AUSTIN, TEXAS, FRIDAY MORNING, FEBRUARY 18, 1921

NO. 109

FRESHMEN WILL MEET TERRELL FIVE TONIGHT

Dallas School Team Is Greatly Strengthened by Recovery of Star Player

Tonight at 8 o'clock at the Men's Gymnasium, the Varsity Freshmen Basketball team will play Terrell School five of Dallas, and on Saturday night the two teams will meet again.

Much interest is being manifested among the Freshmen basketball fans over these two games. Both games are expected to be hotly contested, even if the odds do favor Littlefield's proteges. Last week the Freshmen easily defeated the Terrell School five on their home court. But this was partly due to the absence of Terrell's most formidable player, and the team is centered about this man. This player, Tosch will be in both games as he has entirely recovered from his injuries.

Coach Clyde Littlefield has a wealth of material from which to pick his team. Probably his first five will line up as follows: Gilstrap and Curtis, guards; Pendergrass, center; and Robertson and Ponsford, forwards. Other men who are likely to participate are Ashby, Ragland, Ward, and Eckhardt.

With Tosch in the game, Terrell will put her best five on the floor. Terrell possesses one of the strongest centers in preparatory basketball circles in Steward Wright. He is a very clever player and handles the ball with a great degree of accuracy. The gold and black always puts on the floor a good representative team.

Speed, accurate goal shooting and excellent team work characterize their style of playing.

Other games on the Freshman basketball schedule which are to be played in the near future follow: Allen Academy, Temple Y. M. C. A., and San Marcos Academy.

All basketball fans are urged to turn out in full and give the Freshmen hearty and vigorous support.

University Legion Post Receives Its National Charter

The local post of the American Legion has been officially designated as the University of Texas Post No. 288, Department of Texas, American Legion, according to an announcement received yesterday from the Department Commander of Texas by Post Adjutant Jno. K. Weber. The official charter will be forwarded from National Headquarters at Indianapolis, as soon as it is issued, it was said.

The membership of the University of Texas Post No. 288 now numbers eighty-six former service men. Several of these men transferred their membership from posts in their home towns to the University Post. It is planned to have every former service man in the University connected with the University Post, and plans are being made to put on a drive for new members, which will cover every department of the University.

In designating the University of Texas Post No. 288 as a member of the American Legion, the State Commander said that the advent of this post was looked upon with particular interest, in view of the fact that it occupies a position of great influence upon the public mind. Members of the local post are not unconscious of that position, and for that reason feel that no action should be taken by this post that would not be representative of its membership.

GRADUATE VISITS HERE

Mr. E. F. Reese paid a visit to the School of Architecture Wednesday, February 15. Mr. Reese did splendid research work at the University of Pennsylvania after receiving his degree at this University and is now employed as special engineer with the Johns-Manville Company of Houston.

HOME ECONOMICS WEEK IS PLANNED

Instructive Program to Be Given at First Annual Meeting Since War

An unusually interesting and instructive program has been arranged for the annual Home Economics Week that is to be given at the University March 21-29, inclusive, according to Miss Mary Gearing, professor of Home Economics of the University. It is planned to feature in lectures, charts and illustrative material the relation of the home to the State government. Among the subjects to be discussed are housing, food, clothing, health, education, recreation, and the women's responsibility toward each, especially in the light of her recently acquired citizenship.

It is stated by Miss Gearing that the University has made engagements with some of the best authorities in the country to lecture during the week's program. Both the lectures and discussions are expected to be of much educational and otherwise practical value. There promises to be a large attendance at the annual meeting, especially by women who may be interested in social service, home economics, civic affairs, literary work, art, political science and other fields of activity of women. The coming Home Economics Week will embrace the first general program since the war, and it gives every promise of surpassing any of the annual meetings that were held prior to the great conflict, Miss Gearing says.

PROFESSOR JONES PRAISES CARROLL

"Alice in Wonderland" Was Read From by Professor H. M. Jones

At the public reading hour Thursday afternoon, Professor H. M. Jones of the English Department, read from the works of Lewis Carroll. Preceding the reading, Mr. Jones gave a short introduction, saying that there were two kinds of nonsense—pure and relative, and that it takes a very clever writer, such as Lewis Carroll to write nonsense. "Alice's Adventures in Wonderland" is probably the wisest of all books. There is profound truth in all of its sayings. It may be used to illustrate most anything. "Alice in Wonderland" was originally written for children, but the humor of it has a greater appeal to older people, who can better appreciate its literary values.

Mr. Jones read several selections from this book, and the general atmosphere was remarkably worked into the single hour devoted to the reading. The scene of Alice's tea party with Hatter and the March Hare is a very interesting and amusing one, as is also that of the famous trial in the court of the Queen of Hearts.

Mr. Jones also read from the sequel to this book, "Through the Looking Glass," which is remarkable from the fact that it is as good as the first one. The ballad which Twiddle-dee sang of the Walrus and the Carpenter to Alice, is often quoted. A selection from the Humpty-Dumpty chapter concluded the reading for the hour.

GLEE CLUB DEPARTS FOR WEEK END TRIP

Last night the Glee Club left at 10:45 for a week-end concert trip to Sherman and Denton, according to I. W. Jones, director of the Club. Much the same program as was used on the last tour will be used this time. The Club will return to Austin Sunday.

