

THE DAILY TEXAN

FIRST COLLEGE DAILY IN THE SOUTH

AUSTIN, TEXAS, WEDNESDAY, DECEMBER 2, 1914.

NO. 59

OFFICIAL NOTICES.

The Sidney Lanier Literary Society will meet this afternoon at 5 o'clock in room 204.

Junior Girls, please come to room 204 today at 1 o'clock for an important meeting.
V. M'NEW,
Vice President.

Curtain Club will meet in room 204, Main building, Thursday, 7:30 p. m.
CHARLES CROWLEY ENGLISH,
President.

Miss Mary C. Love Collins, Chi Omega grand president, will address woman's open Pan-Hellenic Wednesday at 5 o'clock at room 218. Faculty and students invited.

MINNAE NICHOLSON,
President Woman's Pan-Hellenic.

Due to the unusual conditions and the fact that many of the students do not get their checks until the second or third day of the month, the circulation manager will not charge the 50-cent fine for those who pay this week.

The Inter-Fraternity Council will meet at 1 p. m. Thursday at the Elliotts' Studio for a group picture for the Cactus. All representatives are urged to be present.

PENDLETON HOWARD,
President.

Notice to Faculty and Students.
All men interested in the Longhorn Rifle Club, recently organized here, please leave your name either with President Kenley, Secretary Pennybacker, or leave them at the desk in the Y. M. C. A. Do this in order to get your name on the charter roll, which will remain open only until the next meeting. Remember, that faculty men as well as students may become members and are urged to join.

There have been nearly a dozen designs submitted for the cover of the Mag for the next issue, because of the prize offered. Most of these are beyond what the editor had expected. The plan has been changed in some details. The issue will come out when the students return from the holidays, and not during "exam" week, as was thought by some. This notice is given so that no one will draw a merely conventional Christmas design. The contest will be continued until the 10th of December, and anyone who is interested can yet enter the contest for the prize by conferring with the editor, Mr. Lof-
tuck.

Seniors.

Very few seniors have had their pictures made. Those Cactus pictures must be in by Christmas. They will be blocked and mounted and shipped to the engraver during the holidays. It will be impossible to get a picture in after the rest of the men are blocked, because there will be no place for it. We hope you will realize what this means; your name will be run without the picture. We may have to leave a large number out, but since the Cactus will save about \$1 on each of them, we should worry. That old wail, "it has never been done before," is not even heard. The 1915 Cactus is following few precedents. If the actions and plans of former Cactus staffs were carefully followed each year, there'd be a little improvement. The 1915 Cactus is different in lots of things. This is one of them. This is the only way the Cactus can come out on time. You have twenty days, and that's not long.

EDITOR-IN-CHIEF.

GEOLOGY PROF. SICK.

Mr. Jones of the School of Geology is sick Tuesday morning and unable to meet his classes. However, he was up and about again that afternoon and expects to continue his regular work on Wednesday.

CATHOLICS MAY PLAY LONGHORN TEAM NEXT YEAR

Notre Dame Receives Offers Favorably—Decision Rests With President Cavanaugh, Who Will Return Next Week.

It is highly probable that the Longhorns will meet the Notre Dame University next Thanksgiving Day on Clark Field. A communication from the Athletic Council of the Northern university, addressed to the Athletic Director, received yesterday, stated that the conditions made were entirely favorable, and that the final decision rests with the president of the university. President Cavanaugh is at present on a trip, and is expected back at the beginning of next week. The Catholics asked the Longhorn officials to keep the date open until the president arrives. This Mr. Belmont agreed to do, and sent the telegram yesterday.

"The telegram," said Mr. Belmont yesterday, "states that the chances for the game are good. I am very optimistic that the Notre Dame team will meet the Longhorns next year."

"We received an offer from Christian Brothers' College of St. Louis, Mo.," he added, "and if the present negotiation with Notre Dame falls through we will consider the latest offer. In addition to the offer from the Christian Brothers' authorities we also have one from the football men of the Haskell Indians. We will play one of these three teams next year on Thanksgiving."

DALLAS STUDENTS WILL GIVE THEIR DANCE CHRISTMAS

Will Be in the Southland Hotel—All Texas Students From That City Will Be Present—To Be a Large Affair.

The Dallas Club met yesterday afternoon, the purpose of the gathering being to decide upon the form of entertainment to be given "back home" during the Christmas holidays. A dance will be given on the afternoon of December 29, from 4 to 6 o'clock, at the Hotel Southland, Dallas. As the chief purpose of the club is to arouse interest in the University, the seniors of the various "prep" schools will be invited to be present. Through this medium it is hoped to acquaint these prospective students with the charms of the University.

A committee was appointed to collect the amount necessary to give the dance, the following being named: Misses Leta Skiles, Petit; Messrs. Crossman, Dabney, Fritz, Carter, Smith and Richardson. This committee will begin work immediately, and hopes to have the desired amount in a few days.

"POLY CLUB" IS FORMED.

College Press Service.

T. C. U., Dec. 1.—Sixteen former students of Polytechnic College, which is no more, have formed a "Poly Club" in T. C. U. Following the change of Polytechnic to the Texas Woman's College, a large number of the men came to T. C. U. The purpose of banding themselves together is to keep alive the memories of old Poly days.

