Dear Mr. Bennett,

Both your letter & Lucia
arrived to-day (I really had
few hopes you'd see that P. S.)

For your "alphabet" - I still
haven't had the mental
energy to get to it. But if you
think it better than the
other, don't let other consider-
ation stop you from using it.
Most people haven't seen your
first - but once you publish
officially, it will be hard to change.

By the way - I suggested
your name to Classical
Rhetology to review George's
"decipherment". I'd already
promised Language.

As for the "rejection" I
know but too well what
you mean. I've got the same
problem.
