve in an executive order last month transferring the submerged lands from the Interior Department to the Navy. In

Kansas City, Truman said he had no comment on Brownell's opinion.

Some legislators said they were frankly puzzled by Brownell's statement and wondered what effect it might have on the long-drawn controversy over state-versus-federal ownership of the offshore deposits.

Meanwhile, the Navy said it has taken no action that might prejudice a final decision on ownership of the lands which Truman, in one of his last official acts, ordered the Navy to administer as a "naval petroleum reserve."

Navy Capt. Robert H. Meade of Denver, Colo., director of the Naval petroleum reserve, told newsmen after conferring with Rear Adm. Ira Nunn, the Navy's judge advocate general:

"Our conclusion was that the whole question of the submerged oil lands must be determined as a national policy by President Eisenhower and the Congress."

Informants said the Navy's legal authorities have been taking a second look at Truman's order to see whether it fully spells out all of the provisions required by previous congressional acts in setting aside any lands as a government oil reserve.

Brownell's opinion, set forth in a letter to Secretary of Defense Wilson, was read to the Senate Interior Committee as the committee opened hearings on the ownership controversy.

Brownell wrote: "I have given careful independent consideration to the question, and I am of the opinion that the Truman order did not intend and did not create a naval petroleum reserve to be administered under the provisions of 34 US Code 524 the Naval Petroleum Reserve Act."

Brownell said the Justice Department objected last month "to the promulgation of an order which would have constituted these lands a naval petroleum reserve."

He said it was clear that former Atty. Gen. McGranery approved Truman's order as finally drafted and issued "on the understanding that it did not intend to, nor did it in fact or in law, create a naval petroleum reserve within the meaning of the statute."

Sen. Cordon (R-Ore.) presiding over the Senate committee hearing, said Brownell's letter means "it was the opinion of the Justice Department last January and still is the opinion Monday that the only thing done was to transfer such jurisdiction as was vested in the Interior Department from that department to the Navy Department."

"In other words," he said, "the Justice Department said President Truman did not establish a naval reserve."

"The department had this view when the order was issued, and former President Truman knew it."

Sen. Holland (D-Fla.) commented:

"This shows the administration feels the order accomplished nothing but to take something out of the left pocket and put it in the right pocket."

President Eisenhower said in the campaign last year he would have approved a bill vetoed by Truman giving the states title to the offshore lands, seaward to the limits of their historic boundaries. This would be roughly three miles except in the cases of Florida, Texas and Louisiana which claim their boundaries extend three leagues or 10 1/2 miles seaward.

Mr. Swenson was born November 16, 1863, in Nassjo, Jonkopin Province, Sweden and came to America at the age of 18. He later was general manager of the Swenson Land and Cattle Company from 1922 until 1948 when he retired because of ill health.

Mr. Swenson was married to Selma Augusta Anderson in 1889 and settled in New Sweden in Travis County later moving to Stamford in 1905. Mrs. Swenson died in 1934.

Survivors are three sons, W. G. J. E. (Eric), and A. M. G. (Swede) Swenson, eleven grandchildren and eight great-grandchildren.

Services were held at 4 p.m. Monday at the Bethel Lutheran Church in the Ericksdahl community near Stamford. Rev. Hugo B. Haterius conducted the funeral services. Burial was in the Bethel Church cemetery.

Mrs. Sayers to Talk To Library Grads Today
Mrs. Frances Clarke Sayers, well-known author of children's books, teacher, public speaker, and professional storyteller, will speak to library science classes today from 9-10:30 a.m. in Main Building 311.

She will speak to graduate students of the library school from 2 p.m. to 3 p.m. in the same room.

West Texas 'Rain' Storm Hits Austin

Austinites will have a lot of house cleaning to do Tuesday after the dust storm that blew into town Monday morning about 10:30.

Dust was so heavy that at mid-morning the Capitol could not be seen from the Tower, according to Mrs. B. L. Frazee, hostess in the Tower deck.

By 3 p.m. the dust had lifted so that the entire downtown section could be seen, but the hills surrounding Austin were still not visible. By sundown the dust had almost completely risen.

'Fustest, Mostest' Key to Cage Race

By WILLIAM MORRIS
Texas Intramural Coordinator

He who gets there "fustest with the mostest," advocated General Albert S. Johnston, wins the battles.

Apply this tenet to a white-hot intramural cage race, and you've got the one ingredient that should make this campaign the most unforecastable in 'mural' history.

The fact remains that, from the opening two weeks of play, a whole host of "fustest with the mostest" powers have emerged. Sigma Phi Epsilon, Delta Tau Delta, Phi Gamma Delta, Sigma Alpha Mu, Pi Kappa Psi, Sigma Alpha Epsilon, and Phi Delta Theta have set a torrid pace in fraternity competition.

Oak Grove and Penn Club have been the big dogs in club play, and Blomquist and Brunette House are

Action resumes Wednesday night after a two-day layoff, with a slate of 20 games.

Entry dates for two other top intramural drawing attractions, table tennis and water polo, are near at hand. Wednesday, February 18, has been designated as table tennis deadline.

Wednesday, February 25, is the last day for water polo signees. An entry limit of eight contestants has been set for the ping-pong tournament. Awards for the winning crews in both sports are 50 points toward the all-year trophy.

Intramural director Berry Whitaker urges all wrestling aspirants to attend the instruction sessions. Under the direction of Roger Young, they are held Tuesdays and Thursdays (5-8 p.m.) and Saturdays (2-3 p.m.). The training site has its temporary residence in A Hall, just north of Gregory Gym.

Brackets and drawings are now complete in handball singles. Opening day is set for Wednesday.

Arkansas Whips Aggies, 66-64

29 in Last Period Sews Up Contest

LITTLE ROCK, Feb. 16—(AP)—Long shots by Walter Kearns in the fourth quarter broke wide open what had been a see-saw battle and gave Arkansas a 66-64 basketball victory over Texas A&M Monday night.

Kearns, hitting on set and push shots, scored 10 of his 17 points in the final 10 minutes. Orval Elkins added eight in Arkansas' 29-point spree in that period.

The lead changed hands a dozen times in the first half, with the Aggies ahead 11-10 after one quarter and Arkansas in front 26-23 after two. The Aggies went ahead again 34-33 late in the third period.

The Razorbacks started their move at that point, took over 37-34 by the end of the quarter and then turned the contest into a runaway.

Steers Battle UH At Gregory Tonight

Houston's Cougars, who've done their share of upsetting this season, try for the same story Tuesday night in Gregory Gym. They will battle the Texas Longhorns in a non-conference affair at 8 p.m.

Tuesday night's game will be a March of Dimes benefit. Admission has been set at \$1.20 for the general public, and 50 cents for high school students and Blanket Tax holders. Tickets will be on sale at the gym all day Tuesday.

Houston isn't doing too well in Missouri Valley standings, but

they've whipped a couple of the top dogs—Tulsa (61-56) and St. Louis (71-70).

This will only be the second meeting between the two schools. In 1950, the Longhorns staged off Houston, 46-44, scoring a field goal in the last two seconds.

Texas—leading the Southwest Conference with a 6-2 record—is expected to start virtually the same lineup which defeated Arkansas Saturday night in Fayetteville.

That's Billy Powell and Gib Ford, forwards; Fred "Goose"

Saunders at center; and George Sealing and Leon Black or Cecil Morgan at guards.

Houston is expected to counter with Sammy Adams and Dean Kittman, forwards; Elton Cotton, center; and Jack Mosher and Jack McNutt, guards.