LOCHRIDGE ON VACATION.

Mr. I. P. Lochridge, business manager of the University, has felt the need of a vacation and a little recreation. He therefore left Austin, Friday, for Cactus, Texas, where he will hunt deer, in company with Messrs. Scarbrough and Townsend. Mr. Lochridge is expected to return the latter part of the present week.

EMBLEM FOR JOURNALISTS

To Adopt a Class "Trade-Mark" and a Yell—A Reception Will Be Held Soon.

The Journalism Department, as organized several days ago, is planning to adopt a class emblem and a yell, and will probably give a reception some time in the near future. There are forty members registered in this department now. Much spirit and enthusiasm was displayed at their recent meeting.

The emblem to be adopted will be in the form of a red or black devil reading a newspaper. It is planned to give the reception in the shop of the Journalism Department in order to give it real local color. Regular meetings of the department will be held.

NEW STUDENT DIRECTORY OUT

The student directory is out for this year. It comprises the names of all Faculty members and students, with their phone numbers, addresses, and all data concerning them.

FIVE TEXAS MEN ON THE ALL-STATE

Coach Boles of T. C. U. Makes Selection, Giving Places to Five Different State Teams.

College Press Service.

T. C. U., Dec. 1.—Coach S. A. Boles of T. C. U. has made his selection of an all-State football team. Coach Boles felt that he had a right to make an all-State selection as he had seen all of the teams in action, but in picking some of the men he was forced to depend on what the newspapers said of their work rather than on what he knew of their ability.

Boles' team was as follows:
Journey, Rice, left end.
Berry, Texas, left tackle.
Gibbs, Daniel Baker, left guard.
Isaacs, Baylor, center.
Jordan, Texas, right guard.
Baumiller, A. & M., right tackle.
Edmond, Texas, right end.
Barrell, Texas, quarter.
Evevett, A. & M., left halfback.
Littlefield, Texas, right halfback.
Cox, T. C. U., fullback.

CAMPBELL IS PRESIDENT

Texas Professor Made Head of English Section of the State Teachers' Association.

At the meeting of the State Teachers' Association last week in San Antonio, the English section was completely reorganized. A new constitution had been prepared by the constitutional committee, of which Dr. L. W. Payne, Jr., was chairman, and was adopted without a change.

The meeting was presided over by Miss Edith L. Clark, a graduate of the University and daughter of our former Proctor, Judge J. B. Clark. Under the new constitution, Dr. Killis Campbell of the University was elected president, and Professor Gates Thomas of San Marcos was elected secretary and treasurer.

The new constitution provides for the publication of a bulletin for the use of English teachers, similar to the one that is now published for the use of teachers of history and foreign languages, and plans are under way for the immediate publication of this work. Other valuable changes are incorporated in the constitution as prepared by Dr. Payne, and his efforts will undoubtedly be rewarded by the increased efficiency of the English section.

FACULTY DOES UNUSUAL THING

A most remarkable occurrence took place Tuesday afternoon. A meeting of the faculty of the College of Arts adjourned within three minutes after being called to order.

ASSEMBLY PASSES TWO RESOLUTIONS

Asks That "Exam" Schedule Be Changed—Forms Committees to Honor Mezes.

The Assembly last night passed a resolution in conjunction with the Council, to request the faculty to change the date of the "exams" from Thursday, December 16, to Monday, December 13, as a result of student agitation. This is very popular with the students, as with the present schedule in effect, many of the students will not be able to be home for Christmas. Many think that the Faculty will change the date as requested.

After this, a resolution was passed to have a meeting in the auditorium in honor of the late president of the University. It is proposed that the class from 12 to 1 be used for this purpose. Students will speak, and several professors, also.

Committees were appointed to see about the matter, and were as follows: To settle time and place, Tom Poppell, chairman; George Anderson, Billy Earle, George Atkinson; program, Clarence Nohman, chairman; S. B. Garrett, Nolan Queen and R. P. P. Thompson.

GIRLS ANXIOUS FOR GAME.

Have Issued Challenges to All Nearby Teams for Game at Any Time.

College Press Service.

T. C. U., Dec. 1.—The Christian co-ed basketball team is anxious to match games with Baylor, Southwestern, Trinity, C. L. A., Denton Normal and any other colleges which are not too far away. So far this season the T. C. U. girls have walked away with every game which they have played. However, most of the games so far have been with minor schools, and they are now after bigger prey.

INTERCLASS RIVALRY AT T. C. U.

College Press Service.

T. C. U., Dec. 1.—An interclass basketball schedule for the next two weeks has been arranged by Basketball Coach Cahoon. The seniors, juniors, sophs, freshmen, preps and preachers will all be represented by a team. The class winning the most games will be presented with a loving cup.

Verlinde Vanderberge returned yesterday from a visit home.

CHAPEL NOTICES.

Mr. Worsham of St. David's Church was the speaker at Chapel yesterday, and well did he please those present. He always has a good message. The theme was "One Thing Is Needful," a statement made by our Lord to Martha when she complained that Mary was not helping her with the housework. The thing needful in that case was a broad spiritual vision of Christ and his mission. That is the vision that has elevated woman to her present parity with man; it is the thing that uplifts both man and woman. The one thing needful today is the religion of our Lord Jesus Christ, the spiritual insight that will cause us to adjust ourselves to life from His standpoint, taking as our aim the coming of His kingdom, His glory rather than our own comfort and pleasure.