While in Sherman the boys are to be the honor guests at an entertainment which will be given by the faculty and students of Kidd-Key College and of Austin College. In Denton the club will appear in concert before the faculty and students of the College of Industrial Arts and the State Normal College. No further plans for concerts have been formulated at this time by the club.

MANY TEACHERS ARE IN DEMAND

Calls for Teachers From a number of States Are Received

From February 1, 1920 to January 31, 1921, the committee on Teachers of the University received 1477 calls as against 1341 during the previous year.

This committee is not only recognized as a help to Texas, but many other states send in calls for teachers. Of the 1477 calls during the past year 145 were from other states, Oklahoma leading with sixty. The calls from other states were as follows: Alabama 1, Arizona 7, Arkansas 3, Delaware 10, Florida 3, Georgia 3, Idaho 3, Iowa 1, Kentucky 3, Louisiana 9, Minnesota 1, Missouri 3, Montana 6, Nebraska 4, New Mexico 24, North Dakota 1, Oklahoma 60, Washington, D. C. 1—for the Panama Canal Zone, Washington 1, and Wisconsin 1, making a total of 145. This shows that states throughout the Union are recognizing Texas as producing qualified teachers.

The report shows that most calls are made during April, May, June and July. The number of calls made each month during the past year is here given: January 42, February 38, March 98, April 176, May 295, June 285, July 270, August 139, September 52, October 26, November 25, December 31.

During the war there was a decline in available applicants, but the late report shows that conditions are about normal again. During 1917-18 there were 528 available applicants; 1918-19, 456; 1919-20, 383; 1920-21, 519. This shows that only nine less applied for positions in 1920-21 than did in 1917-18. Teachers have been called to fill all kinds of positions. There have been requests for superintendents, principals, university, college and normal teachers, private school teachers, grade teachers, primary teachers, kindergarten teachers, governesses and tutors, supervisors of music, drawing, etc. athletic and physical education directors, and miscellaneous work. The total number of requests for 1912-13 was 231; 13-14, 496; 14-15, 575; 15-16, 838; 16-17, 832; 17-18, 1095; 18-19, 1029; 19-20, 1341; 20-21, 1477. Calls for high school teachers show an increase over the past. In 1912-13, 225 requests were received; in 1913-14, 375; in 1914-15, 381; in 1915-16, 496; in 1916-17, 472; in 1917-18, 635; in 1918-19, 611; in 1919-20, 636; in 1920-21, 753.

Although the committee is unable to supply all the calls, it has filled many of them, and has been a great aid to those places that were unable to secure teachers. The number of positions filled each year is here given: From 1912-13, 225; 13-14, 287; 14-15, 405; 15-16, 476; 16-17, 427; 17-18, 453; 18-19, 435; 19-20, 393; 20-21, 420.

TEACHER'S TRAINING COURSES TO BE GIVEN

Of interest to the teachers attending the summer sessions at the University are the special method courses designed to train teachers in the several fields of work. A number of these courses offered for the 1921 summer sessions will be taught by prominent State and out-of-State educators. The courses are practical, the aim being to make a study of the best and most modern methods of class management and administration. In the summer school special method courses will be given in the following subjects: English, Spanish, Latin and Geography.

In the summer normal special method courses will be given in music, art work and drawing.

LOANS ARE AVAILABLE

Loans from the Carl Stone Benedict Fund are available for young men students of sophomore standing according to announcement from Judge C. S. Potts, Professor of Law, who is custodian of the fund.

This fund was established by Dr. and Mrs. H. Y. Benedict in memory of their son, who died in 1918 while a student at the Annapolis Naval Academy. It is at present a loan fund exclusively, but it is provided that within a short time, when the amount has reached \$10,000, scholarship awards shall be made, in addition to loans.

ALL BUT A FEW CHARACTERS IN PLAY SELECTED

"Mrs. Dane's Defense," Considered One of Best Productions of Curtain Club

Eloise Carr of San Antonio, is the latest addition to the cast of "Mrs. Dane's Defense," to be produced by the Curtain Club at the Hancock Opera House, Wednesday, March 9, according to an announcement made by Howard Mumford Jones, director of the production. Rehearsals for the play are being held daily under the direction of Mr. Jones and the production bids fair to be one of the best seen in the University dramatic circles in some time.

Although but a new member of the Curtain Club, Miss Carr has been selected for the part of Janet Colquhoun in the coming production, a difficult role and one which will require clever and careful interpretation. As Janet, Miss Carr will portray the typical Scotch-English girl of the upper social strata.

Henry Arthur Jones, the author of "Mrs. Dane's Defense," is recognized as the dean of English dramaturgy. He was one of the first British dramatists to put the English Middle Class upon the stage and was one of the first to get the stuff of comedy out of the complicated questions of social hypocrisy. Practically all of his biggest and most successful plays deal with the conflicts and clashes in the English upper classes. In "Mrs. Dane's Defense," the Curtain Club production, Mr. Jones combines a dramatic and forceful study of social hypocrisy with the gripping tenseness of masterly melodrama.

"Mrs. Dane's Defense" is adjudged by many critics as the best and most characteristic work from Mr. Jones' pen. It is a sane, wholesome dramatic treatment of a modern social problem.

