BTL 2K 249: Minutes of FBC 1931-1936

~~186~~ Bldg Comm. 10/31/31

"Mr. Winkler stated that the old book stack in the present library could be used (1) for the Goetz-Tx coll in the new library, (2) for additions to the law library, & for departmental libraries housed in new bldgs.

It was agreed that the moving of these bookstacks should be done under a separate contract, the cost being charged proportionately by those receiving stacks, a cash allowance for this purpose should be set aside."

is being used by half a dozen more or less incongruous
activities and ought to be remodeled into some form for
the use as a Fine Arts museum; a classroom bldg, or some
purpose in keeping w/ the nature of the bldg & its location
on Campus.