Mr. Worsham will speak again today. Why not hear him?

JUNIORS ELECT OFFICERS

Class Meets for First Time This Term and Transacts Business of Importance.

In a short and spicy session the junior academics met yesterday for the first time this term. The meeting was held at 1:30 in room 126.

Clay Beckner, the last year's spring term president, called the meeting to order and called for the election of officers. Nominations followed in rapid order, and when the first results were announced it was found that Alva Carlton had been elected president.

Beckner then surrendered the chair to the newly elected president, and the election of the remaining officers proceeded with the following results: Vice president, Miss Vera McNew; secretary-treasurer, Miss Longino; sergeant-at-arms, Clay Beckner.

The vice president was then instructed to call a meeting of the Junior Girls some time in the near future to elect representatives to the Woman's Council.

SENATOR WEBB TO SPEAK AT Y. M. C. A.

Former Teacher of Simmons Brothers Will Speak on "How to Read." Tonight at 8.

Senator Webb will speak here tonight in the University Y. M. C. A. at 8 o'clock on "How to Read." He is a widely known legislator and is also a well known lecturer among the colleges. Of him Mr. Lomax said: "Every student in the University should take advantage of this rare opportunity of hearing so distinguished a speaker as Senator Webb. He is one of the leading educators, and has an inspiring message for the students. He has trained more men for college than any other Southern educator."

It is thought that this meeting will be very largely attended, in that Mr. Webb is a very practical man, besides his being a very prominent educator. Both of the Simmons, the famous football players, were educated by him. Many others in the University are also from his school.

TWO PROMINENT SPEAKERS

Henderson and Weatherford Will Speak in Evangelistic Meetings. To Be After Christmas.

The University Y. M. C. A. will hold several evangelistic meetings after Christmas, featured by two very prominent Southern speakers. They are Bishop Theo. S. Henderson of Chattanooga and Dr. W. D. Weatherford of Vanderbilt. These men are not merely preachers, but have many accomplishments in general work, one of them having been a former prominent athlete.

Bishop Henderson is of the Chattanooga North Methodist Church, and will lead the meetings for men and women. He was formerly the pastor in the most prominent church in Brooklyn, and while in that position he became a well known speaker to men in the East and the Middle West. He was a member of the Lake Geneva Conference for students and was there one of the most prominent platform speakers.

Dr. Weatherford was a Vanderbilt Varsity man in basketball for a period of three years, and later acted as coach for two years. He graduated in '99 with an A. B., in 1900 with an M. A., in 1902 with a Ph. D. He is the organizer of the Southern Summer School Society of Social Service, and is still forwarding its movement.

With these men for the leaders, the movement will undoubtedly be a success.

Ham Lee is visiting at the Phi Gam house.

DR. KEEN HELPS TO STANDARDIZE TEXAS COLLEGES

Came as Result of Irregularities in Admittance—Texas Will Be in Class by Itself—Meeting Is Very Congenial.

Perhaps the most constructive work done by the State Teachers' Association was the adoption of the committee report of the committee appointed to standardize the Texas colleges. This committee consisted of Dean Kesler of Baylor University, Dean Parks of Texas Christian University, Mr. Frank Reedy of Southern Methodist University, A. E. Porter, acting president of Daniel Baker College, and John H. Keen of the University of Texas.

In previous years students who came from a lot of so-called colleges applied for entrance to the University and other first-class schools in the State, and had to be dealt with in a very uncertain manner. Dr. Keen was forced to examine the catalogue of the college in question, look up the student's record in the college and allow him to enter upon his record with conditions attached to his work. Students from about thirty-five colleges over the State had to be dealt with in this manner. It was very uncertain, requiring a lot of unnecessary work, so Dr. Keen began the study of a standardization about four years ago, and during that time his judgment and decisions have been recognized.

(Continued on Page Four.)

LAWYERS WILL HAVE ANNUAL BANQUET AT THE DRISKILL

Governor Colquitt and Governor-Elect Ferguson Will Be Present—Also State Supreme Judges and Law Faculty.

Lawyers, young, old and prospective, will mingle at the annual banquet of the followers of Perigrinus at the Driskill Hotel Monday night, among them being Governor Colquitt, December 7. Many invited guests, Governor-elect Ferguson and several judges of the higher courts, will be present. Many of these will be called on for short addresses.

Plates must be reserved before noon Saturday, as it is necessary to know the exact number to be present. No tickets will be sold after that time. "Casey" Jones has signified his willingness to lead a goodly number of yells. This method of working up a ravenous appetite will undoubtedly meet with much success, and the "pep" resulting therefrom is expected to make for greater pleasure to all attending.

"Bashful J. A.'s need have no fear of becoming entangled with the silverware," said Jones, yesterday, "for the management of the Driskill has promised to give these individuals due attention to prevent any serious accident."

