

# WHOLE COMMUNITIES WHOLE HEALTH

A UT Grand Challenge

## Austin Youth Voice Photo Exhibit

---

Austin Youth Voice is a Photo Voice project where 3rd-5th grade students were asked to tell us what health meant to them through photography. Participants learned basic photography skills as well as how to conceptualize and explain health from their point of view. Please join us on October 11, 2018 at 4:15 pm for a photo exhibit starring our young photographers to gain an understanding of what health means to an elementary school child. You will have an opportunity to view all the exhibit photos, and meet the photographers. Light snacks and refreshments will be provided.
