

June 1, 1965

Mr. Fred F. Glancy
18226 Carriage Lane
Houston, Texas

Dear Mr. Glancy:

Thank you for your letter of May 26, 1965, and your kind offer to exchange sea shells and fossils. I am indeed interested in some exchange. At present, I am interested exclusively in oysters, both fossil and recent. Perhaps you have some to exchange; or, perhaps you can collect some for me on your trips. Hoping to hear from you.

Sincerely yours,

H. B. Stenzel
