SUMMER REGISTRATION REACHES TOTAL OF 2,254

WOMEN STUDENTS TO BE GOVERNED BY SOCIAL RULES

Regulations Made Covering All Parties and Social Occasions

MUST BE HOME BY 11 P.M.

Absences After 11 O'clock Must Be by Special Arrangement

Special social regulations for women students, covering all parties and social occasions, meals and boarding houses, have been made for the summer session. Following are some of the more important provisions of the rules:

Quiet hours after 8 p. m. on every night except Saturday and Sunday.

Any absence after 11 p. m. shall be by special arrangement with the house mother.

Absences after 11 p. m., all night and week-end absences, must be registered on slips provided at the dean of women's office.

Friday and Saturday Parties

Parties may be attended only on Friday and Saturday evenings or the evening before a legal holiday. Exceptions to this rule must be by special arrangement with the dean of women. Unless the social calendar committee announces a formal, all parties close at midnight, and anyone returning after 12:30 must have special permission from the house mother. Formals close at 1 a. m. No absences after 1:30 are permitted.

No woman student may visit a man's rooming house, fraternity house, or dormitory, unless a chaperon is present in the house.

Violations of these rules are to be referred to the dean of women.

Strict Rooming Rules

Women students must take their meals and board at houses on the approved list given out by the dean of women's office, 111 Main Building, and are not to change residences until the close of the term. Approved houses and approved houses for men may take student couples and faculty men or women to board. Any older students, especially teachers, may make special arrangements by applying to the faculty housing house committee, room 111, Main Building.

1000 Summer School Students Pay Blanket Tax by Monday Night

Approximately 1,000 summer school students have paid the blanket tax, according to information received late Monday afternoon at the Auditor's office.

Out of every ten summer students eight are paying the tax, which is apportioned to The Daily Texan, dances and athletic contests. By paying the tax a student receives The Texan delivered to his home address, is admitted to five University dances, and all athletic contests. The tax is one dollar.

If it is a room to rent or a room you want, use—

AMERICA IS MOVING TO FAST TO SETTLE ISSUES SAYS SUTTON

Teachers Must Think, Be Patriotic, and Study New Methods of Education to Be of Real Aid to the World.

By Florence Robinson.

Dr. W. S. Sutton, acting president of the University, spoke to a large and attentive crowd of Summer-School students on the hillside of the campus last evening at 8 o'clock and delivered the first open air lecture of the summer.

WIN \$500 PRIZE

RUTH CROSS

Ruth Cross, who received her B.A. degree from the University in 1911, and author of "The Golden Cocoon" was awarded the D. A. Frank prize of \$500 for the best novel by a student or ex-student between 1919 and 1924.

HOGG DEBATERS TO MEET TONIGHT

New Members Solicited by University This Summer Only Literary Society in

The summer Hogg, offspring of the Hogg Debating Club, holds its first meeting of the summer Tuesday night, June 10, in the YMCA, at 7:30 o'clock. The following is the list of officers for the first term: President: Walter Rundell; vice president, Gordon Marsh; secretary, Emanuel Reichman; treasurer, Jule Hary; sergeant-at-arms, D. W. Heath.

The Hogg Debating Club is the only one of the literary organizations remaining active during the summer session. As its name suggests, it provides a place where the oratorical talent of the student may find expression and encouragement. Live questions are closely debated, instructive and entertaining addresses are delivered; fun is not too rigidly inhibited, and good fellowship reigns supreme.

\$300,000 BIOLOGY BUILDING IS NEARING COMPLETION

The size of the new Biology Building when completed will be second only to that of the Main Building. The building is located on the north side of the campus and is rapidly nearing completion. The new structure will resemble the Education Building in general appearance but will be several feet longer and also somewhat wider.

The contractor's original price was \$239,000, but this did not include plumbing, electrical work, and some of the interior decorating which will make the final cost in the neighborhood of \$300,000.

According to present plans, all classes in Zoology and all classes in

The essence of the lecture was composed of discussing a few questions which the school teachers of Texas or the United States can help solve better than any one else at this time.

"What should the schools do in the task of constructing the world after the most destructive war of history? It seems that making peace is a harder fight than conquering the Germans. This state of constant unrest will never lead to any good. There never has been as much race hate and prejudice as now. We have had one crisis after another since the Civil war.

