

DEVICE OF BONA AS DUCHESS-REGENT

Sforza Book of Hours

Add. MS. 31291, f.93

Milan, about 1490

Dear Dr. Stengel,
I meant to
write you again before
I left London, but was
in a hurry of preparation
and last minute sightseeing
(not helped by a real
London fog). I'll send
a real letter till after
Christmas, when I'm settled
at home again.

Meantime, may you
and Sonia and Peter
have a good Christmas
