FIRST COLLEGE DAILY IN THE SOUTH

AUSTIN, TEXAS, WEDNESDAY, FEBRUARY 21, 1917.

Engineers' Banquet at Driskill and Illustrated Lecture at "K" Hall tonight.

Let us beat A. & M. Friday and Saturday. You can help.

VOL. XVII.

No. 110

WELCOMING TALKS OPEN SESSION OF NEWSPAPER WEEK

Prof. Mayes, Dr. Battle, and Edmunds Travis Welcome Visitors. Meeting at Y. M. C. A.

A decided increase in the attendance of Newspaper Week is expected before the close of the scheduled program, according to Will H. Mayes, chairman of the School of Journalism, who is in charge of the meeting of State newspaper men and women. The Texas Women's Press Association members are attending in a body. Although Mayor A. P. Woodlidge was scheduled for the opening address of welcome, he found it impossible to be at the Y. M. C. A. Auditorium in time to give the talk. Dr. W. J. Battle, acting for President R. E. Vinson, who was called to the Senate this morning, gave the address of welcome. Dr. Battle said, in his opening sentence, that the word "high-brow" had been mentioned often lately, but that the University was the most "high-browless" school that one could imagine. He paid a beautiful and appropriate tribute to the workers of the state press, and was applauded heartily.

Edmunds Travis, managing editor of the Austin Statesman, took it upon himself to welcome the visitors "both for the citizens of Austin and the members of the newspaper fraternity in Austin." Mr. Travis delighted his hearers as usual, and succeeded in making the visitors feel that they were thoroughly welcome to the Capital City.

For Country Journalists.

"My aim in preparing the program for 1917 Newspaper Week is to import men of foreign fame to give us talks on what they know of foreign problems," said Will H. Mayes, in his introductory remarks, "but not to secure men and women familiar with matters that affect the country journalists—especially in Texas." Mr. Mayes showed what he meant by citing the program, and demonstrated that only the best country editors had been obtained to address the newspaper workers. Mrs. William Christian of Houston replied to the addresses of welcome.

Prof. Mayes followed Mrs. Christian's short talk with a paper prepared by Maj. L. B. Russell of the Comanche Vanguard. Maj. Russell found that it would be impossible for him to attend the conference of journalists, and in a several-page article, which was read effectively by Prof. Mayes, gave pointers on how he had succeeded in making the editorial page of his paper interesting. Maj. Russell raised that unless a writer was "feeling in the mood" that the subject would best be left alone. The article also emphasized the need of an editor's personality in a country paper.

Today's Program.

Morning Session.

How to Find News for the Country Paper, John E. Cooke, Rockdale Reporter; Hon. C. W. Boner, Bellevue News; Hon. John E. Davis, Mesquite Mesquite. How to get and keep Country Correspondents, Hon. H. B. Terrell, West Times; Hon. C. W. Wilson, Mineral Wells Index. How to Make the Front Page Attractive, Hon. C. W. Taylor, Rogers News. General discussion follows each topic.

Afternoon Session.

2-4:30—How to Handle Publicity Letters, Will C. Edwards, Denton Record Chronicle; Hon. R. E. Yantis, Athens Review. How to Get Profits From Job Printing, R. C. Dyer, Barnhart Bros., & Spindler, Dallas; Hon. J. O. Smith, Elgin Courier. How Editorial Associations Have Helped Me, Mrs. J. A. Jackson, Austin. General discussion follows each topic.

Evening Session.

8—The Making of a Magazine, a Cur-reel moving picture entertainment.

TICKET SALE CLOSED.

The Engineers have decided not to sell any tickets for the Engineer reception later than two days before the reception is held, consequently the

S. A. E.'S WINNERS OVER DELTA TAUS

By Close Score of 7 to 4 Championship of Inter-Fraternity Basketball League A Is Decided.

B. V. Baucom.

The championship of the inter-fraternity League A fell to the S. A. E.'s last night, when they barely nosed out ahead of the Delta Taus by a 7-4 score. The game never belonged to anyone until the final whistle blew. Only one score was made in the first half, and that was about thirty seconds before the intermission. Previous to this each team had tried three goals which ended in such a fiasco as the South Sea bubble. Shots from the field were seldom, and went wild. Both teams were air-tight, as each man kept his opponent covered thoroughly.

Just before the first stanza ended, Baldwin, of the Delta Taus, found the way to the basket by way of a foul goal.

Near the close of the second half the S. A. E.'s took the lead, when Taylor hit the hoop, and gave his team a 5-4 lead. He soon followed with another. This was the last score.

Score—Delta Taus, Davis 1 field goal and 1 foul, Baldwin 1 foul; S. A. E.'s, Harding 1 field goal, Taylor 2 field goals and 1 foul.

In the second game of the evening, the Chi Phi beat out Mr. Ettlinger's Varsity Freshmen 18-31. The Freshmen started out as if they had a cinch. They got five points before the Chi Phi realized the game had started. But after this rush they relaxed into a steady upward.

Goals—Freshmen, Elliott 4 field and 3 foul goals, Russell 2 field and 1 foul goals; Chi Phi, Johnson 5 field and 1 foul goal, Holman 4, Trask 3, Miller 3.

DELEGATES RETURN FROM CONVENTION

Eleven Men From University Association Report State Meeting at Marlin Very Successful.

The delegates from the University Y. M. C. A., who attended the State Y. M. C. A. Convention at Marlin on last Friday, Saturday, and Sunday, returned yesterday morning. It is the opinion of those who have attended other meetings of the State Convention that this was the best in the history of the Texas association.

An exceptionally good program was carried out by men of State and National reputation. Some of the strong men on the program were L. A. Coulter, State secretary; Dr. C. H. Williamson of Memphis, Tenn.; F. A. Wilson-Laurenson, secretary of the International committee, New York; T. B. Lanham of Columbus, Ohio; Hon. Clarence Ousley of A. & M. College; Rev. Jas. F. Hardie of Taylor, and Thomas W. Currie, secretary of the University Y. M. C. A.

The people of Marlin extended every courtesy to the delegates, entertaining them in their homes and doing for them all that anyone could ask. All the principal colleges and universities of the State were represented, with the exception of Rice and Baylor. Also several city and railroad associations sent delegates. The total number of delegates present was somewhat more than one hundred and fifty, of which more than ninety were college men. Those who went from the University were, T. W. Currie, secretary; Dan McCrummen, John Higdon, Burt Richardson, Donald Nail, J. H. Shields, Ernest May, James Kilpatrick, Armour Granger, Hulon Black, and Dave Moore.

sale of tickets closed yesterday afternoon. Those that failed to get their tickets on time will not be able to attend the banquet. The Engineers are very enthusiastic about the banquet, and expect to have the best one that has been held in years.

AGGIES EVEN UP IN SECOND GAME

A. & M. Beats Rice 27 to 20 Last Night—Monday's Victory for Rice to Be Contested.

Special to The Texan.

College Station, Texas, Feb. 20.—In the fastest game ever played at College Station, the Aggies defeated the Rice Institute five last night by a score of 27 to 20. The Cadets held the lead from the start. A. & M. threw twelve field goals, while Rice registered six.

Monday night's game was a victory for Rice by the close score of 25 to 24. There was a question as to whether the time was up just before Rice shot the goal putting her in the lead, but Referee Rix declared Rice the victor. A. & M. will refer the game to the basketball rules committee.

The report on Monday's game came to The Texan too late for yesterday's paper.

DEVEREUX PLAYERS TO PRESENT PLAYS IN AUSTIN APRIL 12-14

The people of the University and of Austin are promised a rare treat in the coming of Clifford Devereux and his company in April. Those who were here last year need only to be reminded of his visit to know what is really in store for them.

The company, under the auspices of the Athletic Council will present, in the men's gymnasium on the nights of April 12, 13, 14, and matinee on the 14th, four plays, chosen in recognition of the modern drama. The series begins with a Roman comedy, "full of rollicking humor and sure to appeal to a modern audience," "The Fisherman's Rope," by Plautus. The next in order is "Everyman," a morality play of mediaeval days. We have next the peer of English literature—Shakespeare—represented in his comedy, "Much Ado About Nothing." Finally, the series will close with "The Learned Ladies," by Moliere, a representative of the golden age of French drama.

All profits from the proceeds of this series of plays will go to the Athletic Council.

DEBATERS TO GIVE MODEL DEBATES AT BELTON AND SMILEY

A Sidney Johnson and J. R. Parten will go to Belton the latter part of this week to deliver a model debate on the Single Tax before the Belton High School. The negative will be taken by Johnson and the affirmative by Parten.

Bob Skiles and Jerome K. Crossman will deliver a model debate on the same subject before the Smiley High School at Smiley, Texas. Crossman will speak on the negative and Skiles on the affirmative side of the question.

Chas. I. Francis, director of the debating squad, states that model debates will be held for any High School in the State, provided the school will pay the actual expenses of the debaters. The debaters will gladly give their services free of charge. After the debate a round table discussion of the Single Tax question is held, and the debaters explain the fundamental issues of the Single Tax.

PREXY VINSON WILL SPEAK IN WICHITA FALLS ON THURSDAY

President Vinson will go to Wichita Falls next Thursday to address the Ex-Students' Association at their banquet. This date was changed from March 2, so that President Vinson might go to Fort Worth on that date.

On the following day he will speak in Cleburne at the ex-students' meeting. On March 4 he will lecture to the Y. W. C. A. of North Texas Normal College at Denton. President Vinson has also accepted an invitation to speak to the members of the Columbian Club of Dallas on March 5.

LONGHORNS BEAT METHODIST FIVE

By 24 to 18 Score Southwestern Is Beaten By Texas—Brown and Secor Star.

Special to The Texan.

Georgetown, Tex., Feb. 20.—Showing a superiority in every department of the game, the Texas quintet took the measure of the Pirate five by a score of 24 to 18 this afternoon. Texas was not at her best, due to the fact that they were playing for the first time on an outdoor court.

Two sensational throws from mid-court by Pirate Betts featured the contest. He and McKinzie were the Southwestern stars.

For Texas Brown and Secor starred. Brown put up a first-class exhibition both on the defensive and the offensive, shooting four goals from the field and holding his opponent, Peacock, to a single basket. Secor made six of Texas' twenty-four points.

The line-up was as follows:

Texas	Southwestern
Thompson	Peacock
Secor	R. F.
Rogers	L. F.
Dittmar	C.
Brown	R. G.
	L. G.

Substitutes—Texas, Barnes for Rogers, and Boynton for Barnes.

Goals—Texas, Thompson 1, Secor 3, Rogers 2, Brown 4; Southwestern, Peacock 1, Hay 2, McKinzie 3, Betts 2.

Referee—Henderson.

"SHORTY" BEALL IS OUT OF BASEBALL

Diminutive Third Sacker Dislocates Thumb and Will Be Out of Game for Season.

The infield which Billy Disch has been grooming for the past three weeks was torn asunder yesterday afternoon, when "Shorty" Beall, the third baseman, broke a bone in his thumb. The accident occurred in the fifth inning of a practice game, which was being played between the first and second teams. Beall was in the act of catching a thrown ball and endeavoring to cut off a base runner, when he suffered the injury.

It is probable that the injury to the diminutive guardian of the difficult corner of the infield will keep him out of the game for most of the season's play. This morning an X-ray photograph will be taken of "Shorty's" hand in order to determine the extent of the injury.

The injury to Beall will necessitate a slight change in the plans of the Texas coach. Because of the fact that good hitters are distressingly scarce on the Longhorn squad this year, Disch had intended to base his attack principally on speedy base running. "Shorty" was a star at this game. Beating out a bunt and stealing bases was his forte.

Y. W. GIRLS PLAN ELIMINATION OF EXAM CRAMMING

The Y. W. C. A. meeting Monday afternoon marked the beginning of a movement to abolish cramming, sitting up until the wee sma' hours, and all other irregularities during the coming examinations.

Miss Aden and Miss Casis spoke for the faculty; Ruth Potts, Charlotte Spence, and Tillie McCammon, for the students, advocating a policy of sane living during examination week, expressing their belief that such a policy would result in better grades generally.