Mosher may be recognized by Gregory Gym fans. He has performed in starring roles for the Texas City High School club in the 1949 state tournament, and for Tyler Junior College.

The game cannot affect Texas' conference record. However, TCU has a chance to move into a first-place tie with the Longhorns. The Frogs play SMU in Fort Worth Tuesday night.

Texas is vacationing from conference play until Saturday night, when they entertain SMU.

8 Winners Will Vie For Bowling Honor

Eight teams in the winners bracket of the women's intramural bowling tournament will continue play at 4:30 p.m. Tuesday at the Bowling Center.

Consolation play will be Friday at 4:30 p.m.

In the winning bracket, are Gamma Phi Beta, Co-Op, Delta Zeta, Baptist Student Union, Kappa Alpha Theta, Chi Omega, Kappa Kappa Gamma, and Delta Delta Delta.

The consolation bracket is composed of Alpha Chi Omega, Alpha Omicron Pi, Pi Beta Phi, Alpha Delta Pi, Delta Phi Epsilon, Delta Gamma, Wesley Foundation, Zeta Tau Alpha, Alpha Gamma Delta, and Sigma Delta Tau.

Ginger Hendricks of Co-Op had the high individual score of 203 in the winner's bracket. She was followed by Wanda Rice, BSU, and Mary Rostrom, GFB, who were tied at 176.

High individual score in the consolation bracket was Ellen Yeager's 162 for A Chi O. Mary Ann Maley rolled 136 for A D Pi, and Mary Ann Elliot, Pi Phi, was third with 133.

Sport Leaders Seek New Gambling Laws

PHILADELPHIA, Feb. 16—(AP)—Top sports leaders have demanded a full scale congressional investigation and new laws to clamp down on gambling and bribes in amateur and pro athletics.

A nine-man committee created by a former US attorney general acknowledged a "vast infiltration" of gambling and bribery into sports and recommended methods of meeting the issue head-on.

Their report was submitted to the US attorney general's office last December by committee chairman Francis Murray, athletic director at the University of Pennsylvania. Murray said then it

"Oxford" Man Reveals Weakness of Opposite Sex!

ONCE upon a time, there was a wealthy young college man who spent a million dollars a year on his wardrobe. But the gals all thought he looked "square as an ice cube."

One day, while cruising around the campus in his solid gold convertible with leopard-skin tires, he noticed a young freshman surrounded by a bevy of beautiful dolls. Slamming his foot down upon the sterling silver brake pedal, he smoothed out the wrinkles in his custom-tailored suit and strolled over to this popular fellow.

"Tell me," he asked, "to what do you owe your great success with the fair sex?"

"Naturally," the young Casanova replied, "it's the shirts I wear." He pointed to the pale gray Oxford button-down he had on. "Everyone's bashing ears about Oxford shirts this year... and I have Oxfords in light blue, gray, yellow, pink, lavender... and of course, white. Roll collars, button-downs and those new short collars, too!"

The rich young man felt the luxurious Oxford fabric. "Your shirtmaker must charge a lot for shirts like these."

"Shirtmaker nothing," grinned the young fellow. "I get all my shirts from the friendly Van Heusen dealer right down the street. And the ante is only \$3.95 apiece!"

The wealthy young man made a bee-line for the Van Heusen store. Since he was loaded (with money), he also bought a dozen deluxe Van Heusen Oxfords, made of high-count, tightly-twisted yarn, for \$4.50 apiece.

His seven wives are suing for bigamy this month.

On Loyalty

Another loyalty oath bill has been thrown at the Texas Legislature. This one demands that state employees swear that they have not been members of any Communist-front organization in the last five years, or, if they have, give a written explanation.

The oath will probably pass. A strong tradition for that sort of thing has grown up among legislatures. But in their law-making about loyalty oaths the legislatures forget their bounds. Passing laws which would keep a person from holding a state job because he may have been a member of a Communist-front organization five years ago is a denial of basic freedoms of liberal democracy. No legislature has the right to pass a law making an act illegal after it has been committed, which is in

effect what a loyalty oath does. No legislature has the right to pass a law which in effect finds a person guilty of a crime without a trial. If the state fires a person because he will not swear he has not been a member of a Red organization, it is not likely that he can get another job. In the public eye, he is guilty. He has been done injury "real, immediate, and incalculable," in the words of Justice Douglas. So he is punished without a trial.

Nobody says Communists should be permitted to work for the state. Persons who would seek to overthrow the government by violence or subversion must be rooted out. That is a responsibility of everybody in government, Governor, Legislator, or what.

But the legislature also has other historic duties to uphold, including the duty to preserve the traditional rights of the people. If the Legislature adopts the methods of totalitarianism in fighting totalitarianism, the foundations of democracy are destroyed.

New Orthodoxy

A few years ago the novel "1984" impressed its readers in many ways. Some laughed while others scoffed at the idea of thought-police, governmental revision of history books, and pictures of "Big Brother," the governmental head, posted over the country.

But the laughs and scoffs have been silenced, no so much from the age of the book as from the fear that the author may have, and probably did have, an uncanny knowledge from which he wrote. Each time there is a new investigation of textbooks and teachers for "subversive ideas," or usurpation of fundamental rights for the supposed need of protection, or pictures in newspapers and magazines of Stalin posters plastered throughout Red-controlled territory, a memory of "1984" is as it may be, comes back, "1984."

Dr. Luther Evans, head librarian of Congress, devoted a whole lecture on this year's Great Issues course to this "New Orthodoxy." Now the Hillel Foundation, in a semester of Tuesday afternoon forums, is exposing the New Orthodoxy to treatment by outstanding teachers from the University.

A few hours spent in learning to combat "control" with truth are certainly worthwhile.

Student Wages

An amazing collection of facts and figures soon will be in the hands of President Wilson.

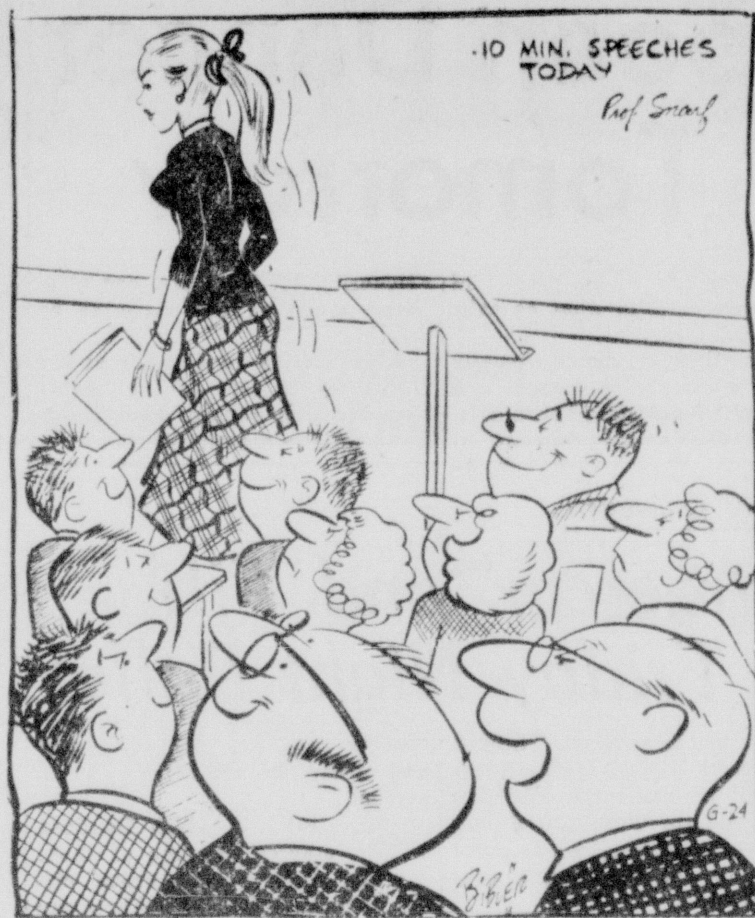

The report on higher student wages, prepared by Jim McKeithan and his Assembly committee, substantially establishes need and source for increased wages. Although only one-half of the report was presented to the Assembly last Thursday, it showed the depth and integrity which were used in gathering information.