"We are interested in what the school can do to revert these crises," Dr. Sutton continued. "The world is at war commercially and there are many problems unsolved. It seems that the fellow who makes fortunes in ten or twenty years is putting something over on Adam, who has worked for 6,000 years or more. Some people are getting more out of the world than they put into it. That does not seem fair to most of us. But anybody who is satisfied with the present industrial crisis is easily pleased.

Moving too fast. "We are proud to say that we have religious freedom in America. But we cannot say that we have found a peaceful school system.

(Continued on page 4)

First Play Hour for Summer Session Will Be Held Wednesday

The first weekly play hour for summer school students of the University will be held on Wednesday, June 11, on Jordan Field, from 7 to 8 o'clock. Volley ball and indoor baseball will be played under the direction of Roy J. McLean, instructor in physical training for men at the University, according to L. Theodore Belmont, dean of physical activities for men. A good deal of interest was shown in the weekly play hours last summer school, according to Mr. Belmont, and both coaches and eds of the summer school are invited to attend these play hours on Jordan Field, just across the street from the athletic shack and east of the Law Building, every Wednesday evening from 7 to 8 o'clock, and for everybody attending either the normal or summer school.

\$300,000 BIOLOGY BUILDING IS NEARING COMPLETION

Botany will meet in this building for both lectures and laboratories. The building will contain one large lecture room of amphitheater style. This room will have seating facilities for the very largest classes and will be so constructed that it will allow all necessary classroom demonstrations of lectures.

The Biology Department gave three M.A. degrees this June and each year a number of students obtain their B.A. degrees in this branch. There were approximately 800 students in this department during the past year. All pre-medical students get their fundamental medical training here.

DIRECTOR

Frederick Eby, who has been director of the summer session for seven years, has been untiring in his efforts to make the summer term a real asset to the University.

CONSTRUCTION OF VARSITY STADIUM BEGINS THIS WEEK

Lumber and Concrete Mixers Are on the Ground for Structure

FOOTBALL FIELD PREPARED

All Excavations Will be Completed by End of This Week

The first construction work on the Texas Memorial Stadium of the University of Texas will be done late this week, according to A. A. Hasbrook, superintendent of construction for the stadium work, the contract for which was let to Walsh & Burney of San Antonio. Mr. Hasbrook stated that he would be ready to start as soon as the excavation is completed, and this work will be completed this week, according to G. F. Brooks, of Austin, contractor.

Football Field of Black Dirt All that remains of the construction work is to complete the filling in of the football field with black dirt, complete the grade on the east bank, and take out the remaining rock and gravel on the east side of the field. The football field in the center of the stadium site is receiving a two-foot layer of black dirt, which is to be the sub-surface of the field. On top of this will be spread an inch of sandy loam, and Bermuda grass will be planted over the entire field, and kept sprinkled continuously, so that it will be thick in time for the first game to be played on the stadium this Thanksgiving.

Material for Work on Grounds

Much of the material for construction work is already on the grounds. The concrete mixers and other machines have arrived, and will be put into operation shortly. Lumber has been shipped out to the site for construction, and the work of erecting a headquarters building on the grounds, and of clearing off the trees, is being done at the present time.

DICK BREWER HERE.

Raymond "Dick" Brewer, supervisor of athletics at San Antonio high schools, and a former star first baseman with the Southwestern University Pirates, has entered Summer School. Since leaving college, Brewer has been engaged in teaching.

BUEHRER GOES TO DALLAS

E. P. Buehrer, Methodist student pastor, will leave Austin today for Dallas where he will spend the next two weeks teaching in the Preachers' Summer School at Southern Methodist University.

University Summer Session Needs Constructive and Not Petty Criticism Says Eby

To the Students of the University Summer Session of 1924: I wish to express most cordially an individual welcome to every student who is registered in the Summer Session. We are glad to have you here as students, and we crave your assistance in making this session the most successful and beneficial ever held at the University of Texas.

The University of Texas is not a proprietary institution. It does not belong to the Regents, nor to the Faculty, nor yet to the students, but to the people of our imperial State. It is here to serve you to the end that you may equip yourselves the better for serving the State. Strict adherence to this point of view may save us all from many difficulties.

In order to make the University Summer Session what it should be, we need constructive criticism especially from the student body. The Summer Session exists to meet your needs. If it fails in any particular to do this, the reason is because we do not understand your needs. We invite, and even urge, criticisms that will discover to us our weaknesses, and the points wherein we can serve you in the highest and best way. We do not desire captious and petty criticism which is merely fault-finding, but the criticism which combines a knowledge of conditions with good-will and desire to be genuinely helpful. We will cordially appreciate the opportunity to discuss with you individually or otherwise the better organization of the summer work.

