

## DR. TRUETT WILL BEGIN LECTURES HERE TONIGHT

For the Past Few Years He Has  
Been the Leading Evangelist  
of the South

### WILL SPEAK FOUR TIMES

Has Addressed Student Bodies  
of Leading Educational Institutions  
of the World

Dr. George W. Truett, pastor of the First Baptist Church of Dallas, speaking under the auspices of the Young Men's and Young Women's Christian Association will deliver a series of evangelistic addresses to students at the University Baptist Church beginning tonight at 7:15 o'clock, and continuing through Wednesday, Thursday and Friday nights.

#### Is a Strong Leader

Dr. Truett is a man of heart power, mental power and vision, and is a national leader, according to Dr. John R. Mott, who in his address to the student body Sunday night urged that every one hear his addresses. Dr. Aulick, pastor of the University Baptist church, commenting upon Dr. Truett's visit to the University, stated that he has for the past few years been one of the leading evangelists of the South.

#### Has Traveled Extensively

For a number of years Dr. Truett has traveled over America and European countries and has addressed student bodies of many of the leading universities and educational institutions of the world. He has been chairman of the national B. Y. P. U. conventions held in the United States. He is well known in Texas educational circles, having received the Bachelor of Arts and Doctor of Divinity from Baylor University, and at one time was tendered the presidency of Baylor. He was pastor of the First Baptist church at Waco for four years, and has been pastor of the First Baptist Church at Dallas since 1897. He is nationally known for his work among the American armies in France during the World War.

#### Sermons Spread by Wireless

Sermons preached by Dr. Truett at Dallas are uniquely disseminated to the world each Sunday by wireless telephone. A small instrument under his pulpit picks up his messages, which are sent out by wireless by the Dallas Radio Club.

The subjects of the addresses here have not been announced, but will be along present day evangelistic lines, according to Block Smith, of the Y. M. C. A., who has received a telegram from Dr. Truett stating that the subjects will be announced upon his arrival here.

### NEW SPANISH COURSES OFFERED FOR SUMMER

Several new courses are offered by the Spanish Department for the 1922 Summer Session. Modern Spanish Drama and Poetry, courses 18, giving three-credits, will be conducted by Prof. C. M. Montgomery, instructor of Romance Languages. Contemporary Literature, course 141, and a Teachers' Training course, 123, will be in charge of Miss Lilia M. Chais, professor of Romance Languages. Something decidedly new is being offered in a grammar course of all the Romance Languages, although special emphasis will be laid upon the Latin. Instructors for this course have not been chosen.

### DR. KILLIS CAMPBELL'S HEALTH IS UNIMPROVED

Dr. Killis Campbell professor of English in the University is still undergoing treatment at the Johns Hopkins Hospital at Baltimore. Dr. Campbell is being treated by the kid nephrologist, Dr. Q. Young. It is not known how soon Dr. Campbell will be able to return to the University.

## ADVERTISING MAN TALKS ON MODERN BUSINESS AILMENT

Mackintosh, President of A. A. C. of W., Is Guest of Gamma Alpha Chi

Meeting New Business Conditions with New Methods was the subject of the talk given by Charles H. Mackintosh, president of the Associated Advertising Clubs of the World, at a luncheon attended by 150 business men and women of the city, and students and faculty members of the University. The luncheon was given at the Driskill Hotel in honor of Mr. Mackintosh by Gamma Alpha Chi, women's honorary advertising fraternity.

#### Peaks of High Prices

Mr. Mackintosh said in part: Following the wars of 1812, 1860 and 1914, prices have reached a high peak in which they attained the standard of approximately 250 percent of what they were before the war. Following the cycle of events which occurred after subsequent wars, the prices will now decline for a period of about thirty years after the peak reached in 1919.

#### Buyer's Panic

Merchants everywhere say that the present buyer's panic is the result of the opinion expressed by many merchants that rock bottom in prices will shortly be reached. From previous experiences we know this assumption to be untrue.

#### Guests at Luncheon

Mr. Mackintosh was introduced by Miss Mamie Drummond, president of Gamma Alpha Chi, the only affiliated advertising club of the city. Seated at the speakers' table were the presidents of the various business men and women's organizations of the city.

#### Glee Club Entertains

During the luncheon music was furnished by the University Mandolin Club quartet, composed of Harold Broome and Steve Gardner, mandolins, and Cletus Oakley and Ercel King, guitars.

### Nami Is Released on \$1000 Bond; Ross' Condition Is Still Critical

Otto G. Nami, 19-year old University freshman, who was arrested Saturday night following the shooting of J. K. Ross, was released yesterday on a \$1,000 bond, charged with assault on murder. Ross' condition at a late hour last night was practically unchanged, according to City Hospital authorities. Physicians entertain some hope for his recovery.