The musical features of the meeting were a vocal solo by Miss Edna Lovett, and a violin solo by Miss Pansy Lawhon.

An announcement was made that Miss Addie Graham, Y. W. C. A. field secretary, would talk at the meeting next Monday.

NO DECISION MADE AS TO U. T. INVESTIGATION BY SENATE YESTERDAY

LATTIMORE OFFERS RESOLUTION PROVIDING FOR PROBE, FOR WHICH SUBSTITUTE IS OFFERED AND LATER WITHDRAWN BY DAYTON IN FAVOR OF AMENDMENT.

VARISITY O. K. IS DOMINATING TONE

Regardless of Methods of So Declaring, Senators Make Favorable Opinions Known.

By Roy Hawk.

By deferring final action on the confirmation of the men nominated by Governor as Regents of the University until executive session Friday morning at 10 o'clock, and by allowing the matter of a University investigation to go over as pending business without a final vote, the Senate adjourned last evening at 6:30, after a very unusual day, when the words "University" and "Investigation" found their way into the vocabularies of the members of the higher legislative branch more frequently even than has the term "the people" been uttered in the House of Representatives during the past week.

From the outset that there will be no University public investigation. The resolution offered by Senator Lattimore, styled, Resolution 66, calling for a University investigation, was the first considered. It was this resolution to which a substitute was offered by Senator Dayton during the session in the forenoon, which in substance would accept the findings of the Board of Regents on the recent faculty charges as a complete investigation of the University, and which would stamp the approval of the Senate on such report and findings made by the board as a result of their investigation of the charges against the six members of the University faculty, disposing of the matter by the res adjudicata route.

During the afternoon session, by a vote of 20 to 9, it was voted to allow the Senator from Cook (Senator Dayton) to withdraw his substitute and insert in lieu thereof an amendment to the original Lattimore resolution, which provided for an investigation. The amendment would confine the investigation to an analysis of the recent nominations for regents, all of which will be had in executive session of the Senate.

Lattimore Wants Facts.

Senator Lattimore, the author of Resolution 66, based his reasons for its passage on the requests of the Board of Regents in its last meeting, the faculty of the University, the students' petition, and the demand of the Ex-Students' Association, which was made known by a petition which was read, signed by John L. Brady and D. K. Woodward for the alumni. It was stated that Dr. Vinson admits that if the University is hampered as it has been during the last eight months that it will be impossible to get capable men to fill positions as members of the faculty of the University.

Many interruptions characterized Senator Lattimore's stay upon the floor. They varied from the question by Senator Caldwell of Travis as to whether or not the Lattimore resolution was prepared in consultation with various alumni of the University, to the interrogation of Senator Bailey of Dewitt, who asked that if the main charge against the University was not the extravagant use of money? and the assuming that such was the case, followed the question, would not the cure come by electing a good Board of Regents and paying them a good salary?

Senator Lattimore, before he finally yielded the floor, stated that he had made no personal investigation,

and he further stated that if the excessive use of money was a charge, it would be an additional ground for an investigation.

At this point the Dayton substitute, which was withdrawn in the afternoon by the 20 to 9 vote, was offered. It was insisted that this substitute would put at rest all demands for an investigation, as it in itself was a final approval of the regents' report, which was agreeable to the Alumni Association and prepared after consultation with Dr. Vinson.

Hudspeth for Substitute. Following the author of the substitute was Senator Hudspeth, who spoke in favor of the substitute. The Senator paid a high tribute to Dr. Vinson, and later read from the Senate Journal of Friday, February 16, page 580, quoting from the questions by Senator Page and answers by Dr. Vinson as follows:

Page: "If the Governor appears before this committee and is concerned, do you think then it would be necessary for us to go into this investigation? That probably Dr. Clark wrote a hot-headed letter he ought never to have written. That such investigation as we ought to hold would be to investigate character and fitness of men Governor has named for Board of Regents, we ought to investigate so as to find out from them whether they have made any pledges to the Governor as to their course on the Board of Regents; that this is the sort of investigation we ought to have?"

Vinson: "I will say if investigation held by Board of Regents and conclusions arrived at by board is to be regarded as a matter settled finally; if Senate will make such investigation of men appointed as to guarantee that it will be considered as matters already settled, so far as your investigation can do, if this is done and by so doing the University's name before the people of Texas as an honorable one and its integrity as being without question, no further investigation of these matters will be needed at all."

Senator Hudspeth contended that no good had ever come from an investigation in the Capitol, and argued that the adoption of the substitute would amount to clearing the name of the University before the people. The Senator from El Paso urged that consideration of such be hurried and that the Senate get down to legislative business, as it had gone practically forty days with little accomplished in the way of constructive legislation.

It was at this point in the discussion that Senator McNeal insisted that an investigation, where the facts were found, would be the best money-spending act the Senate could have. The Senator from Dallas said that when he came to the Senate this session he did not favor the investigation, but that now he was in favor of Senator Lattimore's original resolution, and that rather than wait two years and investigate after the happenings of certain events, he wanted an investigation now.

After many side discussions, the Senate, at 12:30, recessed until 2 p. m. It was at the beginning of the afternoon session that Senator Page offered his amendment, after the Senate gave him permission to withdraw his substitute.

Gibson Compliments Battle. Senator Gibson, who had attempted to speak in the forenoon, but was yielded in favor of the Senator from Dallas, gained the floor. He urged that the University of Texas was all

KNOCKS, BLOWS AND BLUNDERS.

(Will Never Build a University.)

"Education in Texas."

"In the exercises attending the laying of the corner stone of a new building at the University of Texas, there was a note that brought forth a little discordant sound. A sound that should not be allowed to be heard over the State, if the University, the pride of the people of the State, is to prosper, if these same people are to be expected to continue the support they have ever so willingly and gladly given to it.

"The word 'high brow' entered into the discussion. This word surely has no place in Texas. The great State of Texas is not 'high brow,' and to call it such should bring sharp reproof. Texas did not begin to build at the top. It began at the bottom, a very weak and uncertain bottom, and the sterling men who laid the foundation for the State's great institution of learning, and made it possible, were not 'high brow.'—Austin American (Saturday Editorial).

In referring to the article above we do not wish to antagonize the local daily, but in keeping with principles of press freedom, we feel at liberty to show those writing the veiled criticism of the president of the University, that what was contained in the above quoted editorial of Saturday was identical with the wishes expressed by the University president, in the address at the corner stone laying, when the term "high brow" was injected purely to counteract the oft-circulated rumor that "Texas" was a rich man's school. The reference to the use of the word in the news story of Friday, in the same paper, was the true quotation of Dr. Vinson's statement made on the day of the corner stone laying. When one reads only the editorial he would be led to believe that a word was used in an address on a public occasion which had no place in one's vocabulary. The editorial, which assumes the guise of a caretaker of the University, leads off by saying that a note was sounded that should not be allowed to be published over the State of Texas. Yet, an editorial which absolutely contradicts the real thought and idea which occasioned the reference to the word "high brow," was published broadcast over the State, that is, it appeared in the columns of this same paper, the front page of which tells us that the circulation exceeds by fifty per cent that of any newspaper ever published in the Capital City. How does the author of this uncalled for "educational" resume reconcile the statements in the editorial quoted with the account from the news story appearing in the same paper the day previous, when an account of the corner stone laying was recorded?

Following is an extract from the news story covering that part of the president's address, dragging the University into the

when the "objectionable" word was used to discredit the frequently made assertion that the State University is the seat of wealth:

"The University is the people's school. The campus teems with the sons and daughters of the 'common people.' Many of the students here work their way through school by the sweat of their faces. I know there is much talk about this being an institution of high brows, but the charges are groundless."

"Dr. Vinson read a list of the occupations represented by the parents of students, and then read the various nationalities in the University to prove his contention that there is no class distinction or favoritism at the institution. It is the school of all the people of Texas.

"The University is moulding them all into one solid mass to work for the common good," he said, in closing."

—Austin American (Friday News Item).

A judgment by any fair critic could be nothing other than a conviction of the defendant editorial writer plagiarism. His ideas as quoted in the Saturday effort are identical with those of the president of the University, uttered Thursday. But in addition to expressing the hope that no "high brow" did exist at the University, the editorial quoted is so unfair and so biased as to attempt to compel the innocent reading public to gobble the statements therein contained as the gospel, when such are absolute contradictions of the news story appearing in its own columns, as well as a reflection on the person who was charged with the misuse of the word. We are unable to see how the editorial and the news story both appear in the same paper, but the facts are before you with the exact quotations.

Now, since we have agreed that there should be no "high brow" school made of the University, since Dr. Vinson voiced the same sentiment and cited examples showing that it was not (to the apparent ignorance of the editorial), we believe that the news account of the American will easily counteract the editorial, as the account appearing in the news column is not as distant a relative to the truth.

Going on, we find more "fruit." "Texas did not begin to build at the top." We take this to mean build educationally at the top since the caption of the editorial is: "Education in Texas." In connection with this statement, we wonder if the writer believes that the farmer, the planter, the common tiller of the soil were the originators and the fathers of the University of Texas? We would enjoy knowing just on what grounds the ability of those who founded this institution is challenged by such an article.

If the beginning was not made by men at the top, by whom was it made? If education does not in this our present day come from the top, what was the use to lay a corner stone for a building, in which men and women will be carried to the TOP educationally, in order that they may go out into the State and reveal to others, not so fortunate in life, that which they have learned? Does not education then have some sort of beginning at the top?

An effort of the nature of the one quoted at the beginning should be looked upon in disgust, yet if a correction is not made, some of our "anti-Americans" over the country might look in additional disfavor on the University, because of the circulation of an unfounded statement, which seeks, for reasons unknown to us, to impeach the real purpose for which such a word, as insignificant as the one mentioned, was used.

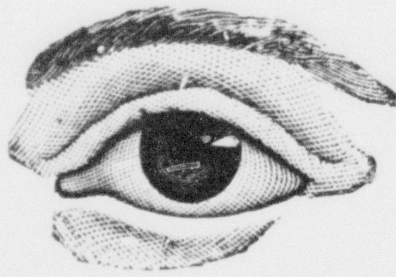

If we want a great University, and it is presumed we all do, let's pull together. Let the politicians fight their battle alone, and refrain at all times from dragging the University into the

Once Famous Perip Course Now Unknown

Where O where has the once most famous perip course gone? The old-timers are everywhere heard bemoaning the fact that the perip is no longer the most important place on, or rather around, the campus. In the good old days, as the upperclassmen express it, one could see a continuous procession of couples going out for their nightly journey, but now, where can one be found, as usual?

One theory has it that the lights are too bright now, where they were formerly unknown. But just what this has to do with it, the unromantic one fails to understand, but still it is persisted that moonshine is much better. Probably the main solution of the problem is the fact that the Frosh co-eds no longer get credit for the famous ym course if they will only take so many walks around the perip. This will explain the rumors that the present first-year young ladies have "busted" the perip course.

But nevertheless the fact remains that the "perip course" is no longer the most prominent one offered by the authorities at Varsity. Also the English 1 profs have had to abandon their most famous "Wisdom Question," "What is the Perip?"

CHAPEL NOTICE

Mr. King of the Methodist Bible Chair finished a week's series of tasks yesterday. They were optimistic throughout, and were intended to raise one's ambitions above the ordinary. He spoke yesterday especially of the life hereafter. He did not pretend to know much about the hereafter, but of two things he was sure, that he is now living, and that he will live after this life is over. He hopes the next life will have plenty of work for him to do, that he may be enabled to serve his Maker in ministering to other worlds throughout the countless ages. His talk was inspirational, and we were glad to have him with us. We hope he will come again.

The attendance was not what it should have been for the week, but many things operate against Chapel attendance, not least of which is the holding of classes and laboratory periods during the time set apart for Chapel. Monday morning will be given over to singing. Come and join us.

SOCIETY

Miss Kathleen Campbell has returned to her home in Temple, taking with her as guests of a week-end house party Misses Doris Grant, Gladys Ardis, Frances Van Zandt, Margaret Du Puy, and Mary Catterall.

Misses Ana Muckleroy and Furman Hair left Thursday night for Waco. From there, Miss Hair went to her home in Temple for a short visit.