(Continued on Page Four)

BUSINESS COURSE IS PREPARATORY TO SENIOR THESIS

The School of Business Administration is offering a very complete course for the two terms of Summer School of 1921. The list includes first year course in accounting, stenography and typing, a two-thirds course in Business Law, and a two-thirds course in Commercial Resources.

Mrs. Law, Dean of the Law School at Baylor College, will conduct the classes in Business Law; Dr. F. W. Graff of the School of Business Administration of the University, will have the classes in accounting during the first term, and Henry LeRoy Sherrill, the second term. Miss Vera Spears will again take charge of the stenography and typing classes. Adjunct Professor Engstrand will have the classes in Commercial Resources.

The following students are requested to call at the office of the Dean of the College of Arts without further delay: (Office hours: Friday, February 18, 8:30 to 11:30).

G. L. Allen, Garland Armstrong, Louis Arnett, Bert Ashby, L. A. Beasley, Lillian Baldwin, Ramon Beteta, Ruth Bickle, Denver Biggers, G. R. Blodsee, M. B. Brannon, Elsie Brodbeck, Nell Britt, P. B. Carroll, J. R. Carson, Lutie Carter, Eloise Cather, Ruth Cather, J. P. Charlton, Willie Cody, R. Cardoba, Eleanor Covert, C. C. Crutchfield, W. J. Dissen, E. O. Dunaway, Oscar Eckhardt, Grace Fancher, J. P. Fernandez, Narcissa Gary, Mary Gullett, Pauline Haldeman, O. Hale, D. Harrington, R. C. Harris, Hope Hendrix, L. Hetrick, Dan Hodges, H. W. Hollers, B. H. Hopson, B. Hoskins, Alberta Howell, W. C. Hurley.

H. T. PARLIN,
Assistant Dean of the
College of Arts.

PLANS ARE MADE FOR CELEBRATION

Varsity Will Play First Baseball Game on Washington's Birthday

Activities in the celebration of George Washington's birthday February 22nd will be numerous. Plans by various organizations promise to make it a true gala day.

The chief interest centers in the ball game to be played between Varsity and Austin's professional awaiting the training season here. The Austin team will have five big-league men and several belonging to minor league clubs. Bib Falk of the Chicago White Sox; Ray Moore of Philadelphia Athletics; Collins of New York Americans; Arthur Riviere of the Saint Louis Cardinals are the big leaguers to play in the game with the Austin team. The rest of the team will be made up of minor leaguers such as Fiuth, Fortier, and Whitworth.

All of these men are in the best of condition as they have been practicing with Varsity squad since about the tenth of January. The object of the game is to give the students a chance to see these players in action. Beside the interest in these men, the game will be Varsity's first showing. The game will be played at two o'clock on Clark Field.

A patriotic festival to be held at ten o'clock in the Law Building Auditorium is being planned by the American Legion. Definite arrangements have not yet been made, but a tentative program has been planned. The audience will sing America; the Band will then play a few selections. Addresses will be made by Humphrey Lee and Herbert Bower. These speeches will be of a patriotic nature. The Glee Club will have a part on the program.

Recital of Indian Folk-lore Music Is to Be Given Here

Thurlow Lieurance, collector of Indian songs, Edna Woolsey Lieurance, (Nah-Mee), dramatic soprano, and George Tack, Flutist, will appear in Allan High Auditorium next Monday evening, February 21, in a recital of Indian folk-lore music. Mrs. Katherine E. Peeples of the Institute of Musical Art, and Miss Willie Stephens, Supervisor of Music in the Austin Public Schools are fostering the recital.

Lieurance has lived with the Indians all his life and has collected thousands of Indian tunes. Moreover, Indian instruments such as lutes, flageolets, and drums were collected by him many of which are in the Smithsonian Institute in Washington. Lieurance married Edna Woolsey who is an adopted daughter of an Indian chief. She possesses a voice of dramatic character, and in the Austin recital she will perform the spectacular "Sun Dance" with the aid of the Camp-fire Girls of the Austin Public Schools.

George Tack will play upon the Indian instrument demonstrating their use and scope. In his program Lieurance will explain the music of the Indians by playing harmonized compositions which he has composed. His "By the Waters of Minnetonka," familiar to everyone, has been one of his songs which has brot him unusual prominence.

BOTANICAL LIBRARY IS HIGHLY VALUABLE

Among the various libraries in the University, one that deserves careful consideration is the Botany Library. According to Miss Stehr, stenographer and librarian in the Department of Botany, Geology and Zoology, the library is very valuable to the upperclassmen and professors. It contains 5000 volumes, and despite the fact that it is only five years old, it ranks among the best botany libraries in the country. On account of the lack of room it is necessary to limit the use of the library to upperclassmen and professors. It also contains copies of various magazines and periodicals of interest to those engaged in the study of botany, geology or zoology.

NEW OIL STRATA MAY BE LOCATED

Mr. Adkins While Seeking Artesian Water Finds Oil Prospects

On a commercial trip made recently, W. S. Adkins, of the Division of Economic Geology, scoured the country from Eagle Pass, Texas, to Monclova, in the State of Coahuila, Mexico. The purpose of the expedition was to find artesian water to be used in irrigation.

The trip of Mr. Adkins changed from one of an irrigation project to that of an oil seeker when he examined the condition of the strata. According to Mr. Adkins, an abundance of oil should be found near Ocampo which is near Monclova.