A brother of the accused, Herman G. Nami, who is an attorney in Cuero and a graduate of the University, arrived in Austin on Sunday to undertake the defense of the young man.

### ENCLOSED TENNIS COURT NOW BEING CONSTRUCTED

Construction of an enclosed tennis practice court for individuals, said to be the only one of its kind in the south, has been sanctioned by the athletic council and work upon it will begin immediately. The court will be built near the Varsity outdoor courts. The enclosed floor will be 40x36 feet in size. A vertical wall 5 feet 5 inches in height will be erected at one end, and a tennis net will be painted upon it, so that the player will be able to clearly see the development and result of every stroke. The whole floor will be enclosed by wire netting, reaching about 12 feet above ground level. The approximate cost of the Varsity innovation is \$400.

#### CLASS GIVES SCHOLARSHIP

By means of a weekly collection, the Sunday school class of Miss Mary E. Dechert, annually raises \$120 with which to give a scholarship to a Mexican girl in the Roberts College at Saltillo, Mexico.

For the past eight years the class has been giving this scholarship. Upon graduating from this normal, the girl may teach anywhere in Mexico.

### Students of Boston University Gather Coin at Rapid Rate

Students of Boston University have raised three hundred and sixty-four thousand one hundred and seventy-seven dollars so far in their campus campaign for an endowment of three million. The amount was raised inside of a week and it was estimated that the average contribution was a hundred dollars a minute. The money is to be used for equipment, faculty salaries and buildings.

### LONGHORN WILL RUN SERIES OF ARTICLES ABOUT WRENN LIBRARY

Article on Byron Letters Will  
Appear in February  
Issue

Articles dealing with interesting manuscripts found in the Wrenn Library will appear in the Longhorn magazine beginning with the February issue, which will be ready for distribution this week. The first of the series written by Miss Fannie E. Ratchford, assistant in the Wrenn Library, deals with four autograph, fully signed letters written by Lord Byron, one of which is printed entire for the first time. The article is illustrated by reproductions of the letters.

#### Letters Found in 1895

These letters of Lord Byron were acquired about 1895 by the publisher Heinemann, who was seeking to find unpublished letters to use in a final edition of Byron. His plan failing, the letters were bought by Mr. Thomas J. Wise for Mr. Wrenn.

#### Career in Greece

One of the letters was written to Sir James Wedderburne at Genoa, while Byron was in that city in the Casa Saluzzi, where he wrote the last five cantos of "Don Juan," and where negotiations were carried on with the London-Greek Committee which resulted in the fatal expedition to Greece. Another letter from Missolonghi reveals Byron's displeasure with Count Pietro Gamba for having purchased several hundred dollars' worth of red cloth and oilskins for fancy uniforms, where the money would have paid five hundred soldiers for their services for upwards of a year.

#### Shelley Letters Next

Letters of Shelley, illustrated by photographs of the letters themselves, will form the second series of these articles, and will appear in the March issue of the Longhorn.

### Tindale Performs at Meeting of B Hall Association

With a bobbed tailed wildcat pacing back and forth across the top of the piano and a human wildcat, in the personage of John Tindale, performing at the keys, the bi-weekly meeting of the B Hall Association reached a high pitch last night. All of the members of the association were in a joyful mood, and the offerings of Mr. Tindale were very well received.

The meeting of the association was to have been addressed by Read Granberry, President of the Student's Association, but because of unavoidable circumstances, he was unable to be present.

The program for the next meeting, according to Jim Beverly, president, will include a fifteen minute play produced by home talent.

### AMERICAN LEGION IS COMPILING WAR RECORD

In order to complete the war records of the University Post of the American Legion desires to secure the names of all University of Texas men and women who served in the world war in any capacity. Everyone who served in the war is urgently requested to turn in their name to the adjutant of the University Post at room, G Hall. The following information is requested: Name, organization and branch of service, Austin address and home address.

## EX-SERVICE MEN IN CONVOCATION INITIATE DRIVE

Three Speakers Including Dr.  
Vinson Make Addresses to  
Assembly

### BONUS BILL DISCUSSED

Members for American Legion  
Are Earnestly Solicited

#### G. H. Coffelt

In a convocation of all the ex-service men in the University held in the Law auditorium Monday at eleven o'clock, the University post of the American Legion launched an extensive drive for new members. Dr. George C. Butte of the law school, R. B. Story, assistant attorney general of Texas and national committeeman of the American Legion, and Dr. R. E. Vinson, President of the University of Texas addressed the assembly on the ideals, advantages and achievements of the Legion. J. Frank Dobie, commander of the University post of the Legion, presided at the meeting which he said had been called to discuss problems, principles, and affairs of interest to the ex-service men of the University.

