Mr. Elay Seward  
Department of Geology  
A. and M. College  
College Station, Texas

Dear Clay :

We intend to put several students to mapping the Cushing quadrangle in east Texas this summer for their Master's theses. For this purpose we will need aerial photographs, but we do not have the Risk County index sheets at the Bureau. However, we do have Cherokee and Macgdoches counties index sheets. I would therefore appreciate it greatly if you would have the kindness to list for us the photographs needed for the areas indicated on the enclosed Cushing quadrangle.

With many thanks and best personal regards,

Sincerely yours,

H. B. Stenzel, Geologist