The Law faculty has promised that they will not count "busts" against anyone, so that his chances of thoroughly enjoying himself will be equal to those of his other classmates. Even the faculty members themselves will throw away their dignity for the occasion, and this is one of the drawing cards that the laws are counting on to get a record breaking attendance.

TRINITY SENIORS ENTERTAINED

College Press Service.

Trinity University, Dec. 1.—The senior boys of Trinity were entertained at the Girls' Hall on Thanksgiving evening with a 6 o'clock dinner, given by the Dean of Women, Mrs. Noel.

THE DAILY TEXAN

The Student Daily Publication of the University of Texas.

Published every morning except Monday during the college year. Entered as second-class matter at the Postoffice at Austin, Texas, under the Act of Congress, March 3, 1879. Subscription price \$2.50 if paid before December 1, otherwise \$3.00.

MARCH 15, 1915.

On March 15, 1915, will occur an important situation. It concerns us, it concerns the State and it concerns everybody who is at all interested in the matter of education. On March 15, 1915, the University of Texas will go broke.

It will scarcely be a signal triumph for anybody or any body of bodies that this thing should come to pass. And yet President Mezes, in his recently published letter to the alumni and friends of the University says that it will happen, unless the money comes from somewhere to run the school for the rest of the year.

We wonder if the State of Texas means what it said when it put all that flubdud about a "university of the first class" down on paper. It is still on paper, all right, but it will remain flubdub, also—until the University is, at the very least, put on a basis where it can assure those who come to it for instruction that such instruction will continue throughout the school year without being liable to suspension for want of funds.

Will March 15, 1915, be a holiday? The Legislature can easily make it one, by doing nothing at all. And then we'd begin our vacation the next day, which would mean that we—meaning our University of the first class—will at last have attained to the dignity of a five month's rural school.

FOR PRESIDENT: WILLIAM HOWARD TAFT.

Our present governor, Oscar Branch Colquitt, is still interested in the presidency of this University. Incidentally, the newspapers are giving him a little front page space, provided the Russian headlines announce nothing more startling than the capture of the entire German army or other equally familiar news—in other words, provided he is not crowded off by something else. The latest story, duly timed to get into the Sunday papers, is that his excellency is in favor of William Howard Taft as head of this institution.

Governor Colquitt may well be proud of this idea, but, take it all around, we hardly think that it will be necessary to protect the governor's property

rights therein. It is the governor's, and we can't bring ourselves to believe that anybody could be induced to swipe it, or even so much as claim it as his own.

Speaking for ourselves, while our enthusiasm for William Howard Taft is utterly without mete or bound, still we want to suggest a candidate, and our candidate is W. Hohenzollern. Our reasons for our selection are these: 1. There is an obese likelihood that he will decline with pleasure. 2. The proposition affords a solution as to what we shall do with our ex-kaisers, provided William ever gets to be an ex-kaiser. 3. If we were governor, such a proposition, coming from us, would secure widespread comment in the newspapers. 4. We're only joking about it anyway.

RUBBER STAMP EDITORIALS.

"Boosting" is a word that we do not like. It suggests a fake real estate ad. It suggests a fagged out editorial brain. It suggests all that is trite and boring. Has your editor nothing to say? 'Tis a simple case; let him write "booster" two or three times, scattering "knocker" here and there for variety, and he has an editorial that has the stamp of time's approval. Nobody can controvert it. Nobody can get "sore" at it. Nobody reads it.

The other day we got a letter from a subscriber who knows the writer pretty intimately. In fact, she used to spank our editorial person upon occasion and elsewhere long before we got the job of working on The Texan six days a week for nothing and boarding ourself. The letter was not complimentary. Beginning with the statement that the president of the University ought to suppress the paper, our correspondent gradually worked up to what she really thought of our editorial policy. We ought to say the good things about the University and leave unsaid the rest, the letter said. We ought to boost—or resign.

Ordinarily we might get sarcastic about a criticism like that, but it comes to us too often and too honestly. And in the particular case we have referred to we have a lingering but wholesome recollection of those spankings, which bids us curb our sarcasm. But there is something to be said in sober truth, without sting and without disrespect for those who think otherwise. The Texan is not a real estate ad. It is, or it ought to be, the forum for student thinkers and student thinking. That thinking may be wrong; it may clash with somebody else's thinking, but then one way to test metal is to strike it against other metal. The University as it is—that is the picture we would give the people of the State. The fact that our defects are realized here is a healthy condition, and any reasonable man will recognize it as such.

ON THE FIRING LINE

What Does a "T" Mean?

A "T" should mean that an athlete has sufficient ability in football to be honored by this University. "Ability in football" means natural ability plus grit, sacrifice and hard work for the interests of the team. Grit, determination and energy deserve reward, and a man who has worked

—Har—

four years and played in regular games for three seasons is worthy of being honored by his University whether he has played the required number of games or not.

A certain player on the Texas squad has taken part in fourteen Texas games in the past three seasons, and yet he has been denied his letter. Few who are familiar with the circumstances will deny that this player would have made his letter this year but for unavoidable sickness at the close of the season. Is it fair to deny him the letter which he has worked, and worked hard, to obtain?