Previous investigations of the wage situation have antagonized the administration and produced little worthwhile. In comparison, the present committee's work deserves commendation and respect for its earnest approach and thoroughness.

Use of this report depends on the discretion of President Wilson. If he believes the conclusions of the committee are right, he can adjust departmental appropriations and advise allocation of surpluses as to provide for higher student wages. Students have given him plenty to back up such an action.

Curtain Club's 'Spirit' Stars Larsen, Young

"Blithe Spirit," spring Curtain Club production, to be staged in Hogg Auditorium March 18-21, will star Bill Larsen and Kathryn Young.

Larsen will play Charles Cunningham, who plans to write a book on spiritualism. His plans go awry when the seance giving him material for the book produces the ghost of his first wife, Ruth (Kathryn Young). Ruth is visible to Charles but not to his second wife, Elvira, played alternately by

Top European Dancer At Hogg Tomorrow

Harald Kreutzberg, popularly known as one of the greatest of all European dancers will be presented in a dance recital Wednesday at 8 p. m. in Hogg Auditorium by the Department of Drama.

Although he has long been a popular artist in America, this is his first appearance at the University. Kreutzberg has taught in several colleges and universities all over the nation in addition to his many tours.

Among his many students was Shirley Dodge, dance instructor at the University. She studied with him at the University of Wisconsin and later at the Mozarteum in Salzburg, Austria.

In Kreutzberg's performances the dancer's movements are of primary importance, and he usually performs solo, against a background of plain black drapes and

Weiss Is New Head Of Phi Delta Phis

Edwin E. Weiss has been elected master of Phi Delta Phi, honorary professional law fraternity. Other officers are H. F. Kleinman, exchequer; J. K. Taylor, clerk; and P. A. Flynn, historian.

Gus M. Hodges, professor of law, was re-elected fraternity faculty advisor.

This first undertaking of the new staff will be the spring rush activities. Any law student who has the required semester hours and a high scholastic standing is eligible for selection into the organization.

The French Club will meet Tuesday at 8 p. m. in Batts hall 205 to elect officers for the coming semester, according to Kinall Davis, publicity chairman.

New officers for the spring semester were elected by the Engineering Wives Club Thursday. They are Mrs. E. G. Powers, president; Mrs. Mark Mason, vice-president; Mrs. William C. Alf, secretary; Mrs. Richard W. Lyle, treasurer; Mrs. George C. Anderson, program chairman; Mrs. Nassouh H. Bahr, social chairman; Mrs. R. H. Fritz, publicity chairman; Mrs. Robert B. Any engineering student's wife who has not been contacted for membership in the organization and is interested in joining, should contact Mrs. Ivy, membership chairman, at 2-1013.

Officers of the American Marketing Association are William Pace, president; John Valerius, vice-president; and Jean Jordan, secretary-treasurer. R. B. Thompson is the sponsor.

Orthodoxy Panel Tonight at Hillel

4 UT Lecturers To Enter Debate

The second in a series of twelve panel discussions and lectures on the "New Orthodoxy—Its Implications for Us," will be held Tuesday at 4:15 p. m. at the Hillel Foundation, when four of the leading lecturers at the University from south of the border will discuss the Latin-American reaction to the "New Orthodoxy."

Dr. Lewis Hanke, director of the Institute of Latin-American Studies, will be moderator, with Danton Jobim of Brazil, visiting professor of journalism; Pal Kelemen, distinguished Latin-American scholar and visiting professor of Latin-American art; and Daniel Cosío Villegas, visiting professor from Mexico, making up the panel.

Subjects to be covered in later lectures and discussions in the series include Freedom of Discussion; "Art Our Personal Thoughts Being Threatened," "The Meaning of Freedom to Think," and "Thought Control and the Public Schools."

'Streetcar' and 'Fifi' In Friday Night Ballet

Dance versions of "A Streetcar Named Desire" and "Mlle. Fifi" will highlight the Mia Slavenska-Frederick Franklin Ballet, with Alexandria Danilova as guest star, Friday at the Austin City Coliseum.

A company of 50 and an orchestra will appear with the three former stars of "Ballet Russe de Monte Carlo." In addition to the new "Streetcar" and "Fifi" numbers, they will perform "Symphonic Variations" and "The Nutcracker Suite."

The unusual ballet interpretation of "Streetcar" was arranged by Valerie Betties, Miss Slavenska and Mr. Franklin dance the lead roles. It is based on Tennessee Williams' stage play which tells the life of Blanche Du Bois. Blanche is the last of a long line of Southern gentry. Because of her tragic past, which includes the suicide of her young husband, and a long series of family deaths, and the eventual loss of their plantation, Blanche is driven almost insane. As a last resort, Blanche comes to live with her sister, Stella, and her brother-in-law, Stanley.

The situations which she meets while living with her relatives causes her to draw further and

further into her fantasy world and at the end she is taken to an asylum.

"Mlle. Fifi" in which Danilova will be starred has one of those familiar themes—glamorous circus performer pursued by both son and father. Both of the pursuers give Mlle. Fifi diamonds, which eventually brings the father and son to kicks and fistfights. The naughty lady somehow manages to keep both sets of diamonds in this extraordinary gallic bit of bluff.

General admission to the Austin performance will be \$1.50. Students who have Blanket Taxes will be admitted free. Tickets may be ordered from the Box Office, Music Building, University of Texas, Austin, 12.

Buses marked "Coliseum" will leave from Sixth and Congress every ten minutes from 7 p. m. to 8:30 p. m. After the program there will be an adequate number waiting at the Coliseum for return to Sixth and Congress. Archie N. Jones of the Cultural Entertainment Committee, said.

Miss Iturbi comes to Austin after a world tour which took her throughout Europe, Africa, and the Middle East, and most recently to Alaska. Her tours in America have taken her to almost every section of the country.

Miss Iturbi has appeared as guest artist with major symphonies, including those in New York, Philadelphia, Detroit, Dallas, Boston, San Francisco, Indianapolis, Cincinnati, and Rochester. She has also played for GIs all over the world.

Included in the evening's program will be a selection from "Goyescas" by Granados, "The Maja and the Nightingale," "The Puppet" (El Pelele); Mozart's "Sonata No. 7"; "Grande Polonaise Brillante" by Chopin; "Papillons" by Schumann; Franz Liszt's "Waldesrauschen" #Forest Murmurs, and "Rhapsody No. 12;" Shostakovich's "Three Preludes;" "Improvisation" by Four; "Two Arabesques" by Debussy, Albeniz's "Sequidilla;" Infante's "Guadalquivir" (The River); and the "Ritual Fire Dance" by de Falla.

Legislator to Talk To Delta Theta Phi

Hulon B. Brown, member of the House of Representatives from the 102nd District, will address the dinner meeting of the Sam Houston Senate of Delta Theta Phi law fraternity at 6:30 p. m., Tuesday at the Downtown Grill, 724 Bradford Alley.

His subject will probably be pending legislation and his experiences as a member of Delta Theta Phi.

