Mr. H. P. Willis  
639 Wilson Building  
Corpus Christi, Texas

Dear Mr. Willis:

Thank you for your letter of the 9th. I am glad you are doing well and hope you continue to do so. Your information concerning these wildcats is very interesting and will keep me at least a little up-to-date on developments. I haven't had much time to go out and check up these things. They have my nose to the grind stone. I hope you can come to see us sometime.

Sincerely yours,

H. B. STENZEL  
Geologist