#### Butte Speaks First

Dr. Butte, the first speaker, called attention briefly to some of the reasons that he thought ex-service men should join the American Legion. He declared that the movement should be headed by intellectual men hence university men were the logical leaders, and that membership in the university post identified the ex-soldier with the achievements of the American Legion in the state and in the nation. He stated some of the missions of the University post aside from the national program of the Legion. "The university is a community in itself," declared Dr. Butte, "A world 'in parvo', and it is the duty of the University post to keep alive in this little world of ours the ideals and spirit of patriotism that the American Legion purposes to keep alive in the nation."

#### Bonus Bill Discussed

The proposed Bonus bill for ex-service men was discussed by R. R. Story, National Committeeman of the American Legion. He declared that the disabled and maimed veterans of the world war should be cared for first of all, but after that the first obligation of the government is to the able bodied man who because of his service to his country is at a disadvantage with the slacker who stayed at home. It is not a Bonus bill, but an Adjusted Compensation act. It is not capitalizing patriotism, but it is equalizing the economic loss due to service to ones

(Continued on page 4)

### Ex-Students Plan Big Celebrations for March Second

Organizations of Ex-students of over the country are preparing to celebrate March 2, Texas Independence Day, with an evening banquet, where the after-dinner speeches center around the University, and where some member of the faculty is the special guest of honor, according to John A. Loam, secretary of the Ex-students Association.

Invitations have already been accepted by Dr. H. Y. Benedict to speak at Wichita Falls, by J. W. Calhoun at Corpus Christi, and by Dr. R. E. Vinson, Dr. W. T. Mather and several other professors in other cities in which the Texas Ex-students are planning a March 2 celebration. It is estimated that about five thousand alumni of the University will dine together in their several cities on this one night. Such cities as New York, San Francisco, Columbus, Washington, D. C., and Tampico, Mexico, besides the cities of Texas are to be the scene of the holiday celebrations of the Texas Ex-students this year as evidence of their continued interest in their Alma Mater

### Co-eds Are Learning to Handle Rifles and Have Arranged Meets

Oregon Agricultural College has a rifle team composed entirely of co-eds which will meet a similar team from the University of Southern California on January 24 and the Utah A. & M. on January 28. Four or five other matches are tentatively arranged with other colleges, among which are Syracuse and Northwestern.

### VARSITY LETTER MEN WILL GATHER TONIGHT FOR ANNUAL BANQUET

Spicy Numbers Promised by  
Committee—Dagmar Carlson  
Features Program

Speeches, music, hilarity and food will be the four chief elements of the "T" banquet which will be held at the Cactus Tea Room tonight at 7:15, according to the committee in charge of preparations. The program will be enlivened by the best efforts of such entertainers as Jimmie Maloney, Charlie Bob Balley, and Dagmar Carlson.

The banquet is for letter men and coaches only. The initiation service whereby six new men will be received into the order of the "T" will be the first feature of the program. The initiation ceremony will be an elaboration of last year's initiation. Besides the entertainers mentioned there will be several numbers by a quartet and speeches by all of the notables present.

### ALL INVITATIONS TO CONFERENCE ACCEPTED

Representatives of State Educational Institutions Will  
Seek Improvement

All the educational leaders who were invited to participate in the "Talk Out Loud Conference" called by Governor Neff for aiding the recently selected legislative committee in coming to definite conclusions regarding the faults of the present scholastic system of the state, have accepted the Governor's invitation, according to Mr. R. B. Walthall, private secretary to the Governor. The meeting will be held next Saturday, Feb. 11, at the Governor's office.

#### State Institutes Represented

Those invited to the conference include the presidents and the regents of the following state institutions: the University of Texas; A. & M. College; College of Industrial Arts at Denton; South West Texas Normal, San Marcos; Sam Houston Normal, Huntsville; North Texas Normal, Denton; East Texas Normal, Commerce; West Texas Normal, Canyon; Sul Ross Normal, Alpine; and Stephen F. Austin Normal, Nacogdoches. Others who will be at the conference are the presidents of the Austin Mothers' Congress; the State Federation of Women's Clubs; and the Texas League of Women Voters.

#### Faulty System in Use

With the knowledge that "there is yet much constructive work to be done in Texas in perfecting our system of education, which at places is duplicated, disjointed, and inefficient, Governor Neff, was responsible for the recent selection of a legislative committee for the purpose of investigating and giving advice in "systematizing and developing our educational life as a whole."

By means of the Talk Out Loud Conference, members of this committee may obtain valuable information from those who have first hand knowledge regarding the schools of Texas and their needs.

#### CAF REDUCES PRICES

According to an announcement of the management prices on several breakfast dishes will be reduced beginning today. This change in prices is a result of strict economy practiced by the present management.