An ex-varsity debater at the University, Representative Brown received a bachelor of business administration degree from the University in 1949 and a law degree in 1951. He is now serving his first term in the Legislature.

Delta Theta Phi alumni now serving in the Legislature have been invited to be guests at the dinner.

A business meeting after the dinner will be at the Senate's house, 2024 Speedway.

Sphinx and Cowboys will be hosts at Tuesday's orientation coffee in Texas Union 309 from 2:30 to 3:30 p. m. Host and hostesses for the next coffee on March 10 will be the Silver Spurs and Mortar Board.

These meetings, which will enable new students to meet former students and faculty, will be held each Tuesday, 2:30 to 3:30 p. m., for five weeks.

REW Interest Higher This Year — Roberts

First-day attendance of various Religious Emphasis Week functions Monday climbed above last year's figures.

"If more numbers are any indication, student interest is higher this year than last," Charles Roberts, chairman of the Board of Directors for REW, said Monday night.

"Around 80 persons attended the opening breakfast this morning," Mr. Roberts added. "As I remember there were only about 50 last year."

More people showed up for the afternoon panels, too. "There were 30 to 35 at the 2 o'clock panel today," Mr. Roberts said. "We only had about fifteen last year."

There were ten morning and three afternoon talks given in classrooms. Around 50 have been booked for the week.

Twelve of the thirteen visiting speakers were in living units Monday night. Some twenty local speakers also spoke for campus groups.

"There were four or five personal conferences this morning," Mr. Roberts said, "and more in the afternoon. They should reach a peak nearer the end of the week."

There will be two panels Tuesday afternoon. At 2 p.m. Dr. Das, Kelley, Barnett, the Rev. James R. Hine, and J. H. (Tony) Lumpkin will conduct one on "Faith: Narcotic or Medicine?" At 4 p.m. "Faith and Peace of Mind" will be discussed by Mr. Hine, Dr. W. McFerrin Stowe, the Rev. W. D. Borders, and Rabbi Gerald J. Klein.

Thompson Stresses Faith Through Action

Business and professional men, public servants, and housewives should recognize the religious significance of their jobs, Pat Thompson, Bay City auto dealer and Methodist lay leader, told an engineering convocation at the University of Texas Monday night.

Mr. Thompson's speech was the final formal event of the second day of the University's annual Religious Emphasis Week.

Any useful job can be sacred to God and give a man opportunities to portray his faith through his actions, Thompson asserted. It's time this nation made businesses and governmental and professional activities conform to "the Commandments and the Sermon on the Mount," he added.

After a Religious Emphasis Week workers' breakfast Monday morning, special speakers visited

Religious Thief Enters Plea With \$10

The letter contained a confession and a \$10 bill.

The Rev. John B. Davidson, University instructor in educational psychology and former pastor of the Congress Avenue Baptist Church, recently received the following letter:

"About two years ago I took \$10 from the church. I couldn't find peace in my own heart until I had made it right. Please accept my apologies and pray for me."

Two years ago the author of the letter had been guided to Buckner's Boys Ranch at Burnet by Mr. Davidson. At that time, the boy was an 11-year-old member of Mr. Davidson's congregation.

Public Administration Fellowships Offered

Five fellowships and four research assistantships are available to graduate students in public administration for the term of 1953-54.

The fellowships are established at \$750 and will be awarded on a competitive basis. Non-residents may apply for a non-resident scholarship, which will pay the tuition above the regular \$25 a semester required of Texas students.

The four research positions pay, in general, between \$600 and \$1200 a year.

Applications must be submitted by August 1, 1953. Forms may be obtained from the director, Institute of Public Affairs.

Wilmot Speech Contest Is Set For March 30

\$25 First Prize Offered to Best Freshman Orators

The annual Wilmot Declamation Contest for students with less than 30 semester hours of credit will be held March 30 at 7:30 p.m. in Batts Hall Auditorium. The preliminary contest will be held March 23 at 7:30 p.m. in Speech Building 201.

Students should register for the contest now at the Speech Building or have their instructors register for them.

First prize, to be given to the best boy and the best girl by Mrs. Elizabeth Roberdeau of Austin, is \$25 in cash. Second prize for both boy and girl winners is \$15 in books to be given by the University Co-Op.

Selections for the contest must be given from memory and must not be more than seven minutes long. They must be chosen from standard prose and should be submitted for approval before the contest.

Students may obtain suggestions and help from any staff member in preparing for the contest. They may secure coaching for the preliminary contest and are required to accept coaching for the final contest.

Dr. Fitzgerald To Go to Bangkok

Education System Being Overhauled

Dr. James Anderson Fitzgerald, dean emeritus of the College of Business Administration, will report in Washington, D. C., March 2 to receive orientation before leaving for Thailand where he will be consultant in business administration in the University of Moral and Social Service in Bangkok.

The appointment was made through the Mutual Security Agency, which has an educational mission in Thailand. This agency, headed by Harold Stassen, is carrying on a co-operative educational program with several foreign countries, one of which is Thailand.

Dr. Fitzgerald said that Thailand, an independent country, is overhauling its entire educational program. He will begin his work as soon as he arrives, and expects to remain one year. Dr. Fitzgerald said that although the national language is Thai, the people speak English well, and the students in the University use English in their classes.

Dr. Fitzgerald has served as an educator for 52 years. He was dean of the College of Business Administration for nearly 25 years, from 1926 until August, 1950. He has been a professor at the University since his retirement as Dean.

Americana Card To Offer Spirituals

"Gonna Lay Down My Burdens," a program of spirituals, will be the third program of the Americana Tuesday at 4 p.m. in the Y.

A male quartet from the Department of Music will sing the spirituals led by T. H. Worthington, graduate student and teacher of choral music in Austin High School. Other members of the quartet are Damon Weber, tenor; Jack King, tenor; and Bob Hubbard, base.

"The authentic Negro spiritual is folk music," says Worthington, "dating far back in American history. It expresses a deep faith and the longing to be free of bondage." The exception to this on the program is "Massa's in the Cold, Cold Ground," by Stephen F. Foster. Other spirituals have been assimilated by composers in their works.

The program: "All God's Chilluns Got Wings," "Go Down, Moses," "Ain't Gonna Study War No More," "Nobody Knows the Trouble I've Seen," "Deep River," "Swing Low Sweet Chariot," and "There Is a Meeting Tonight."

Good Grief

Gym's 'Boheme' Well 'Met'

There is probably no form of art which extracts more emotion from its performers and audiences than that which uses music as the fundamental medium of expression.

Opera is not only an outlet for the composer's emotions through music, but is a duet for the full vocal interpretations of the artists. In no other art, can there be expressed such extreme emotions—often contrasting ones simultaneously—without seeming ludicrous. Nowhere else can melody and voice combine in such proportions as to produce not merely tears and laughs but actual emotional rents that are as real as if you were experiencing the pathos, tragedy, lark, or comedy that is shown upon the stage.

Puccini's "La Boheme" presented last night in Gregory Gym by a Metropolitan cast and the San Antonio Symphony Orchestra, contains arias that are both lifting

and full of grief. The Italian's must is, in understatement, power. The arias of love and sorrow, of Mario del Monaco and Bidu Sayao, the tragic lovers, not only silenced the large audience but must have

sent quivers through many. The two Met stars were joined by a third, Giuseppe Valdengo, in bringing a creditable piece of grand opera. The orchestra, under Victor Alessandro, could have hardly

done more justice to the sentimental tragedy.

But it was all too apparent to those sitting any further back than the first dozen rows that voices were lost in the cavernous depths of the "barn," and that seating arrangements are better in an Austin City transit bus.