The country around Monclova and Ocampo is composed of many low slopes and ridges. Each is an anticline and they are all parallel. The geologists consider this a very favorable structure for oil. The oil horizons have not yet been determined. An explanatory experiment will begin immediately. Drilling will be under supervision of Mr. Adkins.

Mr. Adkins gives an interesting account of his trip. Much beautiful scenery surrounds Monclova. When the railroads were being built the inhabitants of Monclova would not allow them to be built through the town because of the natural beauties that would be destroyed. The railroads are today about four miles from the town.

Mr. Adkins stated that the section of country around the former capital of Texas, for that city was during the time when Texas and Coahuila were one, is an interesting country for geologists.

SOCIAL WILL BE GIVEN BY LEAGUE

Inter-Church Fellowship League Plans for a Novel Program

Inter-Church Fellowship League will have Rev. Umphrey Lee to address it for about fifteen minutes at the social to be held on next Monday night in the Auditorium of the Young Men's Christian Association, according to present plans. The League is now backed by nearly all of the progressive young people's societies in Austin; and it is planned to have about three hundred guests present at the social. E. B. Styles in his announcement of the social stated that he hoped that every one possible would attend the social as there will be provisions for all who will come.

The chairmen of the various committees report that provision is being made to put the thing over in fine style. Mr. George Phillips, chairman of the program committee, stated that a novel program has been arranged for the evening, and Miss Anne Maxwell has also decided that refreshments will be served and that plenty will be there for everybody.

Major League Players Are Working Out With Varsity Baseball Team

Clark Field is the scene of early spring training for a number of major league players who are working out, independent of their teams, with the Texas Longhorns. Included in the number is "Bib" Falk of Austin, a former star of the University nines, who appears on the diamond in the uniform of the White Sox. Two other men who have already played on the league teams are "Rip" Warren Collins and Roy Moore, both of Austin, who were with the New York Yankees and the Philadelphia "Phillies," respectively.

There are also two players signed for the first time this season, "Tink" Riviere, with the St. Louis Cardinals, and Frank Gibson with the Boston Red Sox. In addition, several Austin players, including Whitworth, who has just been signed by Philadelphia, are getting in practice with the Longhorns before reporting to their training camps.

INNOVATION IS MADE BY BAYLOR IN ORGANIZATION

Chamber of Commerce Is Organized for Purpose of Giving Business Training

One of the many innovations of universities in recent years is the Baylor University Chamber of Commerce of Waco. The purpose of this student organization is to give the student a rational business training while still in college. It serves as an excellent training school for men while still in college, and affords the study of economic problems of Texas and the United States.

This Chamber of Commerce has been inaugurated at Baylor for about three years. In 1919 the Business Men's Club of Baylor University was organized, which had for its primary purpose the fitting of its members for the business careers they were to engage in after college days. Furthermore, it had for its purpose the advancement of the interest of Baylor. Last year this club did a thing that was unique in the history of student activities. Having grown to be a powerful factor, it applied to the Texas Chamber of Commerce for membership. The application was received and granted, and the name of the club was changed to the Chamber of Commerce.

Affiliated With Others Since then the chamber has become a member of the East Texas Chamber of Commerce and of the West Texas Chamber of Commerce. It is perhaps the only college Chamber of Commerce in the country that is affiliated with a commercial organization in the business world. A representative of this university chamber was in attendance at the annual convention of the West Texas Chamber of Commerce held at Ranger last February 7th and 8th. The delegates at the convention were much surprised at the volume of business being transacted by the university chamber. The various delegates asked the Baylor delegate various questions, and gave

(Continued on page Four)

Renovated Cafeteria Is Steadily Growing to Great Popularity

Figures showing the approximate consumption of the main articles of food consumed at the cafeteria have been made by Manager Veazey. The "caf," as it is popularly called, feeds between three and four hundred students daily, at a very low cost.

The food consumed daily runs about as follows for the most common things: 200 pounds of meat, 7 bushels of potatoes, 100 loaves of bread, 6000 rolls, 70 gallons of milk, 75 pies. Various kind of cakes are served, Manager Veazey stating that cakes are probably the most things offered.

The cafeteria was recently partially destroyed by fire, but has now been repaired, and is in addition receiving a new coat of paint. Its popularity with the students has grown each year, as indicated by the increasing number eating there. It also gives employment to seventeen students in the University.

A big reason for the popularity of the "caf" is seen in the following menu, which is a good sample of the noon meal offered: Soup 8 cents, meat 12 cents, beans 5 cents, hominy 5 cents, potatoes 5 cents, corn bread 2 cents, blackberry cobbler 8 cents, pies 8 cents, fruit 5 cents, milk 7 cents, coffee 4 cents.

PLEDGES MUST BE PAID

European Relief Fund pledges must be paid by the end of the week as the money must be sent to Herbert Hoover then.

There has been about \$900.00 paid into the Fund up to the present time. Girls are requested to pay their pledges to Miss Davidson at the Young Woman's Christian Association office, and the men theirs at the Young Men's Christian Association office.

