July 24th 1990

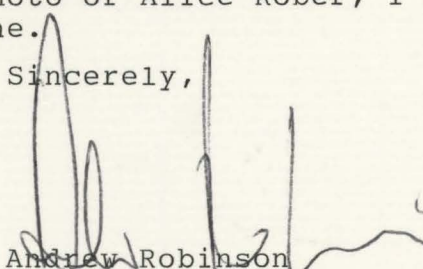

Dear Professor Bennett

Thank you for your letter of July 2nd.

I am enclosing our latest treatment for the Linear B programme. We are not yet in a position to undertake any shooting, I am afraid - we await funding - but we are keen to talk to you when you are in Britain in October. We would like to discuss how best we might realise some of the sequences concerning you mentioned in the treatment.

If you can send me a photo of Alice Kober, I would appreciate that: I have never seen one.

Sincerely,

  
Andrew Robinson