Mrs. Henry Lockwood, with her daughter, Ruth Elise, of Rockdale are the guests of Bess and Jean Lockwood at the Chi Omega House.

Miss Arlee Thames left Saturday noon for her home in Taylor.

Miss Louise Hudson entertained her Fort Worth friends in the University with a luncheon Saturday noon.

Miss Geneva Harris of Nacogdoches is a guest at the Pi Phi House.

Miss Mamie Klett is very ill. Miss Helen Taylor is visiting friends in Dallas this week-end.

Miss Lena Beckham Reeder and Mr. Potts Reeder have returned from Palestine.

Madison Cooper of Waco was in Austin for the S. A. E. dance.

Mr. Paul Simmons of San Antonio was in Austin for the Phi Gamma Delta dance.

Mr. Hall, the field secretary of Phi Gamma Delta, who has been visiting in Austin, left last night.

Mrs. H. T. Schneider, established fourteen years, 608 Brazos, phone 1802. Hair dressing, shampooing, facial massage, body massage, manicuring, sulphur, salt, and electric baths.

Exclusive Beauty Shop, 50 Littlefield Bldg. "Rain Water" Shampoos, manicuring, facial massage, and scalp treatment. Phone 1307. 2 24

HOLIDAYS SINCE '98.

Strange that it seems, nevertheless it is true, that there has been a Holiday at the University of Texas since the fall of 1898. The Holiday epoch began with the matriculation of W. P. Holliday in the fall of 1898, and is now made possible by the attendance of one Samuel Holliday! The period of Holidays has been divided into five persons: William P., Dr. Margaret, Robert, Thomas, and the present Samuel, all brothers and sisters. During this twenty years of Holidays, this family has taken six degrees from the University.

Biggs & Co., cleaners and tailors.

COLLEGE NOTES

Nathaniel Jacks, Editor
Lawrence Rhea, Assistant.

Onions Among Roses.

"Men and women are too often sent to Wisconsin University because it is now the fashion," says the dean of men. "Everybody that can now afford it comes to College, and some of them come from families of no cultural traditions whatever. Fifty years ago we went to College, but now they are sent to College. Students are unread, and take greater interest in vaudeville and moving pictures and other sources of good times than they do in their work. Such students that show by their work that they are at College for no other purpose than to have a good time or to get married, should be dismissed."

A Band Box.

The University of Illinois band has just expended \$4000 for new instruments. The list includes only those instruments that are liable to be rare among the students. There are three, monster E-flat bass horns, a pair of kettle drums, a four-octave xylophone, a set of Cathedral chimes, and many other costly pieces. We are wondering where they are going to get the men to play those instruments and whether or not the University of Texas has men that could handle such instruments, if we had them.

Intolerance.

The following is the comment of David Starr Jordan, ex-president of Indiana University, on the picture, Intolerance, by David W. Griffith: "Irrespective of all I had read of history, of all that my professors had been able to tell me," says he, "I received a clearer conception of the actual manners and customs of the ancient people from this picture than from all of the reading and studying that I have done throughout life. Never before could I conceive of what a catapult was until I visualized it in this picture."

Hell.

This week is Hell Week for the Freshmen in the University of Kansas. For one special week the Greek fraternities have an open season for training the Frosh, and at any time during the period the Freshman is in danger of his life. One may be seen lying on the car track, stopping the cars until the worthy upperclassman can finish his breakfast. On a certain whistle they have to climb a tree and stay there until another whistle releases them. They have to wash dishes, clean house and windows, and

TAILLEUR SUITS

Springtime Tailored Styles

Models that are removed many degrees from the usual in fineness of workmanship, grace of lines and treatment of detail.

The New Daytime Silk Dresses

There are some wonderfully interesting new things arriving now in dresses--that are authentic interpretations of Fashion's latest degree.

The New Coats

These will delight every woman--spring sport and dress skirt--the most noteworthy presentation of smart and exclusive models.

The New Hats

Drop in--every woman's heart has felt the call of new millinery. Bright, sunny days make the call more insistent; sunshine voices all too plainly the dimming glory of the winter hats.

Tailleur, Sport, Semi-Dress Hats

Will have their first showing Monday Hats from the foremost artists of this country.

Come tomorrow--we will be delighted to show you.

wait on the tables. Special goats have been trained to compete with the Freshmen in a butting contest. They have to eat their desert in the middle of the street.

Valentines.

The Ohio State Lantern asks a question that ought to set us all to wondering. What has become of the old-fashioned Valentine Day? Ask grandmother what was the nicest Valentine that she ever received, and she will mention some daintily tinted and lacy Valentine that came with some sweet, sentimental verse and without a signature. Ask the modern, sophisticated gruffness, and she will tell you that she never receives Valentines, but Valentine presents. She can hardly decide whether she wants four or five dollars worth of flowers, or wants the poor sucker to take her to the "Passing Show." Half the fun and mystery of a Valentine is in wondering who sent you that sweet unsigned Valentine. But what Valentine spirit is there in a couple of tickets or a bunch of flowers which represents the spirit of the girl, which withers towards the boy, even as the flowers wither in her presence.

CACTUS NOTICE.

Secretary-treasurers of societies, clubs, fraternities and sororities, Please call at the Cactus office and pay the fees on Cactus pictures. This is past due.

FOR MEN ONLY

Clothes that advertise good features and individualize men. The world accepts us at our own valuation, and tailor-made clothes put a higher valuation on the man that wears them.

Just What You Want in pattern and quality is awaiting your selection.

Let Us Tailor Your New Spring Clothes.

University Toggery Shop

Spring Millinery

The newest harbingers of Spring are charming, brims droop and crowns are becomingly high. It may be a black or the most vivid colorings--this season's styles are distinctly different. Quite frequently we detect Spanish, China and India influences--Oriental coin, beads, etc., Fancy colored ribbons are much in evidence in the sport hats which are beautiful. Lace and hair braids are very becoming and popular.

Dresses Just Received

Excellent values--in street, afternoon and sport dresses of Georgettes, taffetas, crepe de chine and silk Jerseys--at prices ranging from \$15.00 to \$50.00

Spring Coats

In Colors Rich--Wool, Jersey and Velour

These deep rose tones are lovely--there are greens that suggest the birth of spring; these in solid colors; then there are the checks that charmingly combine the two colors;

prices \$25 to \$37.50

Smart Suits

Design and tailoring are especially noticeable. Collars and pockets are quite a feature, shown in serge, gaberdine, pique twill, etc. Wide range of prices \$15.00 to \$35.00

Studes Trapped In Old Elevator

Houdini himself would have been puzzled to solve the "getting out" method for some dozen eds and co-eds and the faithful elevator boy yesterday afternoon. The elevator of the Main Building had just left the first floor on its afternoon trip to the top, and was nearing the second floor on schedule time. Something stopped it was the elevator. Suspended in mid-air, unable to go higher, and not being due back to the first floor for more than two hours, the manipulator did not know what to do.

After a period of lethargy, the machinery started once more, perhaps being moved to action by the cheering onlookers. When safe on the first floor once more, the elevator boy started an investigation. But, like most investigations, it revealed nothing, and the elevator is doing its work as well as before.

1917 CACTUS HAS
BEST DESIGNS IN
UNITED STATES

(Continued from page 1)

stage melodrama is being acted, while tragedy is represented by Romeo and Juliet on either side of the face. The upper part brings out comedy. On the

chin is a raised "T," out of which flows the dignified scroll done in stipple dots. Encasing the face is the turban, through which is stuck the quill, representing the literary aim of dramatics.

Emblematic Details.

These details only illustrate the care with which all of the drawings are being worked out. The fraternity cut is grotesque and hideous in its symbolism. Mr. Eilenbein drew the skull from a human skull—he declares it was a white man's—borrowed from the Zoology Department. This is set upon rocks bearing different Greek letters. Out of the skull flames come, terminating in a figure natural to the popular ideals of fraternities. A unique ocular illusion is to be had in the society cut. Here is shown an "elite" couple indulging in a popular pastime. The design of the girl's dress is startling in its display of audacious decoration. The sharp cutting off of the figures in the dress gives the impression of distinct folds though no lines are used. The picture for the Literary Department shows the burgher steeped in study, surrounded by his books and the "wise old owl." Nearby an old English lamp gives rise to a vapor, out of which is formed the muse, which separates the scholar from the world. The exterior is brought out by castles, towns, trees, and other forms peculiar to out-door life.

Cactus Out May 1st.

Manager Johnson has promised that the students shall have the Cactus by the first of May. Toward this end he and his staff are working night and day. He is working at Elliotts' mounting pictures, and is assisted by a professional engraver. The borders, done in colors, have already been printed, so it is only necessary to run the fillers-in, which are fast being prepared. The book is to be the usual size, but its distinctiveness is to rely on the unified carrying out of the principal ideas from the cover on through the grinds.

B. T. STUDENTS ELECT AND COMPLETE PLANS FOR DEPARTMENT

The students of the School of Business Administration elected the following officers for the remainder of the year: President, Fred Adams; vice-president, Hubert Jones; secretary and treasurer, W. H. Post. This marks the beginning of what promises to be an important department of the University. As yet the school has not been recognized as a department, but it is hoped that it will soon be granted that standing.

The meeting was characterized by an abundance of enthusiasm. Upon the motion of Mr. Mothershead, it was agreed that all students carrying a course in this department are eligible to membership, but are not mem-

OFFICIAL NOTICES

S. O. S.—Meeting Monday, 7:15, in Y. M. C. A. Building. Be there, President.

APPLIED ECONOMICS CLUB—Will not meet Monday evening. The meeting will be later in the week, at which time an outside speaker will be heard. R. T. Miller.

MENORAH MEETING—The Menorah will meet this afternoon at 4. President Vinson will address the society. All members are urged to attend. The general public is cordially invited to be present. President.

SIGMA UPSILON—There will be no meeting tonight, as planned. The program will hold over to next meeting. Arrangements to be made later. M. A. Knight.

MISS LAVENDER'S CLASS—Mrs. J. C. Dew of Ridgecrest, N. C., will speak to Miss Lavender's Bible class at 9:45 today in the Cabinet Room of the Y. M. C. A. All members are urged to be present.

SAVES GIRL'S LIFE

Home Eco. Lecturer Tells of Thrilling Experience When Ship Lusitania Went Down.

I. B. Stoughton Holborn, one of the most popular of the Home Economics lecturers, was on the ship, Lusitania, when it was torpedoed by a submarine. In the water for more than an hour, he only saved himself by lashing himself to one of the life boats and allowing himself to be dragged for miles in the ocean. From the strain and exposure, his arm was paralyzed for six months, and his nervous system has not yet recovered from the shock.

Before he jumped from the board of the ship, Mr. Holborn properly incased a small girl in a life-saver before she got into a life-boat. This boat later capsized. The girl has been given a home by Mr. Holborn, who has practically adopted her.

Mr. Holborn is connected with the Extension Department of Oxford University, which is not trying to keep up with the work. Because of the general demoralization of the universities, he is able to associate himself with colleges in the United States. His present tour, lasting two months, was arranged through an association of university lecturers in New York City.

"Y" OFFICERS ELECTED FRIDAY.

The annual election of officers for the Y. M. C. A. will be held in the Chapel room of the "Y" Friday, February 23, at 7 p. m. A large amount of interest has been manifested and some very representative results are expected.

RIFLE CLUB SHOOT FEB. 22.

The University Rifle Club will participate in the all-day shoot on Washington's birthday, in which the Alamo Rifle Club of San Antonio and the Austin Civilian Club will take the leading part.

CO-ED FOR LEADING LADY.

Miss Geraldine Wilson, well known University co-ed, lead yesterday in the number of votes for the part of leading lady in "Virginia's Romance," the photoplay that will be taken here next week under the direction of the Crecent management. The voting will close next Tuesday at 1 o'clock.

bers until they show their desire to become such by signing up with the secretary of the organization.

The purpose of the organization is to obtain recognition as a department and to further the interest of students in this field.

Sick clothes, see Dr. Pigeon & Co.