To my mind we can not afford to set a precedent in denying this player his letter. Setting aside the fact that he has real ability, such work as this player has done is not to be lightly considered. Capable reserves are a necessity to any team, and such men will not be encouraged to work year after year if they know they will get nothing for their work unless they make the exact mathematical requirements. If a man is worthy of a "T" it should be given him, and the question of percentage of games should be made subordinate.

The high standard of the Texas "T" will not be lowered by such a course, and hard work and loyal sacrifice for Texas will receive no more than its reward.

A BYSTANDER.

Another Blow at Dancing.

"Backward, Turn Backward" brought up to date.

Backward, turn backward, oh, time, in your flight,

Give us a girl with skirts not so tight;

Give us a girl whose charms, many or few,

Are not exposed by too much peek-a-boo;

Give us a girl, no matter what age,

Who won't use the street for a vaudeville stage;

Give us a girl not too sharply in view,

Dress her in skirts the sun can't shine through.

And give us the dames of days gone by,

With plenty of clothes and steps not so high.

Put turkey trot capers and butter-milk slides,

Hurdy-gurdy waists and wiggletail glides,

And such other bunny hugs all on a level,

As products of hell and inspired by the devil.

And let us feast our optics once more

On the pure sweet woman of the days of yore.

Yes, Time, turn backward, and grant our request,

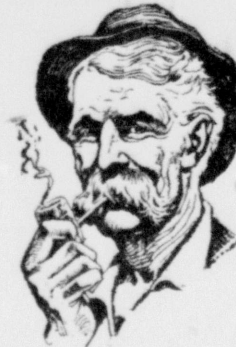

For God's richest blessing, but not undressed.

The above was written by some un-

Alpha Delta Pi Tea.

Alpha Delta Pi entertained with a tea last week in honor of their patronesses and the chaperones of the various sororities. The affair was delightfully informal, tea and sandwiches being served. The decorations consisted of autumn leaves and yellow chrysanthemums artistically arranged.

✱ ✱

Kappa Reception.

Friday afternoon the Kappa sorority entertained with a reception in honor of their old and new chaperones, Misses Lockett and McCarty, and the visiting Kappas and alumnae. The faculty and town ladies were invited between the hours of 3 and 5, and the alumnae from 5 to 7.

The house was decorated in pink roses and ferns and yellow and white chrysanthemums. A delicious salad course was served throughout the evening.

✱ ✱

Thanksgiving German.

The annual Thanksgiving german at K. C. Hall Wednesday night was a most brilliant and successful affair. The hall was decorated in yellow and white chrysanthemums, with palms and ferns forming a screen for the musicians' platform. Punch was served from a quaint thatched-roofed house, covered with autumn leaves and frost and lighted by pumpkin lanterns, in true Thanksgiving effect.

The programs were white suede card cases, with the University seal embossed on the cover, and listed twenty-four dances and four extras. During the intermission, a three-course supper was served at small tables placed about the hall.

The grand march was led by the

president of the German Club, Conrad Landram of Houston, with Miss Frances McQueen of Austin. Miss McQueen was gowned in pale pink, with gold lace and pearl trimmings, and carried an arm bouquet of American Beauty roses.

The officers and directors of the club are as follows: Conrad Landram, president; Walter Evans, vice president; Hal Halbert, secretary-treasurer; Chesley Adams, Jerry Fowler, L. H. Gross, Fred Hibbard, George Henyon, S. M. Leftwich, Claxton Parks, David Proctor, Goodhue Smith, Gordon West and Clark Wright, directors.

The chaperones were: Mesdames Luther Stark of Orange, Homer Hill, W. A. Boswell, John LaPrelle, Jr., Frederick Duncalf, E. T. Miller, R. C. McQueen, C. D. Jones, Speer, Eugene Haynie, James H. Hamilton, Goodall Wooten and Miss Kate White.

✱ ✱

Kappa Sigma Banquet.

One of the most elaborately appointed dinners of the season was the one given Friday night by Tau chapter of Kappa Sigma in honor of their pledges and young lady friends.

The private dining room of the Driskill was admirably decorated for the occasion. Here a crescent and star was suspended from the ceiling, outlined with electric bulbs which were cleverly concealed by green foliage. The fraternity colors—scarlet, white and green—were further featured in the decoration of the small tables. Here baskets filled with red and white flowers and green foliage were used as centerpieces. Marking each place were hand-painted cards and menu booklets of white,

embossed in green, with red cords attached.

John Moore acted as toastmaster for the delightful occasion. The following toasts were given:

"It Is Our Pleasure"—George Blattner.

"To Our Ladies"—Will Dodge, assisted by Hardy Nance, Archibald Perkins and the chapter.

"Glittering Generalities"—Frank Crimmins.

"A Voice From the Freshmen"—Sidney Long.

"On Behalf of the Chapter"—Harry Drought.

"The Ramble Anthem"—The Chapter.

After the banquet the guests went to the Kappa Sigma house. There numerous musical numbers were enjoyed. The chaperones were: Mr. and Mrs. H. P. Drought, Jr., Mrs. Searight and Mrs. Cain.

✱ ✱

Delta Delta Delta Entertain.

