

RALLY FEATURED BY LIVELY TALKS TO DOWN SOONERS

Dr. Schoch and Judge Brady Recall Old Football Days—Glee Club Also Performs.

The campaign against the Sooners was launched in the new gym last night with a vengeance. The old fighting spirit which has been sizzling for a week came to a boiling point in a way that speaks for a fight to the finish today. An overflow crowd was present.

Dr. Schoch opened the battle with a gas attack, greatly aiding the morale of the gang. The band opened up with several lively offerings. Judge Brady of Austin was called upon to speak and recalled the good old days when the student body used to go on football trips and "wouldn't come home till morning."

The Glee Club scored a hit in two well chosen selections. Bill Collins dropped a bomb into the crowd in the form of a brand new kind of yelling, the best heard so far this season. The gang went "over the top" singing "The Eyes of Texas." The enemy's line has been penetrated as far as Dallas and the countercharge is to be repulsed today.

Y. W. C. A. RAISES TOTAL OF \$1500 IN CAMPAIGN WHICH CLOSES SOON

The result of the Y. W. C. A. financial campaign up to date is:

Infantry, Jennie White, \$177.25; Cavalry, Mab Harrison, \$90; Ambulance, Frances Thompson, \$162.25; Aviators, Eula Whitehouse, \$113; Marine, Margaret Sutherland, \$170.25; Artiller, Alta Heflin, \$213; Faculty, Dr. Mather, \$377.50; Advisory Board, Miss Thornton, \$150. Total, \$1453.25.

It may be interesting to know that out of the 819 girls in the University, 452 have been seen, but only 344 have pledged; 367 are yet to be given a chance to contribute their part. The Cabinet has organized itself into a committee to see the remaining 367. When the budget is raised, the final report will be given.

WENDELL MAYES TO DALLAS TO RELIEVE STATE FAIR EDITOR

Wendell Mayes left last night for Dallas to take charge of the State Fair edition of The Daily Texan, relieving Silas B. Ragsdale, who has been editing The Dallas Texan since its first issue last Saturday.

While Ragsdale has been in Dallas, Mayes has had charge of the editorial columns of the Austin edition of The Texan, as well as sending the University news to Dallas for publication in The Dallas Texan. He will remain in Dallas until the close of the State Fair, as editor of The Dallas Texan.

ATHENAEUM SETS PROGRAM.

The program for the next meeting of the Athenaeum Society was planned as follows:

Resolved, That compulsory military training should be adopted in the University of Texas. Affirmative, Beard, Harrison; negative, Granberry, Edmonds.

Weekly, by J. L. Kerr.

Declaration by Warlick.

Brown and McGee were elected into the club at its last meeting.

INVITES H. E. GIRLS.

Mrs. J. H. Landrum of the Home Economics division of the State Department of Agriculture wishes to meet all of her club girls and girls of her club town in attendance at the University in a meeting this afternoon from 5 to 5:30, Room 158. An entertainment will be in store for those present.

A FAVORITE "SKIT."

With the girls, this is a favorite skit: "If you want to do your bit, Why just knit."

SPEAKERS' CLUB TO MEET MONDAY

Question of Frosh Cap Enforcement to be Debated by Sophs and Freshmen.

The Speakers' Club will meet at 7:30 on Monday night, October 22, instead of Tuesday night, as heretofore. At the last meeting the club elected eleven new members, who were interested in high school literary societies before coming to the University, and the Speakers' Club expects good results from them.

The following program will be given Monday night:

Debate—Resolved, That all Freshmen should be required to wear Freshman caps. Affirmative, John Seale and Ellis Bonnet; negative, Charlie Cates and M. J. Rosenfield.

Declamation, Richard Walraven.

The program for Monday night, October 29, will be as follows:

Debate—Resolved, That Argentina should declare war upon Germany on account of the Luxburg incident. Affirmative, Arthur Collins and Townes Harris; Negative, Vernon Hill and Dan Kelley.

Declamation, Liston Zander.

MANY GRADUATES APPLY FOR DEGREES

Number Reaches Fifty-Four Who Apply for Their M. A. Degrees.