GERMANY SEEKS
TO MAKE PEACE
BY HER POLICY

(Continued from page 1)

long the war indefinitely, because her defence is almost impregnable.

"All England is supporting Lloyd-George in his rejection of the recent peace proposal," Mr. Holborn declared. "Of course," he explained, "in a democracy there are dissensions to everything, but only a few extremists and strict religious sects are agitating the speedy termination of the war. It took England some time to realize the importance of united action. Even now, though the 'man in the street' sees that England's future depends upon her winning out, he is not willing to give up his whiskey as a contribution toward her success. Undoubtedly, the lower class is much better off now than before the war. It is the middle class that is bearing the brunt of the fighting, and the laborer, despite the high prices, is profiting."

No Hate Over War.

He insisted that England did not at first have any special hatred for Germany. On the other hand, regrets were everywhere expressed they were fighting Germany instead of Russia. "But, after such outrages as the Lusitania," he continued, "the sentiment against Germany kept growing stronger and stronger, until now a radical hatred does exist. But even now, England will likely be more lenient with Germany than France as regards peace contracts."

Delta Theta Phi desires to announce the pledging of Jewel King of Teague.

No. 110

WELCOMING TALKS OPEN SESSION OF NEWSPAPER WEEK

Prof. Mayes, Dr. Battle, and Ed-
munds Travis Welcome Visitors.
Meeting at Y. M. C. A.

A decided increase in the attend-
ance of Newspaper Week is expected
before the close of the scheduled pro-
gram, according to Will H. Mayes,
chairman of the School of Journalism,
who is in charge of the meeting of
State newspaper men and women.
The Texas Women's Press Associa-
tion members are attending in a body.
Although Mayor A. P. Wooldridge
was scheduled for the opening address
of welcome, he found it impossible to
be at the Y. M. C. A. Auditorium in
time to give the talk. Dr. W. J. Bat-
tle, acting for President R. E. Vinson,
who was called to the Senate this
morning, gave the address of wel-
come. Dr. Battle said, in his opening
sentence, that the word "high-brow"
had been mentioned often lately, but
that the University was the most
"high-browless" school that one could
imagine. He paid a beautiful and ap-
propriate tribute to the workers of
the State press, and was applauded
frequently.

Edmunds Travis, managing editor
of the Austin Statesman, took it upon
himself to welcome the visitors "both
for the citizens of Austin and the
members of the newspaper fraternity
in Austin." Mr. Travis delighted his
hearers as usual, and succeeded in
making the visitors feel that they
were thoroughly welcome to the Cap-
ital City.

For Country Journalists.

"My aim in preparing the program
for 1917 Newspaper Week was to im-
port men of foreign fame to give
us talks on what they know of for-
eign problems," said Will H. Mayes,
in his introductory remarks, "but
rather to secure men and women fam-
iliar with matters that affect the
country journalists—especially in Tex-
as." Mr. Mayes showed what he
meant by citing the program, and dem-
onstrated that only the best country
editors had been obtained to address
the newspaper workers. Mrs. Wil-
liam Christian of Houston replied to
the addresses of welcome.

Prof. Mayes followed Mrs. Chris-
tian's short talk with a paper pre-
pared by Maj. L. B. Russell of the
Comanche Vanguard. Maj. Russell
found that it would be impossible for
him to attend the conference of jour-
nalists, and in a several-page article,
which was read effectively by Prof.
Mayes, gave pointers on how he had
succeeded in making the editorial page
of his paper interesting. Maj. Russell
advised that unless a writer was "feel-
ing in the mood" that the subject
would best be left alone. The article
also emphasized the need of an edi-
tor's personality in a country paper.

Today's Program.

Morning Session.

How to Find News for the Country
Paper, John E. Cooke, Rockdale Re-
porter; Hon. C. W. Boner, Bellevue
News; Hon. John E. Davis, Mesquite
Mesquite. How to get and keep
Country Correspondents, Hon. H. B.
Terrell, West Times; Hon. C. W. Wil-
son, Mineral Wells Index. How to
Make the Front Page Attractive, Hon.
C. W. Taylor, Rogers News. General
discussion follows each topic.

Afternoon Session.

How to Handle Publicity
Grafters, Will C. Edwards, Denton

itorial Associations Have Helped Me,
Mrs. J. A. Jackson, Austin. General
discussion follows each topic.

Evening Session.

The Making of a Magazine, a
four-reel moving picture entertain-
ment.

TICKET SALE CLOSED.

Engineers have decided not to
sell any tickets for the Engineer re-
ception later than two days before
the reception is held, consequently the

S. A. E.'S WINNERS OVER DELTA TAUS

By Close Score of 7 to 4 Champion-
ship of Inter-Fraternity Basket-
Ball League A Is Decided.

B. V. Baucum.

The championship of the inter-frat-
ernity League A fell to the S. A. E.'s
last night, when they barely nosed
out ahead of the Delta Taus by a 7-4
score. The game never belonged to
anyone until the final whistle blew.
Only one score was made in the first
half, and that was about thirty sec-
onds before the intermission. Pre-
vious to this each team had tried
three goals which ended in such a
fiasco as the South Sea bubble. Shots
from the field were seldom, and went
wild. Both teams were air-tight, as
each man kept his opponent covered
thoroughly.

Just before the first stanza ended,
Baldwin, of the Delta Taus, found
the way to the basket by way of a
foul goal.

Near the close of the second half
the S. A. E.'s took the lead, when
Taylor hit the hoop, and gave his
team a 5-4 lead. He soon followed
with another. This was the last
score.

Score—Delta Taus, Davis 1 field
goal and 1 foul, Baldwin 1 foul; S. A.
E.'s, Harding 1 field goal, Taylor 2
field goals and 1 foul.

In the second game of the evening,
the Chi Phis beat out Mr. Ettlinger's
Varsity Freshmen 18-31. The Fresh-
men started out as if they had a
cinch. They got five points before
the Chi Phis realized the game had
started. But after this rush they re-
laxed into a steady upward.

Goals—Freshmen, Elliott 4 field
and 3 foul goals, Russell 2 field and 1
foul goals; Chi Phis, Johnson 5 field
and 1 foul goal, Holman 4, Trask 3,
Miller 3.

DELEGATES RETURN FROM CONVENTION

Eleven Men From University Asso-
ciation Report State Meeting at
Marlin Very Successful.

The delegates from the University
Y. M. C. A., who attended the State
Y. M. C. A. Convention at Marlin on
last Friday, Saturday, and Sunday,
returned yesterday morning. It is
the opinion of those who have attend-
ed other meetings of the State Con-
vention that this was the best in the
history of the Texas association.

An exceptionally good program was
carried out by men of State and Na-
tional reputation. Some of the strong
men on the program were L. A. Cou-
lter, State secretary; Dr. C. H. William-
son of Memphis, Tenn.; F. A. Wilson-
Laurenson, secretary of the Interna-
tional committee, New York; T. B.
Lanham of Columbus, Ohio; Hon.
Clarence Ousley of A. & M. College;
Rev. Jas. F. Hardie of Taylor, and
Thomas W. Currie, secretary of the
University Y. M. C. A.

The people of Marlin extended
every courtesy to the delegates, en-
tertaining them in their homes and do-
ing for them all that anyone could
ask. All the principal colleges and
universities of the State were repre-
sented, with the exception of Rice and
Baylor. Also several city and rail-
road associations sent delegates. The
total number of delegates present was
somewhat more than one hundred
and fifty, of which more than ninety
were college men. Those who went
from the University were, T. W. Cur-
rie, secretary; Dan McCrummen, John
Higdon, Burt Richardson, Donald
Nail, J. H. Shields, Ernest May, James
Kilpatrick, Armour Granger, Hulon
Black, and Dave Moore.

The sale of tickets closed yesterday af-
ternoon. Those that failed to get their
tickets on time will not be able to
attend the banquet. The Engineers are
very enthusiastic about the ban-
quet, and expect to have the best one
that has been held in years.

AGGIES EVEN UP IN SECOND GAME

A. & M. Beats Rice 27 to 20 Last
Night—Monday's Victory for Rice
to Be Contested.

Special to The Texan.

College Station, Texas, Feb. 20.—
In the fastest game ever played at
College Station, the Aggies defeated
the Rice Institute five last night by
a score of 27 to 20. The Cadets held
the lead from the start. A. & M.
threw twelve field goals, while Rice
registered six.

Monday night's game was a vic-
tory for Rice by the close score of 25
to 24. There was a question as to
whether the time was up just before
Rice shot the goal putting her in the
lead, but Referee Rix declared Rice
the victor. A. & M. will refer the
game to the basketball rules com-
mittee.

The report on Monday's game came
to The Texan too late for yesterday's
paper.

DEVEREUX PLAYERS TO PRESENT PLAYS IN AUSTIN APRIL 12-14

The people of the University and of
Austin are promised a rare treat in
the coming of Clifford Devereux and
his company in April. Those who
were here last year need only to be
reminded of his visit to know what
is really in store for them.

The company, under the auspices of
the Athletic Council will present, in
the men's gymnasium on the nights
of April 12, 13, 14, and matinee on the
14th, four plays, chosen in a variety
of the modern drama. The series
begins with a Roman comedy.

"Full of rollicking humor and sure to
appeal to a modern audience," "The
Fisherman's Rope," by Plautus. The
next in order is "Everyman," a moral-
ity play of mediaeval days. We have
next the peer of English literature—
Shakespeare—represented in his com-
edy, "Much Ado About Nothing." Fi-
nally, the series will close with "The
Learned Ladies," by Moliere, a rep-
resentative of the golden age of
French drama.

All profits from the proceeds of
this series of plays will go to the Ath-
letic Council.

DEBATERS TO GIVE MODEL DEBATES AT BELTON AND SMILEY

A Sidney Johnson and J. R. Parten
will go to Belton the latter part of
this week to deliver a model debate
on the Single Tax before the Belton
High School. The negative will be
taken by Johnson and the affirmative
by Parten.

Bob Skiles and Jerome K. Crossman
will deliver a model debate on the
same subject before the Smiley High
School at Smiley, Texas. Crossman
will speak on the negative and Skiles
on the affirmative side of the ques-
tion.

Chas. I. Francis, director of the de-
bating squad, states that model de-
bates will be held for any High School
in the State, provided the school will
pay the actual expenses of the deba-
ters. The debaters will gladly give
their services free of charge. After
the debate a round table discussion of
the Single Tax question is held, and
the debaters explain the fundamental
issues of the Single Tax.

PREXY VINSON WILL SPEAK IN WICHITA FALLS ON THURSDAY

President Vinson will go to Wichita
Falls next Thursday to address the
Ex-Students' Association at their ban-
quet. This date was changed from
March 2, so that President Vinson
might go to Fort Worth on that date.
On the following day he will speak
in Cleburne at the ex-students' meet-
ing. On March 4 he will lecture to
the Y. W. C. A. of North Texas Nor-
mal College at Denton. President
Vinson has also accepted an invita-
tion to speak to the members of the
Columbian Club of Dallas on
March 5.

LONGHORNS BEAT METHODIST FIVE

By 24 to 18 Score Southwestern Is
Beaten By Texas—Brown and
Secor Star.

Special to The Texan.

Georgetown, Tex., Feb. 20.—Show-
ing a superiority in every department
of the game, the Texas quintet took
the measure of the Pirate five by a
score of 24 to 18 this afternoon. Texas
was not at her best, due to the fact
that they were playing for the first
time on an outdoor court.

Two sensational throws from mid-
court by Pirate Betts featured the
contest. He and McKinzie were the
Southwestern stars.

For Texas Brown and Secor starred.
Brown put up a first-class exhibition
both on the defensive and the off-
ensive, shooting four goals from the
field and holding his opponent, Pea-
cock, to a single basket. Secor made
six of Texas' twenty-four points.

The line-up was as follows:

Texas	Southwestern
Thompson	Peacock
Secor	R. F.
Rogers	L. F.
Dittmar	C.
Brown	R. G.
	L. G.

Substitutes—Texas, Barnes for Rog-
ers, and Boynton for Barnes.