The Summer Session has in the past gained a high reputation for sobriety, industry, and earnestness on the part of all concerned. We are here to work. When we play, it is to recuperate our energy so that we may work anew. I am confident that this spirit which has been fostered in the past will again characterize our Session.

FREDERICK EBY, Director of the Summer School.

CO-OP PAYS SIX PER CENT REBATE

Approximately \$3,000 Given to Students Who Were Co-op Members

Approximately \$3,000 in dividends was paid to the long term students by the University Co-Op, according to Manager E. C. Rather. There were 985 members, making the average rebate paid to each student amount to \$3.

Paying a six per cent dividend on the total amount purchased by each student, the largest that has ever been paid by the Co-Op, the store has had one of the most profitable years since it was established, said Mr. Rather. The increase in the business of the store was due to the desire of the Co-Op to be of assistance to the student body in every campus enterprise, and supply the students with books at the lowest price.

In addition to the large amount of money returned to the students in rebates, the Co-Op every year gives gold fountain pens to athletes, sweaters to the yell leaders, loving cups to athletes, and many other gifts.

FORTY ASPIRING REPORTERS SIGN CARDS TO GATHER CAMPUS NEWS

With prospects for the largest staff in the history of The Summer Texan, forty enthusiastic students met Tuesday at 5 o'clock in the Main Building and sign cards to report on the campus daily during the summer term. Accuracy in reporting news was stressed in a short talk by Moulton "Ty" Cobb, editor-in-chief.

All students who were unable to attend the meeting and who wish to try out for places on the paper have been asked by the managing editor to turn in their names, their telephone numbers, and the days on which they would prefer to work during the term, at his office in J Hall. Any student, whether he has had experience or not, is invited by the editor to join the staff.

The assignment sheet for the reporters will be posted at 4 o'clock each afternoon for the ensuing day on the bulletin board in the editorial room in J Hall. Reporters who attended the meeting Tuesday will watch this bulletin board for assignments.

Copy should be hung on the hook as early as possible every morning. Work will begin on The Texan every morning at 8 o'clock, and will continue until the paper goes to press at 3 o'clock. The "dead line" on news has been set at 1 o'clock.

The following students attended the meeting: McKennedy Smith, S. A. Crowley, Ester Anderson, Horace Day, Eva Berg, Edwin Martin, Veris Clayton, Dessie Dancy, Travis Lilly, Arthur Merchant, Fred Day, Ida Campbell, Sturgis Hurley, Gilbert McAllister, E. L. Strickel, William Williams, Nan Williams, Emilio Van Zandt, Jonnie Winder, Josephine Bramlette, Agnes Williams, Ruth Nelson, Walton Peteet, Leon Camp, Louise Byrne, Jack Glenn, Ruth Millan, Lucille Stover, John Paul Jones, Florence Robinson, Granville Price and Rachel Garza.

MATRICULATION SHOWS INCREASE OVER LAST YEAR

100 More Students Register This Session Than Did Last Summer

MONDAY IS LAST DAY

Monday, June 16, Is the Last Day that a Student Can Enter Summer School

Registration for the twenty-sixth Summer Session of the University reached 2,254 Wednesday morning, according to figures at the Auditor's office. This includes the enrollment for both the Summer Normal and the Summer School. The registration for this year is approximately 100 above the figures for the third day last summer.

At the present rate of registration, it is estimated that nearly 3,500 students will register for courses in both terms. Last year there was a total enrollment of 3,145 students for the two terms. Registration of the Summer School was 2,606, while that of the Summer Normal was 539.

Students who register after Wednesday will be required to pay a fine of \$2, according to the Registrar's office.

HOUSTON BEGINS STADIUM DRIVE

Will Hogg Predicts that Houston Will Subscribe Quota by Wednesday Night

San Antonio and Houston will enter the list of Texas cities in which campaigns for the Texas Memorial Stadium are being conducted this week. The campaign opened in Houston Monday and San Antonio will open Wednesday.

In a letter from Will C. Hogg, who is taking a leading part in the Houston campaign, which was received yesterday, it was predicted that Houston would subscribe its minimum quota before Wednesday night. Twenty-six teams are working in that city.

The San Antonio campaign will be under the supervision of S. S. Searcey, who was a quarterback on the football team of 1903 and who is now a lawyer in San Antonio. State Chairman Wm. L. McGill and Coach E. J. (Doc) Stewart will be present at the opening of the drive and will talk to the workers.