It is shameful, and sometimes embarrassing, that a University of this size does not have a better place to present its major programs. An auditorium has been pleaded for not only persons bringing attractions to the campus, but by audiences as well.

McConnell Defends Pay Rate Of Students in Eateries, Dorms

"The Commons, Chuck Wagon and dormitories pay as much to their student employees as any other agency on the campus," commented F. C. McConnell, University Business Manager on the Student Wage Committee report.

He further stated that, "If there is any way to raise the student wages we are interested in doing so, but not without the student earning it."

"We are primarily interested in keeping the food prices low for the benefit of the students, but if the wages are increased the food prices will also increase."

Mr. McConnell does not believe that higher-paid students would necessarily mean more profitable workers.

"One of our most difficult problems is the absent worker. He wants to go to the out-of-town football games or various other places and does not realize the inconvenience

of his absence. We have to find someone else to take his place. He could be a checker, waiter, pot washer, or switchboard operator, but his position must be filled during his absence."

"The most diligent student employee is the one who must work to get through college."

Tidelands Not Navy's, Puzzled Solons Told

By R. GORDON BROWN

WASHINGTON, Feb. 16—(AP)—Atty. Gen. Brownell set Congress guessing Monday over the exact meaning of the Eisenhower administration's first formal opinion dealing with the question of oil-rich lands of the marginal seas.

Brownell said he believes former President Truman did not actually set aside the disputed lands as a Navy oil reserve in an executive order last month transferring the submerged lands from the Interior Department to the Navy. In

Kansas City, Truman said he had no comment on Brownell's opinion.

Some legislators said they were frankly puzzled by Brownell's statement and wondered what effect it might have on the long-drawn controversy over state-versus-federal ownership of the offshore deposits.

Meanwhile, the Navy said it has taken no action that might prejudice a final decision on ownership of the lands which Truman, in one of his last official acts, ordered the Navy to administer as a "naval petroleum reserve."

Navy Capt. Robert H. Meade of Denver, Colo., director of the Naval petroleum reserve, told newsmen after conferring with Rear Adm. Ira Nunn, the Navy's judge advocate general:

"Our conclusion was that the whole question of the submerged oil lands must be determined as a national policy by President Eisenhower and the Congress."

Informants said the Navy's legal authorities have been taking a second look at Truman's order to see whether it fully spells out all of the provisions required by previous congressional acts in setting aside any lands as a government oil reserve.

Brownell's opinion, set forth in a letter to Secretary of Defense Wilson, was read to the Senate Interior Committee as the committee opened hearings on the ownership controversy.

Brownell wrote: "I have given careful independent consideration to the question, and I am of the opinion that the Truman order did not intend and did not create a naval petroleum reserve to be administered under the provisions of 34 U.S.C. 524 the Naval Petroleum Reserve Act."

Brownell said the Justice Department objected last month "to the promulgation of an order which would have constituted these lands a naval petroleum reserve."

He said it was clear that former Atty. Gen. McGranery approved Truman's order as finally drafted and issued "on the understanding that it did not intend to, nor did it in fact or in law, create a naval petroleum reserve within the meaning of the statute."

Sen. Cordon (R-Ore.) presiding over the Senate committee hearing, said Brownell's letter means "it was the opinion of the Justice Department last January and still is the opinion Monday that the only thing done was to transfer such jurisdiction as was vested in the Interior Department from that department to the Navy Department."

"In other words," he said, "the Justice Department said President Truman did not establish a naval reserve."

"The department had this view when the order was issued, and former President Truman knew it."

Sen. Holland (D-Fla.) commented: "This shows the administration feels the order accomplished nothing but to take something out of the left pocket and put it in the right pocket."

President Eisenhower said in the campaign last year he would have approved a bill vetoed by Truman giving the states title to the offshore lands, seaward to the limits of their historic boundaries. This would be roughly three miles except in the cases of Florida, Texas and Louisiana which claim their boundaries extend three leagues or 10 1/2 miles seaward.

Rites Yesterday For A. J. Swenson

Andrew J. Swenson, 89, father of A. M. G. (Swede) Swenson, ex-regent of The University of Texas, died at 2:20 p.m. Saturday in Stamford. Mr. Swenson had been ill for several years.

Mr. Swenson was born November 16, 1863, in Nassjo, Jonkopin Province, Sweden and came to America at the age of 18. He later was general manager of the Swenson Land and Cattle Company from 1922 until 1948 when he retired because of ill health.

Mr. Swenson was married to Selma Augusta Anderson in 1889 and settled in New Sweden in Travis County later moving to Stamford in 1905. Mrs. Swenson died in 1934.

Survivors are three sons, W. G. J. E. (Eric), and A. M. G. (Swede) Swenson, eleven grandchildren and eight great grandchildren.

Services were held at 4 p.m. Monday at the Bethel Lutheran Church in the Ericksdahl community near Stamford. Rev. Hugo B. Haterius conducted the funeral services. Burial was in the Bethel Church cemetery.

Mrs. Sayers to Talk To Library Grads Today

Mrs. Frances Clarke Sayers, well-known author of children's books, teacher, public speaker, and professional storyteller, will speak to library science classes today from 9-10:30 a.m. in Main Building 311.

She will speak to graduate students of the library school from 2 p.m. to 3 p.m. in the same room.

West Texas 'Rain' Storm Hits Austin

Austinites will have a lot of house cleaning to do Tuesday after the dust storm that blew into town Monday morning about 10:30.

Dust was so heavy that at mid-morning the Capitol could not be seen from the Tower, according to Mrs. B. L. Frazee, hostess in the Tower deck.

By 3 p.m. the dust had lifted so that the entire downtown section could be seen, but the hills surrounding Austin were still not visible. By sundown the dust had almost completely risen.

Students suffering from hay fever brought on by the dust should stay indoors as much as possible, Dr. Ruth Bain, Student Health Center physician, said.

Tuesday's report is for cloudy skies with a low of 36 and a high of 60. The dust has blown out and "will not be around," the Weather Bureau reported.

'Fustest, Mostest' Key to Cage Race

By WILLIAM MORRIS
Texas Intramural Coordinator

He who gets there "fustest with the mostest," advocated General Albert S. Johnston, wins the battles.

Apply this tenet to a white-hot intramural cage race, and you've got the one ingredient that should make this campaign the most unforgivable in 'mural' history.

The fact remains that, from the opening two weeks of play, a whole host of "fustest with the mostest" powers have emerged. Sigma Phi Epsilon, Delta Tau Delta, Phi Gamma Delta, Sigma Alpha Mu, Pi Kappa Psi, Sigma Alpha Epsilon, and Phi Delta Theta have set a torrid pace in fraternity competition.

Oak Grove and Pem Club have been the big dogs in club play, and Blomquist and Brunette House are

Action resumes Wednesday night after a two-day layoff, with a slate of 20 games.

Entry dates for two other top intramural drawing attractions, table tennis and water polo, are near at hand. Wednesday, February 18, has been designated as table tennis deadline.

Wednesday, February 25, is the last day for water polo signees.

An entry limit of eight contestants has been set for the ping-pong tournament. Awards for the winning crews in both sports are 50 points toward the all-year trophy.

Intramural director Berry Whitaker urges all wrestling aspirants to attend the instruction sessions. Under the direction of Roger Young, they are held Tuesdays and Thursdays (5-6 p.m.) and Saturdays (2-3 p.m.). The training site has its temporary residence in A Hall, just north of Gregory Gym.

Brackets and drawings are now complete in handball singles. Opening day is set for Wednesday.