Goals—Texas, Thompson 1, Secor 3,
Rogers 2, Brown 4; Southwestern,
Peacock 1, Hay 2, McKinzie 3, Betts 2.
Referee—Henderson.

"SHORTY" BEALL IS OUT OF BASEBALL

Diminutive Third Sacker Dislocates
Thumb and Will Be Out of
Game for Season.

The infield which Billy Disch has
been grooming for the past three
weeks was torn asunder yesterday
afternoon, when "Shorty" Beall, the
third baseman, broke a bone in his
thumb. The accident occurred in the
fifth inning of a practice game, which
was being played between the first and
second teams. Beall was in the act
of catching a thrown ball and endea-
voring to cut off a base runner, when
he suffered the injury.

It is probable that the injury to the
diminutive guardian of the difficult
corner of the infield will keep him out
of the game for most of the season's
play. This morning an X-ray photo-
graph will be taken of "Shorty's"
hand in order to determine the extent
of the injury.

The injury to Beall will necessitate
a slight change in the plans of the
Texas coach. Because of the fact
that good hitters are distressingly
scarce on the Longhorn squad this
year, Disch had intended to base his
attack principally on speedy base
running. "Shorty" was a star at this
game. Beating out a bunt and steal-
ing bases was his forte.

Y. W. GIRLS PLAN ELIMINATION OF EXAM CRAMMING

The Y. W. C. A. meeting Monday
afternoon marked the beginning of a
movement to abolish cramming, sit-
ting up until the wee sma' hours, and
all other irregularities during the
coming examinations.

Miss Aden and Miss Casis spoke
for the faculty; Ruth Potts, Charlotte
Spence, and Tillie McCammon, for the
students, advocating a policy of sane
living during examination week, ex-
pressing their belief that such a pol-
icy would result in better grades gen-
erally.

The musical features of the meet-
ing were a vocal solo by Miss Edna
Lovett, and a violin solo by Miss Pan-
sy Lawhon.

An announcement was made that
Miss Addie Graham, Y. W. C. A. field
secretary, would talk at the meeting
next Monday.

NO DECISION MADE AS TO U. T. INVESTIGATION BY SENATE YESTERDAY

LATTIMORE OFFERS RESOLUTION PROVIDING FOR
PROBE, FOR WHICH SUBSTITUTE IS OFFERED AND
LATER WITHDRAWN BY DAYTON IN FAVOR
OF AMENDMENT.

VARISITY O. K. IS DOMINATING TONE

Regardless of Methods of So Declar-
ing, Senators Make Favorable
Opinions Known.

By Roy Hawk.

By deferring final action on the con-
firmation of the men nominated by
Governor as Regents of the Univer-
sity until executive session Friday
morning at 10 o'clock, and by allow-
ing the matter of a University inves-
tigation to go over as pending busi-
ness without a final vote, the Senate
adjourned last evening at 6:30, after
a very unusual day, when the words
"University" and "Investigation"
found their way into the vocabularies
of the members of the higher legisla-
tive branch more frequently even than
has the term "the people" been ut-
tered in the House of Representa-
tives during the past week.

From the greater that there will be
no University public investigation.
The resolution offered by Senator
Lattimore, styled, Resolution 66, call-
ing for a University investigation,
was the first considered. It was this
resolution to which a substitute was
offered by Senator Dayton during the
session in the forenoon, which in sub-
stance would accept the findings of
the Board of Regents on the recent
faculty charges as a complete investi-
gation of the University, and which
would stamp the approval of the Sen-
ate on such report and findings made
by the board as a result of their in-
vestigation of the charges against the
six members of the University facul-
ty, disposing of the matter by the res-
adjudicata route.

During the afternoon session, by a
vote of 20 to 9, it was voted to allow
the Senator from Cook (Senator Day-
ton) to withdraw his substitute and
insert in lieu thereof an amendment
to the original Lattimore resolution,
which provided for an investigation.
The amendment would confine the in-
vestigation to an analysis of the re-
cent nominations for regents, all of
which will be had in executive session
of the Senate.

Lattimore Wants Facts.

Senator Lattimore, the author of
Resolution 66, based his reasons for
its passage on the requests of the
Board of Regents in its last meeting,
the faculty of the University, the stu-
dents' petition, and the demand of the
Ex-Students' Association, which was
made known by a petition which was
read, signed by John L. Brady and
D. K. Woodward for the alumni.

It was stated that Dr. Vinson ad-
mits that if the University is ham-
pered as it has been during the last
eight months that it will be impossi-
ble to get capable men to fill posi-
tions as members of the faculty of the
University.

Many interruptions characterized
Senator Lattimore's stay upon the
floor. They varied from the ques-
tion by Senator Caldwell of Travis as
to whether or not the Lattimore res-
olution was prepared in consultation
with various alumni of the University,
to the interrogation of Senator Bailey
of Dewitt, who asked that if the main
charge against the University was
not the extravagant use of money?
and the assuming that such was the
case, followed the question, would
not the cure come by electing a good
Board of Regents and paying them a
good salary?

Senator Lattimore, before he final-
ly yielded the floor, stated that "he
had made no personal investigation,

and he further stated that if the ex-
cessive use of money was a charge,
it would be an additional ground for
an investigation.

At this point the Dayton substi-
tute, which was withdrawn in the
afternoon by the 20 to 9 vote, was of-
fered. It was insisted that this sub-
stitute would put at rest all demands
for an investigation, as it in itself
was a final approval of the regents'
report, which was agreeable to the
Alumni Association and prepared
after consultation with Dr. Vinson.

Following the author of the sub-
stitute was Senator Hudspeth, who
spoke in favor of the substitute. The
Senator paid a high tribute to Dr.
Vinson, and later read from the Sen-
ate Journal of Friday, February 16,
page 580, quoting from the questions
by Senator Page and answers by Dr.
Vinson as follows:

Page: "If the Governor appears
before this committee and—
concerned, do you think then it would
be necessary for us to go into this in-
vestigation? That probably Dr. Clark
wrote a hot-headed letter he ought
never to have written. That such in-
vestigation as we ought to hold would
be to investigate character and fit-
ness of men Governor has named for
Board of Regents, we ought to inves-
tigate so as to find out from them
whether they have made any pledges
to the Governor as to their course on
the Board of Regents; that this is the
sort of investigation we ought to
have?"

Vinson: "I will say if investigation
held by Board of Regents and conclu-
sions arrived at by board is to be re-
garded as a matter settled finally; if
Senate will make such investigation of
men appointed as to guarantee that it
will be considered as matters already
settled, so far as your investigation
can do, if this is done and by so do-
ing the University's name before the
people of Texas as an honorable one
and its integrity as being without
question, no further investigation of
these matters will be needed at all."

Senator Hudspeth contended that
no good had ever come from an in-
vestigation in the Capitol, and argued
that the adoption of the substitute
would amount to clearing the name of
the University before the people. The
Senator from El Paso urged that con-
sideration of such be hurried and
that the Senate get down to legisla-
tive business, as it had gone practi-
cally forty days with little accomplish-
ment in the way of constructive legisla-
tion.

It was at this point in the discus-
sion that Senator McNealus insisted
that an investigation, where the facts
were found, would be the best money-
saving act the Senate could have.
The Senator from Dallas said that
when he came to the Senate this ses-
sion he did not favor the investiga-
tion, but that now he was in favor of
Senator Lattimore's original resolu-
tion, and that rather than wait two
years and investigate after the hap-
penings of certain events, he wanted
an investigation now.

After many side discussions, the
Senate, at 12:30, recessed until 2 p.
m. It was at the beginning of the
afternoon session that Senator Page
offered his amendment, after the
Senate gave him permission to with-
draw his substitute.

Gibson Compliments Battle.
Senator Gibson, who had attempted
to speak in the forenoon, but was
yielded in favor of the Senator from
Dallas, gained the floor. He urged
that the University of Texas was all

MR. DOOLEY ON FRESHMAN DOINGS.

(F. L. Peyton, Jr.)

"Is th' Freshman presidint goin' to lead th' gr-rand march at his class' reception?" asked Hennessy of Dooley, Jr., looking up from his Daily Texan.

"Indade, ye ar-re askin' iv me more thin I know," replied Dooley. "But ye may be sure, if this affair is like all iv th' previous wans, he will. I've been told that th' whole iv th' Freshman class has been plannin' an' figurin' f'r a month on how they ar-re goin' to slip it over th' Sophmores. Th' children have arrived at such a state iv excitement that they can't eat, but hold their meetin' whin th' rest iv th' stujents ar-re enjoyin' their evenin' repast. Iv course it is our urgent an' necessary duty to satisfy the kids. Whin ye ar-re home ye must amuse th' baby; an' now it is nothin' more thin right that a little time be devoted to th' passification if our Freshmen's wans. Besides th' young gentleman who is th' presidint iv their class must be thought iv. Th' boy has come down here with wonderful ambitions iv becomin' famous. He has dreamed iv how he will be th' man iv th' hour. It will be a proud moment f'r th' lad, whin he can walk across th' dance floor with some fair damsel on his arm an' know that all eyes ar-re turne upon him. Iv course he will have to lead th' gr-rand march. It wud be a cruel dade indade if he were prohibited th' honor. This is an' institution iv democracy, an' iver man should be given a chance.

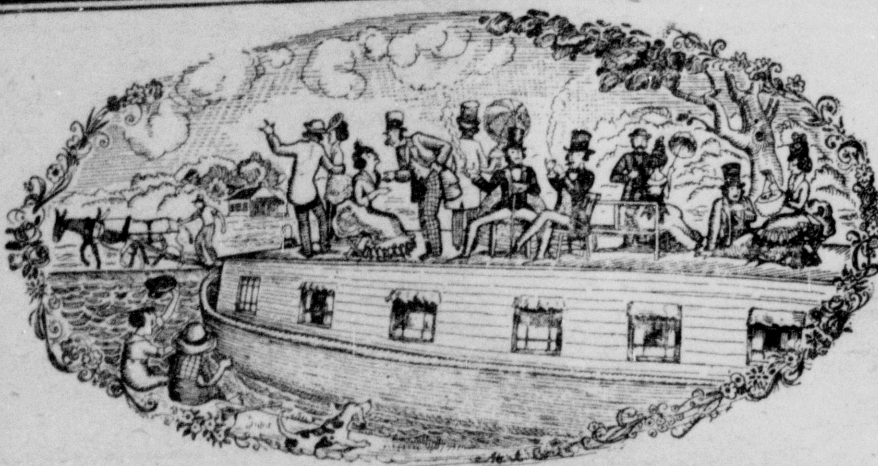

"How was th' presidint captured, ye ask. Th' whole affair is shrouded in gr-rand mither, but it has been rumored that a co-ed betrayed him. They always do, ye know. Ivery wan tells us if th' cruel heartedness an' deceitfulness iv t' feminine sex. It wud be most suitable, thin, f'r wan iv these sirenes iv Varsity to lure th' young gentleman to where some gang of Sophmores cud kidnap him. I don't know how th' dade was done, but it is me presumption that it was performed in th' customary manner. A fliver thrives up close to where th' young presidint is standin'. Some youths armed with a poker, a toe-sack, an' a ball iv twine alight f'r'm

th' chariot an' approach th' unwary victim. Th' bravest iv th' lot raps th' young child over th' head with th' poker. Thin th' rest iv thim rush on him an' pull th' sack over his head. Afther this, they tie him up with th' twine an' hoist him onto th' waitin' gas-wagon; afther which they thrive him to Kyle or some other hamlet near by f'r safe keepin'. Th' whole dade is simple an' aisly done. It has got to where th' Sophmores use a set rule iv procedure.

"On th' gr-rand night iv th' Frosh reception ye should by all means be there. It is a party that ye will niver forget. Ivery wan iv th' Freshmen boys will be there with a girl. They make a gr-rand sight ye may be

sure. Th' children will all be dolled out in their best apparel. An' th' girls—such an array iv colors ye will niver have before seen. All iv thim ar-re to wear yellow an' green an' white mixed in with th' colors if their party dresses; th' gorgeous sight wud make a rainbow fade away with envy. It will make ye head swim to look at th' mob f'r long. 'They are such sweet children, ye will catch yourself sayin', as ye ask th' man standin' next to ye f'r a cigarette."