CHAPEL WILL BE HELD IN MORNING

First Exercises of Term Held at 9 A. M. in Main Building 106

Chapel for the summer session of the University began this morning at 9:00 with Dr. Frederick Eby of the School of Education as speaker. Special music has been arranged for the exercises.

Dr. William A. Felsing is chairman of the chapel committee for the summer session and Dr. J. B. Wharey of the English faculty has charge of the exercises for the week.

Specific arrangements for the week have not been completed but, according to Dr. Wharey, the principal speakers for the week will be men from the Christian Endeavor Camp which is now being held at Camp Mabry. There will be special music for each of the services.

AN APPRECIATION OF ACTING PRESIDENT W. S. SUTTON

Dr. Sutton's greeting to the summer school students in Sunday's Texan was excellent in diction and beautiful in thought. A week ago Saturday Dr. Sutton made an address to the ex-students of the University at a banquet at the Austin Country Club and captivated his large and enthusiastic audience. In that speech he reviewed briefly his work of the past year as acting president of the University. As acting president Dr. Sutton has more than made good. His work has met with the approval of all and he has done as well as any other man could have done. During the year he has maintained absolute harmony among both the faculty members and students of the University. To use his own expression, he has not been compelled to have any student "on the carpet" in his office this year. He enjoys the esteem and highest respect of students and faculty members. Over the State, the people are liberal in their praise of Dr. Sutton's efforts. He came in at a critical time, tackled his job by the horns, and performed his duties well.

It can be honestly said of Dr. Sutton, "well done, good and faithful servant," and this is the highest compliment that can be paid any man. His work always will be remembered with pleasure by the students, ex-students, and friends of the University.

A LITERARY SOCIETY FOR SUMMER STUDENTS

There is an announcement in today's issue of the first meeting of the Hogg Debating Club tonight. This is the only literary society that continues during the summer time.

It has been said that "the spoken word, whether in public or in private, is the most effective means of expressing thought. The test of a man's ability often is in the effectiveness of his speech." The value of public speaking cannot be over-emphasized. Everyone should be able to talk effectively in public. Irrespective of whether you are going to be a school teacher, a lawyer, an engineer, a banker, a journalist, or a preacher, the ability to speak in public will prove to be valuable. In fact, a student will receive as much benefit from attending the Hogg Debating Club this summer as he will from any one of his courses.

Most of us are here this summer for the purpose of improving ourselves. Every man in school who can spare an hour a week at a literary society should join the Hogg. Learning to speak before an audience should be a part of our education.

WEEKLY PUBLIC LECTURES WILL BE BENEFICIAL

The first of a series of public lectures was delivered last night. The attendance was large and everyone seemed to enjoy the program.

In his message of welcome to the students Sunday, Acting

President W. S. Sutton aptly said: "Let every student, whether he be a graduate or undergraduate, or a matriculant in the summer normal, feel free to make the most of the opportunities provided for him here, not failing to keep in mind that the policy of all work and no play results disastrously to the worker." These programs will be both instructive and entertaining. It was entertainment of this kind that Dr. Sutton referred to in his excellent address of welcome.

During the ensuing weeks we may think that we have too much studying to do to go to the weekly lectures, but we cannot afford to miss them. These lectures have all of the advantages offered by wholesome amusement and at the same time are enlightening and instructive.

OFFICIAL NOTICES

AUGUST graduates must pay a diploma fee of \$2.50 at time of matriculation. If paid later the fee will be \$5.

T. U. TAYLOR.

THE GRADUATE History Club will meet in the Archive Room, Tuesday evening, June 10, at 7:30. All graduate students majoring in history are invited to attend.

C. P. DENMAN,
Vice President.

Rev. Wharton Attends Student Conference

Rev. Lawrence H. Wharton, pastor of the University Presbyterian Church, is in Hollister, Mo., attending the annual student conference at that place. Mr. Wharton is representing the Southern Presbyterian Church at the conference this year.

Dr. Robert F. Gribble of the Seminary, will be in the Presbyterian pulpit this Sunday and Dr. Chalmers Vinson, brother of the former president of the University, and brother-in-law of the pastor, will preach June 15. Mr. Wharton will return to Austin on the seventeenth of June.

ON THE HILL DAY BY DAY

By M.E.W.