There are fifty-four graduate students now enrolled. Of these almost half obtained their B. A. degree in another University. Some are candidates for the M. A. degree, while others have gone beyond and are working towards the Ph. D. As yet there are no Ph. D. candidates announced for next June. Owing to the fact that the aspirant does not become a candidate until the completion of his thesis.

However, the graduate student working towards an M. A. becomes a candidate on registering. The list up to date of those expecting to receive their M. A. in June, 1918, are as follows:

William Henry Adamson, John Lowry Bagwell, James Austin Barnes, Mary Ellen Billing, William Dixon Bond, Theophil Frederick Buehrer, Israel H. Chasman, Sarah Lewis Carol Clapp, Roxie Clark, Mrs. James Frank Dobie, Daniel Joseph Glenney, Robert Cabaniss Goodwin, Charles Adams Glick, William Thomas Homer, Joseph Hegar, Jesse Wilson Hodges, Mrs. Bella Shaffer Marshall, Danel Edander McArthur, Lawrence Edward McCarty, Eugene Oliver, Rev. Gideon Carl Olson, Mildred Paxton, Franklin Embry Poindexter, Hugh Porter, Margaret Pryor, Preasley Jackson Rutledge, Mary Louise Sandefer, Elmer Richard Sims, Sallie Everett Sloan, Frances Ballamy Taylor.

AUSTIN WOMEN ARE INVITED TO ATTEND HOME ECO. CLASSES

An unusual opportunity is offered the housewives of Austin to better equip themselves for valuable assistance in the food conservation campaign which is now being waged in behalf of the great war. The Department of Home Economics of the University of Texas is prepared to accommodate immediately a limited number of Austin women in a special course of training in menu making and other important features of domestic economy.

This course will run for eight weeks, and will be divided into three sections, each section to accommodate about twenty-four students. It is urged by Miss Jennie Bess Bear, instructor in Home Economics of the University, that all who desire to take this course of study, register immediately.

JUNIORS ELECT CAPTAIN.

At the first get-together meeting of the Junior basketball girls yesterday afternoon, Linda Lancaster was unanimously re-elected captain. Opal Porter was elected assistant captain, and with these two enthusiastic girls at their head, the Juniors are looking forward to a successful year. Very few old girls of last year's team are back, but a few new ones have come forward and more are expected. All Junior girls interested will give their names to the captain at once, so that real practice can begin immediately.

RED CROSS TRIES TO GET CHARTER

University Girls Petition for Branch of Austin Chapter—Officers Are Elected.

The University Red Cross, just organized this year, has sent in a petition for a charter as a branch of the Austin chapter. Miss Elise Bumpass of Terrell has been elected chairman, Miss Ruth Stocking of Clarendon, secretary, and Miss Agnes Doran of Dallas, treasurer.

As a result of the membership campaign held on Monday and Tuesday of this week, \$209.50 has been raised, while \$50 more has been promised by November 1. One-half of the fund raised will go to the National headquarters and the other half is to be spent for materials and supplies.

The present membership of the Red Cross totals about 185. Sixty more girls, in addition, are to be transferred from the local chapter in order that they may get more benefit from the Red Cross classes to be held soon.

Classes are now being organized in knitting, rolling bandages and cutting and sewing hospital garments. Teachers will be obtained to take charge of the various classes. Attendance is not limited to membership, and any one interested may come.

Owing to the crowded conditions at the University at present, permanent headquarters have not been obtained for the Red Cross. However, the new organization is now using the Y. W. C. A. room for its work two afternoons a week in the sewing classes. The knitting class meets only once a week, for much of the work can be done on the outside. The girls are now making hospital socks, and will later make and fill comfort bags. A permanent room for the Red Cross will be obtained early in the winter. Classes will then be held every afternoon, and the girls may come in at any time during the day.

All of the University girls seem anxious to do their "bit" for the war, and plans for the Red Cross are progressing rapidly. It is probable that a play will be given some time during the winter term to help raise money. The organization has already sent for the play, and Miss Leta Skiles has been appointed manager.

