Dear Henryk:

First, let me thank you for sending me "Journal of Sedimentary Petrology". I immediately noticed the note about you, which is only one of several over the past years that have been called to my attention, and caused me to realize your reputation among scholars in your field. I am returning the journal today.

We are delighted to know your daughters and you would like to pay us a visit in Galveston. We wonder if you could arrange to take an old-fashion Sunday dinner with us at about 12:45 on Sunday, March 8th, and after dinner we could make a short tour and ride about the town. We would want, in one way or another, to spend a good part of the afternoon with you. We trust this will be found feasible. It will be quite a pleasure to us to again see you and your interesting family.

If you prefer to discuss ~~this~~ over the phone, you can call me some weekday between 9:30 and 3:30. You can reach me on the Houston circuit in H. Kempner's office in Galveston over phone number CA 2-6781.

With best wishes, I remain

Sincerely,

H. Kempner