"Do ye iver wish that ye were a Freshman agin?" asked Hennessy. "Innocence may be bliss," replied Dooley, "but I can't see it that way when I read th' Frosh 'bust out' reports."

"... Three days by canal boat but our host provided every requisite, not omitting a plenteous supply of Virginia cigarettes."

You'll find it pleasant to renew your acquaintance with "Richmond Straight Cuts." You may have forgotten the quaint charm of their fine old "bright" Virginia tobacco. There has been no change through all these years. They have the same delicate and appealing taste that has made them esteemed for more than two generations.

RICHMOND STRAIGHT CUT Cigarettes 15 cents

PLAIN OR CORK TIP

These cigarettes are also packed in attractive tins, 50 for 40 cents; 100 for 75 cents. These larger packages will be sent, postage prepaid, on receipt of price if your dealer cannot supply you.

No. 110

WELCOMING TALKS OPEN SESSION OF NEWSPAPER WEEK

Prof. Mayes, Dr. Battle, and Ed-
munds Travis Welcome Visitors.
Meeting at Y. M. C. A.

A decided increase in the attend-
ance of Newspaper Week is expected
before the close of the scheduled
program, according to Will H. Mayes,
chairman of the School of Journalism,
who is in charge of the meeting of
State newspaper men and women.
The Texas Women's Press Associa-
tion members are attending in a body.

Although Mayor A. P. Wooldridge
was scheduled for the opening address
of welcome, he found it impossible to
be at the Y. M. C. A. Auditorium in
time to give the talk. Dr. W. J. Bat-
tle, acting for President R. E. Vinson,
who was called to the Senate this
morning, gave the address of wel-
come. Dr. Battle said, in his opening
sentence, that the word "high-brow"
had been mentioned often lately, but
that the University was the most
"high-browless" school that one could
imagine. He paid a beautiful and ap-
propriate tribute to the workers of
the State press, and was applauded
frequently.

Edmunds Travis, managing editor
of the Austin Statesman, took it upon
himself to welcome the visitors "both
for the citizens of Austin and the
members of the newspaper fraternity
in Austin." Mr. Travis delighted his
hearers as usual, and succeeded in
making the visitors feel that they
were thoroughly welcome to the Cap-
ital City.

For Country Journalists.

"My aim in preparing the program
for 1917 Newspaper Week was to
import men of foreign fame to give
us talks on what they know of for-
eign problems," said Will H. Mayes,
in his introductory remarks, "but
rather to secure men and women fam-
iliar with matters that affect the
country journalists—especially in Tex-
as." Mr. Mayes showed what he
meant by citing the program, and dem-
onstrated that only the best country
editors had been obtained to address
the newspaper workers. Mrs. Wil-
liam Christian of Houston replied to
the addresses of welcome.

Prof. Mayes followed Mrs. Chris-
tian's short talk with a paper pre-
pared by Maj. L. B. Russell of the
Comanche Vanguard. Maj. Russell
found that it would be impossible for
him to attend the conference of jour-
nalists, and in a several-page article,
which was read effectively by Prof.
Mayes, gave pointers on how he had
succeeded in making the editorial page
of his paper interesting. Maj. Russell
advised that unless a writer was "feel-
ing in the mood" that the subject
could best be left alone. The article
also emphasized the need of an edi-
tor's personality in a country paper.

ception later than two days before
the reception is held, consequently the

S. A. E.'S WINNERS OVER DELTA TAUS

By Close Score of 7 to 4 Champion-
ship of Inter-Fraternity Basket-
Ball League A Is Decided.

B. V. Baucum.

The championship of the inter-frat-
ernity League A fell to the S. A. E.'s
last night, when they barely nosed
out ahead of the Delta Taus by a 7-4
score. The game never belonged to
anyone until the final whistle blew.
Only one score was made in the first
half, and that was about thirty sec-
onds before the intermission. Pre-
vious to this each team had tried
three goals which ended in such a fi-
asco as the South Sea bubble. Shots
from the field were seldom, and went
wild. Both teams were air-tight, as
each man kept his opponent covered
thoroughly.

Just before the first stanza ended,
Baldwin, of the Delta Taus, found
the way to the basket by way of a
foul goal.

Near the close of the second half
the S. A. E.'s took the lead, when
Taylor hit the hoop, and gave his
team a 5-4 lead. He soon followed
with another. This was the last
score.

Score—Delta Taus, Davis 1 field
goal and 1 foul, Baldwin 1 foul; S. A.
E.'s, Harding 1 field goal, Taylor 2
field goals and 1 foul.

In the second game of the evening,
the Chi Phis beat out Mr. Ettinger's
Varsity Freshmen 18-31. The Fresh-
men started out as if they had a
cinch. They got five points before
the Chi Phis realized the game had
started. But after this rush they re-
laxed into a steady upward.

Goals—Freshmen, Elliott 4 field
and 3 foul goals, Russell 2 field and 1
foul goals; Chi Phis, Johnson 5 field
and 1 foul goal, Holman 4, Trask 3,
Miller 3.

DELEGATES RETURN FROM CONVENTION

Eleven Men From University Asso-
ciation Report State Meeting at
Marlin Very Successful.

The delegates from the University
Y. M. C. A., who attended the State
Y. M. C. A. Convention at Marlin on
last Friday, Saturday, and Sunday,
returned yesterday morning. It is
the opinion of those who have attend-
ed other meetings of the State Con-
vention that this was the best in the
history of the Texas association.

An exceptionally good program was
carried out by men of State and Na-
tional reputation. Some of the strong
men on the program were L. A. Cou-
lter, State secretary; Dr. C. H. Will-
iamson of Memphis, Tenn.; F. A. Wilson-
Laurenson, secretary of the Interna-
tional committee, New York; T. B.
Lanham of Columbus, Ohio; Hon.
Clarence Ousley of A. & M. College;
Rev. Jas. F. Hardie of Taylor, and
Thomas W. Currie, secretary of the
University Y. M. C. A.

The people of Marlin extended
every courtesy to the delegates, en-
tertaining them in their homes and do-
ing for them all that anyone could
ask. All the principal colleges and
universities of the State were repre-
sented, with the exception of Rice and
Baylor. Also several city and rail-
road associations sent delegates. The
total number of delegates present was
somewhat more than one hundred
and fifty, of which more than ninety
were college men. Those who went
from the University were, T. W. Cur-
rie, secretary; Dan McCrummen, John
Higdon, Burt Richardson, Donald
Nail, J. H. Shields, Ernest May, James
Kilpatrick, Armour Granger, Hulon
Black, and Dave Moore.

sale of tickets closed yesterday after-
noon. Those that failed to get their
tickets on time will not be able to
attend the banquet. The Engineers
are very enthusiastic about the ban-
quet, and expect to have the best one
that has been held in years.

AGGIES EVEN UP IN SECOND GAME

A. & M. Beats Rice 27 to 20 Last
Night—Monday's Victory for Rice
to Be Contested.

Special to The Texan.

College Station, Texas, Feb. 20.—
In the fastest game ever played at
College Station, the Aggies defeated
the Rice Institute five last night by
a score of 27 to 20. The Cadets held
the lead from the start. A. & M.
threw twelve field goals, while Rice
registered six.

Monday night's game was a vic-
tory for Rice by the close score of 25
to 24. There was a question as to
whether the time was up just before
Rice shot the goal putting her in the
lead, but Referee Rix declared Rice
the victor. A. & M. will refer the
game to the basketball rules com-
mittee.

The report on Monday's game came
to The Texan too late for yesterday's
paper.

DEVEREUX PLAYERS TO PRESENT PLAYS IN AUSTIN APRIL 12-14

The people of the University and of
Austin are promised a rare treat in
the coming of Clifford Devereux and
his company in April. Those who
were here last year need only to be
reminded of his visit to know what
is really in store for them.

The company, under the auspices of
the Athletic Council will present, in
the men's gymnasium on the nights
of April 12, 13, 14, and matinee on the
14th, four plays, chosen in repre-
sentment of the modern drama. The se-
ries begins with a Roman comedy,
"full of rollicking humor and sure to
appeal to a modern audience," "The
Fisherman's Rope," by Plautus. The
next in order is "Everyman," a moral-
ity play of mediaeval days. We have
next the peer of English literature—
Shakespeare—represented in his com-
edy, "Much Ado About Nothing." Fi-
nally, the series will close with "The
Learned Ladies," by Moliere, a rep-
resentative of the golden age of
French drama.

All profits from the proceeds of

letic Council.

DEBATERS TO GIVE MODEL DEBATES AT BELTON AND SMILEY

A Sidney Johnson and J. R. Parten
will go to Belton the latter part of
this week to deliver a model debate
on the Single Tax before the Belton
High School. The negative will be
taken by Johnson and the affirmative
by Parten.

Bob Skiles and Jerome K. Crossman
will deliver a model debate on the
same subject before the Smiley High
School at Smiley, Texas. Crossman
will speak on the negative and Skiles
on the affirmative side of the ques-
tion.

Chas. I. Francis, director of the de-
bating squad, states that model de-
bates will be held for any High School
in the State, provided the school will
pay the actual expenses of the debat-
ers. The debaters will gladly give
their services free of charge. After
the debate a round table discussion of
the Single Tax question is held, and
the debaters explain the fundamental
issues of the Single Tax.

PREXY VINSON WILL SPEAK IN WICHITA FALLS ON THURSDAY

President Vinson will go to Wichita
Falls next Thursday to address the
Ex-Students' Association at their ban-
quet. This date was changed from
March 2, so that President Vinson
might go to Fort Worth on that date.
On the following day he will speak
in Cleburne at the ex-students' meet-
ing. On March 4 he will lecture to
the Y. W. C. A. of North Texas Nor-
mal College at Denton. President
Vinson has also accepted an invita-
tion to speak to the members of the
Columbian Club of Dallas on
March 5.

LONGHORNS BEAT METHODIST FIVE

By 24 to 18 Score Southwestern Is
Beaten By Texas—Brown and
Secor Star.

Special to The Texan.

Georgetown, Tex., Feb. 20.—Show-
ing a superiority in every department
of the game, the Texas quintet took
the measure of the Pirate five by a
score of 24 to 18 this afternoon. Texas
was not at her best, due to the fact
that they were playing for the first
time on an outdoor court.

Two sensational throws from mid-
court by Pirate Betts featured the
contest. He and McKinzie were the
Southwestern stars.

For Texas Brown and Secor starred.
Brown put up a first-class exhibition
both on the defensive and the offen-
sive, shooting four goals from the
field and holding his opponent, Pea-
cock, to a single basket. Secor made
six of Texas' twenty-four points.

The line-up was as follows:
Texas—Thompson Secor
Southwestern—Peacock Hay

McKinzie
Betts
Lindsey
R. F.
L. F.
C.
R. G.
L. G.

Substitutes—Texas, Barnes for Rog-
ers, and Boynton for Barnes.

Goals—Texas, Thompson 1, Secor 3,
Rogers 2, Brown 4; Southwestern,
Peacock 1, Hay 2, McKinzie 3, Betts 2.
Referee—Henderson.

"SHORTY" BEALL IS OUT OF BASEBALL

Diminutive Third Sacker Dislocates
Thumb and Will Be Out of
Game for Season.

The infield which Billy Disch has
been grooming for the past three
weeks was torn asunder yesterday
afternoon, when "Shorty" Beall, the
third baseman, broke a bone in his
thumb. The accident occurred in the
fifth inning of a practice game, which
was being played between the first
and second teams. Beall was in the
act of catching a thrown ball and en-
deavoring to cut off a base runner, when
he suffered the injury.

It is probable that the injury to the
diminutive guardian of the difficult
corner of the infield will keep him out
of the game for most of the season's
play. This morning an X-ray photo-
graph will be taken of "Shorty's"
hand in order to determine the extent
of the injury.

The injury to Beall will necessitate
a slight change in the plans of the
Texas coach. Because of the fact
that good hitters are distressingly
scarce on the Longhorn squad this
year, Disch had intended to base his
attack principally on speedy base
running. "Shorty" was a star at this
game. Beating out a bunt and steal-
ing bases was his forte.