FELLOWSHIPS AND SCHOLARSHIPS ARE OPEN TO STUDENTS

New fellows and scholars will not be announced until November 1st.

Any student in the Senior class or in the Graduate Department who desires to apply for a University scholarship or fellowship, should go to the Registrar and obtain a blank. This should be filled out and filed with Dean Harper of the Graduate Department not later than Saturday, October 27.

Fellowships are open to Graduate students only; scholarships to Seniors only. Both are awarded strictly on merit to students of high grade and meritorious standing either here or in another University.

It is not possible to hold a fellowship or scholarship at the same time holding an assistantship.

FROSH ELECT OFFICERS.

Walraven of Dallas Made President, and Mary Johns Vice-President

The Freshmen did not show much interest in the first class meeting, which was held on Thursday afternoon at 3 o'clock in the Law auditorium. There were only about thirty-five present. V. P. Lee, president of the Students' Association, presided over the meeting until a president was elected. The officers for the fall term were elected. Richard Walraven of Dallas was elected president; Mary Johns of Austin was elected vice-president, and Helen Mather of Austin, secretary. Pete Smith of Austin was elected Sergeant-at-arms without opposition.

LATTIMER SUCCEEDS CROSSMAN

In the absence of Jerome Crossman, who was called to Dallas to speak in the interest of Liberty Bonds, Steve Lattimer of El Paso is acting quizmaster in the Law Department.

Mr. Potts of the department received a letter from Jerome, in which the latter states that he is very busy in his work. He says that the Eleventh District of the Federal Reserve Bank system is facing a tremendous problem at this time.

DEBATES ARRANGED WITH THREE TEAMS

Two Triangular Leagues May be Formed, With Utah Added to Colorado, This Year.

As is the case with nearly all other student activities, the University must depend on raw material for practically all the Varsity debaters. Only three old men are back, Jerome Crossman, Jack Blalock, and Earnest May. Crossman is the only one of these three who was actually a team-mate, since the other two were alternatives. At least three teams will be required, and possibly four. Prof. E. D. Shurter said that as yet it was too early to tell the number of tryouts there would be for the teams.

The general subject for the Missouri-Oklahoma-Texas Triangular League debate is the Compulsory Arbitration of Labor Disputes. The exact wording of the question has not been decided. This subject will be used by the tryouts for the intercollegiate teams.

Another debate scheduled for this year is the one with Colorado. An attempt is being made to bring Utah in on this debate, and make another triangular league. Utah has not been heard from about this matter. The subject for these debates has not been decided.

MANY APPLICANTS OUT FOR CACTUS

Cartoonists, Photographers, Etc., Will be Chosen This Fall on Cactus Staff.

Harold Moore, editor of the grind section of the Cactus, in order to determine the number of geni available for that section, called a meeting of the tryouts Thursday afternoon. The office was stormed by applicants for the jazz end of the annual. A host of co-eds, far outnumbering the "edies," bombarded the office in the English Channel.

From this number, Moore has to select by the end of the term two cartoonists, two photographers, one decorator, and one secret service worker. These will be chosen according to the class of work they hand in during the fall term.

PROGRAM FOR RUSK

Monroe Doctrine to be Debated New Members are Welcome to Meeting.

The following program will be given by the Rusk Literary Society on Saturday night:

Declamation, Judson Francis.

Extempore speech, W. C. Gowen.

Debate—Resolved, That the Monroe Doctrine should be abandoned by this Government as a Latin-American policy. Affirmative, W. D. Ball, C. A. Poindexter, and N. G. White; negative, H. W. Strassberger, R. S. Carney, and C. D. Odell.

New men are cordially invited to attend the meeting. The Rusk wishes to say that, on account of the loss of many old members, membership is now open to all.

Sometime within the near future the Rusk will have open house. Each member will be allowed to invite one co-ed, and an extraordinary entertainment will be given.

CHEMISTRY CLUB HOLDS FIRST MEETING AND ELECTS OFFICERS

The Chemistry Club held its first meeting of the year last Saturday, with Dr. Schoch as the speaker of the evening. His subject was "Glimpses of Recent Chemical Exhibitions in New York City." Dr. Schoch spoke at great length and drew very enthusiastic over the exhibits. Texas was represented in one or two of them.