Greetings! To school teachers, would be school teachers and loiterers—The last class staying over from the regular session due to "the fell clutch of circumstances."

You are here, we are here and we are all here. We, meaning the old line regulars, not only want to greet you but also to meet you especially if you are young, pretty and winsome. If you are not remember "pretty is as pretty does," and then most of the porches do not have lights to mar their classic beauty.

How about having the boarding house directory give statistical information in regard to lights on the porches, location of tower lights and concealed yard benches.

Did you ever ride over a rough road with a sporty flapper and while you were doing the driving still she was also sitting directly behind the steering wheel. Yes, Well did you try going over the same road the next day by yourself and notice how much rougher it was. Uh huh.

Fine isn't it that freshmen are not freshmen all the year. They are so green in the fall that the trees shed their leaves in disgust but along in the spring the trees once more can compete so we have the nice cool shade of spring and summer.

RECEPTION FOR SUMMER STUDENTS.

A reception was held Monday evening in the Girl's Study hall for all new Summer School students and Summer Normal students. A musical program was rendered at intervals during the evening, and punch was served bountifully to all present.

The University professors and their wives were the hostesses of the occasion.

HUNT ON HONOR COUNCIL

Kent Hunt of Austin, recently elected member of the Honor Council for the session of 1924-25 from the School of Education, has been appointed a member of the Summer Honor Council. The other students who will compose the council will be announced within the next few days, according to Miss Lucy Newton, dean of women.

BILLY STIFF

THE SLAPSTICK

By "MID"

If each resounding whack brings from the crowd a little laughter—The big clown is well satisfied, for that is what he's after.

University authorities had the campus well illuminated during commencement week—probably so departing seniors could work overtime taking those last, long, lingering looks at the dear old "brain factory."

Friday morning, just after graduating exercises a small boy rushed up to one of the dignified seniors who had just received his orange-encased diploma. The youngster was almost breathless from excitement and running, but finally managed to gasp, "Say, mister, where are they givin' away them calendars?"

Three well-known students will put out a directory of all of the registrants in the summer school. According to latest advices from them, all of the girls will be reclassified as to relative "warmth," for the benefit of male date-hunters.

"Student Gin Banned," reads headline in Austin American. No, Purina, they didn't have a cotton course at this particular college.

Friday was a big day for one of Varsity's stellar tennis men. "Louie" was rushing madly around with his degree in one hand and a racket in the other.

The hosts of ancient Egypt were visited by plagues, but the hosts of modern America are plagued by visitors.

Heard in the Registration Line
Her: Do you register with me?
Him: I haven't seemed to.

We take pleasure in presenting the following little one-act playlet of few words and fewer gestures, entitled, "A Sock on the Foot Is Worth Two on the Jaw."

Characters: Ruth and Hoiman.
Ruth: I think I'll go to the dance tonight without any hose.

Hoiman: What!?!
Ruth: Why not? Girls on the stage don't wear any.

Hoiman: And I suppose you think all the world's a stage.
(Business of dodging missiles.)

Students Subscribe For Summer Editions Of Texan and Ranger

One hundred and fifty long tem students, subscribed for The Summer Texan and Ranger. The Texan will keep the students in touch with the University life and work while they are away on their vacation.

There is to be only one issue of The Ranger during the summer, but all the time and effort is being spent to make its largest and best magazine of its kind, according to Editor Midkiff. The midsummer issue will be on sale about the middle of August at the magazine stands over the State.

There were 1,500 Rangers given out over the desk, 300 mailed to news stands over the State, and 50 sent to advertisers of the last number this past term; there were also 1300 Longhorns given out at the same time.

Ranger Contributions Must Be Turned in by June 15, Says Midkiff

All contributions to The Ranger must be in by Sunday, June 15, according to Morris Midkiff, editor-in-

chief. Anything in the way of jokes, cartoons, parodies, freak poems, will be gladly accepted provided it is of sufficient merit. The summer issue of The Ranger, which will appear about the first of July, will contain pieces written by various members of the staff at their home towns, including drawings by Williamson, Steiner, Brazelton, and others. As copy is very scarce so far, Midkiff stated that all who wish to do so are urged to contribute any bits of humor they know.