Y. W. GIRLS PLAN ELIMINATION OF EXAM CRAMMING

The Y. W. C. A. meeting Monday
afternoon marked the beginning of a
movement to abolish cramming, sit-
ting up until the wee sma' hours, and
all other irregularities during the
coming examinations.

Miss Aden and Miss Casis spoke
for the faculty; Ruth Potts, Charlotte
Spence, and Tillie McCammon, for the
students, advocating a policy of sane
living during examination week, ex-
pressing their belief that such a pol-
icy would result in better grades gen-
erally.

The musical features of the meet-
ing were a vocal solo by Miss Edna
Lovett, and a violin solo by Miss Pan-
sy Lawhon.

An announcement was made that
Miss Addie Graham, Y. W. C. A. field
secretary, would talk at the meeting
next Monday.

NO DECISION MADE AS TO U. T. INVESTIGATION BY SENATE YESTERDAY

LATTIMORE OFFERS RESOLUTION PROVIDING FOR
PROBE, FOR WHICH SUBSTITUTE IS OFFERED AND
LATER WITHDRAWN BY DAYTON IN FAVOR
OF AMENDMENT.

VARSIITY O. K. IS DOMINATING TONE

Regardless of Methods of So Declar-
ing, Senators Make Favorable
Opinions Known.

By Roy Hawk.

By deferring final action on the con-
firmation of the men nominated by
Governor as Regents of the Univer-
sity until executive session Friday
morning at 10 o'clock, and by allow-
ing the matter of a University inves-
tigation to go over as pending busi-
ness without a final vote, the Senate
adjourned last evening at 6:30, after
a very unusual day, when the words
"University" and "Investigation"
found their way into the vocabularies
of the members of the higher legisla-
tive branch more frequently even than
has the term "the people" been ut-
tered in the House of Representa-
tives during the past week.

From the greater that there will be
no University public investigation.
The resolution offered by Senator
Lattimore, styled, Resolution 66, call-
ing for a University investigation,
was the first considered. It was this
resolution to which a substitute was
offered by Senator Dayton during the
session in the forenoon, which in sub-
stance would accept the findings of
the Board of Regents on the recent
faculty charges as a complete investi-
gation of the University, and which
would stamp the approval of the Sen-
ate on such report and findings made
by the board as a result of their in-
vestigation of the charges against the
six members of the University facul-
ty, disposing of the matter by the res
adjudicata route.

During the afternoon session, by a
vote of 20 to 9, it was voted to allow
the Senator from Cook (Senator Day-
ton) to withdraw his substitute and
insert in lieu thereof an amendment
to the original Lattimore resolution,
which provided for an investigation.
The amendment would confine the in-
vestigation to an analysis of the re-
cent nominations for regents, all of
which will be had in executive session
of the Senate.

Lattimore Wants Facts.

Senator Lattimore, the author of
Resolution 66, based his reasons for
its passage on the requests of the
Board of Regents in its last meeting,
the faculty of the University, the stu-
dents' petition, and the demand of the
Ex-Students' Association, which was
made known by a petition which was
read, signed by John L. Brady and
D. K. Woodward for the alumni.

It was stated that Dr. Vinson ad-
mits that if the University is ham-
pered as it has been during the last
eight months that it will be impossi-
ble to get capable men to fill posi-
tions as members of the faculty of the
University.

Many interruptions characterized
Senator Lattimore's stay upon the
floor. They varied from the ques-
tion by Senator Caldwell of Travis as
to whether or not the Lattimore res-
olution was prepared in consultation
with various alumni of the University,
to the interrogation of Senator Bailey
of Dewitt, who asked that if the main
charge against the University was
not the extravagant use of money?
and the assuming that such was the
case, followed the question, would
not the cure come by electing a good
Board of Regents and paying them a
good salary?

Senator Lattimore, before he final-
ly yielded the floor, stated that he
had made no personal investigation,

and he further stated that if the ex-
cessive use of money was a charge,
it would be an additional ground for
an investigation.

At this point the Dayton substi-
tute, which was withdrawn in the
afternoon by the 20 to 9 vote, was of-
fered. It was insisted that this sub-
stitute would put at rest all demands
for an investigation, as it in itself
was a final approval of the regents'
report, which was agreeable to the
Alumni Association and prepared
after consultation with Dr. Vinson.

Hudspeth for Substitute.

Following the author of the sub-
stitute was Senator Hudspeth, who
spoke in favor of the substitute. The
Senator paid a high tribute to Dr.
Vinson, and later read from the Sen-
ate Journal of Friday, February 16,
page 580, quoting from the questions
by Senator Page and answers by Dr.
Vinson as follows:

Page: "If the Governor appears
before this committee and is
satisfied, do you think then it would
be necessary for us to go into this
investigation? That probably Dr. Clark
wrote a hot-headed letter he ought
never to have written. That such in-
vestigation as we ought to hold would
be to investigate character and fit-
ness of men Governor has named for
Board of Regents, we ought to in-
vestigate so as to find out from them
whether they have made any pledges
to the Governor as to their course on
the Board of Regents; that this is the
sort of investigation we ought to
have?"

Vinson: "I will say if investigation
held by Board of Regents and con-
clusions arrived at by board is to be re-
garded as a matter settled finally; if
Senate will make such investigation of
men appointed as to guarantee that it
will be considered as matters already
settled, so far as your investigation
can do, if this is done and by so do-
ing the University's name before the
people of Texas as an honorable one
and its integrity as being without
question, no further investigation of
these matters will be needed at all."

Senator Hudspeth contended that
no good had ever come from an in-
vestigation in the Capitol, and argued
that the adoption of the substitute
would amount to clearing the name of
the University before the people. The
Senator from El Paso urged that con-
sideration of such be hurried and
that the Senate get down to legisla-
tive business, as it had gone practi-
cally forty days with little accomplish-
ment in the way of constructive legisla-
tion.

It was at this point in the discus-
sion that Senator McNeal insisted
that an investigation, where the facts
were found, would be the best money-
spending act the Senate could have.
The Senator from Dallas said that
when he came to the Senate this ses-
sion he did not favor the investiga-
tion, but that now he was in favor of
Senator Lattimore's original resolu-
tion, and that rather than wait two
years and investigate after the hap-
penings of certain events, he wanted
an investigation now.

After many side discussions, the
Senate, at 12:30, recessed until 2 p.
m. It was at the beginning of the
afternoon session that Senator Page
offered his amendment, after the
Senate gave him permission to with-
draw his substitute.

Gibson Compliments Battle.

Senator Gibson, who had attempted
to speak in the forenoon, but was
yielded in favor of the Senator from
Dallas, gained the floor. He urged
that the University of Texas was all

THE VERDICT.

Although there was no decision that would make an investigation possible, there was a prevailing complimentary tone in the Senate yesterday toward the University, which, if published over the State, cannot but help clarify the situation to some extent. With the circulation of unproved rumors continuing, there was a demand for some sort of refutation, which in a way was given practically by every member of the Texas Senate who spoke on the situation yesterday.

Although there was a multiplicity of opinions as to the method that should be adopted in discounting the reputation of the University, there were few, if there was, nothing in their state, wrong at the University at this time or at times within the last two years.

"We all make mistakes," "We are all human," and other statements of the same nature were voiced. One Senator stated that mistakes had been made by interference in the University, while on the other hand, some good had been accomplished. At the conclusion of such remarks as these it was emphasized, almost without exception, that the Board of Regents, in their investigation, had vindicated every member of the faculty charged by the Governor, and that the board acted wisely in so doing.

In commenting on the doings of the University faculty, Senator Gibson, in stating that he did not believe that an investigation was necessary, said: "I don't think there is a more honest man living than Dr. Battle," one of the six faculty members who was exonerated by the board in its investigation.

There was an unusually friendly feeling expressed throughout the entire discussion of the proposed investigation toward the University, with a possible exception. Dr. Vinson was highly complimented, the faculty was praised for the work accomplished, and more than three hours of the Senate's time was consumed for the institution's good before the body went into executive session.

As examples of the friendly feeling toward the institution, it was made known by some who opposed the investigation that they favored extremely liberal appropriations in the future, and that although there were minor difference regarding the methods of letting the people know, there was NOTHING WRONG WITH THE UNIVERSITY AS A WHOLE, every representative of the people was for doing that which would tend to upbuild the institution.

Daily Column
J. F. H.

SWAN SONG.

I have tried with a mind warped and bitter,
With a pen that is stumbling and lame,
To hold in full view, things amusing in you,
If I have, I am proud of the same.

Yet I know that I often was pointless,
That I lacked the essential "technique,"
But I gave what I had, and if you found it bad,
The reason is not far to seek.

For I always knew well it was rotten,
I could never take honors at rhyme,
But the space was my own, to be filled with a "pome,"
And I did what I could in the time.

I have judged of myself by your standards,
By the sneer that I got, or the smile,
And I know when I'm through, so I bid you adieu,
The column will rest for a while.

CHAPEL NOTICE.

The song service yesterday was well attended and much enjoyed. The scripture reading was on the theme of deliverance from fear. "I will bless the Lord at all times; his praise shall be continually in my mouth. O fear the Lord, ye his saints; for there is no want to them that fear him. Keep thy tongue from evil, and thy lips from speaking guile; depart from evil and do good; seek peace, and pursue it." Dr. Manning closed the meeting with a brief prayer.

Beginning this morning Mr. Dew, the Baptist evangelist, will have charge of the services for the week. His wife will assist with her melodious singing. Let's give them a rousing welcome.

These rambling remarks will all be summarized in a few words: Even though there is no public investigation, based on the rumors, the highest body of our legislative branch of government has voted its approval on the actions of the University faculty and Board of Regents in the past, and have gone on record as saying that there is nothing wrong with the institution, which, if transmitted to their constituents, will answer the same purpose as a thorough investigation—namely—that the people of Texas are having their central educational institution run on a business basis by competent persons who will safeguard the interests of everyone.

From the telegraph reports of the A. & M.-Rice game we see that there are other institutions who, like us, experience difficulty with athletic referees. Why would it not be in order at this time—before it is too late—to inject some new blood into our athletic program for next year. Let's have some new officials for our games next season, especially on the football field.

If history repeats itself there will be calls for other investigations if the Freshman president does not reach the dance Thursday.

Enjoy life this week, especially the holiday.

EAT.

Everything good eat at the Longhorn Cafe. Open day and night. Ladies invited. We deliver close in. Phone 4503. 3-10

CACTUS NOTICE.

SPORT FLASHES.
Ed Angly.

A. G. Spaulding & Co., has asked for the pictures of Dittmar, Carlton, and Trabue to put in their next year's rule book. These men were selected by Joe Utag, formerly of A. & M., for the All-Southwestern team.

The annual Southwestern Conference tennis meet will be held in Austin May 17-18. Teams from Arkansas, Oklahoma, Baylor, Southwestern, A. & M., and Texas will be entered in the meet.

Arrangements have been made for a triangular gymnasium meet between Oklahoma A. & M. and Texas. The date has not been set yet. There will probably be a wrestling match at Stillwater early in March.

J. Burton Rix of Southwestern will officiate in the four A. & M. basketball games. Rix will be remembered as the man who refereed nearly all the Longhorn football games last season.

SENIORS DOWN SOPHOMORES.

The Seniors won their fourth basketball game Monday, when they barely nosed out ahead of the Sophomores in a 21-20 calibre contest. Three times the score was tied. But the Sophomores never took the lead except at the opening of the curtains, when Gray, forward, drew first blood.

Although it was Trask's guarding that saved the game in the last half, nevertheless Holman and Powell pitched the Seniors out of several close places in the initial frame, when the score was near equipoise, and Ellingwood did the same thing in the second stanza.

Gray was easily the pick of the Sophomore team, though Baldwin and Bering did good work. Both teams worked pretty well as a unit.