PETTY THIEVERY

It is a small test of fair-mindedness and honesty to set out a number of magazines in a general reading room and expect those using them to return them to the tables in good condition, but there are many students who fail to meet even that requirement. Very few of the magazines which are placed on Young Men's Christian Association and Young Woman's Christian Association reading room tables can be found after two or three days have elapsed. What few are still in the covers are so mutilated by the end of the first week as to be practically worthless. Students dropping in for a spare hour or two are disgusted to find part of an interesting story cut out of the page by some preceding reader who wanted a verse of poetry or an illustration to include in the next letter to the girl back home. Or else a man comes in to read the last part of a serial only to find that the magazine he wishes to see has been carried away by some one else who is lazy to purchase a copy for himself or too careless of the rights of others to return any papers he may have taken off by mistake.

The same spirit is to be seen in the use of reserve books in the Library. Students soon discover that there are methods by which volumes can be taken from the Library without being signed for, so they take home some book of which there are only a limited number of copies for a large class, with the result that other students are put under a severe handicap in studying for the course. A few weeks after the examination, the lost books may turn up mysteriously on the reading room tables, or in some shack across the campus, or they may never appear.

Such petty thievery is not always due to the innate perversity of the student body, but rather to the careless, happy-go-lucky spirit that puts off work till the last minute and forces the belated reading to be done at the expense of the rights of other students. But this is no excuse and no student can claim to be either fair or honest who indulges in such practices.

H. R. C.

Four Conference games remain on the schedule of the Longhorn Five, and all four must be won for a champion-

ship. The team is going to do all it can to take the longer end of the score in each contest. The rooters must do their part. It is time to stop picking flaws in the technique of individual players. A man can not score a goal with every shot. Neither can he prevent all of his opponents' goals. The thing to do is to stop knocking and start boosting, to get behind the team and stay there, win or lose.

H. R. C.

Freshman basketball men deserve as much support as does the Varsity. Today, tomorrow and Monday they play games on the local court. A big crowd of rooters is wanted.

With all the favorable advertising the University is getting through the Interscholastic League and through such University organizations as the Band and the Glee Club, it is pleasing to note that there will be no dampening effect this year because of unfavorable activity in connection with freshman and sophomore receptions. Some of the old-timers may think the school is going to the bow-wows and bemoan the degeneracy of the present student generation, while others may think the school has fallen upon dull and monotonous times, but the fact nevertheless remains that most of the student body can find enough excitement in other activities, while the University is saved a black eye.

H. R. C.

BUSINESS COURSES WILL BE OFFERED

Requirements for a degree in Business Administration call for a thesis from every candidate. Thus it is that the seniors are divided into small groups and assigned to the different professors in the Business Administration School for special and advanced study along various lines.

A new and unusual course of this kind is now being conducted by Associate Professor J. Anderson Fitzgerald, under the title, Business Administration 131. The members of this class are making a statistical study of about twenty-five factors which affect economic and business conditions, with the view to studying the present financial situation. They will also study reports made by statistical bureaus which publish maps, charts and statistics in an endeavor to forecast the business outlook.

After studying these materials until about April 1, each student will exercise his own judgment as to what will happen within the next year in the financial world. His results will be embodied in the thesis required for his degree and will be submitted by May 1.

VICTOR ARTISTS TO APPEAR

It is announced that on the evening of Tuesday, February 22 a number of famous Victor artists will appear in person at the Hancock Opera House at 8:15. Among these artists will be Albert Campbell, Henry Burr, Billy Murray, Monroe Silver, Frank Banta and John Meyer.

Many people who have admired the Victor re-creation of these artists are extremely anxious to hear them firsthand, and a large audience is expected.

CHAPEL NOTICE

Father Ross continued his series of talks yesterday on Saint Paul's description of the armor of a Christian, dwelling in this talk on the "breastplate of righteousness." He showed how necessary it was for the sincere believer in Christianity not only to read about Christian virtues but to put them in to practice. Just as the engineer seeks out opportunities to practice his profession in order to attain greater skill, so is it necessary for the Christian to seek out opportunities to try the virtue by actual practice. So we shall be protected by the breastplate of righteousness. Father Ross speaks again this morning.

COBB AT THE BAT

(By Ty)

Roy Moore of Austin, the Philadelphia Athletics' crack young south-paw pitcher, will leave Sunday for Lake Charles, Louisiana, to join the training camp. Manager Connie Mack, who has been wallowing in the bottom trough of the American League for the past five seasons, is making a determined effort to emerge from his menial position. This is the reason for his battery men reporting early for practice.

Warren (Rip) "Two-Gun" Collins will leave March 10 for Shreveport, Louisiana, to bolster the hurling corps of the New York Yankees. Rip is one of the big-four of the Yanks' pitching staff, the others being Carl Mays, Bob Shawkey and Robert Quinn. Collins, besides being one of the best flingers Texas has produced, was a great football star at A. & M., and in the army. His playing in the army in 1917 was so spectacular that Walter Camp picked Collins on his All-Star American football team.

Arthur "Tink" Reviere will leave about February 24 to join Branch Rickey's St. Louis Cardinals at Orange, Texas. Tink, although he is just 21 years of age and has had no professional experience, is being counted on to make the Cardinals' pitching corps. He possesses lots of speed, has a remarkable assortment of curves, and a good change of pace. Tink's low curve ball is almost unhittable, and he is considered a strike-out king. His career will be watched with interest by University students.