## MOTT EXPLAINS STUDENTS' PART IN BIG PROBLEMS

Attitude of America Toward  
International Affairs De-  
pends on Universities

Discussing the relation between the problems of the world and the universities of the land, Dr. John R. Mott, internationally known lecturer and organizer, spoke Sunday night before an audience of students and faculty members that completely filled the Men's Gymnasium. He declared that the real task of the schools is to develop men and women who have mental power, heart power and power of will. "Men of this sort," the speaker declared, "are the real leaders. They have the power of vision; they can see farther than the crowd; and whenever a man can see farther than the crowd, he can obtain a following."

#### Vinson Introduces Mott

Dr. Robert E. Vinson, president of the University, introduced the speaker as a man who for more than a generation has been in the center of the power of all great movements which this country has witnessed.

Dr. Mott spoke, in part, as follows: This school and all the universities of the world are today facing a unique situation. Old nations are being remade and new nations born. The nations of the world are openly divided within themselves and between themselves.

#### Economic Troubles

Economically, the world is in a position that a few years past would have been inconceivable. The debt incurred by the nations in the last and subsequent wars has mounted to a figure so large that the mind can not grasp the significance of the numbers.

### Large Crowd Attends Highway Conference Being Held at A. & M.

Intercollegiate Wireless. College Station, Feb. 6.—Highway construction and upkeep were discussed from many angles, both as to problems involved and the social and economic value to be derived, by various speakers here today at the first session of a two-day regional highway conference called by A. & M. college. Over one hundred men interested or engaged in highway construction were present at the conference, including representatives of federal bureaus, national commercial associations, and the State Highway Department. The principal speakers were Walton C. John, of the United States Bureau of Education, President W. B. Bizzell of A. & M., W. W. McCrory of San Antonio, member of the State Highway Commission, J. D. Fauntleroy, new State Highway Engineer, and Colonel Edgar Jadin, United States Engineering Corps, stationed at Fort Sam Houston. Following the first session of the conference a review of the A. & M. cadets was held in honor of the visitors and a dinner was given them by the college.

#### MRS. SEVIER ENTERTAINS

Mrs. H. H. Sevier will entertain at her home, Laguna Gloria, with a benefit bridge party Wednesday at 2:30 for the fund for devastated France. Prizes have been offered by Carl Mayer Jewelry Company, Griff fifth Drug Company, Mrs. Sevier Mrs. Gillespie Stacy, and Mrs. Wil Gerhard. All University students interested are invited to be present. Cars will be provided to take or those who wish them. Table reservations may be secured by calling Mrs. Gillespie Stacy.

#### SIMKINS IMPROVING

Judge Simkins of the Law School who has been unable to meet his classes for practically four months is now convalescing. It is impossible to state definitely when he will be able to resume work, but it is hoped in the near future.

## LONGHORNS MEET TRINITY TIGERS TOMORROW NIGHT

This Game Will Have No Bearing  
on Conference  
Standing

### PLAY OKLAHOMA AGGIES

Hard Fought Contests Are Expected  
From Bears in  
Waco

#### SOUTHWESTERN CONFERENCE STANDING

Team	W.	L.	Pct.
Texas A. & M.	7	1	.875
Texas U.	8	2	.800
Baylor U.	3	4	.429
Rice Institute	1	5	.166
S. M. U.	1	8	.111
Oklahoma Aggies	0	0	.000
Arkansas U.	0	0	.000

#### By Carl Swartz

Coach L. T. Bellmont's University of Texas Longhorn basketball team will meet the Trinity University Tigers in the Mens Gymnasium Wednesday night at 7:45 o'clock in a game which has been contracted for since the University team's season schedule was made out. Trinity not being in the Southwestern conference, the result of the game will not affect the Southwestern conference standings.

#### Meet Bears in Waco

Friday and Saturday nights the Longhorns will meet the Baylor University Bears on the big Coliseum floor in Waco in two conference games which will try the Orange five to the limit. Baylor lost to Rice in Waco last Friday night, but the Bears were off-form and did not play the type of basketball that they displayed in their two-game series against Texas here. Playing against such strong opposition as the Bears will offer on a strange floor will try the metal of the Longhorns on their week-end series.

#### Aggies Lead Conference

Texas A. & M. gained the leadership in the Southwestern conference standings by defeating the Longhorns twice last week, and now stands an excellent chance of winning the championship race. The Longhorns and Aggies meet in a two-game series at College Station March 2 and 3. The Varsity crew will have their work cut out for them in those two games. If they win both and all their other conference

(Continued on page 4)

### JUDGE OFFERS SILVER LOVING CUP IN CONTEST

Judge Magazine, national humorous publication, recently notified the Scalper, Texas college wits monthly, of a contest to be held among the colleges of the country for the best original art, jokes, or witty writings that the students have to offer. A silver loving cup will be awarded to the most original individual, and another will be given to the school showing the best wits display.

Editor-in-chief Howard Aronson of the Scalper has asked that all students who are humorously inclined submit their work for this contest. Texas should not go unrepresented at such a national event, he states.

