Dear Miss Perkins:

July 19/58

A couple of years ago you very kindly assisted me by providing some photographic material with which to illustrate a book of archaeological import, and at the time of this writing I am once again in search of illustrations. The work concerns decipherment, and I am wondering if it would be possible to obtain permission to reproduce, photographically, one or two pages from Dr. E.L.Bennett's "A Minoan Linear B Index", which I observe bears the New Haven imprint?

The page of particular interest to me is that headed "List of Signs Used in Sign Groups", while another page, towards the end of the book, headed "List of Ideographic Signs" might also be useful. Needless to add, due acknowledgement would be given, and any reproduction fees paid.

It occurs to me that you might also have available other material relating to the decipherment of Linear B, and if so, I should be most happy to learn of it. Of considerable interest, for example, would be photos of any diagrams (such as the early stages of the "grid") relating to the work of the late Miss Alice Kober, of Brooklyn.

Sincerely yours,

P. E. CLEATOR