Frank Gibson, one of the ablest backstops in the minors last season, will report to the Boston Braves at Galveston on March 6. Gibson caught for the San Antonio team in the Texas League in 1920, and played brilliantly throughout the year. Gibby had a trial with the Detroit Tigers way back in 1913, but was cast adrift. Most of the seasons since then were spent in the Southern League. However, it is universally believed that he will stick in fast company this time.

Bib Falk, the greatest baseball player who ever wore the uniform of the Orange and White, was at his old tricks Wednesday. In hitting practice he slammed one over the right field way that was one of the longest hits ever made on Clark Field. Bib probably will report to the Chicago White Sox at Waxahachie the later part of the month. He will be one of Gleason's regular outfielders this year.

The above players have been practicing with the Longhorns for more than a month, and have been "the life of the party" this season. They have rendered invaluable service to Coach Disch's Longhorns, and their efforts are not unappreciated. May all of them make enviable records in the big show.

Among The Tombstones

Herbert says that he hopes to get his other shirt back, now that Luke won the Case for the Laundryman.

After seeing some of our 98-pound, five foot five Co-eds wearing skirts twenty inches from the ground, we are beginning to doubt the Truth of the statement that they do it to Gain Popularity.

We don't know what this Court of Plasters is all about, but we do know, after looking over the Com-prisers, that anybody that makes the Fatal Mistake of Courting one of them is going to Get Stuck Good and Hard. Ask any of the Entries in last year's Derby.

Listen, Fair Butterfly, the next time one of these First Date Wild-cats tells you that he lives only for a smile from your fair lips, don't let him Remove the Lipstick for awhile, for Verily, you will be swamped with Gravy Seekers from his Clan thence-ward.

After looking over the average Jury, we can easily understand why Justice is pictured as being Blind.

This was about the time of year when the Wheelhorses begin to groom their Entries for the Queen's Cup

Race. Peggy, Maggie, Muke and the Director have taken out a subscription to Dun's Register, not to mention Myriads who are gathering Dope down at the Revenue Office.

The last thing this colyum would be accused of is Prudery, but when some Iron Head pulls a Joke like that one about the English Peas that was told down at the Maverick, we think it's about time the Maternal Paddle was applied. A certain amount of Spiciness is Refreshing, but even the Swine of Circe shunned Vulgarity.

Now that Valentine Day is over, Jackson has begun an addition to his store-room. He'll have to build a Garage if these Sweet Peas are successful, and the Sender pays for the Prexy's Bouquet.

Hulon is out of town. Wonder if the W. T. C. U. is Dickering with him to fill their Press Agent's Shoes?

We are heavily in favor of Exemption for Seniors, for who knows but that we, too, someday, may gain Benefit therefrom?

If you're looking for something funny, give the Legislature a try.

CLARA BATJER

Y. W. C. A. Birthday Party
The social committee of the Young Woman's Christian Association entertained all the girls with birthdays in January and February on Tuesday evening in the girls' study hall. The party was in charge of Miss Lois Porter, chairman of the social committee. Many delightful games were played and a good time was enjoyed by all.

Word from Mrs. Neil Carothees states that the doctors expect no complications in Mr. Neil Carothees' case of pneumonia. Mrs. Carothees Sr. arrived in New York yesterday.

Homer Mason is unable to attend classes on account of illness.

Frank Johnson of Spur has been visiting at the Theta Zeta house.

Mrs. Browne Stiller from Galveston is visiting her mother, Mrs. Caldwell.

Evelyn Callicut, National Inspector of the Zeta Tau Alpha Sorority, is a guest at the Zeta house.

Green Fenley is ill at the Seton Infirmary.

J. S. C. Johnson has gone to Wheeling for a few days.

James Kitts of S. M. U. was a guest at the Pi Kappa Alpha house Wednesday.

George Ritchie and H. M. Fentress will spend the week-end in Waco.

Carl Nau is ill at P. and S. hospital.

George Green will be a week-end visitor in San Antonio.

Bryan Morris entertained with a valentine party honoring Ann Connor.

Frank Wooters is ill at P. and S. hospital.

Nannie Thompson is spending the week-end in San Antonio.

Lois Largent of McKinney, a former student of the University, will be a week-end guest at the Alpha Delta Pi house.

Adeline McNab will spend Saturday and Sunday at her home in Dallas.

Willie Cody has withdrawn from school and will return to her home in Caddo Mills on account of illness.

Faye Kirkpatrick will spend the week-end at her home in Waco.

Mrs. F. B. Johnson of Dallas, a former student of the University and a member of the Alpha Delta Pi Sorority is visiting her mother, Mrs. S. Clark.

Dolores Dore returned from a visit in Houston, Wednesday.

States Jacobs has returned from a visit to Houston.

Dorothy Duncan and Leona Dedus will be week-end visitors in San Antonio.

Mary Walker has returned from a visit to Ennis.

Mrs. R. A. Flume of San Antonio is visiting her niece, Mary Cordelia Byrne.

Marius Perron left this morning for San Antonio where he will spend a few days before leaving for Mexico, where he will spend a week.

Phi Gamma Delta announces the

pledging of A. H. McCullough of Dallas.

Fred Bloomer has returned from Weatherford where he has been for the past week.

Charles R. Tips of San Antonio was a guest at the Phi Gamma Delta house on Wednesday.