## THE UNPARDONABLE SIN

John R. Mott, speaking Sunday night to a convocation crowd that rivalled in size those that packed the gymnasium on Friday and Saturday nights for the A. & M. basketball games, struck a keynote when he named indifference as the cardinal sin of which a college can be guilty. Better by far cynicism than indifference, he said, for the great need of today is a need for thinkers; and if students are thinking enough to be intelligently cynical, even though they are off the main road now, the truth eventually will reach them. But if they are characterized only by complacent indifference, even if they see what the truth is, what does it profit?

Indifference, it should be remembered however, will not be driven out of a school merely by an appeal to the students on big problems and universal topics, such as the world situation and the relation of colleges to it. Indifference first must be driven out as it affects questions and movements and institutions here on the campus—student government, the honor system, studies, social conditions on the campus, greater unity, definiteness of purpose—before there can be any far-reaching reaction from indifference in the face of world conditions that are not as they should be.

That dissolution of indifference must start with the campus and campus organizations, does not destroy the value of talks such as that made by Mr. Mott. Speakers who pass through can only preach the general attitude. Each college must apply the lesson to itself as local conditions may warrant.

### A REPUTATION SAVED

Stealing has been going on in the Library consistently this year, as it has in years gone by. Numbers of articles of all sorts have vanished; but hats, coats, purses and notebooks in particular have shown a tendency to disappear without coming to light again. Because such disappearances were frequent, it has been supposed that students were earning their way through college by the stealing method. Recent apprehension by local authorities of one guilty person, who had been stealing regularly for some time, takes the blame

off student shoulders. In this case at least, the thief was not a University student.

### COMMON DECENCY

It is descending rather far under the control of the mood spirit for a group of men, supposedly intelligent college students who have come from the "better" families of the state, to take part in any demonstration such as that given before Library yesterday morning. Any man in the group would have been, if not thoroughly ashamed, at least afraid to do as an individual what he did as a member of the crowd; and each one displayed a particularly contemptible form of cowardice in hiding himself in a crowd so as to do what he would, as an individual, fear to do. The University is taking a serious downward step when an assistant dean must be posted to send women students down side steps in order to avoid a crowd of college men who have forgotten, not their ideas of gentlemanly conduct and chivalry, for these are words that mean little beyond a weak sort of sentimentalism, but their sense of common decency.

### WHEN IS A PROFESSIONAL?

Gifts of various articles of clothing which were made recently to certain of the more promising University athletes raise the delicate problem of deciding just when an amateur athlete becomes a professional. It seems that gifts of suits, hats, shirts or neckties given to several prospective Varsity men were made, not in payment for services rendered, nor as prizes won in competitive athletics, but on recommendation by the coaches of worthy men. A question arises at once as to whether accepting cash in direct payment for participation in athletics is the only remuneration for athletes that destroys amateur standing.

### DOINGS OF OTHERS

Martha McCoy, Editor

#### Iowa Receives Rare Newspapers

The University of Iowa has recently received a practically complete file of the New York Times, from 1845 to 1914. The file consists of 226 volumes and contains much valuable Civil War material, which is of great importance to research students.

**New Coach At Cincinnati**  
George W. McLaren, from the University of Arkansas, has recently been chosen as coach for the University of Cincinnati, both football and track. Mr. McLaren was twice selected by Walter Camp for the All-American football team. Only one game was lost by the University of Arkansas during the two years he was coach of that team.

**Universities of Russia**  
There are but seventeen universities in the whole of Russia. The general standing in scholarship is considerably higher than that of American universities. Count Tolstoi is reported to have said in an interview at Syracuse University.

**Persians Send for Countrymen**  
Bagher Kahn and Fred Jehanian from Persia have registered in the Utah Agricultural and Mechanical College preliminary to sending for eleven more of their countrymen now studying in California and New York. These students will purchase a five thousand dollar farm in Cache Valley which they will work collectively and use the proceeds towards paying their way through college.

**About Three Hundred in Boxing Class**  
Boxing is becoming more and more popular at the Oregon Agricultural College.

#### CHAPEL NOTICE

Dr. J. P. Boone, secretary of the Baptist students of Texas, with headquarters in Dallas, will speak at Chapel this morning.

#### Newman Club Social

Newman Club members enjoyed a successful social affair in the Newman Club rooms Sunday afternoon.

There was a unique program which caused great mirth on the part of the audience. A tragedy in three acts turned out to be a comedy as far as the on-lookers were concerned. Dorothy DuMars gave two piano-logues. Three selections, taken from Italian, French, and English dialects, were rendered by Dorothy Dunkerly.

Following the program, games were played and last, but not the least enjoyable feature of the afternoon, was a candy pull.

The next meeting of the Newman Club will be next Sunday morning at 11:00 o'clock.