One of the most delightful hospitalities of the season was the annual dinner given by the Tri Delta sorority in honor of the Texas football team last evening at their chapter house. The rooms were artistically decorated for the occasion, autumn leaves and holly forming a charming background for the Longhorn emblems. The dining room was especially admired. Here a profusion of holly in shower effect was suspended from the chandelier to the table, which was in the form of a T. An original and appropriate idea was introduced in the favors, the football heroes wearing miniature Longhorns during the evening. A seven-course dinner was served, featuring the color motif in gold and white. During the dinner clever toasts were given, the place card of each guest being the toast list in full, which was:

Miss Marguerite John, toastmistress.

Line-up—Helegen Higginbotham.

Kick Off—Leta Skiles.

First Down—Alecia Kanguga.

Tackle—Merle Mears.

Forward Pass—Ora Lee Tankersley.

Touchdown—Georgia Streeter.

Goal—Florence Hally.

Fumbles—Marguerite John.

Side Lines—Fay Sargeant.

The Rooters—Ethel Nichols.

The Managers—Mildred Walker.

The Coaches—Luella Tankersley.

The Captains—Mary Lake Henderson.

One of the features of entertainment were clever stunts "taking off" members of the team. Another entertaining feature was the rendering by Misses Helen Higginbotham and Grace Whitsitt of an original song composed by one of the Tri Delta girls in compliment to the undefeated Longhorns.

✱ ✱

Miss Laura Winsted has returned to Houston.

Miss Agnes Doran, who has been visiting friends here, has returned to Dallas.

Miss Marie Jordt returned to Corpus Christi yesterday after a visit to Miss Sue Campbell.

Miss Maurine Downard has withdrawn from the University on account of her mother's illness.

Mrs. Hoyt of San Antonio is expected today to visit her daughter, Dorothea, at the Woman's building.

Miss Annie Mae Armstrong, who has been visiting Miss Tillie McCammon, has returned to Fort Worth.

Miss Dorothy Swearingen, who went home to spend Thanksgiving, has decided to remain until after Christmas.

Miss Marie von Blucher, who has been visiting at the AlphaDelta Pi house, returned to San Antonio yesterday.

Miss Dorothy Wilcox entertained a few friends formally last Friday evening. The floors were cleared and the guests danced until a late hour, when a one-course supper was served. Punch was served throughout the evening. About fifteen guests were present.

MARKS OLD PLACE

COLLEGE NOTES.

Illinois.—The women now wear dark blue felt hats with gray bands on them.

Colorado.—The Texas students have formed a club, there being a great many Texas students at that institution.

Chicago.—The Dramatic Club will give three plays this year. The plays to be presented are "Rada," "Just as Well" and "Happiness."

Missouri.—A van Hoffman, freshman in Agriculture, has been in two National balloon races. He is a balloonist of Nation-wide reputation.

Utah.—There is an epidemic of typhoid fever, one student having already died of it.

The president has been absent, getting new professors in the East.

Michigan.—The new Michigan stadium, which was used even before it was completed, is the finest in the West. The stadium will hold 40,000 people when completed.

Oregon.—The Board of Regents have issued an order forbidding the sophomores of the university to tub freshmen in the troughs of the university farm.

Virginia.—Clad in night dresses, a hundred girl students were rescued with difficulty when the Stonewall Jackson Institute was destroyed by fire.

Nebraska.—At the recent Kansas-Nebraska football game here, the Kansas Band did some very efficient work. It is the first foreign University band that has ever attended a game on the Nebraska field.

The Nebraska football squad has discarded the sponge for the use of the players on the field, and has adopted individual drinking cups to drink from.

Oklahoma.—The Students' Council has called on the student body to aid them in the condemnation of the practice of painting up the various sidewalks around the campus. The Council also set Thanksgiving as the limit for the time in which the freshmen are to don their class caps.

University of Colorado.—The freshmen and sophs of the University of Colorado are playing a series of four games to decide whether or not the freshmen shall don the official class caps before the spring vacation. The first game was a pushball contest and proved disappointing to the freshmen. The next was a relay race and was won by the freshmen. The remaining contests include a football and a basketball game.

University of California.—The "sophs" of the University of California have been busy lately in effacing the last signs of the raid of the Leland Stanford students on the local campus during their last visit.

EXTENSION DEPARTMENT

Enrollment Exceeds Last Year's by About One Hundred—Attributed to Money Stringency.

In spite of the fact that the other departments of the University have a decreased membership far greater than the expectation, the correspondence department has exceeded all records, and shows an increased enrollment of 25 or 30 per cent. For the months of September, October and November of last year the correspondence department enrolled about 285 students in their division, while the number of students enrolled for the same period this year is around 350, with the promise of a great increase during December.

Dr. Payne of the Department of Extension accredits this increase to the fact that a large number of high school graduates who intended to go to school this year were prevented on account of the financial stringency all over the country. Many letters are received by him with regard to taking work for this term so that the students will not be behind their classes after Christmas, or next year, when they hope to be able to enter.

The Extension Department is doing great work along this line, and the importance of a capable Extension Department is fully demonstrated in a time like the present, whereby many students with ambition to get a higher education, but restrained by finances, may lose no time, but pursue their studies at home with the same result as if they were resident students.