Sawnie Roberson has returned from Dallas.

W. A. Matthei of Bellville has been visiting his son Ted Matthei at the Delta Theta Phi house.

Ralph R. Wood is visiting in Waco. Maryon Jones left yesterday for her home in Port Arthur where she will visit a few days.

Frances Payne of Houston is the guest of Mildred Pickle.

Mrs. Florence Bell, who is ill in Fort Worth will not return to school this term.

Virginia Mantor of Taylor, who was in the University last term, is visiting her sister, Anita Mantor at Grace Hall.

OFFICIAL NOTICES

THE CHRISTIANSON STUDIO

Official Photographers for the University of Texas Cactus for the Year 1921.

SEVERAL STATES HAVE PLACES OPEN FOR THE PUBLIC HEALTH NURSE

Miss Jane Duffy, director of the Department of Public Health Nursing, in speaking of the growing interest in public health work and its importance, says:

"Demands for public health nurses, not only in Texas, but in adjoining states, are continuous. Virginia has at present 23 positions available. These positions are as follows: community nursing, 4; infant welfare, 2; school nursing, 17. The salaries are \$125 or \$150 as a beginning, with car and traveling expenses. Oklahoma and New Mexico are also asking for more nurses, and the work is rapidly developing in each of these states, the former having at present positions open for five nurses.

"These facts prove that people are everywhere awakening to the need of better health conditions and a desire for instruction in healthful living. To the public health nurse is given the opportunity of teaching and leading the people of the community to more healthful and therefore happier and more useful lives—she is the advance guard for a stronger and more influence for health, cleanliness, sanitation, etc., exerted by the public health nurse.

"To the nurse herself are certain rewards other than those of rendering a very valuable service to the community. She has, as is not always the case in other branches of nursing, the advantage of regular hours, home and social life, the freedom of out of doors, all of which tend to promote health and happiness."

The next term of the course in public health nursing at the University begins March 21. Owing to the closing of the schools in June, it will be necessary for applicants for the coming term to take up the field work in school nursing at least two week previous to the above date, Miss Duffy states.

INNOVATION IS MADE BY BAYLOR IN ORGANIZATION

(Continued from Page One)

the university delegate a place upon the program.

The Baylor Chamber of Commerce works as constructively for the welfare of its university as any municipal chamber for the benefit of its community. It had a committee for the promotion of athletics, which works both independently and co-operatively with alumni clubs in procuring athletic material for Baylor. It has an employment bureau which helps Baylor men get located in preferable lines of work. It is thus of service to both the student and the outside business man. The Chamber of Commerce frequently puts over propositions which are beneficial for Baylor. An instance of this was the co-operation of the publicity bureau with the Waco Cotton Palace of last year. The Baylor Liberty Loan campaign, as well as the various relief campaigns, were conducted by the Chamber of Commerce.

Well Backed
This Chamber of Commerce is being backed to the limit by Baylor men and women, all the way up to the president, S. P. Brooks, whose hearty approbation the chamber has. Baylor is making an effort to spread this Chamber of Commerce idea over the country, and make an intercollegiate affair of it. Robert S. Pool, secretary of the organization, is directing this feature. Clarence Smith is president of the chamber. The organization has recently issued a bulletin which it is sending forth broadcast, and in while it sets forth the aims of the college chamber of commerce, and discusses the work which has been performed at Baylor. Reproduced letters from various sources commend the idea, which will tend to remedy the weakness of college not running parallel with business life. The bulletin is illustrated with several photographs, one of them being of Henry Craig of Hillsboro, who originally conceived the idea. Another is the booth that the Baylor Chamber of Commerce had at the Waco Cotton Palace. Another photograph illustrates that "college men are not all of the silk shirt and cane variety," for it shows Baylor students at work constructing a wall around the athletic field, at a time when labor was exceedingly scarce.

Credential Tests Are to Be Given in Typewriting

Beginning the end of this week, the classes in typewriting of the Business Administration Department will be given a series of standard credential test. These speed tests are sent out annually over the United States by the Remington and Underwood Companies. The applicant must write an average of forty words a minute for ten minutes with no more than five mistakes, in order to receive the Initial Certificate, from the Underwood Company. The "Especially Credential Certificate" is awarded for an average of sixty words a minute a silver medal for seventy and a gold medal for eighty words. The Remington test is practically the same.

On account of the high standard of these tests, they are accepted as excellent recommendations everywhere. Students outside the Business Administration Department interested in taking these tests may see Miss Florance Stulken and arrange a time.

MUCH ADVANCED WORK IS DONE IN SUMMER

Increase in the number of advanced and graduate students attending the University summer schools is shown by the fact that at the 1920 summer Commencement the total number of degrees conferred was 114, or one-third the number granted at the regular June Commencement. In 1918 when degrees were conferred at the end of the summer session for the first time, only 28 were granted; in 1919 there were 56 degree awards, representing 100 per cent of increase. The 114 awards for 1920 then show slightly over the same percentage of increase as compared with the preceding year.

The large number of senior and graduate students has been explained by the fact that many teachers take advantage of the summer sessions to complete their degree work, as well as the fact that long session students frequently attend summer school in order to shorten the period required for completing their education.