#### Randolph-Moffat

Miss Marjorie Randolph and Mr. Tom Moffat were married Saturday night at the home of the bride's parents. Mrs. Moffat is a graduate of the summer school of 1921. Mr. Moffat is at present a student in the University, and will get his B. B. A. degree in the summer school of 1922. Mr. and Mrs. Moffat will be at home at 506 East Second street.

The University Dames will meet with Mrs. J. L. DuMars, 712 West 21st Wednesday, February 8, 3 p. m.

Assisting hostesses: Mrs. W. S. Ferguson, Mrs. A. S. Bledsoe and Mrs. Frank Hartgraves.

Kappa Delta announces the initiation of Ruth Speer of Denton and Adabel Leaverton of Grapeland; and the pledging of Elizabeth Thrasher of Austin.

Mary Lee Scovell, Margaretta Graham, and Margaret Kelley are at Seton suffering from cold and tonsillitis.

Mr. Herbert Sewall and Mr. Fritz Hiatt of A. & M. spent the week-end at the Phi Kappa Phi use.

Pat Caldwell left Sunday for San Antonio after a visit at the Delta Chi house. Mr. Caldwell was a former student in the University.

Dalton McGruder of San Antonio spent the week-end at the Sigma Nu house.

Joe Dawson, a former student of the University, is visiting friends in Austin.

R. M. Swenson, who spent the week-end in San Antonio, has returned.

Miss Margaret Hesser has returned from her home in Gilsburg, Ill.

Charles Dittert has returned to his home in Cat Spring, after a visit here.

Merle Waltrit has returned from San Antonio where he spent the week-end.

Elizabeth Eckford has returned to Dallas, after spending the week-end at the Kappa Kappa Gamma house.

Madge Whiteside has returned from a week-end visit to her home in Lockhart.

Dorothy Brown, a student in the University, spent the week-end in Dallas.

Margaret Mueller, of San Antonio, spent the week-end at the Kappa Alpha Theta house.

Frances Mayfield and Martha Crowder spent the week-end in Georgetown.

"Casey" Jones of San Antonio was a week-end visitor at the Aca-cia house.

Bob Robertson was visiting during the week-end in Waco.

Fonsie Arnold was a week-end visitor in San Antonio.

Georgia Colvin spent the week end at her home in Brenham.

G. W. Johnson spent the week-end in San Antonio.

Elenor King is visiting at her home in San Antonio.

Blossom Lusk is visiting in Brenham.

#### DOES TRAINING PAY?

At the present time the business world is passing through a state of reconstruction. Business is improving rapidly and a large number of industries are employing men and women, especially those who layed off office help some time ago. Salaries will soon be raised. During the depressed times, business men learned that it was necessary at all times to get down to a rock bottom efficiency basis and in order to make their business profitable, it is necessary always to employ the very best office help. Which class is to be employed at a time like this, the trained worker or the unskilled man who has no special ability? The trained man is always the first to be employed. He is sure of his job and draws the best salary. The man or woman who is prepared for his or her work is the one who stays on the pay roll.

Specialized training will lift any one above the masses. Ability is nothing but an average brain specially prepared. Such training is necessary to success in this age of specialization. Brains are at a premium. There are plenty of men and women for the ordinary job that pays an ordinary salary, but the demand for high-priced workers for big jobs is always greater than the supply.

Do you realize that you can put yourself in the class of the trained worker in a few months' time? By enrolling at once in the largest business training institution in America, with a faculty of over thirty specialized teachers, all modern office equipment, using the Famous Byrne Systems of Business Training, let us give you the most thorough, complete and practical training that can be had, in less time and at less cost than at any other school.

You can complete your course here and be ready to take a position which we will secure for you.

## DON'T BLAME THE CREDIT MAN!

When you overlook an account and you receive "Duns"—don't blame the credit man.

When YOU'VE made a promise to pay, broken it and the creditor insists on HIS money—don't blame the credit man.

When you buy goods with the understanding that you will pay for them at a certain time and you don't do it and you are reminded of your negligence—don't blame the credit man.

When YOU habitually neglect your account and your word can't be depended upon any longer and your account has to be closed—don't blame the credit man.

And when YOU go elsewhere to open an account and the accommodation is declined—for your credit record follows you wherever you may go—don't blame the credit man.

#### Five Straight B's

There are two great ambitions of a U. of T. Fish Beyond which they have neither hope or wish;

One is the making of wonderful grades, The other, the rushing of starry eyed maids.

Now the first, the making of five straight A's, Is put in our paper from day to day;

But the other, the making of five straight B's, Is not given full credit, it seems to me.

You may wonder how the rushing of starry-eyed maids Is connected with the making of straight B grades.

Strictly speaking, I'm forced to admit that's so, But let me explain that B stands for Beau.