The present officers of the club were elected at the end of last year term, and are: T. E. Phipps, president; Roxie Clark, secretary; T. F. Buehrer, treasurer. At the meeting Saturday T. W. Ray, R. S. Taylor, and H. L. Lochte were appointed on the program committee, and W. T. Reed, R. G. Upton, and L. T. Fahrenthold on the social committee. The next meeting will be Saturday, November 3, but the program has not yet been made out.

RIFLE CLUB TO MEET TUESDAY

Special Opportunity Offered to Students for Rifle Practice—Government Behind Work.

The University Rifle Club is to begin work in a very few days. It is a club which is conducted under the auspices of the War Department for the express purpose of teaching men to shoot who do not know how. At present the club has fifteen rifles and six thousand rounds of ammunition. This enough to last for the entire year, even if the Government cannot furnish any more.

The Government issued one hundred and twenty rounds of ammunition free to each member and a gun is furnished to each five men. When a man joins he gets his one hundred and twenty rounds of ammunition and the use of a gun. The dues for the club are very insignificant in comparison to the vast amount of benefit derived from the work. They are only \$2.75 for the first year. For the last two years matches have been held with other schools. Last year the matches were called off because practically the entire membership went to Leon Springs. Matches were held with Georgia Tech., Oklahoma A. & M., and two with the Alamo Rifle Club of San Antonio.

Qualified "T's" are given to men who shoot in a majority of matches. Also men who qualify as marksmen, sharpshooters, and experts are given lapel buttons to show their grade. Any man who practices consistently is almost certain to get one of these. The first meeting for reorganization will be held at the Y. M. C. A. Tuesday evening at 7:30 o'clock. All men who are interested are invited to come. G. M. Merrill, last year's president, will preside over the meeting.

FORMER TEXAS GRID STAR EXPECTS SOON TO SEE FOREIGN SERVICE

Gillis Johnson, right tackle on Varsity eleven of 1917 and a graduate of the University of Texas last year, returned here Wednesday from Paris Island, S. C., where he received the commission of second lieutenant in the United States Marines. Johnson, who was in training at Paris Island for three months, stood seventh in grades in a class of 600, only eighty being commissioned.

Johnson held the heavyweight wrestling championship during his last year and was declared by Athletic Manager Theo. Bellmont, the strongest all-round man in the University. He is visiting his parents, Mr. and Mrs. Robert G. Johnson, Texas and Lake Streets, and will report for duty at Washington, D. C., October 26. He expects to see actual service within a month.—Ft. Worth Record.

COFER LAW SOCIETY ELECTS.

The Cofer Law Society met in the Practice Court Room in the basement of the Law Building, at 7:30 Thursday night. The following officers were elected: W. O. Slater, president; N. H. Davis, vice-president; T. J. Stovall, clerk; M. E. Nutt, reporter, and Lander sheriff.

Many plans for the year's work were discussed. The number of members was greatly diminished by the war, but with the new men elected to membership, the society will not be handicapped in this respect. Work on practice cases begin in earnest next Thursday night, at which time Senator Cofer will preside.

The following named men were elected to membership: Hedick, Carney, McGee, Bryan, Beall, Fountain, Sames, Rawlins, Gunter, Damon, Stovall, Nutt, Lander, S. W. Davis, and Guenther.

NOTICE, TEXAN WORKERS.

Many of our staff workers have gone to the Dallas Fair and so no regular staff will work today. Blank assignments will be made out by the managing editor and posted in the Texan office by 9 a. m. this morning. Every Texan staff worker who desires to help us out in this unusual situation, come around and check an assignment.

LONGHORNS READY FOR ANNUAL GAME WITH SOONERS

Changes in the Lineup of Texas Team may Counteract Tricky Plays of Oklahoma Eleven.

By Otis Miller.
The stage of the big Texas-Oklahoma game has been set. All preparations have been made, and the two teams are in readiness, waiting for the time of the game.