CLASS IS ORGANIZED

To meet the desires of the many girls who signed cards during the Eddy meetings for the study of social and industrial problems a class to pursue this line of study has been organized. It will meet on Friday night at 7 o'clock in the Auditorium of the Young Men's Christian Association, weekly for the next six weeks, and will be lead by Rev. Humphrey Lee. All girls who asserted a desire to take up this study during the Eddy meetings and who have since decided to do so are urged to attend the class which will have its first meeting on Friday night of next week.

HOGG DEBATORS MEET IN REGULAR SESSION

Hogg Debating Society meet last night in regular session in the Law Building basement. One or two minor business matters were taken up, and the coming extempore speech contest discussed. Due to bad weather several of the members on the program failed to appear, but the following program was rendered in a very satisfactory way:

Debate: Resolved: That the state of Texas should enact an anti-cigarette law similar to that of Kansas.

Affirmatives: Ben S. Woodhead, Jr., and J. J. Thomas.

Negatives: Richard Hittson and Richard Jonas.

"The Freshman Baseball Team"—Howell Happ.

Extempore Speeches—Kacir, Heartsfield, Kostohryz, and Law.

Judges rendered a decision on the debate, which was a very animated one, in favor of the affirmative, choosing Woodhead as best speaker.

DR. BROWN IS CALLED BY BAPTIST CHURCH

Being at the present time without a pastor, due to the resignation of Dr. Charles E. Maddy, the University Baptist Church has extended a call to Dr. Fred Brown, pastor of the First Baptist Church of Sherman. Dr. Brown, who is well known in Austin, has written the church that, having also received a call from the First Baptist Church of Knoxville, Tennessee, he is undecided whether or not he will come here.

Dr. Brown is a native of North Carolina and has been a life long friend of Dr. Maddy, the former pastor. He has been in Texas a number of years and is well known in religious circles throughout the South.

CANDY PULL IS ANNOUNCED

Tonight, Friday, February 18, from six-thirty to eight-thirty the girls of Miss Decherd's Sunday school class will have a candy pull. This affair will be given at the Methodist Church and the committee promises to have a two hours of recreation. All girls are cordially invited to come to this party and become better acquainted with one another.

FRED VAN EPS

Van Eps probably knows more about the banjo than any living man. Not only is he a wizard of the banjo, but he makes all of his own instruments. He attributes his virtuoso skill to hard work, and plenty of it.

WOMEN OF FACULTY WILL HOLD MEETING

Women of the faculty will meet for the second time tonight. Their first meeting was held in the gymnasium; tonight the meeting will be in the Home Economics building. The purpose of this meeting is to acquaint the various members of the faculty with each other and with members of other departments.

First will be a meeting of the constitution committee, and then a tour will be made through the entire building, with each instructor explaining the work that is done in her laboratory. After the program refreshments will be served in the practice dining room.

LOCAL LEGION POST IS GRANTED CHARTER

Travis Post of the American Legion will dance tonight at K. C. Hall at 9 o'clock, according to an announcement made by Ralph Bickler, chairman of the Legion entertainment committee. Legionnaires of the University of Texas Post are expected to cooperate in making the affair a success.

Music for the occasion will be furnished by Gardner's Bandits and members of the Women's Auxiliary are to have charge of arrangements.

ALL BUT A FEW CHARACTERS IN PLAY SELECTED

(Continued from page One)

lem, a close and orderly study of a concrete situation among men and women.

The big thing about "Mrs. Dane's Defense" is its third act which is adjudged by many dramatic critics as one of the finest and best constructed acts of modern English drama. It brings on the stage the tense melodramatic atmosphere of the cross-examination in the courtroom and is the big thing of the play.

When "Mrs. Dane's Defense" was first produced several years ago in 1900, it was the first time the dramatist used the cross-examination scene and upon the third act of this situation scenes have been modeled.

Tickets for "Mrs. Dane's Defense" are now on sale at the Hancock Opera House and the Co-Op and within the next few days will be placed on sale in the Main Building, Frank Peck, business manager of the production announced. Prices of admission range from \$1.75 to \$1.50 and tickets may be changed at the box office at the Hancock Opera House for reserved seats.

So far the complete cast has not been announced. The cast, so far as has been announced by the director, Howard Mumford Jones, are as follows: Sir Daniel Carteret—Scott Snodgrass; Mr. Bulsonm Porter—Milton F. Ling; Fendick, a private detective—David Stephens; Adams, a butler—Allen Shields; Wilson, a manservant—James Hamilton; Janet Colquhoun—Eloise Carr; Lady Eastney—Rush Ashmore King. Other members of the cast will be announced later, Mr. Jones declared.

Six Men Will Be Entered by Rusk in Boone Contest

On account of some of the literary societies not entering men for the Boone contest the Rusk Literary Society will enter six men for the semifinals. Those who will go in are: J. R. Hamilton, Judson C. Francis, Frank K. McGehee, Erle M. Racey, Francis G. Wilson, and J. H. Gardner. The contest will take place on Saturday afternoon subject to the announcement of the public speaking faculty.

At the next regular meeting of the Society on Saturday night the first try-outs for the Rusk inter-society debate team will be held. Those who have signed up for the try-outs are as follows: Affirmative, Lewis, Wilson, Cole, Harrison, Hope, Jones, and Ralph Wood. Negative, Raymer, Byrne, Fletcher, Gardner, Beverly, Kelly, and Woodruff.