To be a Beau for our Co-eds fair, He sticks a jelly-bean on his vaselined hair,

Wears wrinkled trousers over tattooed shoes, And drinks hair tonic to give the odor of booze.

Then saunters forth, a Beau Brummel fine, And an unbeatable Braggot with his home-town line.

Very soon he's a Better of school-wide fame, (Which makes HER think more of her Freshmen who's game)

During long, weary days with nothing to do???

The campus benches give a wonderful view;

Near the Library front he will sit and gaze, A corrugated Buzzard all through the days.

When all this is done, of B's he has four, And he must add to this list just one more.

At last, he's a flapper, and he sticks out his chest—

Till our Dear Dr. Parlin sends a kind request;

As his grades have been low (how could that be), He must leave this school, a misguided BUSTEE.

—H. L. McCleary.

## LAWS AND ENGINEERS WILL PLAY TO DECIDE DEPARTMENTAL TITLE

**Taylor's Team Defeats Pre-Laws and Laws Vanquish B. A. Basketeers**

Engineers and Laws will renew the bitter athletic feud that exists between them a week from Friday night when they clash in the final departmental basketball game which will determine the departmental tosser championship of League B and their championship game will be a preliminary to the first Varsity-Oklahoma A. & M. game.

The two teams won the way to the final championship game last night. The Engineers won the championship of League A in the first contest of the night by defeating the Pre-Law team 17-6. The Laws won the championship of League B and their way to the championship game by defeating the Business Administration five 10-8.

### Engineer Team Work Good

The Engineer five had better teamwork than the Pre-Laws and led throughout the first game. The game was closely contested by the losers, but they were unable to cope with the passing of the T. U. Taylor five. Keen at forward and Mulcahy at guard were big factors in the winners' play while the work of Tom Dennis at center was good. Payne, forward, did good work for the losing five. The score at the half was 7-4 in the Engineers' favor.

The lineups: Pre-Laws—Triesch and Payne, forwards; Thomas, center; Buss and Parker, guards. Engineers—Barry and Keen, forwards; Dennis, center; H. Stamper and Mulcahy, guards. Pre-Law substitutions none. Engineer substitutes—Long and Thompson, forwards; J. Stamper and Domingues, guards.

The scoring: Field goals—Payne 1, Thomas 1, Mulcahy 1, Thompson 1, Barry 1, Dennis 1, Long 1, J. Stamper 1. Four goals—Payne 2, Mulcahy 4, Long 1. Fouls missed—Barry 2, Mulcahy 1, Long 1.

Referee—Ahrens.

### Laws Forge Ahead

The Laws came from behind in the second half of the second game to defeat the Business Administration five. The goal shooting of Center Tilley, who netted three field goals in the final half for the Laws, was the feature of the contest.

The B. A. team led at the half 3-2, field goals by Tilley of the Laws and Nelms of the Business Administration team and a foul thrown by Hawley of the B. A.'s representing all the scoring of the half.

In the second half Tilley threw three more field goals, bringing his total to 8 points for the night. Two of the goals were scored on rather long shots. Nelms threw a field, Muller threw a field and Hawley threw a foul during the final half for the losers. The game was hard fought all the way. Muller netted the last B. A. basket in the final 20 seconds of play.

The lineups: Laws—Granger and Moore, forwards; Tilley, center; Neel and Gardere, guards. Business Administration—Lockwood and Nelms, guards; Hawley, center; Muller and Pierrmann, forwards. Law substitutes—Kembler, ceter. Business Administration substitutions—none.

The scoring: Field goals—Moore 1, Tilley 4, Nelms 2, Muller 1. Fouls missed—Hawley 2. Fouls missed—Granger 2, Hawley 1.

Referee—Ahrens.

## LONGHORNS MEET TRINITY TIGERS TOMORROW NIGHT

(Continued from page 1)

contests the Longhorns will capture the title, as A. & M. was defeated by the Baylor Bears in a close game at Waco a couple of weeks ago.

### Oklahoma Aggies Play Here

Two contests which promise to develop some mighty good basketball are dated for a week from Friday and Saturday when the fast traveling Oklahoma Aggies will be here for two games with the Longhorns. The Oklahoma team has been going strong and from all indications will cause the Longhorns a lot of trouble. The Aggies will play Baylor February 15 and 16 on their way to meet the Longhorns.

## EX-SERVICE MEN IN CONVOCATION INITIATE DRIVE

(Continued from page 1)

country. Mr. Storey predicted that the bill would be passed in the near future, and that through the effort of the American Legion.

### Bonus Bill Not an Ideal

He declared however that the bonus bill was one of the least things for which the Legion stands. The duty of citizens both patriotic and civic, and the program of making America safe for Americans are affairs in which the Legion is taking an important part. The Legion serves in peace as well as in war. Its purpose is to inculcate a sense of responsibility in community, state, and nation. Finally the speaker called attention to the unemployed ex-service men throughout the country and the necessity for helping them.