FIRING LINE

(Continued From Page Two.)

known genius who was too modest to subscribe his name. I clipped it from a country newspaper and can not refrain from giving it to Texan readers through the Firing Line, in order that it may add its influence to the moral welfare of our community. Such a gem should no longer lie buried in obscurity. UPLIFT.

NOTICE TO THE PUBLIC.

The Austin Street Railway Company wishes to announce to its patrons that the company is not responsible for articles carelessly left on its cars.

It is seldom, if ever, that a conductor passes through "P. A. Y. E." cars while on the trip, and very often the passengers pick up articles left in the seat or on the floor, which the conductors know nothing about. The public is warned to be more careful with packages taken aboard the cars. All packages that fall into our hands may be obtained by identification at our office, 113½ West Sixth Street, Smith Bldg.

AUSTIN STREET RAILWAY CO.

HOLIDAY HOPES.

Students Planning for Good Time Back Home Christmas.

As usual at this time, when the Christmas holidays loom large on the horizon, students begin to anticipate the good times awaiting them at home. Not a few, of course, must repair the unfortunate damages of time and distance; others have heard of attractive visitors, and all want to look their best. Consequently, Moore & Morrison, ex-officio clothiers to the University student, are being consulted as to the most popular fabrics and the latest cut.

Many a man accepts a compliment with a smile and a bow Christmas week, and in his heart will thank Moore & Morrison for the fit that brought out the good points.

CO-EDS MAY HAVE LARGE BUILDING

Dr. Porter Writes Editorial in the
Alcalde—Urges Building Simi-
lar to Y. M. C. A.

A place where women students might gather, have their little social functions and meet one another, is one of the University's real needs, in the opinion of Dr. Porter of the School of Mathematics. In the November issue of the Alcalde there was an editorial written by him on that subject.

Dr. Porter believes that the co-eds should have just as much consideration as the men students. The latter have the opportunity of going to the Y. M. C. A., meeting friends, having their little gatherings, reading books, periodicals and enjoying music. Congenial surroundings are furnished, and a member can always find enough to interest him and assist him in passing a pleasant evening.

"A building erected at the cost of about \$50,000 would, indeed, be a very valuable addition to the University property," said Dr. Porter yesterday. "Freshman girls come here often entirely without friends. They can get into the Woman's Building or Grace Hall. The waiting list of the former is very long and the latter still more so. They are obliged to find boarding or rooming houses, and have no place to go and enlarge their circle of friends."

"The building could be of Spanish architecture (which is admirably suited to this climate) and not necessarily of stone. An open court with a fountain in the center and benches about the place would be beautiful and inviting. A piano, a palm room, a reception room and several rooms upstairs where girls could invite their mothers to stay, are only a few of the numerous attractive features the building could have."

"The regents are actively at work to get money for this project. I hope they will soon succeed. But there is another way in which it could be gotten more quickly. If one of our wealthy Texans would come to our aid we would soon have the building. At the same time he would be giving to the University a building that would win for him everlasting gratitude of all who love the University and desire to see it grow, and more especially of the young women who would receive the benefit."

Mrs. Joe Stevens, formerly Miss Gertrude David, and a student in the University, has returned to her home in Dallas.

COMPETITION FOR PLACES IS KEEN

First Preliminary for Debate Try-
Outs Is Held—Forty-Eight
Men Enter.

Forty-eight men entered the first preliminary for the Intercollegiate debates. Approximately sixty-eight signed up when the first drawing for places occurred, but a great many of these were obliged to drop out before the first preliminary. The speaking commenced Monday afternoon at 2 o'clock and continued until thirty men had spoken, when a short respite was taken in order to allow the judges to go to supper. Promptly at 7 p. m. the work began again, and the last man finished about 10 p. m.

Competition proved to be so keen for places that the judges were out more than an hour before they reached an agreement as to the men who should be chosen. Their decision was as follows:

C. L. Francis, E. P. Howard, E. C. Neison and T. V. Smith were held over until the final preliminary. This means that these men will not be obliged to compete in the second preliminary. P. H. Brown, J. H. Byers, C. E. Enlow, John Erhard, H. S. Grady, T. E. Hayden, W. R. Howell, H. A. Levertson, Clarence Lohman, F. J. Lyons, L. Morgan, Raymond Myers, V. T. Seabury, F. R. Senor, R. L. Skiles and O. W. Wood will enter the second preliminary, which will be held Wednesday night. At this speaking, eight of the last mentioned men will be chosen to enter the final preliminary with the four men reserved.

At the final preliminary, Saturday, December 5, prizes will be awarded the best speakers. The first prize of \$100, donated by the Sigma Rho fraternity, will be given the man who is conceded to be the best speaker of the entire number. The W. E. Pope prize of \$100 will be awarded the law student who proves to be the best speaker from his department. The next prize, a handsome gold watch valued at \$50, will be given the next best speaker irrespective of the department of which he is a member. The following were the judges in the first preliminary: Dr. E. D. Shurter, John H. Keen, J. R. Pelsma, Dr. Butte, A. J. Robinson, W. E. Leonard, Hermann G. James.

LISTEN TO SINGLE-TAXERS

Fels and Kiefer, Leaders of Move-
ment, Speak to Eco Students in
the Driskill Hotel.