AN APPRECIATION
ING PRESIDENT

Dr. Sutton's green Elmira College, summer school student, the day's Texan was excellent. A week ago Saturday Dr. Sutton made an address to the students of the University at a banquet at the Austin Country Club and captivated his large and enthusiastic audience. In that speech he reviewed briefly his work of the past year as acting president of the University. As acting president Dr. Sutton has more than made good. His work has met with the approval of all and he has done as well as any other man could have done. During the year he has maintained absolute harmony among both the faculty members and students of the University. To use his own expression, he has not been compelled to have any student "on the carpet" in his office this year. He enjoys the esteem and highest respect of students and faculty members. Over the State, the people are liberal in their praise of Dr. Sutton's efforts. He came in at a critical time, tackled his job by the horns, and performed his duties well.

It can be honestly said of Dr. Sutton, "well done, good and faithful servant," and this is the highest compliment that can be paid any man. His work always will be remembered with pleasure by the students, ex-students, and friends of the University.

A LITERARY SOCIETY FOR SUMMER STUDENTS

There is an announcement in today's issue of the first meeting of the Hogz Debating Club tonight. This is the only literary society that continues during the summer people cannot talk. It is without making a speech. What the world today needs is to sit down and think and get quiet. The civilization of the whole world rests on thinking. That is what a school is for, to teach the pupils to reason things out for themselves, not to imitate. The result of the schools is measured in its ability to decrease the number of apes. We haven't begun to teach history. Mere names and dates and petty trivialities bring indignation of the mind and not cultivation.

Early Education.
"Second, we must begin early in the education of a child so that he will after a while begin to draw a reasonably relative understanding of life, that is how to judge men and politics. The University will become great as the student body and faculty increase in spirit.

"Third, a school is no account unless daily the youths are trained to be patriotic citizens of America or the world. America should cultivate peace.

"Fourth, and in conclusion, no man has a right to be a teacher who does not study education and all the new methods. To have a profession of teaching in America we have to show it by performances."

At the end of the West Walk, with the entrance through the Cactus Arcade, is the Cactus Tea Room—a quaint restful place that you will enjoy.—12.

RSITIES ARE ITED IN STAFF SUMMER SCHOOL

Rev. Wharton Attena Student Conference

Rev. Lawrence H. Wharton, pastor of the University Presbyterian Church, is in Hollister, Mo., attending the annual student conference at that place. Mr. Wharton is representing the Southern Presbyterian Church at the conference this year. Dr. Robert F. Gribble of the Seminary, will be in the Presbyterian pulpit this Sunday and Dr. Chalmers Vinson, brother of the former president of the University, and brother-in-law of the pastor, will preach June 15. Mr. Wharton will return to Austin on the seventeenth of June.

ON THE HILL DAY BY DAY

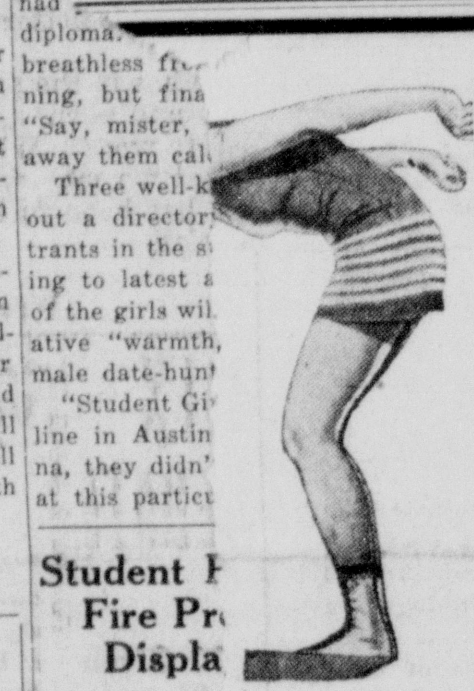

By M.E.W.

Greetings! To school teachers, would be school teachers and loiterers—The last class staying over from the regular session due to "the fell clutch of circumstances."

You are here, we are here and we are all here. We, meaning the old line regulars, not only want to greet you but also to meet you especially if you are young, pretty and winsome. If you are not remember "pretty is as pretty does," and then most of the porches do not have lights to mar their classic beauty.

How about having the boarding house directory give statistical information in regard to lights on the porches, location of tower lights and yard benches.

SOMEWHERE — — — By Osborne Alexander

chief. Anything in the way of jokes, cartoons, parodies, freak poems, will be gladly accepted provided it is of sufficient merit.

The summer issue of The Ranger, which will appear about the first of July, will contain pieces written by

various members of the staff at home towns, including drawing Williamson, Steiner, Brazelton, others. As copy is very scarce, Midkiff stated that all who to do so are urged to contribute any bits of humor they know