Arkansas Whips Aggies, 66-64

29 in Last Period Sews Up Contest

LITTLE ROCK, Feb. 16—(AP)—Long shots by Walter Kearns in the fourth quarter broke wide open what had been a see-saw battle and gave Arkansas a 66-64 basketball victory over Texas A&M Monday night.

Kearns, hitting on set and push shots, scored 10 of his 17 points in the final 10 minutes. Orval Elkins added eight in Arkansas' 29-point spree in that period.

The lead changed hands a dozen times in the first half, with the Aggies ahead 11-10 after the quarter and Arkansas in front 26-23 after two. The Aggies went ahead again 34-33 late in the third period.

The Razorbacks started their move at that point, took over 37-34 by the end of the quarter and then turned the contest into a runaway.

Steers Battle UH At Gregory Tonight

Houston's Cougars, who've done their share of upsetting this season, try for the same story Tuesday night in Gregory Gym. They will battle the Texas Longhorns in a non-conference affair at 8 p.m.

Tuesday night's game will be a March of Dimes benefit. Admission has been set at \$1.20 for the general public, and 50 cents for high school students and Blanket Tax holders. Tickets will be on sale at the gym all day Tuesday.

Houston isn't doing too well in Missouri Valley standings, but they've whipped a couple of the top dogs—Tulsa (61-56) and St. Louis (71-70).

This will only be the second meeting between the two schools. In 1950, the Longhorns staved off Houston, 46-44, scoring a field goal in the last two seconds.

Texas—leading the Southwest Conference with a 6-2 record—is expected to start virtually the same lineup which defeated Arkansas Saturday night in Fayetteville.

That's Billy Powell and Gib Ford, forwards; Fred "Goose"

Saunders at center; and George Scaling and Leon Black or Cecil Morgan at guards.

Houston is expected to counter with Sammy Adams and Dean Kittman, forwards; Elton Cotton, center; and Jack Mosher and Jack McNutt, guards.

Mosher may be recognized by Gregory Gym fans. He has performed in starring roles for the Texas City High School club in the 1949 state tournament, and for Tyler Junior College.

The game cannot affect Texas' conference record. However, TCU has a chance to move into a first place tie with the Longhorns. The Frogs play SMU in Fort Worth Tuesday night.

Texas is vacationing from conference play until Saturday night, when they entertain SMU.

Tuesday night's program will get underway at 6:30 p.m. when Austin High School's Maroons play Concordia High School. The Texas Freshmen are not scheduled.

Sport Leaders Seek New Gambling Laws

PHILADELPHIA, Feb. 16—(AP)—Top sports leaders have demanded a full scale congressional investigation and new laws to clamp down on gambling and bribes in amateur and pro athletics.

A nine-man committee created by a former US attorney general acknowledged a "vast infiltration" of gambling and bribery into sports and recommended methods of meeting the issue head-on.

Their report was submitted to the US attorney general's office last December by committee chairman Francis Murray, athletic director at the University of Pennsylvania. Murray said then it

would be up to the Justice Department to release the report.

The department has said only that the lengthy document is under study, declining to make it public.

In information on what the report contains was obtained Monday from a source that cannot be disclosed.

In addition to the congressional investigation, it called for legislation to retard transmission of gambling information across state lines; punishment for individual bettors as well as bookmakers; ending of subsidization and proselytizing of college athletics; and a licensing system for persons wishing to disseminate gambling information; laws against using interstate facilities in connection with a bribe, and enactment by local governments of modern, effective and uniform legislation to combat gambling and bribery.

Members of the committee, in addition to Murray, included Dana X. Bible of The University of Texas.

Bums Add Russ Meyer In NL 4-team Swap

BROOKLYN, Feb. 16—(AP)—Half the National League shuffled player talent Monday in a fast-breaking series of three trades that brought Pitcher Russ Meyer to Brooklyn, first baseman Earl Torgerson to Philadelphia, and first baseman Joe Adcock to Boston.

May 15—Texas A&M at College Station (*).
(*)—Southwest Conference game.

hook-shot artist Fred Saunders is set and ready to go against Houston in the March of Dimes charity battle Tuesday night. Saunders, big pivotman, scored eight points in Texas' 70-65 victory over Arkansas in Fayetteville Saturday. "The Goose," a sophomore, transferred to UT from Schreiner.

The game cannot affect Texas' conference record. However, TCU has a chance to move into a first place tie with the Longhorns. The Frogs play SMU in Fort Worth Tuesday night.

Texas is vacationing from conference play until Saturday night, when they entertain SMU.

Tuesday night's program will get underway at 6:30 p.m. when Austin High School's Maroons play Concordia High School. The Texas Freshmen are not scheduled.

Seton Hall Tops AP Poll Again

Indiana Is Second; Texas Mentioned

NEW YORK, Feb. 16—(AP)—For the fifth straight week, undefeated Seton Hall ranks as the nation's No. 1 college basketball team in the Associated Press poll.

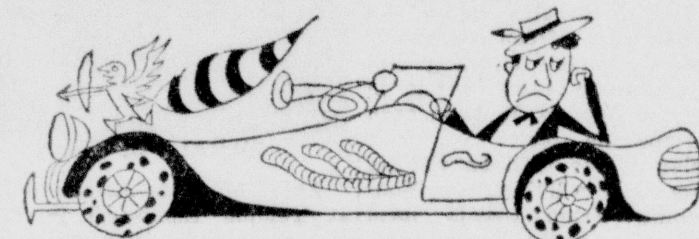

Racking up two more victories last week and with only six more to go to complete an unbeaten season, coach Honey Russell's Pirates continue to dominate the show as teams head into the homestretch. Seton Hall likely will be in line for bids to both the NCAA and the National Invitation tournaments.

1. Seton Hall	707
2. Indiana	644
3. Washington	561
4. La Salle	490
5. Illinois	419
6. LSU	261
7. Oklahoma A&M	225
8. Kansas State	218
9. W. Kentucky	172
10. Kansas	119

"Oxford" Man

Reveals Weakness of Opposite Sex!

ONCE upon a time, there was a wealthy young college man who spent a million dollars a year on his wardrobe. But the gals all thought he looked "square as an ice cube."

One day, while cruising around the campus in his solid gold convertible with leopard-skin tires, he noticed a young freshman surrounded by a bevy of beautiful dolls. Slamming his foot down upon the sterling silver brake pedal, he smoothed out the wrinkles in his custom-tailored suit and strolled over to this popular fellow.

"Tell me," he asked, "to what do you owe your great success with the fair sex?"

"Naturally," the young Casanova replied, "it's the shirts I wear." He pointed to the pale gray Oxford button-down he had on. "Everyone's bashing ears about Oxford shirts this year . . . and I have Oxfords in light blue, gray, yellow, pink, lavender . . . and of course, white. Roll collars, button-downs and those new short collars, too!"

The rich young man felt the luxurious Oxford fabric. "Your shirtmaker must charge a lot for shirts like these."

"Shirtmaker nothing," grinned the young fellow. "I get all my shirts from the friendly Van Heusen dealer right down the street. And the ante is only \$3.95 apiece!"

The wealthy young man made a bee-line for the Van Heusen store. Since he was loaded (with money), he also bought a dozen deluxe Van Heusen Oxfords, made of high-count, tightly-twisted yarn, for \$4.50 apiece.

His seven wives are suing for bigamy this month.

Nothing no, nothing-beats better taste

and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: **Why do I smoke?**

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the **taste** of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette . . . for better taste—for the cleaner, fresher, smoother taste of Lucky Strike . . .

Be Happy-GO LUCKY!