### Vinson Makes Stirring Address

Dr. R. E. Vinson followed Mr. Storey. He declared that if he had been at the age of active service, and did not wear a Legion button, he would wear a placard around his neck telling the world the reason. If he had a flat foot, he would stick it out to be seen; if he had disabilities he would show them, if he had a family he would wear their photographs around his neck.

"The war was fought to make the world safe for Democracy. Now the problem of peace is to make Democracy safe for the world." The problem now is one of selfishness and ignorance rather than a stream of "isms" and harmful influences from foreign countries. There is a failure to go to the polls, but the ability to kick and criticize the government is one hundred per cent strong. "I have often told the legislature," said Vinson, "that I would be satisfied with the opinion of the majority of the people of the state, but you cannot get the opinion of the majority. If the majority of the people of the state demanded that I teach that the world is flat, that it is square, and that it is supported by four posts resting on the back of a turtle, then that would be the thing to do."

He called upon the ex-service men to join the Legion and support it in the effort to cause men to perform their duties as citizens.

The membership committee composed of Dr. George C. Butte, Leroy Sherrill, James R. Beverly, Oscar Strackbein, John K. Webber, Karl Dornberger, Francis Domingues, A. M. Scott, C. E. Cook, Burr Cameron, Ira Allen, Charles Keffer, Don Martin, J. Frank Dobie, will meet in room 2, G Hall, at seven o'clock. Applications for membership should be turned over to one of this committee it was announced.

## MOTT EXPLAINS STUDENTS' PART IN BIG PROBLEMS

(Continued from page 1)

### Moral Conditions

The so-called "Sanitary Cordon" which the League of Nations sought to establish about Russia has been eaten through, leaving death and disease to threaten all civilized nations. You cannot lay away eleven million fathers and older brothers and find the morals of our youth as high as they were previously. I would say that all Europe and Asia are sick.

### Plastic State of World

The only phrase that characterizes the present status in epitome is the words taken from the Book of Revelations, "Behold, I, Christ, am recreating all things." The whole world is in a plastic state to a degree and in a sense never before known; and whether the molds in which the world is to be set are materialistic and selfish, or idealistic, altruistic, and self-sacrificial depends on the universities all over the world.

### Cooperation Needed

We are now living in a time of "first-rate" events and the thing we need is "first-rate" men who will meet the crisis, and prove themselves to be "world citizens." A spirit of internationalism is the cure for our troubles. Everywhere the eyes of the nations are turned to America. The demand of the world to the United States is that we furnish man power. We must have men who know what and why they believe and reject. The world situation calls for men of vision, and men who can cooperate.

### Majestic

The struggle between a crooked financier who is using the project of a railroad through Alaska as a money making scheme, and a real railroad promoter who honestly wants to open the great resources of the inland regions to the outer world, forms the main theme of "The Iron Trail," Rex Beach's great railroad melodrama, playing at the Majestic today and tomorrow.

The story is laid in the picturesque mountain regions of Alaska, and the laying of the "iron trail" through their midst offers many opportunities for bits of beautiful scenery as background.

Although the fight over the railroad holds the central position of importance and interest, there is also a romantic element also. Both the fighting Irish promoter and his chief engineer find love during their hardest struggles on their big bridge. The engineer's sister a newspaper writer who is sent up by rival interests to defame their work finds that the work is splendid, and its leader even better, while the engineer falls in love with their enemy's little step-daughter.

### Texas Theatre

In the "Love Charm," now playing at the Texas, Wanda Hawley uses real love charm to win the man whom she loves. The charm which she uses is one which reminds him of the first woman he ever loved, his mother. He is a young but rather old-fashioned banker, and Hattie, the most ultra-modern young lady in Primmton, has decided to marry him. Then Ruth, the little orphan cousin, comes to live with Hattie and her mother, and the whole plan is ruined. Ruth makes

him love her, by using her old-fashioned charm. Then because she feels sorry for Hattie she tries to estrange him by going to the other extreme at a wild party, put on for his especial benefit. But it didn't work and Hattie contented herself with a more congenial match.

### Hancock

"Too Much Wife" playing at the Hancock today and Wednesday, is a comedy of a present-day wife who says her husband can do nothing he wants to, but she intends to do it with him. She takes up golf to keep up with her husband, and all golf players will fully enjoy her efforts. Wanda Hawley is fine in the role of this modern wife, and the play holds many laughs for you.

### Queen

"The Wonderful Time" showing at the Queen Monday and Wednesday of this week features the ever popular Norma Talmadge. The story is not particularly unusual but the acting of the star raises it to the level of the really good photoplay.

The man who is "long on ancestor but short on cash" marries a beautiful American heiress whose father has made his money in hams for
