W. M. CHADDICK, JR.  
SUN OIL COMPANY

Dr. H. B. Stenzel  
Bureau of Economic Geology  
Austin, Texas

Dear Dr. Stenzel:

The Corpus Christi Geological Society was elated to hear that you were willing to speak before the group.

At your suggestion, an evening dinner meeting is being planned for the occasion. Arrangements can be made for either Friday, February 19 or 26, depending upon your preference. A discussion on the stratigraphy and sedimentation of the tertiary rocks of the Gulf Coast or any part of it will be welcomed.

It was a pleasure to meet you on the field trip in Alabama and your commentary along the route was surely appreciated.

Sincerely yours,

*Philip F. Oetking*