The one big attraction of today's Fair will be the Longhorn-Sooner clash at the Athletic Grounds. One of the largest crowds in the history of this annual Texas-Oklahoma game is expected. The Orange and White floating over the stands of Texas rooters will reflect back the White and Cardinal Red of the Sooners' backers, while in between and hedged all round the myriad fans of the game will arrange themselves to witness the staging of this classic and historic battle.

The weather, if it continues cool, will help to make the game a fast and snappy one. By trouncing Texas, Oklahoma hopes to assuage the sting which Illinois put into her football flesh. The Sooners of *Benny* are coming with blood in their eyes to wipe out the disgrace of last year's defeat at the hands of Texas. This has been ranking in her system for a whole year now, and is an old score which she thinks must be settled. And the Longhorns will have to play up to the usual Texas standard if they are able to stem the drive of the Sooners and stage an onslaught before which the Oklahoma team will crumble in defeat.

The Sooners are reputed to have an endless round of new and tricky plays, fast in their operation and hard for the opposing team to solve at the first offering. Their backfield gets off with a burst of speed that makes their plays hard to break up. The whole Sooner team gets on the line with a rush, and the play is called and the team is in action hardly before one realizes it. This is the report coming from Illinois. However, the Longhorns have been put through daily drill for the last two weeks to train them in the art of musing up just such a style of play as this. Moreover, the Longhorns have quite a few new plays and defensive formations tucked away under their football sleeve which no doubt will be uncovered at the psychological moment to gain the necessary ground or to nip in the bud the crafty subterfuges of the Sooners.

Both teams will probably at first resort to a running style of game. If neither team can make headway against the other's lines, both reported to be of equal strength, the aerial style of game will no doubt be resorted to. However, Oklahoma will first try to put her fast backfield through the line and to send her speedy ends around the Longhorn wings; failing in this, she will, in all probability resort to the overland route which she used almost constantly against Illinois when she found out that the firm Illinois line would not give way. The Sooners completed twenty passes against the Illinois team.

The Longhorns have become expert in the handling of the aerial style of game. Big Smythe and Homer Waits are exceedingly accurate in their passing. All the men eligible for receiving passes have been coached as to the quickest and fastest way of getting down the field, so that Texas ought to work the overland route successfully should she have to resort mainly to this style of game.

In her running game Oklahoma uses mainly end runs and brush-end runs by her halves, at times sending Davis, the hard-hitting fullback through the line. The stars for Oklahoma are expected to be Durant, the Indian, at right end, and Abbot and Graham at left and right half, respectively. Davis' fullback is also touted as a hard man to stop. Gratham is reckoned as a fierce punter, and lived up to his reputation in the Illinois game, puncturing the Illinois line at frequent intervals, though not for formidable gains. Davis, the fullback, does the kicking for the Sooners, averaging about thirty yards. This is about on the average with the Texas kickers.

The stars for Texas will probably be Pete Smith, Hamilton, Louie Smythe and Waits. Graves and Moore are expected to be heard from at ends. "Rats" Trabue will not be able to get into the game on account of injuries. Penn may distinguish him-

YES, "DALLAS OR BUST."

From the Oklahoma Daily comes the cry, "Dallas or Bust," in an editorial with the same heading. The expression from our Oklahoma contemporary is all that we could desire from a rival institution, and is boosting their own team, the editor takes time to compliment Texas and the Longhorns on their sportsmanship. Might we not all, without seeming to merely be saying nice things in return, that our relations with Oklahoma have always been the most pleasant, and that we approve of every word of the editorial except the prediction of the result of today's game? The editorial follows:

Dallas or bust!

For years this has been the war cry of Sooner gridsters as they made up in their war paint for the annual hunt of the Texas Longhorn.

And now comes the cry again.

Texas, as usual, will probably echo back, "After the game it'll be home busted," but we remember when it wasn't this way, and we're enthusiastic enough to know that the Sooners will bring home another longhorn this time.

Texas is our best friend. She stands for clean sportsmanship like we've been taught to believe in. But it can't be helped—it is inevitable that she must go down in defeat before the Sooners at the Dallas Fair next Saturday. And the battle cry of the 500 Sooners who are going along to watch the fight will be "Dallas or Bust."

