Dr. F. E. Turner
Department of Geology
A. & M. College
College Station, Texas

Dear Turner :

Most of the younger geologists of the department have left for military service as instructors in the Army Air Corps, that is, the same position that you applied for. Bell has left recently for San Antonio. I believe it would be advisable for you to get in touch with Bell to find out what the procedure was that landed him in the Army. You may reach him through the following address: Dr. Charles W. Bell, 503 West 29th Street, Austin.

Cordially yours,

H. B. Stenzel