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

On Loyalty

Another loyalty oath bill has been thrown at the Texas Legislature. This one demands that state employees swear that they have not been members of any Communist-front organization in the last five years, or, if they have, give a written explanation.

The oath will probably pass. A strong tradition for that sort of thing has grown up among legislatures. But in their law-making about loyalty oaths the legislatures forget their bounds. Passing laws which would keep a person from holding a state job because he may have been a member of a Communist-front organization five years ago is a denial of basic freedoms of liberal democracy. No legislature has the right to pass a law making an act illegal after it has been committed, which is in

effect what a loyalty oath does. No legislature has the right to pass a law which in effect finds a person guilty of a crime without a trial. If the state fires a person because he will not swear he has not been a member of a Red organization, it is not likely that he can get another good job. In the public eye, he is guilty. He has been done injury "real, immediate, and incalculable," in the words of Justice Douglas. So he is punished without a trial.

Nobody says Communists should be permitted to work for the state. Persons who would seek to overthrow the government by violence or subversion must be rooted out. That is a responsibility of everybody in government, Governor, Legislator, or what.

But the legislature also has other historic duties to uphold, including the duty to preserve the traditional rights of the people. If the Legislature adopts the methods of totalitarianism in fighting totalitarianism, the foundations of democracy are destroyed.

New Orthodoxy

A few years ago the novel "1984" impressed its readers in many ways. Some laughed while others scoffed at the idea of thought-police, governmental revision of history books, and pictures of "Big Brother," the governmental head, posted over the country.

But the laughs and scoffs have been silenced, no so much from the age of the book as from the fear that the author may have, and probably did have, an uncanny knowledge from which he wrote. Each time there is a new investigation of textbooks and teachers for "subversive ideas," or usurpation of fundamental rights for the supposed need of protection, or pictures in newspapers and magazines of Stalin posters plastered throughout Red-controlled territory, a memory, frightening as it may be, comes back of "1984."

Dr. Luther Evans, head librarian of Congress, devoted a whole lecture on this year's Great Issues course to this "New Orthodoxy." Now the Hillel Foundation, in a semester of Tuesday afternoon forums, is exposing the New Orthodoxy to treatment by outstanding teachers from the University.

A few hours spent in learning to combat "control" with truth are certainly worthwhile.

Student Wages

An amazing collection of facts and figures soon will be in the hands of President Wilson.

The report on higher student wages, prepared by Jim McKeithan and his Assembly committee, substantially establishes need and source for increased wages. Although only one-half of the report was presented to the Assembly last Thursday, it showed the depth and integrity which were used in gathering information.

Previous investigations of the wage situation have antagonized the administration and produced little worthwhile. In comparison, the present committee's work deserves commendation and respect for its earnest approach and thoroughness.

Use of this report depends on the discretion of President Wilson. If he believes the conclusions of the committee are right, he can adjust departmental appropriations and advise allocation of surpluses so as to provide for higher student wages. Students have given him plenty to back up such an action.

Let's put it this way. You can find what you are looking for during your years of military service. It's just as true in service as out that "the thing that gets your attention gets you."

If it's liquor and women you're interested in, then they'll get you, and in no uncertain terms, regardless of the prior claims of wife, sweetheart, parents, friends, or the Lord himself. Nobody's going to spoon feed or wet-nurse you in the service. You can live like an animal, feeding the tapeworm of your desires.

Regarding your years of required military service, as last time, you can say, "What the Hell!" and just vegetate—morally, spiritually, and mentally. But if you do, you'll let pass one of the greatest opportunities for growth toward true maturity that will ever come your way.

Opportunity—in military life? Yes, terrific opportunity aside from military drill, which can and should help you get in tip-top physical condition, and aside from whatever special training is available to you in line with your aptitudes and capabilities, there are

many real opportunities to make your "tour of duty" a creative experience.

The way you use your leisure time in service can make or break you.

Your mind will either be warped or starved if, for example, your leisure-time reading consists of a glut of comic books, passion stories, and lurid literature—for "men" and morons only. Most military establishments have very pretty good libraries. Your chaplain is a good man to advise you about what is available and readable in fact, fiction, science, history, and religion.

Writing regularly to family and friends is another mighty constructive use of leisure time, especially when you learn to get away from "small talk" and put your deeper thoughts into words. If you are reading judiciously in different fields, you will be able after

And the second area of opportunity—public and private conduct away from the military establishment. This is where some servicemen use their freedom responsibly and others very loosely.

Your opportunity as a serviceman to create good will for your country is practically unlimited. You can be America's finest interpreter, and by doing so you can render a service even greater, in the long run, than your military function. You need to be well acquainted with the issues at stake in the world conflict and be armed with solid reasons for being where you are.

Look at your country honestly, with critical eye and open mind. Admit her shortcomings. You have an obligation as a citizen to help others to understand America, her heritage, her history and growth. Others will not even try to understand if they see in you the epitome of all that is crude, boorish, brash, or thoughtless. Successful American diplomacy begins with you.

If in the foreign land where you serve you will take every chance to know the people and their customs, this practice will be one of the greatest educative influences in your life. No amount of textbook study can touch it. You will be seeing, feeling, thinking, assimilating facts, sorting out experiences, drawing conclusions—now critical, now complimentary.

Use part of your leisure time to bone up on the history of the country where you are. The people will be pleased and flattered that you know so much about them and are interested in them.

Build personal friendships wherever possible, for it is here that mutual understanding and mutual appreciation reach their zenith.

When you return home from your tour of duty, then you can help others in your college or community to understand these people of other lands and to see where we may learn from them . . . but most of all to see our common humanity with all men under God, who requires us to be agents of His love if we would know what it is to live in peace.

This kind of use of leisure time operates in a far-reaching way because it operates at the level

of motive and decision. It involves the kind of books to read, the girls to date, life's mate, life's purpose. Your hometown pastor or your service chaplain will gladly serve as advisor-tutor-counselor in this area of your need.

EDITOR'S NOTES:

There are a few problems basic to almost every student, let alone every person. This week many minds at the University will be focusing on some of these problems, using religious faith as the integrator. The Texan will present a few problems, written for us by various student workers.

Mr. Jack Lewis, director of the Christian Faith and Life Community, approaches the problem of the student and war from an advanced point. Assuming that many students will spend two or more years in the service, he explained how these can be creative years. This article originally appeared in "Intercollegian."

Others will not even try to understand if they see in you the epitome of all that is crude, boorish, brash, or thoughtless. Successful American diplomacy begins with you.

If in the foreign land where you serve you will take every chance to know the people and their customs, this practice will be one of the greatest educative influences in your life. No amount of textbook study can touch it. You will be seeing, feeling, thinking, assimilating facts, sorting out experiences, drawing conclusions—now critical, now complimentary.

Use part of your leisure time to bone up on the history of the country where you are. The people will be pleased and flattered that you know so much about them and are interested in them.

Build personal friendships wherever possible, for it is here that mutual understanding and mutual appreciation reach their zenith.

When you return home from your tour of duty, then you can help others in your college or community to understand these people of other lands and to see where we may learn from them . . . but most of all to see our common humanity with all men under God, who requires us to be agents of His love if we would know what it is to live in peace.

This kind of use of leisure time operates in a far-reaching way because it operates at the level

of motive and decision. It involves the kind of books to read, the girls to date, life's mate, life's purpose. Your hometown pastor or your service chaplain will gladly serve as advisor-tutor-counselor in this area of your need.

EDITOR'S NOTES:

There are a few problems basic to almost every student, let alone every person. This week many minds at the University will be focusing on some of these problems, using religious faith as the integrator. The Texan will present a few problems, written for us by various student workers.