OUR NEGLECTED GLEES.

When, in the spring of 1916, the students of the University voted to assess a blanket tax for the support of certain student activities, the University Glee Club was among the organizations who were to receive a specified amount of the tax. The apportionment as advertised during the campaign, and on which the students voted, was as follows:

Athletics	\$4.00
Texas and Magazine	1.77
Students' Association	.25
Oratorical Association	.19
Glee Club	.10
Band	.12
Man's Association	.07

Total.....\$6.50

With this proposed apportionment, the tax was carried by a vote of over seven to one.

Last year the Glee Club received her pro rata from the tax, and passed through one of the most successful seasons in the history of the organization. The salary of a director, as well as the expenses of the club on their trip over the State, were paid out of their appropriation. Students were admitted to all concerts held in Austin upon the presentation of their season ticket book.

FOOTBALL

CLARK FIELD---SAT. OCT. 20

Admission 50 Cents

This year, when the Assembly apportioned the money to be derived from the tax, the Glee Club was left without an appropriation. Students paid the tax, thinking, in many cases, that they were paying for the support of the Glee Club, as well as the other activities formerly included in the tax. Students paying their tax this year will not be admitted to Austin concerts of the club, but will be forced to pay for admission.

On the other hand, the Glee Club, not suspecting that they would be cut off from this source of revenue, made extensive preparations for the present year, contracting for the services of a director, as well as making arrangements for an extended trip, similar to the one held last year. Deprived of their rightful appropriation from the assessment of the blanket tax, it is probable that the Glee Club will not attempt to organize officially this year, and it is certain that no director will be employed under the present conditions.

That such a condition exists is harmful to the Students' Association, as well as to the University that they represent. The newly elected Assembly should immediately make an emergency appropriation for the Glee Club, in order that they might continue their work during the present season.

Work of Women for Women in the University.

Women were beginning to enter into the professions in active competition with men before the beginning of the present war. Now, there is no choice left to them; they must take up the work of the men, and carry on the commercial and industrial life of the Nation. It is, then, absolutely necessary that women should choose their vocations early, and make adequate preparation for them.

With these facts in mind, the Sidney Lanier Literary Society of the University has taken up, this year, the study of woman's vocations. The object of this study is to bring before the women of the University, in concrete form, all of the available information concerning the professions open to them, in order that they may find the work which exactly suits them. Speakers of ability, with accurate knowledge of their various subjects, have been secured. The lecturers will consider the preliminary training necessary, probable cost of training, ability required, places of training, salaries, prospects of advancement, and the ultimate accomplishments to be reached in each of these vocations. After the series of talks has been finished, the information secured therefrom will be incorporated in a bulletin by the Extension Department and sent all over the State.

Miss Davidson, student secretary of the Y. W. C. A., made the first talk on the work for women to do in the Y. W. C. A. organizations. The United States is divided, she said, by the Y. W. C. A., there are fifty secretaries, consisting of National, field, and city secretaries. These women earn from \$2100 to \$2400 per year. In

each district there are fifty secretaries. Each city has its secretary of religious work, gymnasium, social intercourse, and a number of others. Cafeterias, homes, recreation centers, swimming pools, and gymnasiums are under their control, as well as employment and information bureaus. The salaries of these workers range from \$1200 to \$1500. The district secretary, who is inspector and advisor general of her district, and the field secretaries are paid from \$1500 to \$1800. The country Y. W. C. A. work, which consists of the organization of home economics clubs and classes, pays from \$900 to \$1200 per year. There is a large opening for such service at present.