The Applied Economics Club has done a great deal this year, studying various systems and delving personally, with a Faculty member in charge, into various forms of government and certain phases of economics. Their efforts in research work has been untiring.

Yesterday the club was the guest of Mr. Fels and Mr. Kiefer, propagandists of the single tax movement, who are visiting Austin in the interest of their hobby. These men are very widely known as scholars and theoreticians. The meeting was held in the Driskill Hotel.

During the discussion Mr. Fels outlined briefly the arguments in favor of the single tax scheme. He proposed radical reforms along these lines, and his talk was very interesting. After the close of the talk, members were privileged to ask questions regarding the working of the system.

T. C. U.'S FOOTBALL CAPTAIN.

College Press Service.

T. C. U., Dec. 1.—The dope favors "Gish" Martin, star end on the Christian eleven, for the captain's berth on the 1915 team. This is Martin's first year in T. C. U., and his record has been a good one. He is one of the most popular men on the team. His election will put an under classman at the head of the team, something which has not happened for many years.

Miss Erma Gill was lately a visitor from Houston.

Miss Verne Leary and Miss Bess Murrah, both of San Antonio, have returned home.

DR. KEEN HELPS TO STANDARDIZE TEXAS COLLEGES

(Continued from Page 1)

nized as final by the other first-class educational institutions in the State. Last year a committee was appointed to investigate this movement, and the result was announced at the recent meeting in San Antonio. The colleges in the State are divided into two groups, junior and senior, with requirements as follows for the junior:

a. Fourteen standard units for entrance.
b. Two years of college work.
c. Laboratory equipment sufficient for all experiments called for by scientific courses. Laboratory values to be: In chemistry, not less than \$1000; in physics, not less than \$2000; in biology, not less than \$1500.
d. A library of not less than 2000 volumes.

e. It should maintain at least five departments with a professor exclusively in charge of each.

f. No teacher should be required to do more than twenty hours of class room work per week, and as a rule no student should be allowed to take more than one-fourth of his degree work per year.

g. The equipment of the teachers should approximately equal that of college teachers.

For the senior college:

a. At least fourteen standard units for entrance.

b. It should require for graduation the completion of four years' work of thirty-six weeks each.

c. Number of class room hours of each teacher not to exceed twenty.

d. Each head of departments should hold at least a Master's degree from a standard college.

e. A library of at least 5000 volumes.

f. Laboratory equipment sufficient to complete all of the experiments called for in the science courses, values not less than \$2500 in chemistry, \$4000 in physics, \$3000 in biology; provided, more than two years of college work in science is attempted.

g. A college should maintain at least six departments with a professor in charge of each.

h. No professor should teach in both the college and academy.

i. The college should be separate from any academy of preparatory school, to the extent of separate faculties and classes.

j. The college should have an income of at least \$20,000 from either or all of tuition fees, rent or endowment.

An executive committee composed of five members will be appointed, two from the junior colleges, two from the senior colleges, and one from the University (probably Registrar Matthews), whose duty it will be to see that all of the colleges in the State come up to the requirements, and will duly recognize them as belonging to one of the classes named. The colleges are to be given two years to adjust themselves to the prescribed requirements, and at the end of that time, if they do not meet them, students graduating under their catalogues will no longer be admitted without examination.

A resolution was also passed at the meeting of the association that a committee be appointed to consider the advisability of creating a board to serve as University College Entrance Examination Board, similar to the ones now existing in the Northern and Eastern States. The committee will report at the next meeting the result of their investigation.

This movement of standardization is extremely important and will be of great benefit in the future. In some of the States standardization is accomplished by means of the Legislature, but the advice of Dr. Keen was taken to the effect that there were too many denominational schools in the State for the Legislature to cope with it, and besides, the working would undoubtedly be better if it was accomplished through the colleges themselves, and, true to his prediction, not a single college objected to the movement.

CURTAIN CLUB PLANNING

Better Play Will Be Presented This
Year Than Last—Stark Young
Confident of Success.

The Curtain Club has been taking much time this year in formulating the plans for their play. They are holding meetings regularly every first Thursday of each month, but the plans that have been proposed by them are merely tentative and no definite action has been taken as to what play will be presented.

Stark Young, the director of the Curtain Club says: "I think that last year's play, 'Two Angry Women of Abington,' was a success, and took well in the student body and also in the many towns over the State in which it was presented. However, the play this year will be a great deal more impressive than before. Much more work, time and money will be spent on its production. I do not care to give, at present, the title of the play."

Several new members have been taken in. Crowley English, who is president of the club, thinks that, notwithstanding the loss of such good men as the older Levy and others, their places have been well filled by the new members just taken in, and that the play will essentially be a success.

RAM'S HORN ELECTS OFFICERS

Ram's Horn met in regular session last night. As this was the date for the election of officers for the winter and spring terms, the literary program was postponed for one week.

The following is a list of the newly elected officers: Winter term: President, Ries; vice president, Rockwell; secretary, McComus; treasurer, Williamson; critic, Berkeley; sergeant-at-arms, Thomas; historian, Jacobs; reporter, Martin. Spring term: President, Blucher; vice president, Ward; secretary, Park; treasurer, Thomas; critic, Ries; sergeant-at-arms, Finley; historian, Rockwell; reporter, McComus.
