

# TEXAS GULF PRODUCING COMPANY

OIL AND GAS BUILDING

HOUSTON, TEXAS

February 1, 1944

Dr. H. B. Stenzel  
Bureau of Economic Geology  
Austin, Texas

Dear Dr. Stenzel:

You will find herewith by registered mail the manuscript on "Marine and Non-Marine Miocene in Texas". Figures Nos. 4, 5, 6 and 7 are enclosed. Figures Nos. 1, 2 and 3 are being sent separately.

I am mailing you this following the request of Dr. Hull in his letter of January 29, 1944, addressed to me. You should previously have been in receipt of a copy of Dr. Hanna's letter to me of January 19th and my letter of January 26th to Dr. Hull. These last two letters set forth our suggestions to be considered by you for making certain changes in the manuscript. When you have made the revisions, it is suggested that you communicate with Dr. Hull.

Yours very sincerely,

*Sidney A. Judson.*