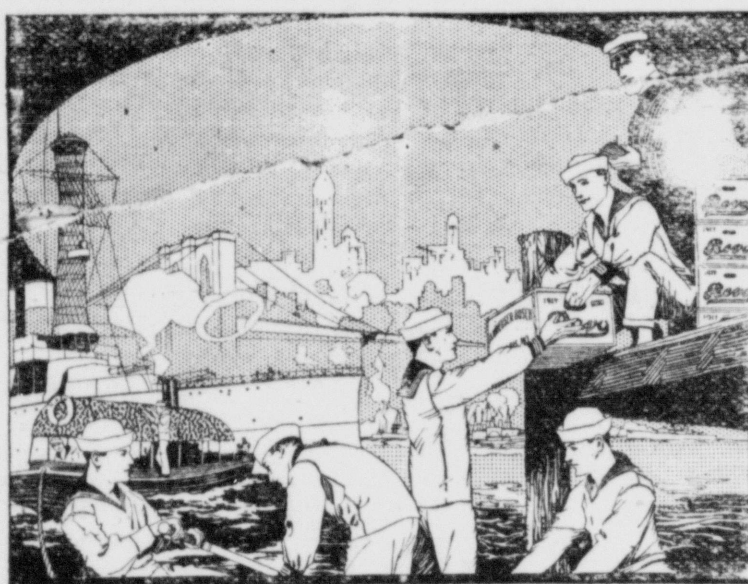

The training of workers around the soldiers' camps may be secured either at the National Training School in New York, or under one of the field secretaries. The field secretary of this district is located at Dallas at the Sumpter Building. During the

training period, the student receives \$500 per year. Accurate and detailed information concerning the training at New York may be secured by writing Secretarial Department, National Bd. Y. W. C. A., 600 Lexington Avenue, New York.

There is a Speakers' and Debating Club for girls, which was organized, and is managed by the women of the University.

The Home Economics Club does not permit the scientific home training of the University women to be neglected.

There is an employment bureau managed by the Dean of Women, the student Y. W. C. A. secretary, and the girls of the University. Here girls who must earn all or part of their way through, may be put in touch with those who desire to secure services of students.

COLLEGE NOTES

The Columbia Rangle.

Columbia University is in the midst of an unpleasant situation created by the dismissal of certain members of her faculty and the resignation of some others in sympathy with the ousted ones. The Regents there saw fit to ask the resignation of two professors whose remarks concerning the United States and our participation in the war were not of the patriotic color that they should be. The faculty and students are taking their stands as for or against the Regents. The right of free speech is the basic argument, and this is being practiced over the campus by everyone interested.

Frosh Buttons.

For some time we have heard of and seen green caps for Frosh, but now at Minnesota the co-eds are coming out with green buttons. Each girl is expected to wear a large green, ten-cent button with a sizeable number on it. The penalty for not wearing the button will not be so severe as that inflicted on the Frosh of the opposite sex, but nevertheless it is thought that the girls will be persuaded to buy buttons.

Nebraska's Soldiers.

Nebraska is not only remembering her soldiers with the copies of the daily, but now the faculty is being organized to cheer the boys at the front by corresponding regularly with those whom they knew personally in school. Christmas boxes for the soldiers are to be sent. The committee in charge of this work is already busy, as it is necessary that the boxes be sent before November 15.

CHAPEL NOTICE.

Good singing is the attraction at Chapel this week. More people are taking part and they are doing it better. Plenty of old favorites are used and some new ones are always sandwiched in. More students would attend, the singing would be still better and more of the faculty might be persuaded to attend. The scripture reading yesterday was a series of passages on forgiveness. Strength and power also were stressed. "I will lift up mine eyes unto hills whence cometh all my help." The meeting closed with the Mizpah benediction. Chapel will be held this morning in spite of the exodus to Dallas.

ACTIVITY FEE IS DIVIDED.

For the first four days of registration a total of \$7910.70 was collected in the fund and distribution was made as follows:

Athletics	\$5488.00
Daily Texan	2258.85
Students' Ass'n.	752.95
Band	177.97
Oratorical Ass'n.	136.90
Woman's Council	95.83

V. P. Lee, president of the Students' Association, said Friday that the Students' Association would meet early next week, but that no definite date had been set.

The Thetas will entertain with a breakfast while in Dallas.

"... even the sophomores treated me with some respect when I produced the Virginia cigarettes which I'd brought up from Richmond."

That fine old Southern Aristocrat—"Richmond Straight Cuts." There's never been another cigarette quite like them. Their "bright" Virginia tobacco has a naturally refreshing flavor that makes even the best of Turkish cigarettes taste almost tame and characterless by contrast. You'll wish you'd tried them before.