Mr. Jack Lewis, director of the Christian Faith and Life Community, approaches the problem of the student and war from an advanced point. Assuming that many students will spend two or more years in the service, he explained how these can be creative years. This article originally appeared in "Intercollegian."

a while to begin to put down on paper some thoughts and conclusions which you can share in your letters.

"Shooting the breeze" with your shipmates or buddies can be transformed from fruitless bull sessions for the "pooling of ignorance" to fruitful discussions that lead to a meeting of minds, an examination of issues, a willingness to hear another's viewpoint with respect. The outcome of these sessions, too, can be limited to writing, and you will find a new enthusiasm welling inside you to study, read, think, write, discuss.

One of the greatest issues of leisure time is the study of your Bible in the light of modern scholarship.

Regarding your years of required military service, as last time, you can say, "What the Hell!" and just vegetate—morally, spiritually, and mentally. But if you do, you'll let pass one of the greatest opportunities for growth toward true maturity that will ever come your way.

Opportunity—in military life? Yes, terrific opportunity aside from military drill, which can and should help you get in tip-top physical condition, and aside from whatever special training is available to you in line with your aptitudes and capabilities, there are

many real opportunities to make your "tour of duty" a creative experience.

The way you use your leisure time in service can make or break you.

Your mind will either be warped or starved if, for example, your leisure-time reading consists of a glut of comic books, passion stories, and lurid literature—for "men" and morons only. Most military establishments have very pretty good libraries. Your chaplain is a good man to

Curtain Club's 'Spirit' Stars Larsen, Young

"Blithe Spirit," spring Curtain Club production, to be staged in Hogg Auditorium March 18-21, will star Bill Larsen and Kathryn Young.

Larsen will play Charles Cunningham, who plans to write a book on spiritualism. His plans go awry when the seance giving him material for the book produces the ghost of his first wife, Ruth (Kathryn Young). Ruth is visible to Charles but not to his second wife, Elvira, played alternately by

Bennie Lee Fowler and Mary Har-kleroad.

Complications caused lead to an attempt by the second wife to "kill" the first. The plan back-fires, however, and Elvira dies instead. Charles is now plagued with two ghost wives and, though his attempts to get rid of them finally succeed, it is a Pyrrhic victory.

The movie roles were created by Rex Harrison as Charles, Constance Cummings as Ruth, and Kay Hammond as Elvira.

Curtain Club cast includes Christine Fadal as the maid, J. R. Patterson as Dr. Bradman, and Mildred Barnes as his wife, Hildegarde Tomaneck will play the part of Madame Arcati, who is responsible for the beginning of the author's troubles.

Mrs. James Moll, wife of the chairman of the Department of Drama, will direct.

Top European Dancer At Hogg Tomorrow

Harald Kreutzberg, popularly known as one of the greatest of all European dancers will be presented in a dance recital Wednesday at 8 p. m. in Hogg Auditorium by the Department of Drama.

Although he has long been a popular artist in America, this is his first appearance at the University. Kreutzberg has taught in several colleges and universities all over the nation in addition to his many tours.

Among his many students was Shirley Dodge, dance instructor at the University. She studied with him at the University of Wisconsin and later at the Mozarteum in Salzburg, Austria.

In Kreutzberg's performances the dancer's movements are of primary importance, and he usually performs solo, against a background of plain black drapes and

New Time Set For Youth Show

Wednesday afternoon at 3:45 p. m. is the new date set for the third children's symphony concert of the current season. The program, originally scheduled for last month, had been postponed due to the influenza outbreak in the city. The concert will be given in the City Coliseum.

Adult tickets may be purchased at the coliseum box office for 50 cents. The 25 cent children's tickets are on sale in each elementary school.

'Streetcar' and 'Fifi' In Friday Night Ballet

Dance versions of "A Streetcar Named Desire" and "Mlle. Fifi" will highlight the Mia Slavenska-Frederic Franklin Ballet, with Alexandria Danilova as guest star, Friday at the Austin City Coliseum.

A company of 50 and an orchestra will appear with the three former stars of "Ballet Russe de Monte Carlo." In addition to the new "Streetcar" and "Fifi" numbers, they will perform "Symphonic Variations" and "The Nutcracker Suite."

The unusual ballet interpretation of "Streetcar" was arranged by Valerie Bettis. Miss Slavenska and Mr. Franklin dance the lead roles. It is based on Tennessee Williams' stage play which tells the life of Blanche Du Bois.

Blanche is the last of a long line of Southern gentry. Because of her tragic past, which includes the suicide of her young husband, a long series of family deaths, and the eventual loss of their plantation, Blanche is driven almost insane. As a last resort, Blanche comes to live with her sister, Stella, and her brother-in-law, Stanley.

The situations which she meets while living with her relatives causes her to draw further and

Weiss Is New Head Of Phi Delta Phis

Edwin E. Weiss has been elected master of Phi Delta Phi, honorary professional law fraternity. Other officers are H. F. Kleinman, exchequer; J. K. Taylor, clerk; and P. A. Flynn, historian.

Gus M. Hodges, professor of law, was re-elected fraternity faculty advisor.

This first undertaking of the new staff will be the spring rush activities. Any law student who has the required semester hours and a high scholastic standing is eligible for selection into the organization.

The French Club will meet Tuesday at 8 p. m. in Batts hall 205 to elect officers for the coming semester, according to Kinall Davis, publicity chairman.

New officers for the spring semester were elected by the Engineering Wives Club Thursday. They are Mrs. E. G. Powers, presi-

Legislator to Talk To Delta Theta Phi

Hulon B. Brown, member of the House of Representatives from the 102nd District, will address the dinner meeting of the Sam Houston Senate of Delta Theta Phi law fraternity at 6:30 p. m., Tuesday at the Downtown Grill, 724 Bradford Alley.

His subject will probably be pending legislation and his experiences as a member of Delta Theta Phi.

An ex-varsity debater at the University, Representative Brown received a bachelor of business administration degree from the University in 1949 and a law degree in 1951. He is now serving his first term in the Legislature.

Delta Theta Phi alumni now serving in the Legislature have been invited to be guests at the dinner.

A business meeting after the dinner will be at the Senate's house, 2024 Speedway.

Sphinx, Cowboys to Host Next Orientation Coffee

Sphinx and Cowboys will be hosts at Tuesday's orientation coffee in Texas Union 309 from 2:30 to 3:30 p. m. Host and hostesses for the next coffee on March 10 will be the Silver Spurs and Mortar Board.

These meetings, which will enable new students to meet former students and faculty, will be held each Tuesday, 2:30 to 3:30 p. m., for five weeks.

Orthodoxy Panel Tonight at Hillel

4 UT Lecturers To Enter Debate

The second in a series of twelve panel discussions and lectures on the "New Orthodoxy—Its Implications for Us," will be held Tuesday at 4:15 p. m. at the Hillel Foundation, when four of the leading lecturers at the University from south of the border will discuss the Latin-American reaction to the "New Orthodoxy."

Dr. Lewis Hanke, director of the Institute of Latin-American Studies, will be moderator, with Danton Jobim of Brazil, visiting professor of journalism; Pal Kelemen, distinguished Latin-American scholar and visiting professor of Latin-American Art; and Daniel Cosío Villegas, visiting professor from Mexico, making up the panel.

Subjects to be covered in later lectures and discussions in the series include Freedom of Discussion; "Art Our Personal Thoughts Being Threatened," "The Meaning of Freedom to Think," and "Thought Control and the Public Schools."