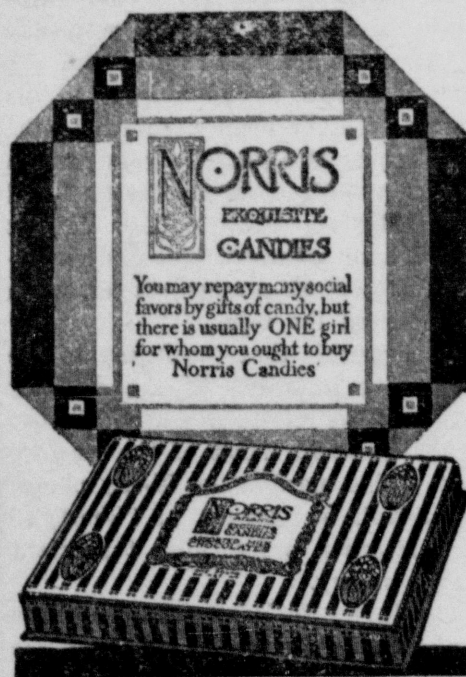

The only other game the Seniors have to play will be with the Juniors next Monday. As far as the inter-class basketball pennant is concerned, the fourth-year men are practically as safe as was Hannibal in the rocky peninsula of Bruttium.

Goals—Seniors, Ellingwood 4 and 1 foul goal, Powell 3, Holman 2, Trask 1; Sophomores, Waits 2, Gray 5, Baldwin 3.

Sophomores, Waits, Baldwin, Gray, Johnson, Bering.

The Epworth League of the Methodist Church entertained Tuesday evening at 8 o'clock at the church with a George Washington social.

The Arrowheads will give their annual dance at the Country Club next Thursday night.

SOCIETY

"Prather Hayes Brown and Miss Louise Muse, daughter of Judge and Mrs. J. C. Muse, were married Thursday afternoon at the Church of the Incarnation, Harwood Street and McKinney Avenue, the Rev. Charlie Clingham, rector, officiating. About 300 persons were present.

"The Dallas Concert Choir, of which the contracting parties were members, gave the bridal chimes from 'Rose Maiden' and David L. Ormesher sang the wedding song. Mr. and Mrs. Brown went on a wedding trip immediately after the service. They will be at home at 6509 Tremont Street. Mr. Brown is a former president of the Dallas chapter of the Sigma Theta Fraternity, the members of which gave the couple an appropriate farewell."—Dallas News.

Mrs. Brown was a Freshman in the University last year and a pledge of the Kappa Kappa Gamma Sorority.

Mrs. Phillpot of Dallas, who was Miss Mary Bachman, a former student of the University, visited here Saturday.

Mrs. Woodson a prominent club woman of Waco, visited the University Saturday.

Dr. and Mrs. Manning were at home to the girls of Dr. Manning's Sunday school class Monday night. The evening was spent in making candy. About twenty-five girls were present.

Miss Nannie Stewart is ill with la grippe at the Austin Sanitarium.

William E. Sayle, '03, attorney at law in Commerce, Texas, spent Monday and Tuesday with Nathaniel Jacks at the Alpha Tau Omega House. Mr. Sayle was in the city on corporation business.

Clarence Lilly of Devine, Texas, is back in school, after an absence of several days. He was called to the bedside of his father, who was seriously ill with a contracted case of la grippe.

Miss Pearl Zilker has returned from San Antonio.

Miss Imola Link of Houston will be a guest at the Pi Beta phi House to attend the Arrowhead dance.

Miss Mae Sims of McKinney arrived yesterday to be at the Pi Beta Phi House for a week.

Miss Helen Taylor has returned

Bone Dry.

There is a petition on foot at the University of Purdue for every student to sign, which will be sent to the State Legislature asking them to vote for the State-wide prohibition bill. Two copies are being made, and one will be sent to the House and one to the Senate. It is an assured fact that almost all of the student body will ask for a dusty State and better schools.

Busting J. A.'s

Here is something that we regret to see in another college paper. It comes from the University of Seawane: "Grades from the Law Department of the University of Texas show that nearly thirty per cent of the Junior Law students are failing to make their work." The paper then goes on to ponder as to whose fault it is, when there is such a heavy mortality among such sober advanced students as Law students always are. We have also pondered that question.

Laundry and Heat.

It is rather cold at the University of Iowa. Yes, rather. The University heating palace is running at full blast. Thirty men, divided into three groups, are working eight hours to the group. They shovel coal to the amount of over ninety tons a day. On account of the breaking of one of the arches in one of the boilers it was necessary to connect the four boilers of the laundry plant with the heating apparatus.

As a Warning.

Despondency, caused by being placed on probation and not being able to catch up with the unreasonable work which was placed on him, caused Louis Clements, a Sophomore student at the University of Illinois, to shoot himself through the heart with a thirty-eight calibre pistol. He had written several letters, among them one which told his parents that he had done his best, but because of several forced absences he fell behind, and the profs showed him no mercy.

Spittoon Found at Last.

(Special by telegram to the Inter-collegiate Notes from a last year's student at Texas, who is now in S. M. U).—"Long lost poular alumnus accounted for. 'Spittoon,' Bachelor of Campus Arts, Class '16, was observed in Dallas promenading down Elm Street accompanied by an uneducated little blonde canine. His name is now changed to Amicus Canine Sutton.

Cornell Shortens Races.

The Varsity races at Cornell have been shortened from four to three miles. The shortening comes as a result of requests from other colleges, which state that the four-mile course is too long.

Checkers By Wireless.

Arrangements are now being made for playing a checker tournament by wireless between Michigan and Ohio State. Both of these institutions have good wireless stations, and should be able to carry on the tournament with ease.

from Dallas, where she was a guest of Miss Annie English.

Ned Holland will arrive today to attend the Arrowhead dance.

Mrs. Green of Yoakum has been the guest of her daughter, Tessye, who is attending the University.

NO DECISION MADE AS TO U. T. INVESTIGATION BY SENATE YESTERDAY

(Continued from page 1)

right, and that no investigation was needed. He said that the Governor had made some mistakes in connection with the University, while on the other hand, he had done some good things. The Senator expressed his belief that the faculty of the University was satisfactory to him, and in addition, declared that he knew of no more honest man than Dr. W. J. Battle. Senator Gibson expressed his desire to see the University prosper, his willingness to support liberal appropriations, and while he stated that he was not lining up with anyone in the matter, he said that if an alignment was made he would be with those from the University. The Senator urged that if the Senate was not satisfied with the regents nominated they could voice their sentiments in executive session. He closed by expressing the belief that the regents did the right thing in their recent investigation, and that he would be willing to consider their attitude of the newly nominated members of the board before their confirmation.

Dayton Wants Harmony.

Senator Dayton, in speaking for his substitute, stated that he was for anything that would bring harmony and settle the proposition so far as the University was concerned. After objection was made that his second proposal was an amendment rather than a substitute for the original Latimore resolution, followed by side remarks, the Senator was emphatic in his request for the members to criticize him rather than the University. Time, twice extended, had expired at this time, and the Senate at 3 o'clock went into executive session to consider the confirmation of certain nominees, leaving the University investigation original resolution and amendment as pending business, which will probably be called up again today.

DR. ELIOT TO TALK.

Next Sunday morning the local Unitarian Society will be addressed by Dr. Samuel A. Eliot of Cambridge, Mass., the president of the American Unitarian Association. The place of meeting will be announced later. Dr. Eliot is on his way to the Pacific Coast in connection with the work of the Indian Bureau. Friday evening the Harvard Club of the University will give a smoker at the University Club in his honor. Dr. Eliot is the son of Emeritus President Eliot of Harvard, and besides is well known among Harvard men everywhere. The Unitarian Society will entertain for him Saturday night at the home of Miss Mary E. Goff.

MANY FROSH OUT AT DISCH'S CALL

Tryouts Continued Today—Good Material Showing Up—"Bib" Faulk to Be Among Pitchers.

Thirty Freshmen answered the call to the diamond yesterday afternoon and reported for the initial workout of the men who are to compose the '20 team, and Varsity nines of the future. This afternoon the Longhorns will be given a layoff, and Mr. Disch will give the entire time from 2 to 6:30 o'clock to the Freshmen. He desires that every Froshie who has, or thinks he has, any ability at all in baseball, report on Clark Field sometime this afternoon, even if his classes prevent him from donning a uniform until after 5 o'clock.

Two Freshmen pitchers, Holt and Cook, have been in uniform since the Varsity team took its first workout. This pair have been showing some good stuff, and it looks like the Freshman team will have a good hurling staff.

Moore is another first-year man who has been putting up a good exhibition in recent workouts. But Disch's fondest hopes are wrapped up in "Bib" Faulk, who has just finished Austin High School, and who will enter the University in the spring term. Faulk is a southpaw pitcher of a caliber far superior to that usually seen on prep school nines.

Because of the fact that Freshmen are ineligible for the Varsity team, a good schedule of games with academies and minor colleges is being arranged for the Froshies. It is intended to arrange about fifteen games for their team.

NEW TENNIS COURTS BACK OF GIRLS' GYM ALMOST COMPLETE

The three new tennis courts that are being built for the girls are almost completed. These courts are located back of the girls' gym, and will be among the best on the campus. Even in their present state they give promise of the many delightful games that will be played on them.

There are a great many enthusiastic tennis players among the co-eds, who are looking forward to the tennis tournament, which will begin about April 1. The order of the games and the contestants will be de-

OFFICIAL NOTICES

JOURNALISTS—Let me urge all students in the School of Journalism to attend the lectures at the "Y." The motion picture tonight at "K" Hall will be found entertaining. Silas B. Ragsdale, President.

SENIORS—The German examinations that were to be given on Wednesday from 4 to 5 will be held in room 209. Mr. Munzinger.

THE PENTAGRAM—The Pentagram will meet today at 5 o'clock in room 18. Dr. Goldie P. Horton of the Mathematics Department will address the meeting on the subject, "Point-sets."

THE following students are requested to call at once at the office of the dean of the College of Arts: Wm. A. Aubrey, M. A. Baldwin, Edmond Cotham, F. G. Dickson, W. H. Doom, J. McReynolds, J. H. Maxwell, J. Maxey Moore, H. A. N. Mosley, P. S. Omohundro, Alma Piland, W. S. Race, W. P. Tolbert, Pauline Tittle, J. A. Ware, H. Y. Benedict.

EDUCATION 22—Education 22, which is scheduled to meet Thursday at 3:30 and which was interfered with last week by the half-holiday, is asked to meet this week on Friday at 3:30. L. W. Sackett.

terminated in the usual way, by drawing, and three T's will be awarded, two to the winners of the doubles and one to the winner of the singles. Tennis is one of the most popular forms of athletics among the girls.

MOVING PICTURE FREE.

The motion picture, "The Making of a Magazine," which will be given at "K" Hall tonight as scheduled on the program for Newspaper Week, will be free to students. Will H. Mayes, chairman of the School of Journalism, says that all of the lectures are open to students, it being his desire that the speakers do all the good possible.

FROSH PREXY SEEN.

Excitement was at a high pitch late yesterday evening when two Freshmen reported to their fellow classmates that they had seen Bachman Greer, the Frosh president, who is supposed to have been kidnapped, peering out of a window in the upper story of his frat house. While they were looking at him he was pulled away from the window.

MARCH 2 CELEBRATION.

Plans are being gradually formulated for the celebration to be held March 2. The place of holding the celebration has not been definitely decided upon, however, there will be a general procession to the place of holding the exercises.

The Declaration of Independence of the Republic of Texas will be read by Ward B. Powell, secretary of the Students' Association. Chas. I. Francis will deliver the students' address, and Dr. George C. Butte the faculty address. Raymond Myers, president of the Students' Association, will preside. The band will furnish music for the occasion. The program will be short and interesting, and will be immediately followed by the annual pushball contest between the Freshmen and Sophomores on Clark Field.

The Musicians' Union will give a ball on Friday night, February 23, at K. C. Hall, commencing at 9 o'clock. Very large orchestra. Admission 50 cents at the door, ladies free. Don't forget the date.

2-23 THE COMMITTEE.

Is the merchant that you are trading with advertising in The Texan?

Miss Johnnie Thompson has returned home, after having been the guest of Misses Fisher and Winnie Dodson.

Miss Ruth Smith will be the guest at the Pi Beta Phi House this week.