IN NEAT BOXES—FIFTEEN CENTS

Also in attractive tins, 50 for 40 cents; 100 for 75 cents. Sent prepaid if your dealer cannot supply you.

LONGHORNS READY FOR ANNUAL GAME WITH SOONERS

(Continued from page 1.)

self by timely kicking in a pinch period of the game. Conley, Greer, and Green are expected to be a tower of defense in the Texas line. Big Smythe will work at full, with Waits at right half. Pete Smith will work at the other half, if Brennan drives the team, but in case he is called on to marshal the Orange and White forces, Doc Paine will probably start at left half. This game will try the football mettle of the whole Longhorn team, and the roster of Varsity will no doubt be an almost settled affair after this fray.

Graves	Left End.	Johnson
Greer	Left Tackle.	Tolbert
Green	Left Guard.	Deacon
Bailey	Center.	Douglas
Conley	Right Guard.	McLaughlin
Penn	Right Tackle.	Boyle
Moore	Right End.	Durant
Smith or Brennan	Quarterback.	Wilmoth
Smith or Paine	Left Half.	Abbot
Waits or Hamilton	Right Half.	Graham
Smythe	Fullback.	Davis

LAWYERS TO HOLD BANQUET.

At their meeting yesterday, the Law decided to have their usual get-together banquet on Friday, December 7, at which Peregrinus, Patron Saint of that department, always presides. It is probable that Judge Simkins will be there also to tell the J. A.'s why they are called by that name.

CORRECTION.

Yesterday's Texan stated that Elizabeth Nelson was head of the Co-ed Department of the Cactus, but Hazel Edwards has this place, as formerly announced. Elizabeth Nelson is an associate editor for the co-eds in the Athletic Department.

OFFICIAL NOTICES

GIRLS OF MISS CASIS' SUNDAY SCHOOL CLASS get your books at Miss Casis' office from Miss Elliott. Let us have a good attendance next Sunday. Membership chairman.

"ZEKE" SAYS.

We have a guy at our house
We thought was quite vamp-proof,
For though he played with all the girls,
He held himself aloof.

He hardly ever missed a show,
He never missed a dance,
But took a different girl each time—
He was a true free-lance.

He had quite a reputation
For his ability
In finding in each girl some fault
Which others did not see.

And so this cynic went his way—
Made love to one and all—
And boasted in his confidence
That he would never fall.

But there's a blue-eyed Zeta vamp
Who lives across the street,
A girl with beauty and with brains,
The kind you seldom meet.

She smiled upon this cynic wise—
She smiles at everyone—
And from the time of their first date
He's furnished us with fun.

When he came from that date we thought
That he was surely "lit,"
For he came yelling up the stairs,
And Frosh began to flit.

He came into the room, where we
In startled silence sat,
Uttered one wild Comanche yell
And knocked a Freshman flat.

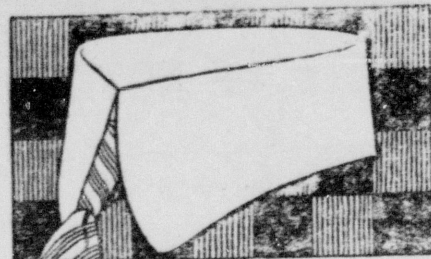

"The sweetest girl in all the world,"
He yelled, and kicked my trunk;
And we began to edge away,
For he was worse than drunk.

He told us 'bout her big blue eyes,
He talked about her hair,
He raved about that smile of hers,
While all we did was stare.

And so it was the cynic fell
(And lost his cynic ways—
Where once he criticised all girls,
He now sings this one's praise.

ACHIEVEMENT

Twenty-five years ago the General Electric Company was founded.

Since then, electricity has sent its thrill through the whole structure of life.

Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work—electricity has bent to man's will.

Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership.

It has set free the spirit of research. It has given tangible form to invention, in apparatus of infinite precision and gigantic power.

And it has gone forth, co-operating with every industry, to command this unseen force and fetch it far to serve all people.

By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.
